UNDERGRADUATE ACADEMIC CALENDAR 2001-2002

(TRADITIONAL 15-WEEK SEMESTER)

(*All other Sessions — see Registrar for Dates and Deadlines*)

FALL 2001

SEPTEMBER	2	Sunday	Freshmen and transfer resident students arrive on campus according to schedule.
	3	Monday	Returning resident students arrive on campus according to schedule. Orientation for New Students.
	4	Tuesday	FALL 2001 SEMESTER BEGINS FOR ALL PROGRAMS. Day & Evening Classes begin; Late Registration.
	4-10	Tuesday-Monday	Course Change Period.
	10	Monday	Last date for course changes. Half tuition refund after this date.
	24	Monday	No tuition refund after this date.
	24	Monday	Undergraduate graduation applications due in Office of the Registrar for 1/02 candidates.

OCTOBER

	1	Monday	P/NC Option due.
	18	Thursday	Residence Halls close at 6:30 P.M. Evening classes will be held.
	19-21	Friday-Sunday	Mid-Semester break.
	21	Sunday	Residence Halls reopen at 10:00 A.M.
	22	Monday	Classes Resume. Midterm grades due by 10:00 A.M.
	26	Friday	Undergraduate graduation applications due in Office of the Registrar for 5/02 candidates.
	29	Monday	Last date for dropping courses without penalty of WF grade.

NOVEMBER

	21	Wednesday	Day classes held; No Evening classes. Residence Halls close at 6:30 P.M.
	22-25	Thursday-Sunday	Thanksgiving Holiday; No classes held.
	25	Sunday	Residence Halls reopen on Sunday at 10:00 A.M.
	26	Monday	Classes resume.

DECEMBER

	13	Thursday	Last day of Fall 2001 classes.
	14-20	Friday-Thursday	*Final Exam Period.
	15-16	Saturday-Sunday	Reading Weekend.
	20	Thursday	Students required to vacate residence halls immediately after last exam.
	21-22	Friday-Saturday	Final Exam Make-up Days in case of inclement weather.*
	27	Thursday	Final grades due by 10:00 A.M.

* Final Exams are held **through** 12/20. Exams **may** be rescheduled during exam week due to inclement weather. Travel plans should be arranged accordingly.

WINTER INTERSESSION 2002

JANUARY

2	Wednesday	Day & Evening classes begin.
15	Tuesday	Last day of classes.
18	Friday	Final grades for Winter Session due by noon.

SPRING 2002

JANUARY

18	Friday	Last date for incompletes & grade changes for Fall 2001.
21	Monday	Residence Halls open at 10:00 A.M.
22	Tuesday	Spring Semester begins; Day & Evening classes held.
22-28	Tuesday-Monday	Course Change Period.
28	Monday	Last date for course changes. Half tuition refund after this date.

FEBRUARY

1	Friday	Deadlines for grade changes & resolving incompletes for Winter '02.
11	Monday	No tuition refund after this date.
25	Monday	P/NC Option due.

MARCH

12	Tuesday	Midterm grades due by 10:00 A.M.
19	Tuesday	Last date for dropping courses without penalty of WF grade.
22	Friday	Residence Halls close at 6:30 P.M.
23-31	Saturday-Sunday	SPRING RECESS

APRIL

1	Monday	Residence Halls reopen at 10:00 A.M.
1	Monday	No Day classes held; Classes resume with Evening classes.

MAY

4	Saturday	Last day of Spring 2002 classes. Monday DAY classes will be held on this day. Regularly scheduled Saturday classes will also be held.
5	Sunday	READING DAY.
6-11	Monday-Saturday	Final Exam Period; Saturday exams will be scheduled.
13	Monday	Senior Final grades due by 10:00 A.M.
18	Saturday	FIFTY-SIXTH COMMENCEMENT.
20	Monday	Final grades due by 10:00 A.M.

JUNE

10	Monday	Last date for grade changes & resolving incompletes for Spring 2002.
----	--------	--

GENERAL INFORMATION

MISSION

Marist College, founded by the Marist Brothers, a congregation of Catholic teaching brothers, stands out from other colleges and universities because of the unique combination of its history, people, philosophy, information technology, and location.

Now an independent, liberal arts college, Marist is ecumenical in character, reflecting the ideals of the founder of the Marist Brothers, Saint Marcellin Champagnat. These ideals include commitment to excellence in education, a pursuit of higher human values, and dedication to the principle of service.

The Marist ideal of excellence in education implies the cultivation of a free and enlightened mind through the discipline of scholarly study and dialogue. The College seeks to explore ways in which academic excellence may be enhanced by state-of-the-art information and communications technology. While broadening intellectual horizons and developing skills, Marist at the same time provides opportunities, through its undergraduate and graduate programs, for career preparation and for entry into the world of work.

Marist combines the goal of intellectual development with that of heightening sensitivity to the values dimension of our lives. The College stimulates students to examine the ethical implications of the subjects they study. Our pursuit of this goal is complemented by co-

curricula and campus life programs that encourage Marist students to aspire to high ethical standards. The College aims to expose students to cultures other than their own and to the values that link and transcend particular cultures. It seeks to encourage students to reflect on, and act upon, the Judeo-Christian ideals of love, justice, and compassion as foundations for a good life and a good society.

Marist's dedication to academic excellence and the pursuit of higher values is complemented, finally, by a commitment to serve the disadvantaged as well as to serve the regional community as a whole. We give expression to this commitment through college programs for the disadvantaged, continuing education studies, and a wide range of community projects that enrich the lives of faculty, staff, and students.

Marist is thus dedicated to the development of the whole person in a way that will prepare the student for an enlightened, sensitive, and productive life in the global community of the 21st century.

INTRODUCTION TO MARIST

Located on the east bank of the Hudson River in Poughkeepsie, New York, Marist College is an independent, private liberal arts institution for men and women. Its modern 150-acre campus serves 3,800 full-time undergraduate students as well as 1,400 adult students pursuing bachelor's or master's degrees.

Marist awards Bachelor of Arts degrees in 15 majors, Bachelor of Science degrees in 13 majors and a Bachelor of Professional Studies in one major. An important development in Marist's academic programming was the introduction of graduate studies in 1972. Marist offers master's degree programs in Business Administration, Computer Science with majors in Software Development and Information Systems, Psychology, School Psychology, Educational Psychology, and Public Administration. In 1999, Marist launched the first MBA program offered entirely on-line to receive approval from the New York State Department of Education. An on-line MPA program was added in 2000.

Since 1994, Marist has received high ratings in national college guides that recognize the College as a high-quality comprehensive institution. Marist is ranked among the top tier of colleges and universities in the northern United States by **U.S. News & World Report's America's Best Colleges** and is listed in **Barron's Best Buys in College Education** and as "highly selective" by the **TIME/Princeton Review**. In 1999, the College was named to **The Templeton Honor Roll**, a select list of 100 colleges and universities distinguished for their dedication to inspiring students to lead ethical and civic-minded lives.

Marist has also become known as one of the most technologically advanced institutions of higher education in the country as the result of its partnership with the IBM Corporation. The Marist/IBM partnership has resulted in a voice and data telecommunications system that links student rooms, faculty offices, classrooms, computer labs, library research labs, and administrative departments, enabling students and faculty to communicate with computer users and access research sources not only across campus but, via the Internet global computer network, around the world.

Marist College has been recognized as one of the top four colleges and universities in America in the use of technology in and out of the classroom. The designation was made in 1995 by CAUSE, the association for managing and using information resources in higher education.

A strong working relationship between students and faculty is central to the learning process at Marist. A solid core curriculum such as that offered by Marist leads to many opportunities for graduate study and professional work. Because of these factors, Marist students can better prepare for their long-range goals.

In addition to classroom instruction, Marist students learn in seminar settings, internship and work-study programs, and travel and study abroad. Many academic programs receive support from the College's Beirne/Spellman Media Center and the Computer Center. The James A. Cannavino Library has a permanent collection of more than 170,000 volumes, 6,000 professional, cultural and educational periodicals, including more than 5,000 online journals, and over 4,500 videocassettes. The library maintains several notable special collections: the Richard and Gertrude Weininger Collection on Judaic Studies; the Lowell Thomas Collection, featuring valuable material on broadcasting and exploration; the Rick Whitesell Collection of rhythm and blues recordings and publications; the Hudson Valley Regional Studies Collection, containing primary and secondary source materials pertaining to the history of the Mid-Hudson Valley; and the Richard W. Barnett Collection of the Hudson River Environmental Society, a comprehensive collection of research reports and documents on the ecology and resource management of the Hudson River.

Campus life encompasses a wide range of interests and talents. The student-administered Student Programming Council annually presents a full schedule of films, lectures, concerts and social activity.

Through the Resident Student Council, on-campus students serve in an advisory capacity to the Director of Residence Life. Similarly, the Student Government Association represents the student body and serves as a decision-making group. Students engage in many activities, including drama, music, publications and volunteer programs. Numerous intramural and varsity sports are offered, including crew activities on the Hudson River.

CAMPUS

Marist College is situated on the Hudson River along Route 9, the major north-south route east of the Hudson.

The College is located within two hours of New York City or Albany by railroad, bus or car. The Poughkeepsie railroad station, less than a five-minute drive from Marist, is served by the Metro-North Railroad and Amtrak. Stewart International Airport is located in Newburgh, which is approximately one-half hour from the College.

Marist's 150-acre campus contains 41 buildings including 12 student residences and 3 major classroom buildings, a library, a student center, a chapel, student townhouses, garden apartment complexes for upperclass students, and athletic facilities including two boathouses on the Hudson for crew and sailing activities.

HISTORY

The history of Marist College begins in 1905 when the Marist Brothers, members of the religious teaching order founded in France 90 years earlier by Saint Marcellin Champagnat, arrived in the Mid-Hudson Valley to establish the first Marist house of studies in the United States. On the east bank of the Hudson, just north of Poughkeepsie, they opened their novitiate, Saint Ann's Hermitage, and began their work of training young men for a life of study, work, prayer and service. By 1929, the training center at the Hermitage had evolved into the Marist Normal Training School and, by 1946, into a chartered four-year college, Marian College, whose mission remained the training of Marist Brothers as teachers of the congregation's schools.

Under the leadership of its founding President, Brother Paul Ambrose Fontaine, Marian College and the Marist Brothers embarked on an extensive building program. This continued under Dr. Linus Richard Foy who in 1958 became, at age 28, the youngest college president in the United States. In that same year, the mission of the College broadened to include the wider community; lay male students were admitted to pursue degree study. An evening division was also introduced to serve the educational needs of the surrounding communities.

In 1960, Marian College became Marist College. The years which followed were marked by dynamic growth, both in academic programs and in facilities. Between 1949 and 1965, 12 major buildings were constructed. The manual labor was provided by the Brothers themselves for the original gymnasium, Donnelly Hall, Fontaine Hall, Adrian Hall and Our Lady Seat of Wisdom Chapel. Throughout this period, the Brothers continued to teach, at the College and elsewhere, and volunteered their labor on weekends and holidays to supplement the work of student Brothers. It was an inspiring example of dedication to common goals.

Women were invited to enter the evening division in 1966 for the first time. In 1968, they entered the day division and the College became fully coeducational. Ownership of the College was transferred in 1969 to the Marist College Educational Corporation with an independent Board of Trustees. Nonetheless, the legacy of the Marist Brothers, a legacy of service and striving for excellence, continued to

inspire and enrich the academic life of the College. Under President Foy's continuing leadership in the decade of the '70s, programs for the educationally disadvantaged were expanded, a computer center was added, graduate programs in business administration and community psychology were instituted, and the James J. McCann Recreation Center was completed.

In 1973, the College began a cooperative program with area secondary schools, in which selected high school seniors take freshman courses and "bridge" into college. In Fall, 1974, the College expanded its commitment to continuing education by increasing course offerings in the evening division and summer session and, in 1984, opened an off-campus extension center in Fishkill. A second extension center was opened in the Orange County town of Goshen in Fall, 1993.

In 1978, Marist College became the recipient of a \$1 million Title III award from the U.S. Department of Education for institutional development, one of only 28 such awards across the nation, and the fourth such award granted to a New York State college.

CONTINUED GROWTH

With the naming of Dr. Dennis J. Murray to the College presidency in 1979, Marist entered the '80s as a vital coeducational liberal arts institution holding fast to the timeless values of its rich heritage while embracing advanced technology in the service of education. Another period of significant growth and development began.

In 1981, Marist College became the recipient of a second \$1 million federal grant from the U.S. Department of Education for academic development. In 1982, Marist received another Title III grant, this time in the amount of \$4 million for program planning and development.

Townhouses for upperclass students were completed in the Fall of 1982. To accommodate its growing student population, Marist dramatically renovated its original gymnasium in 1983 to create a new freshman residence for 140 students; it was named Marian Hall. In 1984, the College received \$2.5 million in equipment and almost \$2 million in software from the IBM Corporation to expand academic and administrative uses of the computer on campus. In the Fall of 1985, construction was completed on the Gartland Commons, located at the north end of the campus. The garden apartment complex houses upperclass students, and features an exceptional view of the Hudson River.

The Lowell Thomas Communications Center was opened in the Spring of 1987, providing students with the opportunity to combine the disciplines of communications and computer science in a state-of-the-art environment. The Center is named in honor of the legendary broadcaster and explorer who received an honorary degree from Marist in 1981.

Champagnat Hall, the College's largest residence hall, was renovated in 1988 to increase the energy efficiency of the building and update its appearance. The renovation also provided for telephone service to all rooms and prepared for the networking of the residence hall to the mainframe as part of the IBM/Marist Joint Study.

The opening of the Margaret M. and Charles H. Dyson Center in 1990 marked the completion of the College's most ambitious construction effort to that date. The 53,000-square-foot facility features computer and telecommunications capabilities unmatched at most institutions.

Donnelly Hall, one of the original classroom buildings on the Marist campus, underwent an \$8 million renovation, completed in 1991, to offer modern classrooms and science laboratories, as well as new offices providing student services. The Marist Computer Center is housed in Donnelly Hall.

In 1994 construction was completed on the largest and most complex building initiative in the history of the College. The \$27 million

"Vision '94" project featured a three-story Student Center, a residence hall housing 382 students, a new office complex for the Student Affairs staff, and a set of townhouses for 144 students. The project also included a four-acre campus green with a performing arts area that overlooks the Hudson River.

The Student Center's Nelly Goletti Theatre was dedicated in late 1995 and is the site of student theatrical productions, concerts, and presentations by noted speakers. The Theatre was named in memory of the late internationally renowned singer and songwriter Nelly Goletti.

A 20,000-square-foot addition to the James J. McCann Recreation Center was completed in early 1997 with major support from the McCann Foundation, which provided the leadership to build the original structure. It contains a new gymnasium for intramural and recreational athletics, new men's and women's intercollegiate locker areas, a new weight room and cardiovascular fitness center, and an electronic Hall-of-Fame room. The remainder of the McCann Center was renovated to include a coaches office complex, and a new sound system for the main gym. The exterior of the building was also redesigned, and the entrance opens onto an attractive, new Plaza of Champions.

The James A. Cannavino Library, the crown jewel of the Marist campus, was completed in 1999. Fontaine Hall and two student townhouse complexes joined it in 2000. In addition, more than \$3.5 million in campus renovations were completed in 2000, including the Steel Plant art gallery and studios, a sports training facility, and major upgrades to the campus technology platform.

THE IBM/MARIST JOINT STUDY

Marist College has had a longstanding partnership with the IBM Corporation that has helped place Marist among the most technologically advanced liberal arts colleges in the country. A key component of the Marist/IBM partnership has been a 12-year Joint Study arrangement that has benefited both the College and IBM in many ways. Through the Study, IBM has been able to test concepts and applications that the company believes can be of value in the 21st century in education, business, digital media, communications and other fields. The Study has also provided Marist with the capacity to acquire and use advanced computer and telecommunications technology to support instructional, research and administrative initiatives.

The introduction of computers and computer science courses at Marist began in the mid 1960s, a time when few colleges the size of Marist had moved into this field. From the start, the approach has been that computers are a functional tool for everyone at Marist as well as a scientific discipline to be mastered by those in the School of Computer Science.

The IBM/Marist Joint Study began in 1988 with installation of a \$10 million IBM 3090 mainframe computer in Donnelly Hall. Over the past decade, Marist has worked with IBM to carry out four major upgrades of its mainframe computer. In the Fall, 2000 semester, the College installed a new G5 S/390 mainframe that provides a level of computing power ordinarily associated with large research universities and Fortune 500 companies. The College collaborated with IBM to plan and equip the new \$20 million James A. Cannavino Library with state-of-the-art technology. The partnership also developed and implemented a comprehensive ATM backbone campus-computing network that reaches into every student room on campus and supports every faculty and administrative office and every academic building. Campus-wide connectivity means 24/7 access to the Internet, e-mail, voice-mail, the mainframe computer and numerous database services.

Marist's participation in the Joint Study has enabled the College to involve faculty, students and staff in emerging technology initiatives such as the Linux operating system, digital library archiving, virtual server hosting and multimedia streaming that are the staples of the e-commerce revolution. Marist's work with IBM has created the infrastructure that is necessary for faculty, students and staff to engage in leading-edge teaching and research in tomorrow's technology.

MEMBERSHIP AND APPROVAL

Marist College is registered by the New York State Education Department, Office of Higher Education and the Professions, Cultural Education Center, Room 5B28, Albany, NY 12230, (518) 474-5851, and by the Middle States Association of Colleges and Universities. The College is also accredited by the United States Department of Justice for the training of foreign students. It is approved by the New York State Education Department for the training of veterans. The College is also approved for holders of New York State Scholarships, including Regents Scholarships, State War Service Scholarships and Scholar Incentive Awards. The College holds membership in the New York State unit of the American Association of Colleges for Teacher Education.

The College holds memberships in the Association of Colleges and Universities of the State of New York, the Commission on Independent Colleges and Universities, the American Association of Colleges for Teacher Education and the Association of American Colleges. Marist is a charter member of the Visiting Student Program sponsored by the Associated Colleges and Universities of the State of New York. Marist is also a member of the American Association of University Women, the Middle Atlantic Association of Colleges of Business Administration, the Middle States Association of Collegiate Registrars and Officers of Admission, the Council for the Advancement and Support of Education, and the American Assembly of Collegiate Schools of Business.

Marist is also affiliated with the National Catholic Educational Association of Governing Boards of Universities and Colleges, the National Association of Independent Colleges and Universities, the National Association of College and University Business Officers, the American Association of Collegiate Registrars and Admissions Officers, the National Association of College and University Attorneys, and the American Association of Fund-raising Council.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act of 1974 affords students certain rights with respect to their education records. They are:

- (1) The right to inspect and review the student's education records.
- (2) The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- (4) The right to file with the U.S. Department of Education a complaint concerning alleged failures by Marist College to comply with the requirements of FERPA.
- (5) The right to obtain a copy of Marist College's education records policy. Copies of this policy are available upon request at the Office of the Registrar.

Additionally, Section 99.7 of FERPA requires that schools annually notify students currently in attendance of their rights under

FERPA. Students currently in attendance will be provided a statement of their FERPA rights in their registration materials.

Marist will release the following information at various times unless requested in writing not to do so by the student: student name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent previous educational institution attended by the student. Students must notify the Registrar in writing should they not want information made available by filling out a form at the Office of the Registrar.

AFFIRMATIVE ACTION

Marist College supports the principles of equal opportunity and affirmative action. All applications are accepted and reviewed without regard to race, religion, sex, age, color, disability, national origin, veteran status, marital status, or sexual orientation.

It is also the policy of Marist College to recruit, employ, promote and compensate all employees and applicants for employment without regard to race, religion, sex, age, color, disability, national origin, veteran status, marital status, or sexual orientation.

Further, it is the policy of the College to operate and support all of its educational programs and activities in such a way as does not discriminate against any individual on the basis of those characteristics stated above.

Marist College does not tolerate sexual harassment in its many forms. Students and employees who believe that they have been subjected to sexually based behavior or proposals should contact the Office of Human Resources, or the Dean of Student Affairs.

For assistance in any of these areas contact the Office of Human Resources, Marist College, Poughkeepsie, NY 12601; telephone (845) 575-3349.

ACADEMIC FACILITIES

JAMES A. CANNAVINO LIBRARY

The James A. Cannavino Library strives to support the teaching and learning environment by meeting the information needs of students and faculty on- and off-campus. The Library offers access to extensive collections and services located in the newly constructed library building and available electronically over the campus network.

The new, state-of-the-art library opened in the fall of 1999, overlooking the campus green and the Hudson River. It is constructed of fieldstone, a style with strong historical roots in the surrounding Hudson Valley. Architecturally, the Library unifies the College's historic district of Greystone, St. Peter's and the Kieran Gatehouse, three 1860s-era buildings that are listed on the New York State and National Register of Historic Places, which are also made of fieldstone.

The first floor of the 83,000-square-foot structure holds the Library's circulating collection, print periodicals and archives which include special collections of distinctive resources. The second level features the main reading room, as well as circulation, reserve and reference desks and a selection of current print periodicals. The third floor houses electronic classrooms, a multimedia language lab and centers for multimedia content development. It is also home to a suite of collaborative student services including International Programs, the Academic Learning Center, the Writing Center, the Higher Education Opportunity Program and the Center for Career Services, reflecting the emerging role of libraries in higher education as collaborative learning centers.

Throughout, the library provides a number of spacious study areas and attractive, quiet rooms for research, conferences and collaborative work. In all, the library provides more than 800 seats, most with network connections, for quiet study, group study and use of library materials. The library is open an average of 102 hours a week during the semester. During exam periods, it remains open for extended hours. The library collection includes more than 170,000 book and periodical volumes. Current periodical subscriptions exceed 6,000 titles. More than 4,500 videocassettes and videodisks on a variety of topics are available in the library as components of assigned coursework. A vigorous collection development program keeps print, non-print and online resources updated to serve the research, teaching and learning needs of students and faculty. The library also maintains a vigorous digital library component that provides access to scholarly resources on the world wide web.

The James A. Cannavino Library has long been an active innovator in developing and implementing computerized information resources and information literacy programs. The MERIT electronic reserve room, developed in conjunction with IBM, provides students with online access to reserve materials in any format — print, audio and video — and from several locations on campus. The James A. Cannavino Library was an early leader in providing online access to full-text periodical articles and has continued to expand and upgrade access to journal literature through its Web page and remote database access (RDA) program. The Web page and RDA make approximately 5,000 periodical and index titles electronically accessible from campus labs, residence hall rooms and off-campus residences.

A wholly integrated online library system supports a Web-based catalog of all library holdings and an online circulation module that indicates location and availability of both circulating and non-circulating materials. Librarians participate in the instruction of CSIS 158 "Information Literacy," a one-credit course intended to provide students with the tools needed to succeed in the information age. Higher-level courses focus on information literacy with majors.

The reference staff provides a full range of services to meet student needs, including on-site instruction on use of materials on a variety of topics for course work or independent study. Students are encouraged to contact a librarian in person, by phone or e-mail whenever a question, concern or problem occurs concerning library materials or usage, including online materials.

THE LOWELL THOMAS COMMUNICATIONS CENTER

Named in honor of the legendary broadcaster, the Lowell Thomas Communications Center houses Marist's School of Communication and the Arts and Computer Science and Mathematics division. Recognizing the profound impact of computer technology on the communications industry, Marist designed the Center to provide students with a state-of-the-art environment which enables them to engage in these interacting disciplines.

The Center includes 4 classrooms equipped with computer terminals and television monitors, two television studios, two broadcast production studios, a media presentation facility, print journalism rooms, and faculty offices. Just inside the main entrance to the Center is a public gallery with a permanent exhibition of memorabilia from Lowell Thomas' remarkable career as a pioneering broadcaster, world-famous explorer, author, filmmaker, and co-founder of Capital Cities Communications. The gallery also includes a bronze bust of Lowell Thomas by sculptor Phil Krackowski.

An honorary alumnus of Marist, Lowell Thomas was a resident of Dutchess County for more than 50 years and took an active interest in the College's Communication program.

The memory of Lowell Thomas and his ideals are perpetuated through the annual Marist College Lowell Thomas Award, which was instituted in 1983. Award recipients are listed on a permanent plaque in the Lowell Thomas Gallery at Marist and include Eric Severeid, Walter Cronkite, Douglas Edwards, John Chancellor, Howard K. Smith, Harry Reasoner, David Brinkley, Barbara Walters, Charles Kuralt, Diane Sawyer, Tom Brokaw, Dan Rather, Mike Wallace and Charles Osgood. In 1992, to mark the 100th anniversary of the birth of Lowell Thomas, special Centennial awards were given to Fred W. Friendly, Don Hewitt, Dallas Townsend, and Thomas J. Watson, Jr.

THE MARGARET M. AND CHARLES H. DYSON CENTER

The Dyson Center, completed in time for the 1990-91 school year, was the College's most ambitious construction effort to that date. The three-story, 53,000-square-foot structure includes 21 classrooms, 55 faculty offices, and 8 seminar rooms, all linked through fiber optic cabling to Marist's campus-wide telecommunications network. Computer-based simulations and computer-assisted group learning and problem-solving techniques have been incorporated into much of the Dyson Center routine. The Dyson Center houses the School of Management, the Social and Behavioral Science Division, the Graduate Center of Public Policy and Administration, and the Marist Bureau of Economic Research, and is used for undergraduate and graduate instruction in all academic disciplines. It also houses a variety of adult and continuing education programs. The Dyson Center is named in honor of the late businessman and philanthropist Charles H. Dyson, who received an honorary degree from Marist in 1986, and his late wife, Margaret.

DONNELLY HALL

Donnelly Hall, a landmark academic and administrative building that underwent an \$8 million renovation in 1989-91, houses a new and expanded science center, the Computer Center, classrooms, lecture halls, the fine arts department and the fashion program, and a variety of student services and administrative offices.

The renovations included a substantial expansion in space and equipment for the School of Science. The number of laboratories was increased from 6 to 13 for instruction in biology, physics, chemistry, medical technology, botany, and environmental science.

Marist's is the only medical technology program in the Hudson Valley between New York City and Albany. The program's facilities are the equivalent of a hospital laboratory. In the physics laboratory, computers, lasers, and ultrasound systems give students more and better data than they could gather by their own observation, freeing them to analyze the data and learn physics. Geographic information systems (GIS) techniques are taught in an environmental science course. A two-story greenhouse provides an important resource for the Science Division as well as a beautiful feature of the building.

Student support services previously scattered in several locations have been clustered in Donnelly Hall in a "one-stop" arrangement that includes student financial aid, the business office, the Registrar, academic advisors, and career counselors.

FONTAINE HALL

Fontaine Hall was opened during summer 2000. The building is named for Bro. Paul Ambrose Fontaine, FMS, President Emeritus, who played an integral role in the development of Marist College. Fontaine

is the new home of the School of Liberal Arts, housing the offices of the dean and faculty in the disciplines of history, modern languages, philosophy, English, political science, and religion. Fontaine also holds electronic classrooms, seminar rooms, and a black-box theatre for instruction and performances. The building serves as headquarters for the nationally recognized Marist Institute for Public Opinion, which offers students state-of-the-art facilities for conducting opinion surveys. Also within Fontaine is the Office of College Advancement, which supports the fund-raising efforts of the College and encompasses the areas of College Relations and Alumni Affairs.

INFORMATION TECHNOLOGY COMPUTER LABS

Marist maintains computer labs located at all three of our sites—Poughkeepsie, Fishkill and Goshen. These include instructional labs equipped with a computer per seat, multimedia classrooms with a single instructor podium and open labs which are available throughout campus. In all, Marist provides over 500 computers available for academic use throughout its three campuses.

All personal computers are configured with a base software configuration that allows them access to the Internet, office automation tools, digital library access, and emulation to our host systems.

Marist is currently running a three-year recycle program which translates into the hardware being no more than three years old.

STUDENT CENTER

The Student Center, completed in 1994, serves as the architectural focal point of the Marist College campus. The monumental three-level facility includes an art gallery, a Multi-Image Room for Admissions Office presentations to campus visitors, a classroom equipped with the most advanced IBM multimedia hardware, a student cafe and performance space, a health services clinic, a bookstore, a game room, and a number of student lounge areas. Renovations to the adjacent Campus Center resulted in new offices for student government, a remodeled cafeteria, a student fitness center, a music education and chorale complex, and multi-purpose meeting rooms. The Student Center opens onto a campus green complete with an outdoor performing arts area overlooking the Hudson River which is also the site for Commencement.

ATHLETIC FACILITIES

The Marist campus offers a variety of athletic facilities to support an extensive intramural program and intercollegiate athletic competition. On the north end of campus, bordering the Hudson River, are ten acres that have been developed for athletic and recreational use through the generosity of the James J. McCann Foundation. Included are an intramural softball diamond and a women's softball diamond. The campus also offers two boathouses and waterfront facilities for crew activities and sailing. Leonidoff Field is used for varsity soccer, lacrosse and football games.

At the south end of the campus is the James J. McCann Recreation Center, which received major funding support from the James J. McCann Foundation. By design, the Center is one of the most versatile facilities of its kind in the Mid-Hudson region. Special features include a pool capable of simultaneously handling 25-yard or 25-meter races and swimming and diving events, with spectator space for 500. The fieldhouse area can provide three basketball courts and is surrounded by a four-lane running track. The main court for NCAA Division I play features a handsome wooden floor; seating capacity for games is 3,900.

In addition, the facility includes a six-station rowing tank for crew practice, weight room, dance studio, and two handball/racquetball courts. Other areas of the complex contain locker rooms for men and women, a press box, classrooms, faculty/staff offices, and a lobby/exhibit area.

The McCann Center was renovated in 1996, and an addition containing a new gymnasium, weight room, cardiovascular fitness center, and electronic athletics Hall of Fame opened in 1997.

Widely recognized as one of the most state-of-the-art facilities in the East, the McCann Annex is a 22-thousand-square-foot addition to the McCann Center, which was again made possible through the generosity of the McCann Foundation. Solely for use by Marist College Students, the McCann addition houses a multi-purpose recreational gymnasium, a dual-level strength and conditioning fitness center with a cardiovascular center and aerobics area as well as additional men's and women's lockerroom facilities. A spacious student lounge graces the entrance of the new facility while the Athletic Digital Hall of Fame provides some of the most technologically advanced computer networking systems on the market today.

Also at the south end of the campus is the McCann Baseball Field, developed in 1992 with financial support from the James J. McCann Foundation. The field, regarded as one of the finest baseball facilities in the Northeast, is used for Division I intercollegiate competition.

ACADEMIC GRANTS

The Office of Academic Grants provides assistance to full-time faculty interested in securing grant awards for research, curriculum development, and other creative activities relevant to the College's academic mission. Office staff assist faculty in locating funding sources, obtaining and interpreting application forms, developing proposal narratives and budgets, and securing institutional support and approvals.

MARIST COLLEGE ALUMNI

Since 1946, more than 18,000 students have graduated from Marist College. They reside in all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and 43 foreign countries.

The Marist College Alumni Association includes all undergraduate and graduate degree recipients of Marist. Its goals are to encourage a supportive relationship among alumni and to promote the welfare of the College.

The Alumni Executive Board, an advisory council that works closely with the Office of Alumni Affairs, develops long-range goals and objectives for the Association. Regional alumni chapters provide opportunities for alumni to network with other graduates and to participate in activities which help advance the College. A class agent system fosters class ties and actively supports the Marist Fund, the College's annual giving program. An annual Homecoming/Reunion Weekend is held in October.

In addition to participating in Association governance, alumni volunteer for the College's annual phanathon efforts and provide networking support to Marist undergraduates through the Career Development Office. The president of the Alumni Association attends all meetings of the Board of Trustees.

Marist Magazine, alumni mailings and the Internet keep graduates informed about College developments, alumni services and programs, and activities of fellow graduates.

Further information about alumni activities is available by contacting the Office of Alumni Affairs in Fontaine Hall, or visiting the Alumni web site at <http://www.marist.edu/alumni>.

ACADEMIC SERVICES

ACADEMIC TECHNOLOGY

The Academic Technology Department promotes and supports the use of new technologies in teaching and research, across all disciplines. The Department offers workshops on web-based applications and computer mediated instruction, and assists the faculty in developing instructional web sites, databases, and distance learning courses. An interdisciplinary group of undergraduate and graduate students from computer science and digital arts are employed by Academic Technology, where they gain valuable work experience in multimedia and internet development. The Academic Technology Department is located on the third floor of the James A. Cannavino Library, and is equipped with state-of-the-art-facilities, two large development labs, two high-end digitization rooms, and several smaller labs for collaborative work among faculty and students.

THE WRITING CENTER

The Writing Center helps students and other members of the Marist Community express their ideas clearly and effectively, thereby becoming more self-sufficient and successful writers. The Center's tutors are faculty members and student interns who provide free, one-on-one tutoring for every academic writing situation, in all subjects and in all aspects of the writing process: from understanding assignments to

generating and developing ideas, from expanding or improving rough drafts to revising the focus and structure of completed papers.

The Writing Center also assists students with non-academic writing situations, including the preparation of resumes, personal statements, and job or graduate school application letters. Because sessions usually last upwards of an hour, the Center encourages students to make appointments, although drop-ins are always welcomed.

SPECIAL STUDIES AND PROGRAMS CROSS-REGISTRATION

Marist College students may enroll in a course at Dutchess Community College, Ulster County Community College, the State University of New York at New Paltz, or the Culinary Institute of America, concurrent with full-time study at Marist. Students must have a 2.5 cumulative index, at least sophomore standing and approval of the Marist College Registrar in order to qualify for cross-registration. Cross-registration is limited to courses not available at Marist.

Further inquiries should be directed to the Office of the Registrar. Cross-registration is effected at the same time as regular registration at Marist.

FRANKLIN D. ROOSEVELT STUDIES

During the past several years, the School of Liberal Arts, in cooperation with the Franklin D. Roosevelt Library, has focused attention on the wealth of scholarly materials available at the Roosevelt Library. The Roosevelt era in American history has had a vital role in the shaping of American domestic and foreign policies over the past decades. Marist College further associates itself with the growing number of scholars who have written about these historic days of our recent past. From time to time, we also place especially well-qualified history interns at the Library.

Since 1965, Marist has sponsored Roosevelt symposia to examine important events, etc. Among the former New Dealers who have spoken at the symposia have been Justice William O. Douglas, appointed by F.D.R. to the Supreme Court; Adolph A. Berle, Jr., former brain-truster and Roosevelt's Assistant Secretary of State; and James Roosevelt, son of the late President. Among the eminent historians who have delivered papers at the symposia have been Arthur M. Schlesinger, Jr., James MacGregor Burns, Frank Friedel, William Leuchtenburg, Joseph Lash and James David Barber. Most recently, Marist co-hosted, with the FDR Library, the International conference, "FDR, the Vatican, and the Catholic Community in the United States." Marist also sponsors the Franklin D. Roosevelt Digital Library and Archives, a joint collaboration among Marist, the FDR Library, and the IBM Corporation. Marist students work closely with faculty and FDR Library staff in analyzing and editing original documents, letters and photographs, and use computer skills to construct a unique and fully searchable digital library.

MARIST INSTITUTE FOR PUBLIC OPINION

The Marist College Institute for Public Opinion (MIPO) is a survey research institute. Founded in 1978, MIPO provides interdisciplinary educational opportunities for students and information on public policy issues for the general public. In addition to coursework, seminars and internships, a major aspect of the Marist College Institute for Public Opinion is its program in government research, including analysis of voting behavior and political campaigns. MIPO has conducted extensive surveys on national, state and local elections, identifying issues facing the electorate. MIPO is also a leader in developing technological innovations in survey research.

MIPO has been covered by *Time*, *Newsweek*, *Business Week*, "Good Morning America," "The Today Show," CNN, and by the Associated Press International wire service, ABC, CBS, FOX, NBC, and PBS radio and television news, *The New York Times*, *The Wall Street Journal*, *The Washington Post* and other major newspapers throughout the nation.

Students interested in participating in MIPO's activities should contact Dr. Lee Miringoff, Director.

GRADUATE STUDY

Advanced knowledge gained through graduate study is often essential for individuals seeking to expand their career opportunities. To assist people in mastering the skills necessary to excel in today's competitive professional environment, Marist College offers graduate level study in business administration, public administration, information systems, software development, psychology, educational psychology and school psychology.

All of Marist's programs provide a strong blend of theory and practical application, and many entail concentration or elective courses that enable students to tailor their studies to match their career goals. The programs focus on the needs of part-time students

residing in the Hudson Valley region; however, full-time students are welcome. Classes are available weekday evenings at Marist's Poughkeepsie campus, as well as the College's Fishkill and Goshen Extension Centers.

The **Master of Business Administration (MBA)** provides the managerial perspective necessary to effectively meet the demands of an increasingly global business environment. While the program addresses the quantitative aspects of the management sciences, its emphasis is on the management process and the behavioral influences so significantly affecting the successful operation of organizations. Elective courses are offered in accounting, finance, health services administration, human resources management and information systems. The MBA is also available online.

The **Master of Public Administration (MPA)** is designed for people currently in or aspiring to managerial and leadership positions in public, not-for-profit and health-care institutions. The program provides an understanding of the social and political context of administration; knowledge of organizational behavior and effective management techniques; and the quantitative and qualitative skills necessary for effective program evaluation. Concentrations are offered in criminal justice administration, health services administration, human resources management, human service administration, and information systems. The MPA is also available online. An 18-credit-hour certificate program with a full range of specializations is also available.

The **Master of Science in Computer Science/Information Systems** provides advanced training and experience in both computer science and business administration. The goal of the program is to help meet the rapidly growing demand for knowledgeable personnel who possess a balanced combination of technical and managerial talents. The focus of the program is on business problem solving using the systems approach; teaming and cooperative work environments; managing and applying appropriate technology; and driving organizational change for competitive advantage. Those who already possess a graduate degree with a significant management component (an MBA, MPA or related degree) are also invited to explore Marist's Advanced Certificate Program in Information Systems.

The **Master of Science in Computer Science/Software Development** provides the advanced knowledge and skills necessary to advance the careers of systems developers, database designers, network specialists and applications programmers. A challenging combination of core and concentration courses enhances overall knowledge of computer science while enabling specialization in such important areas as artificial intelligence, computer architecture, database, or systems software. The program offers students a strong foundation for doctoral level study.

The **Master of Arts in Psychology** focuses on counseling and community psychology. In addition to examining contemporary theory, the program provides a strong background in research methodology and a life-span development framework for viewing human behavior. There are frequent opportunities for hands-on experience, including the option of a two-semester externship involving a clinical or research placement. An accelerated format allows full-time students to complete an MA in just fifteen months.

The **Master of Arts in Educational Psychology** is designed for provisionally certified teachers and others who are interested in the significant issues associated with teaching an increasingly diverse student population. After covering fundamental theory in life-span development, the program encourages participants to explore ways to

link learning theory to the formulation of applied classroom strategies and methodologies. The degree meets NYSED requirements for permanent certification in elementary, special and secondary education.

The **Master of Arts in School Psychology** is designed to prepare professionals to meet the challenge of assisting today's students within the interactive contexts of their schools, families and communities. The program provides instruction in the theory and skills associated with the five roles regularly encountered by school psychologists: facilitator in understanding human behavior, counselor, psychological/educational examiner, consultant and information specialist/intervention strategist. Marist's program is NYSED approved and leads to provisional certification as a school psychologist. Advanced certificate programs that complement Marist's MA programs in psychology and educational psychology are also available.

For detailed information regarding graduate programs and admissions requirements, contact the School of Graduate and Continuing Education at (845) 575-3800.

COMBINED UNDERGRADUATE/GRADUATE DEGREE PROGRAMS

In addition to traditional undergraduate degree programs, Marist College offers academically qualified students the opportunity to pursue combined undergraduate/graduate degree programs. Often referred to as "five-year" programs, these programs offer talented undergraduate students the opportunity to complete both a bachelor's and a master's degree within a framework of study that substantively reduces the time, and often the credit hours, required to complete both degrees on an independent basis. For qualified students, the programs offer potential savings in both tuition and living expenses.

A BA/MA program is currently available in Psychology, and there is an accelerated program for Teacher Certification. BS/MS programs are available in Computer Science/Information Systems and Computer Science/Software Development. Admission to these programs is based upon undergraduate academic performance in conjunction with faculty recommendations, and in most cases is granted at the end of the sophomore year. Admission to the BS/MS in Software Development is granted at the end of the junior year. Inquiry about admission to a program should be made through the appropriate program director.

During the initial semesters of participation, students are officially considered undergraduates. A student enrolled in a combined undergraduate/graduate degree program technically moves to graduate standing the semester after he or she has completed the equivalent of 8 full-time, traditional semesters of undergraduate work toward his or her undergraduate degree, or has completed his or her undergraduate degree requirements, whichever occurs first.

Students enrolling in combined undergraduate/graduate degree programs are eligible for undergraduate scholarship awards and financial assistance during the undergraduate portion of their studies. Upon moving to graduate standing, Federal, State and Marist guidelines governing financial assistance change, as does the cost of tuition. Marist's full-time flat-rate undergraduate tuition is replaced by graduate tuition calculated on a per-credit-hour basis. Each student's eligibility for need-based financial assistance is re-evaluated accordingly.

Students pursuing graduate study on a full-time basis are eligible for increased Federal Stafford Loan funding, and may qualify for Federal Work-Study funding. In addition, Marist College offers annual Graduate Grants of \$1,000-\$3,000 on the basis of need, in conjunction with academic merit. New York State TAP funding for graduate study is limited. Federal Pell Grant and Marist College undergraduate scholarship funding are not available to graduate students. Students interested in more

detailed information regarding financial assistance for graduate study should contact the Financial Aid Office.

Graduate students are not normally accommodated in College housing. Students approaching graduate standing are encouraged to utilize the resources of the Office of Housing & Residential Life in their efforts to secure off-campus accommodations.

INTERNATIONAL PROGRAMS

Marist College International Programs sponsors programs and activities for Marist students of all majors, including the Marist Abroad Program (the Summer College Preparatory Program for International Students) and international events and activities on campus.

MARIST ABROAD PROGRAM

Marist College encourages qualified students to spend a semester or academic year studying overseas in one of Marist's study abroad programs. Marist's study abroad programs are designed to involve students in the host culture and society in substantive ways. A series of pre-departure orientation meetings prepare students for their overseas experience. Most semester and year-long programs offer enrollment at host institutions; a foundation course that provides an overview of the host culture; internships with foreign and multinational organizations; a range of housing options including home stays; linguistic instruction and support. Most programs are staffed by experienced on-site staff. Currently, Marist offers programs in Australia, England, Ireland, Italy, Mexico, Spain, and other sites.

A highlight of the Marist Abroad Programs is the internship. Internships are arranged according to students' skills, interests, and career goals, and they are monitored and assessed by home-campus faculty. Placements are with foreign and multinational companies and organizations. Examples of recent placements include museums, publishing houses, schools, government agencies, banks, television stations, computer technology firms, social service agencies, and public relations companies. Students may elect to take a full course load in lieu of an internship.

Financial aid is usually applicable to study abroad costs. Students are advised to check with their financial aid advisor about eligibility for continued aid while abroad.

Australian Internship Program

The Australian Internship Program offers both semester and academic-year options in Sydney, Australia. The program offers an internship, university course work at an Australian university, housing, and cultural excursions and activities. An on-site director manages the program and advises students. A Melbourne program option is currently under development.

British Internship Program

The British Internship Program offers semester and academic-year options in Leeds, England. The program offers an internship, university course work, housing, and cultural activities and excursions. An on-site director manages the program and advises students.

Irish Internship Program

The Irish Internship Program offers semester and academic-year options in Dublin, Ireland. The program offers an internship, university course work, cultural activities and excursions, and a home stay with an Irish family. An on-site director manages the program and advises students.

Italian Internship and Language Program

The Italian Internship and Language Program offers semester and

academic-year options in Florence, Italy. The program offers an intensive Italian language and culture orientation course, an internship for qualified students, course work, cultural excursions and activities, and housing. An on-site director manages the program and advises students.

London Fashion Program

The London Fashion Program offers course work at the London College of Fashion, internship, housing, and cultural excursions and activities. An on-site director manages the program and advises students.

Mexico Exchange Program

The Mexico Exchange Program offers semester and academic-year options in Monterrey, Mexico. The program offers intensive Spanish language instruction, university course work, and cultural excursions and activities. Students are required to have college level proficiency in Spanish. Most courses are taught in Spanish. An on-site director manages the program and advises students.

Spanish Internship and Language Program

The Spanish Internship and Language Program offers semester and academic-year options in Madrid, Spain. The program offers an internship for qualified students, university course work, and cultural excursions and activities. Students are required to have college level proficiency in Spanish. All courses are taught in Spanish. An on-site director manages the program and advises students.

Marist Approved Study Abroad Programs

Marist is also affiliated with the following study abroad programs:

- American University Center of Provence, France
- Hansard Scholars Programme in London, England
- Oxford University, England
- University of Limerick, Ireland

SUMMER COLLEGE PREPARATORY PROGRAM FOR INTERNATIONAL STUDENTS

During the summer, depending on enrollment, Marist College offers an innovative six-week college preparatory program for international students who wish to matriculate at Marist as full-time undergraduate or graduate students. The program combines intensive English classes, academic excursions, and technology training which will assist students in meeting academic challenges at Marist.

INTERNATIONAL STUDENT ORIENTATION AND ADVISEMENT

The Coordinator of International Student Programs organizes an orientation for international students at the beginning of each semester.

PRE-MEDICAL AND OTHER PRE-HEALTH PROFESSIONAL PROGRAMS

Marist College offers prerequisite courses for entry into medical, dental and veterinary schools, as well as schools of podiatry, optometry, and other institutions allied to the health profession. Most often students interested in preparing for health-profession careers major in the sciences. Pre-Med Biology majors should follow the recommended program sequence on page 65. Pre-Med Chemistry majors should follow the recommended program sequence for the Biochemistry Option on page 75. Students may, however, major in the humanities and take the necessary prerequisite courses as electives. These courses are as follows:

BIOL 110-111	General Biology I and II
BIOL 112-113	General Biology Lab I and II

CHEM 111-112	General Chemistry I and II
CHEM 113-114	General Chemistry Lab I and II
CHEM 211-212	Organic Chemistry I and II
CHEM 213	Organic Chemistry Lab
PHYS 211-212	Physics I and II
PHYS 213-214	Physics Lab I and II
ENG 116-117	College Writing I and II

A student planning to seek a career in a health profession should consult with the Pre-Health Professions Advisor, Dr. Joseph Bettencourt, early in his or her freshman year. The advisor assists a student in setting up a program of courses for entry into a professional school and continues counseling him or her while at Marist. Dr. Bettencourt also prepares and distributes a handbook titled *Health Professions Student Guide* to interested students.

Admittance to a professional school is based upon a student's record of academic achievement, performance on a national qualifying examination and a letter of evaluation and recommendation from the Pre-Health Professions Committee. This committee is chaired by the Pre-Health Professions Advisor.

Students interested in applying to medical or veterinary schools should aim for a minimum cumulative index of 3.4 by the end of their junior year. Students interested in other professional schools should aim for an index of 3.0.

Marist College and the New York College of Osteopathic Medicine (NYCOM) offer a joint seven-year program leading to the awarding of both a bachelor's degree and a doctorate of osteopathic medicine (D.O.). Three years are spent at Marist College in the pre-medical curriculum and four years are spent at NYCOM. The awarding of the B.S. from Marist College is conferred upon completion of the first year of medical studies at NYCOM. This program has special requirements to be met for acceptance (SAT score of 1250; 90 average at high school level), and restrictions as to residency requirements (restricted to students from upstate New York). This program also requires the student to complete the MCAT in the second year with a score of 28 or better and maintain a 3.3 G.P.A. at Marist College for continuation in the program. For additional information about this program, please contact Dr. Joseph Bettencourt at (845) 575-3000, extension 2243.

Students should recognize that admission to medical schools and other health professional programs is very competitive. The fact that a student takes a preprofessional program is no guarantee that he or she will be accepted into the professional school of his or her choice.

PRE-LAW

Marist College takes pride in its tradition of providing students with a solid preparation for the study and practice of law. Grounded in a liberal undergraduate education modeled on the recommendations of the American Bar Association, this preparation has gained our students admission to a wide spectrum of law schools. These include the most prestigious in the country, among them Cornell, Yale, New York University and Notre Dame. From there our alumni have entered virtually every field of activity including government service, private practice, corporate law and the judiciary.

While requiring a degree from an accredited college, law schools generally prescribe no particular major or distinct pre-law curriculum. Instead they recommend broadly ranging courses which promote the acquisition of skills and habits conducive to legal reasoning. Law schools stress academic excellence, but they also urge the acquisition of certain key skills, among them:

- (1) The capacity for clear, critical and creative thinking;
- (2) Habits of thoroughness and intellectual curiosity;
- (3) The ability to organize materials and communicate the results both in written and spoken form.

You should therefore try to select courses which offer:

- (1) A variety of reading assignments selected from well-written sources;
- (2) Frequent and well-directed class discussions;
- (3) Ample opportunity to prepare and criticize written and oral reports.

The following courses, beyond those in the Core/LS Program, are highly recommended as a strong preparation for the Law School Admission Test (LSAT) and for law school.

- (1) For clarity of thinking and analytical skills:
 - One or more courses in Logic (PHIL 203, PHIL 204, PHIL 310)
 - Principles of Macroeconomics (ECON 101)
 - Advanced Mathematics
- (2) For enhanced communications skills:
 - Advanced Writing (ENG 218)
 - Public Presentation (COM 101)
- (3) For a deeper understanding of human institutions and values:
 - History, Literature, Philosophy, Political Science
- (4) For valuable knowledge and insights into the study and practice of law:
 - Introduction to Law (POSC 102)
 - Origins of the American Legal System (POSC 105)
 - The Constitution (POSC 201)
 - Constitutional History of England (HIST 342-343)

Students are also encouraged to become active on the Debate Team, in Student Government, and as writers for *The Circle*, the Marist student newspaper.

Broadly speaking, however, you should choose an educational program with objectives and purposes which meet your needs and interests. Indeed, an interesting and challenging program will inspire your best work and produce an undergraduate record which reflects that fact.

Members of the Pre-Law Advisory Committee (see below), which include practicing attorneys, offer advice on course selection, law school admissions and career planning. We suggest early and frequent consultation.

Annamaria Maciocia (J.D.), Pre-Law Advisor; Fontaine 318, ext. 2515

Pre-Law Advisory Committee:

Robert Lewis (Ph.D.); Fontaine 323, ext. 2176

Scott F. Myers (J.D.); Fontaine 313, ext. 2167

Robert J. Grossman (J.D.); Dyson 310, ext. 2947

D. Okada (Ph.D.); Dyson 317, ext. 2952

John G. White (M.A.); Fontaine 325, ext. 2403

Louis C. Zuccarello (Ph.D.); Fontaine 328, ext. 2214

Through the Office of Career Development, qualified students may gain placement in law-related internships. Recently these have included the Dutchess County District Attorney's Office, the Public Defender's Office, and the State Assembly. Career Development also guides interested students to contacts with Marist graduates in the legal profession, and organizes on-campus programs enabling alumni to offer their experience and expertise to students interested in law school.

Since the Law School Admission Test plays a major role (along with the academic record) in gaining admission to law school, Marist makes available several highly recommended test preparation programs to assist students in performing at optimum levels. Marist stu-

dents also enjoy some cost reduction when certain LSAT preparation workshops, such as Kaplan, occur on campus.

SECONDARY EDUCATION

Through the College's Office of Teacher Education, the Secondary Education program prepares students for careers as secondary school teachers in English, mathematics, biology, chemistry, social studies, Spanish and French. The program seeks to provide for these prospective teachers:

- (1) A well-rounded professional and academic preparation which permits them to develop competencies for the initial stage of their teaching career.
- (2) An intensive training in a major field as well as in professional education courses which they will continue to build upon after their graduation from Marist.
- (3) The fulfillment of the requirements for provisional New York State teaching certification in a secondary school subject. All undergraduates interested in teaching certification should consult the Director of Teacher Education during their freshman year. Refer to the Education section of this catalog for further program details.

SPECIAL EDUCATION/ELEMENTARY EDUCATION

Marist College offers a state-approved program of study preparing students for N.Y.S. provisional certification in Special Education. Graduates also earn dual certification in Elementary Education.

Early advisement is essential. Interested students should seek information from the Director of Teacher Education before the end of their first semester. Further information about this program can be found in the Education section.

OFFICE OF SPECIAL SERVICES/SERVICES FOR STUDENTS WITH DISABILITIES

The Office of Special Services provides a comprehensive range of support services and accommodations which promote the full integration of students with disabilities into the mainstream college environment. Services and accommodations are individualized to meet the needs of each student, and may vary depending upon the disability and/or course content. The Office supports the concept of self-advocacy in all students and does not provide faculty with prior notification of a student's enrollment. Requests for academic accommodations are made directly by the student.

To receive services and accommodations, students must identify themselves to the Office and present official documentation of their disability. Accommodations which may be provided as required by a student's specific disability include, but are not limited to: tape-recorded textbooks, note-taking modifications, readers, scribes, testing accommodations, and use of adaptive equipment.

Other services provided by the Office to eligible students include academic, personal and career counseling; peer tutoring, advocacy and liaison with faculty, staff and state agencies; and referral to campus and community services.

Students who wish to request these services are urged to contact the Office after admission.

Additionally, the Office sponsors the **Learning Disabilities Support Program** designed primarily for incoming freshman applicants with learning disabilities. For an additional fee, these students receive individualized assistance from a certified learning-disability specialist. Admission to this program is competitive and only a limited number of spaces become available each year. Information about the application process and admission requirements can be obtained by contacting the Office directly.

STUDENT ACADEMIC AFFAIRS

Marist is committed to providing its students with the support needed to succeed during their college experience. To that end, the mission of Student Academic Affairs at Marist College is to proactively provide a broad range of opportunities essential for academic, career and personal development to increase the retention and success of our students. The Student Academic Affairs area is comprised of the five services described below.

ACADEMIC LEARNING CENTER

The Academic Learning Center provides a range of diagnostic and academic support services to enable students to have a more successful and rewarding learning experience at the College. The staff works closely with other student support service areas, as well as with the college faculty and residence hall staffs. In many ways, the Academic Learning Center acts as a central link for all student support services on campus. Among the most important activities of the Academic Learning Center are:

- credit courses in reading and learning skills;
- non-credit courses in writing, mathematics and reading;
- free course review or drop-in sessions, where a tutor, trained by Academic Learning Center personnel and the instructor in the particular course, provides weekly or bi-weekly reviews of course material;
- free peer assistance in writing papers;
- individualized programs (video, computer, workbook) on specific skills;
- private tutoring (for a small fee);
- orientation and on-going support for international students.

THE CENTER FOR ADVISING AND ACADEMIC SERVICES

The Center for Advising and Academic Services is responsible for matching matriculated students with an academic advisor and encourages close contact with the assigned faculty member or administrator. Other services offered to students include notifying instructors of a student's extended absence, providing support for probationary students, conducting Dean's List activities, and offering personal consultations. In essence, the Center for Advising and Academic Services monitors students' academic progress throughout their academic career and offers the support and referrals necessary for success.

HIGHER EDUCATION OPPORTUNITY PROGRAM (HEOP)

The Higher Education Opportunity Program is a comprehensive academic support services program designed for New York State residents who have not had educational opportunities which prepared them for college and whose family income is low, meeting the income guidelines established by the Board of Regents.

HEOP students receive a broad range of innovative support services, including participation in a 6-week pre-freshman summer program, academic, personal, and career counseling, individual and small-group tutoring, leadership training, and student development workshops.

The HEOP program is jointly sponsored by the College and The New York State Higher Education Opportunity Program. Students are admitted without regard to age, race, or creed.

Applications are welcomed from anyone who:

- (1) Has been a New York State resident for at least one year before entry into HEOP.
- (2) Has a high school diploma or a State-approved equivalency diploma.

- (3) Is inadmissible according to Marist's regular admissions criteria.
- (4) Has the potential and motivation for successfully completing college.
- (5) Meets the economic guidelines established by the State of New York Board of Regents.
- (6) Has been in an approved opportunity program (if a transfer student).

For further information, please contact the HEOP office at (845) 575-3204, Cannavino Library Suite 337.

We invite you to visit our home page at www.marist.edu/heop.

SCHOOL-COLLEGE AND BRIDGE PROGRAMS

The Marist Bridge Program has been the focal point of articulation between local high schools and Marist since 1973, when the College developed its first "bridge" program. Marist currently has several bridge programs with local high schools allowing qualified high school seniors to complete their freshman year of college during their senior year in high school. These students undertake part of their course work at the high school and come to the College campus for the remainder of their program.

Marist has also developed a School-College program that recognizes college-level work done at the high school and allows qualified students to take these courses for Marist credit at a reduced tuition. All School-College courses are approved and supervised by the respective academic schools/divisions at the College.

The Office of School-College Programs is also responsible for the administration of the Marist-New Hope extension center.

For further information about these programs please contact the Director of School-College/Bridge Programs.

CENTER FOR CAREER SERVICES

The Center for Career Services assists matriculated students and alumni with developing and reaching their career goals. Numerous services and programs are available to help students identify career options, gain career-related experiences, and locate full-time jobs. To learn more, we invite you to visit our home page at <http://www.Marist.Edu/CareerServices>.

Career Counseling: Choosing a career path is a process that unfolds throughout the college experience. It involves discovering individual potential, learning about career fields and making decisions amid numerous options. Students are encouraged to engage in career counseling which will assist them in learning which career fields would satisfy their interests, abilities, values and personality style. Career inventories and a computer-assisted career-guidance program support this process of self-discovery. Career counseling is also facilitated through workshops and a one-credit course, Career Planning and Decision Making (CRDV105N). The course seeks to develop and strengthen a student's ability to utilize self-assessment, critical thinking and research techniques, define personal characteristics, and identify and research career options in order to make an informed decision about choice of major and career.

Field Experience (Internships): Students from any major may explore an interest in field experience, a paraprofessional work experience which links theoretical knowledge to real world situations. The Center for Career Services coordinates all elective field experiences. Field experiences required by an academic program are coordinated by the department. To be eligible for internships, students must meet certain requirements with respect to class standing and grade point average. The following organizations are a few of those accepting Marist students for internships and co-ops:

ABC TV	Merrill Lynch
American Cancer Society	MTV Network
AT&T	Mutual of Omaha
CBS TV	NBC TV
Digital Equipment	New York State Assembly
Dorf & Stanton	Paine Webber
Honeywell	Rolling Stone Magazine
Ingersoll-Rand	Sony
IBM	The United Way
J.P. Morgan	Xerox
Marriott Corporation	

Job Placement: The Center places a strong emphasis on helping graduating students locate professional positions with quality firms. The Center hosts more than 200 employers each year at on-campus interviews or recruiting events such as the Career and Employer Expo and Teacher Recruitment Day. The Center refers student resumes to organizations, provides links to employment web sites and maintains an Alumni Career Network to further assist students in making employment contacts. The Center is partnered with JOBTRAK (www.JOBTRAK.com) to provide job information to students and alumni on a 24/7 basis. Helping students with resume preparation, job search correspondence and interview skills is also a strong component of the job placement program. Employment Practicum (CRDV100N), a one-credit course, assists juniors and seniors in preparing for a job search. According to recent Outcomes Reports, 84-86% of Marist graduates go on directly to employment after graduation with such firms as:

Abraham & Strauss	Microsoft
American Management Systems	New York Times
American Red Cross	Panasonic
Apple Computers	Paramount Pictures
BBDO Advertising	Pfizer
Bear Stearns	Procter & Gamble
Chase Manhattan	Ralph Lauren
Deloitte & Touche	Saatchi & Saatchi
Dun & Bradstreet	Salomon Smith Barney
Ernst & Young	Texas Instruments
General Electric	Unisys
Goldman Sachs	Wang Laboratories
MCI	Westpoint Stevens.

Graduate School: The Center supports the faculty in advising students for graduate and professional study. Helping students identify schools, register and prepare for graduate entrance examinations and locate financial aid are all parts of the Center's mission. The annual *Graduate School Forum* allows students to speak with representatives from graduate schools. The Center sponsors its own prep courses for the GRE, LSAT, and GMAT. A resource library of graduate school information, including a searchable, national data base of programs, is available. The Fellowship Advisor assists students in gathering information and applying for prestigious fellowships such as the Fulbright, the Watson, the National Science Foundation, and others. In any given year, 13-17% of Marist graduates go on directly to graduate or professional school. As alumni, 75% of Marist graduates complete their master's and doctoral degrees, many at such prestigious institutions as:

Boston University	SUNY at Buffalo
Columbia University	SUNY at Stony Brook
Duke University	University of Connecticut
Georgetown University	University of Illinois

New York University	University of Massachusetts
Rutgers University	University of Notre Dame
SUNY at Albany	University of Pittsburgh
SUNY at Binghamton	Tufts University

COMMUNITY SERVICES

SCHOOL OF GRADUATE AND CONTINUING EDUCATION

The School of Graduate and Continuing Education was created to respond to the growing community learning needs of the Mid-Hudson Valley in both day and evening sessions. Adult students seeking admission to the College should apply to the School of Graduate and Continuing Education; the School provides pre-enrollment counseling, academic and financial-aid advisement, support services, social activities, an honors society and a communication network for adult students. In addition, the School administers the following programs:

Summer Session runs day and evening sessions from late May to early August.

Winter Intersession, during three weeks in January, allows students to attend classes on an accelerated basis. Courses are available for both full- and part-time students at Marist, as well as for visiting students from other colleges.

Two off-campus extension centers in Fishkill and Goshen provide Marist educational opportunities for residents of the Hudson Valley. The Fishkill Center is located in the Westage Business Center on Route 9, at the intersection with Interstate 84; the Goshen Center is in the Goshen Executive Park, 40 Mathews Street, off Route 17 exit 124, just south of Interstate 84.

Both extension centers provide classrooms for undergraduate and graduate courses, business seminars and non-credit courses for the public. Each has computer labs hooked to the Marist mainframe. The telephone number for the Fishkill Center is (845) 897-9648; for Goshen, (845) 294-6900.

The CyberSkills Institute provides high-quality e-business training programs in a variety of emerging technologies including: Lotus Notes, PC Support, Website Design, E-Commerce, and Web Application Development. For more information, call (845) 897-2500.

The Small Business Development Center, located at the Marist Fishkill Center, provides free counseling and advice for people wanting to start their own business or who already operate a small business. For more information, call (845) 897-2607.

The BA/BS in Integrative Studies is a bachelor's degree program for adults who prefer more flexibility in program design than is found in traditional majors. (See page 136 of this catalog for more information.)

Assessment of Prior Learning gained through work, community service, military or professional training, is administered by the School of Graduate and Continuing Education and assessed by Marist faculty.

The Center for Lifetime Study is a member-run educational organization for people of retirement age. Programs include non-credit courses, trips, special events and social activities.

Marist Alumni or Senior Citizens may audit one undergraduate course per semester on a space-available basis with the permission of the instructor. A registration fee is charged.

High school students entering their junior year have the option of taking one three-credit course a semester for college credit at Marist at reduced tuition. Written permission from the high school guidance counselor is required.

For further information, contact the School of Graduate and Continuing Education at (845) 575-3800.

VETERANS

Marist College has the approval of the New York State Bureau of Veteran's Education for the training of veterans. The Office of the Registrar has information about veterans' benefits; all student veterans must submit appropriate forms to this office. Additional information may be found in the Financial Aid section of this catalog.

UPWARD BOUND PROGRAM

The Marist Upward Bound Program was founded in 1966. It is a federally funded program that is designed to generate in program participants the skills and motivation necessary to persist in completing a program of secondary education and enter and complete a program of postsecondary education. The program currently serves 125 low-income and/or first-generation youths from 15 area high schools located in Dutchess, Orange and Ulster Counties.

Upward Bound provides participants with a core curriculum of instruction that includes Mathematics through Calculus II, Laboratory Science, Foreign Language, Computer Science, Career Exploration, Composition, and Literature. In addition, the program provides such services as: personal counseling, academic advice, tutorial support, social and cultural events. Many Marist faculty, staff and students serve as volunteers and salaried employees during both the academic year and summer program.

LIBERTY PARTNERSHIP PROGRAM

The purpose of this New-York-State funded program is to provide "at risk" elementary school students with a broad range of services designed to increase their motivation and ability. By program design, students are supported so that secondary and postsecondary education and, ultimately, meaningful employment become realities in their lives.

SPECIAL ACADEMIC PROGRAMS

As a part of Marist College's historic mission to service, we offer educational programs in non-traditional settings. The College contracts with the Federal Bureau of Prisons to provide educational services. Marist also provides support in academic counseling, and tutoring services.

In addition, four off-campus extension programs provide course work for students enrolled in the federal Job Corps training program. Our program is designed to provide freshman-level courses applicable to degree programs at Marist or other educational institutions. A full range of administrative services is provided by a professional college employee including: enrollment counseling, financial aid advisement and academic and social support services including a tutorial program. The four sites are located at Glenmont, Oneonta, Callicoon and the South Bronx, New York.

CAMPUS LIFE

STUDENT ACTIVITIES

Student activities at Marist reflect the College's primary objective: to encourage each student in the full development of his or her intellectual, spiritual, cultural, social, vocational and physical capabilities. Opportunities for the total development of individuals are provided in conjunction with and beyond the scope of the formal educational programs. Organizations may be classified as follows: student government, residence government, departmental clubs, honoraries, social fraternities, publications, recreation, and service and interest groups.

The justification for these programs develops naturally from the pursuit of the College's underlying goals related to the development of the total individual. The strength of the activities program rests in the fact that it affords outlets for creative self-expression in diversified interest areas and settings for a maximum number of students.

RESIDENCE LIVING

Residing in College housing provides students the opportunity to experience living in a community dedicated to the academic and

personal development of each member. College housing is available to all freshmen and sophomores who were admitted to the College as residents and to qualified upperclassmen.

Residence facilities are an integral part of the College, not only in the size of the resident population, but also in the educational experience which takes place therein. On an average over 70% of full-time undergraduates will live in college housing.

The buildings used for college housing vary in size and character, from the Gartland Commons housing six students per apartment, to the College's cluster houses holding 34 students each, to the expansiveness of the largest of the College's high-rise facilities, which can accommodate more than 450 students. The Mid-Rise, completed in the summer of 1994, houses an additional 324 students in suite-style residences.

Talmadge Court Apartments, purchased in 1996, contains 11 apartments housing 32 students. West Cedar Townhouses (O-S), built in 1998, and (T-Y), built in 2000, accommodate 468 students in twelve buildings. Each building has a number of units with space for eight or ten students, including living, dining, and lounging

areas. The complex has its own central laundry facility. Both Talmadge Court Apartments and West Cedar Townhouses are located across Route 9.

In order to provide an environment conducive to academic and personal development, a code of conduct and a corresponding norms structure are strictly enforced. The professional and para-professional staff responsible for enforcing the code and norms in the residence halls are: The Director of Housing coordinates the entire operation of the residence halls; the Resident Directors have the responsibility to manage the daily operations of residences; Assistant Resident Directors, Area Coordinators and Resident Assistants have the responsibility of seeing to the smooth running of designated wings, floors or apartments, primarily by enforcing norms, acting as role models and by being examples of leadership through active developmental and recreational programming.

All students who reside in college housing facilities without full kitchens are required to be on one of the board plans. (The management of the food program will attempt to meet the specific dietetic needs of students under medical directives.)

Residence assignments are, as a rule, made on the basis of double occupancy. The College reserves the right to require any student to live on campus.

RECREATION

ATHLETICS

Marist's spacious campus includes a number of athletic facilities. On the south end of campus is the James J. McCann Recreation Center. This recreational facility was opened in 1977 and is the focal point for the majority of our athletic teams. The \$3 million renovation and addition to the facility, completed in September 1997, has made the McCann Center one of the most state-of-the-art facilities in the East. Adjacent to the McCann Center is the McCann Baseball Field and practice field. The college is about to begin renovations to the waterfront and, when completed, the renovated area will include a riverfront park. This scenic park will feature picnic areas, a beach, hiking, and biking trails, a walkway along the river's edge, and spectacular views up and down the river. The park will be developed around Marist's two boathouses and will include improved facilities for the Marist crew teams. Docks will also be available for non-motorized craft. The park will serve Marist students as a recreational area. Leonidoff Field is a stadium that provides seating for over 3,000 for home soccer, lacrosse and football contests. The Gartland Commons Playing Fields are located behind the Gartland Commons. This ten-acre area serves as intramural fields for the students. The newest additions are the varsity baseball field and practice field adjacent to the McCann Center.

Opening its doors in December 2000 will be a new Sports Medicine facility which will offer the Red Fox athletes the best treatment available with top technological advances in equipment and modalities. This new addition has been made possible through a generous donation from Team Physician and Orthopedist Dr. Michael Maynard. A new 500-square-foot taping and equipment room in addition to a 1,600-square-foot treatment center will be located at the back of the McCann Center.

Along with the new sports medicine facility a 1,600-square-foot academic area for use by the athletes will open its doors on the second floor. This area will house the Director of Academic Advisement for Student-Athletes and her staff and will provide the athletes a state-of-the-art academic complex. This center will also be used extensively for the NCAA CHAMPS/Life Skills Program which will begin in the Fall of 2001.

Marist offers a comprehensive intercollegiate athletic program. Men's varsity teams are offered in football, soccer, cross country, baseball, basketball, swimming and diving, crew, track and field, tennis and lacrosse. Women's varsity teams are offered in volleyball, tennis, cross country, softball, basketball, track and field, crew, soccer, water polo, swimming and diving, and lacrosse. All of the varsity teams participate at the NCAA Division I level.

Numerous club sports are offered including ice hockey, skiing, rugby, cheerleading, men's volleyball, racquetball, and equestrian.

The intramural program offers a variety of activities including basketball, volleyball, softball, flag football, soccer, racquetball and aquatic competitions.

Throughout all levels of the physical education and athletics programs, the College emphasizes the physical, social and recreational benefits to be gained through active participation. With these educational values in mind, the College fosters a program that encourages as broad a student participation as possible in the physical education programs as well as in the intercollegiate, intramural and club sports offered.

STUDENT GOVERNMENT, CLUBS AND ORGANIZATIONS

RESIDENT STUDENT COUNCIL

The Resident Student Council is the consultative body for all Marist policies concerning residence halls and resident students. This is an elected body comprised of resident students from each residence hall. Faculty and administrative staff advise the Council.

HOUSE COUNCIL

Each residence hall has an elected House Council, similar in concept to the Resident Student Council, which deals with matters pertaining to the respective houses.

STUDENT GOVERNMENT

The Student Government Association (SGA) is responsible for student governance at Marist College. SGA strives to maintain a positive working relationship with all groups and members within the College Community. This is performed through the clear articulation of student concerns, issues, and priorities. The SGA office is located in Student Center 348. The responsibilities of the SGA are:

- (1) Representing the student voice by making decisions which affect the entire campus or any one student group or organization.
- (2) Communicating information from students to the administration and from the administration to the students.
- (3) Granting or removing charters of clubs and organizations, and ensuring they follow their purpose.
- (4) Appointing students to positions on the Executive Board, Judicial Board, and to campus-wide committees.
- (5) Appointing, guiding, and directing the Financial Board, which in turn appropriates funds from the Student Activity Fee to clubs and organizations.

STUDENT BODY PRESIDENT

The Student Body President acts as a student ombudsman who represents the interests and opinions of the student body when dealing with college administration on matters directly affecting Marist students. He/she likewise presents the views of the administration and faculty to the Student Body while striving to maintain mutual cooperation and understanding among students, faculty, and administration. The Student Body President acts to protect the rights of students and strives to make the Marist Community a place where people live

and work with respect for each other. Another responsibility is to investigate problems and issues affecting students and for hearing student complaints. The Student Body President is the Chair of the Student Senate and Executive Board meetings.

SGA consists of three branches of government: the Executive Branch, Legislative Branch, and the Judicial Branch.

EXECUTIVE BRANCH

The Executive Branch serves as an advisory part of the government. All of these positions are appointed by the Student Body President, upon confirmation by the Student Senate. The members consist of: the Student Body Vice President, the Executive Secretary, the Director of Public Relations, the Chief Finance Officer, the Vice President for Student Life, the Vice President for Student Programming, the Vice President for Clubs, and the Vice President for Academics, Elections Commissioner and Parliamentarian.

STUDENT LIFE COUNCIL

The Student Life Council (SLC) consists of resident and commuter representatives. The purpose of this council is to promote activities to provide unity among commuter and resident students. The SLC will act as a facilitator in all matters pertaining to the well-being and interests of all students. Each residence area internally elects a representative to sit on this Council. Commuter representatives will be elected by the commuter constituency.

STUDENT PROGRAMMING COUNCIL

The Student Programming Council (SPC) serves as the entertainment and programming arm of Student Government. The purpose of SPC is to provide quality entertainment to the students and members of the College Community. Programming consists of lectures, performing arts, comedy, music, novelty acts and trips. The membership will be responsible for the development of a performance by using marketing techniques to publicize each performance.

STUDENT ACADEMIC COUNCIL

The Student Academic Council (SAC) provides leadership in the pursuit of the academic objectives of the student body. SAC tries to establish firm lines of communication between the academic divisions and the student body and explores avenues of curricular growth and development. SAC provides an outlet for the concerns and/or suggestions of the student body on academic issues and assists in promoting student programs and proposals in academic matters. Membership is open to all.

COUNCIL OF CLUBS

The Council of Clubs consists of all chartered clubs and organizations at the College. The Council is divided into six categories with each area representing a particular type of interest. These councils consist of: Co-Curricular, Honorary, Greek, Production, Social/Service, and Sports.

FINANCIAL BOARD

The Financial Board is appointed by the Chief Finance Officer, upon confirmation by the Student Senate. The purpose of this board is to oversee the distribution of the Student Activity Fee monies to chartered clubs and organizations. The board consists of the Chief Finance Officer, Assistant Finance Officer, four appointed students, and one administrator appointed by the Vice President for Student Affairs.

PUBLIC RELATIONS

Public Relations provides an open channel of communication between the Student Government Association and the Marist

Community. Public Relations is responsible for providing pertinent information to the students through on-campus mediums. Other responsibilities consist of polling and the designing of flyers for any SGA events. Membership is open to all.

LEGISLATIVE BRANCH

The Legislative Branch serves as the voting arm of SGA. It is responsible for making decisions which may affect campus issues, SGA operations, and appointments to positions. This Branch is also referred to as the Senate. This Branch is made up of the following elected campus-wide positions: the President of the Senior Class, the President of the Junior Class, the President of the Sophomore Class, the President of the Freshman Class (to be elected in October), four resident students, and two commuter students.

Members of the Legislative Branch are responsible for chairing a committee on campus issues which affect students.

JUDICIAL BRANCH

The Judicial Branch is responsible for administering all hearings concerning and pertaining to student governance, with the exceptions of cases involving suspension, dismissal from college, or criminal charges. This branch is made up of the Student Judicial Branch. The purpose of the Judicial Branch is to provide for fair and just judicial procedures and decisions which preserve and protect students' rights. The Board shall also serve as an appellate recourse to disciplinary cases referred to it by college administrators or the Student Body President. The Student Judicial Board consists of the Chief Justice, one appointed Administrator (by the Office of Student Affairs on a case-by-case basis), one faculty member, two student appointees (one of which must be a commuter), and two students elected campus-wide.

HONOR SOCIETIES

The College chapters of the national honor societies, Alpha Chi (all disciplines), Lambda Pi Eta (Communications), Alpha Phi Sigma (Criminal Justice), Phi Alpha Theta (History), Pi Sigma Alpha (Political Science), Sigma Zeta (Science), Psi Chi (Psychology) and Alpha Sigma Lambda (Part-Time Students), sponsor campus-wide educational and cultural events as well as special activities for their members. Membership in these societies is based on standards of academic merit and accomplishment.

STUDENT SERVICES

CAMPUS MINISTRY

Campus Ministry seeks to provide for the religious and spiritual needs of all members of the Marist Community, which includes students of many faith traditions. The staff and the students who are active in planning Campus Ministry programs encourage all on campus to take part in social justice programs, volunteer efforts, prayer groups, discussions, retreats, and social activities sponsored by Campus Ministry.

Two Catholic Masses are celebrated on Sundays and four weekdays in the Seat of Wisdom Chapel. Interfaith services are held there or at other sites on campus. Clergy of various traditions are invited to campus, and the staff networks with local churches and synagogues to provide opportunities for students to attend services.

The Campus Ministry center on the south side of campus is Bryne House, located behind Champagnat. The Ministry Center for the north campus is in Kirk House. Students and other members of the Marist Community are welcome there at any time.

STUDENT HEALTH

The College maintains a Health Service located in the Student Center, Rm. 350. It is staffed by Registered Nurses, Monday through Friday, 9:00 a.m. to 9:30 p.m., Saturday and Sunday from 12:00 noon until 5:00 p.m. No overnight care is available to students. A physician is available to see patients, on campus, three afternoons each week.

Health Services provides treatment of common minor problems of acute illnesses, blood pressure checks, gynecological care and counseling, nutrition counseling, allergy injections, suture removal and other miscellaneous functions. Consultations and referrals to off-campus health-care providers and health education are also provided.

The on-campus Health Service facilities are available to all Marist students whether they are commuters, residents, full or part time.

All full-time students are also enrolled in the Marist/St. Francis Student Health Plan. This is a program developed by Marist College in cooperation with St. Francis Hospital. It provides ambulatory treatment at St. Francis Hospital's Emergency Treatment Center, around the clock, for medical problems that cannot be treated at the College Health Service.

This plan is intended to provide supplemental coverage to existing parental or individual health plans. All medical services beyond those which are provided by the Health Services Office and the Marist/St. Francis Health Plan are the personal responsibility of the student.

When a medical problem of an emergency nature arises after Health Services hours, a resident student should contact the Resident Assistant or Resident Director to assure that the proper medical attention is acquired.

Please Note: New York State Law requires that all full-time and part-time students born on or after January 1, 1957 show proof of immunity against measles, mumps and rubella. Students who have not provided proof of immunity to Health Services will not be allowed to register for classes or reside in the residence halls.

COUNSELING SERVICES

The Marist College Counseling Center is dedicated to the provision of quality psychological services to our students. Our mission evolves from that of the College and the Division of Student Affairs: staff at the Center believes that intellectual and personal growth are inseparable and vital to the realization of the individual's full potential. The three essential functions of the Counseling Center are the provision of counseling, preventative and developmental programs for the campus. Specific services include individual counseling, referrals, and workshops or training presentations. Examples of the latter include programs on relationships, stress, eating disorders, depression, interpersonal violence, and alcohol education. Special interest programs can also be created based on student need.

For personal counseling, students are encouraged to phone ext. 2152 or come to Byrne (behind Champagnat Hall) to arrange an appointment. At that point a counselor will be assigned and an appointment time set.

The first session with a counselor is usually spent in a thorough exploration of the student's presenting problem as well as other areas of the student's life that are likely to be affected. A determination is then made as to how to best meet the needs of the student: by a referral to another resource or by continuing to meet with one of our staff counselors. There is no charge for any services offered in the Counseling Center, nor is there a fixed number of sessions beyond which a student cannot be seen. However, due to limits of staff time and the academic calendar, counseling tends to be short-term. Most students are seen for less than one semester.

The Counseling Center also provides confidential advocacy and support services to survivors of sexual or relationship violence.

Any information given in counseling, as well as the fact that the student has been seen at the Center, is kept strictly confidential. Disclosure to any person or agency requires prior permission of the student. However, should the life or safety of the student or someone else be in imminent danger, the counselor may be obligated to notify appropriate persons.

Other activities with which the Counseling Center is involved include the College's annual Wellness Fair, sexual and relationship violence-prevention education and critical incident debriefing. For information on any of these topics, call extension 2152.

THE FRESHMAN PROGRAM

As part of the College's commitment to the successful adjustment and development of the Freshman members of the College Community, a specific program has been developed to support them in this very important first year at Marist College.

The Freshman residence halls have norms that are specifically designed to assist students in their adjustment to dormitory life and to lend support to their academic career and social efforts. The use and possession of alcohol is not allowed, and parents are notified when disciplinary action appears necessary. Communication between parents and staff is encouraged in order to be supportive of the efforts of freshman students, the College and parents. Each freshman dorm (Leo, Sheahan and Marian) has assigned Mentors, professionals who assist the students in their social, personal and academic adjustment to college and are a key element of our Freshman Program.

FRESHMAN ORIENTATION

Freshman orientation is a program designed to help new students. It is initiated during the late Spring and early Summer, prior to entrance, when new freshmen and their parents spend a day on campus. On this occasion, they receive information on first semester courses and are informed about financial aid, residence life and the Freshman Program, among other aspects of ongoing student support. The orientation continues during the fall semester with a program designed to acquaint the student with campus opportunities and services and to foster basic academic skill development. Similar programs are offered for transfers during the summer, and again in January.

PUBLICATIONS

The Student Handbook:

Annual publication.

The Course Schedule:

A publication listing course offerings for the coming semester, published twice each year, Spring and Fall, prior to early registration week.

The Reynard:

Marist College Yearbook.

The Circle:

Weekly campus newspaper.

The Marist Journal of History:

Publication of Mu Zeta Chapter of Phi Alpha Theta.

The Mosaic:

An arts and literary magazine published once or more each year by the student body, containing contributions from students, faculty and staff.

OFFICE OF SAFETY AND SECURITY

SECURITY SERVICES

The Office of Safety and Security at Marist College provides a 24-hour, 7-day-a-week service to the College Community, its visitors and guests. The Safety and Security Office works as a liaison with local fire, police and rescue agencies. Among the many services this office provides are as follows:

- (1) Free identification of property by use of electrical engravers, stickers and maintenance of files.
- (2) Jump start of cars on campus. Assist in car lockouts.
- (3) Escort of students to and from dormitories during hours of darkness.
- (4) Motor vehicle, motorcycle, moped and bicycle registration and issuance of parking permits.
- (5) Key issuance, maintenance and registration. Issuance of I.D. cards.
- (6) Fire alarm and equipment maintenance and fire drills in accordance with New York State law.
- (7) All officers have Cardio-Pulmonary Resuscitation (CPR) certification.
- (8) Lost and Found Department.

The Office of Safety and Security is located in Donnelly Hall, Room 201, and can be reached by calling (845) 575-3000, ext. 2282 or (845) 471-1822. In emergency only, dial 5555.

PARKING & VEHICLE REGISTRATION POLICY

The Office of Safety and Security is responsible for the implementation of the parking and vehicle registration policy and the enforcement of its provisions.

In order to facilitate traffic flow on Marist College property and to ensure unimpeded emergency response to the needs of the College Community the following policies have been established:

Permits

Parking on campus is limited to those vehicles registered with the Office of Safety and Security and to which a Marist College parking permit has been issued. Vehicles without permits are subject to towing at the owner's expense.

Vehicles parked in other than the lot designated will be treated as vehicles without permits.

All vehicles must be registered for the current school year.

When applying for parking permits the following information and documents are required:

- a. Drivers license
- b. Vehicle registration
- c. Validated College I.D. Card

Marist College provides handicapped parking spaces throughout the campus. Only vehicles exhibiting official state handicapped plates or official local government handicapped parking permits will be permitted to park in the handicapped parking spaces. The official plates and permits are recognized only when the operator of the vehicle is the individual to whom the plates/permits are assigned. It should be noted that handicapped parking rules are enforced by the Town of Poughkeepsie Police Department as well as Marist College Security.

Freshman resident students are not permitted to have a car on campus. Any exceptions must be approved by the Office of the Vice President of Student Affairs and the Director of Safety and Security. Freshman parking permits will be issued on a space-available basis.

Resident Student Parking

There is a limited number of parking spaces on campus. Requests for parking permits will be approved on a space-available basis.

Commuter Student Parking

Commuter student parking is limited to Beck Place and McCann lots until 5:30 p.m. Monday through Friday. After 5:30 p.m. commuter students may park in the Dyson lot and Lowell Thomas lot at the direction of a security officer.

Visitor Parking

Visitor parking is permitted by display of a visitor's parking pass issued by the Office of Safety and Security. Visitor's parking areas are reserved for the use of off-campus visitors only.

PARKING RESTRICTIONS

In addition to the above, the following parking restrictions apply:

Parking is not permitted in areas other than marked parking spaces. Parking in restricted areas subjects the vehicle to traffic citations, "booting" and towing at the owner's expense. Restricted areas include, but are not limited to, fire zones, no-parking areas, crosswalks, fire hydrants, handicapped zones and restricted-permit parking areas.

With the exception of resident-student parking areas, overnight parking is not permitted. **PARKING ON ROADS OR SHOULDERS OF ROADS IS PROHIBITED.**

The following fines will be assessed for violations of this parking policy:

(1) Failure to register vehicle	\$25.00
(2) Failure to display parking permit.....	10.00
(3) Parking in a restricted area	25.00
(4) Obstructing traffic	25.00
(5) Failure to park in marked space	25.00
(6) Parking in No Parking area.....	25.00
(7) Parking on road	25.00
(8) Parking on shoulder of road.....	25.00
(9) Parking in Fire Zone	50.00
(10) Blocking Doors and Exits.....	25.00
(11) Parking in Loading Zone	25.00
(12) Driving on walkway or grass	25.00
(13) Abandoned motor vehicle.....	25.00
(14) Passing Stop sign	25.00
(15) Excessive speed.....	25.00
(16) Hindering snow removal.....	25.00
(17) Parking in Handicapped Space/Ramp	50.00
(18) Parking in Crosswalk	25.00
(19) Parking at Fire Hydrant	25.00
(20) Blocking Vehicle	25.00
(21) Boot Removal	20.00

All above violations may result in the vehicle being "booted" (immobilized) or towed. Fines must be paid at the Business Office within 10 days of issue.

Violations of this parking policy may result in revocation of parking privileges.

ADMISSION TO THE COLLEGE

ADMISSION TO THE FRESHMAN CLASS

Marist College is committed to enrolling a diverse group of young men and women whose backgrounds and talents will enhance each other's educational experience. Moreover, the College seeks students who are eager to participate in the campus community and wish to make a positive contribution to the student body. Typically, candidates accepted for admission rank in the top 40 % of their high school class, possess a grade point average of 85 or higher, have a composite SAT score over 1050 (or ACT score over 24) and present strong personal and leadership qualities. Test scores, although considered, are not the primary factor in the selection process. The secondary school record and the quality of courses completed are our principal concern.

All those applying to Marist must have graduated from an accredited high school or possess the appropriate high school equivalency and have completed 17 units, of which 15 must be in academic subjects. The following is the distribution of units:

English	4 units
American History	1 unit
Social Science	2 units
Science	3 units
Mathematics	3 units
Language	2 units
Elective	2 units

These high school unit requirements are flexible and depend, to a great deal, on the major that is selected. They should be viewed as guidelines.

In lieu of high school graduation, a General Equivalency Diploma will be accepted. The applicant must have the scores of his or her GED exam sent directly to the Admissions Office from the proper reporting agency.

Accompanying the official admissions application form, obtainable from the Admissions Office, must be the following:

- (1) Official transcript of high school record.
- (2) Results of the Scholastic Assessment Test of the College Entrance Examination Board (SAT I) or ACT Test Scores.

- (3) Recommendation of the high school guidance counselor or college advisor.
- (4) A non-refundable \$40.00 application fee.

All students interested in Marist are encouraged to visit the campus. The Admissions Office welcomes students and their families Monday through Friday until mid-September. From mid-September until early December the Admissions Office will be open seven days a week, with the exception of Thanksgiving week when the Office is closed for the holiday. After December, and through the spring, the office is open Monday-Friday and on select Saturdays. Call our toll-free number (800) 436-5483, or (845) 575-3226 to schedule a visit at a time that is convenient for you.

INTERNATIONAL STUDENTS

In addition to meeting the academic standards for admission, international students applying for undergraduate admission to Marist College should supply the Admissions Office with the following:

- (1) Official translated transcripts of secondary school records.
- (2) An official translated transcript from any college or university attended.
- (3) Score reports of any national examinations administered by the applicant's home country. Advanced credit for international diplomas is possible if all other academic prerequisites have been met.
- (4) Official results of the Scholastic Assessment Test (SAT I), if available, or the official results of the Test of English as a Foreign Language (TOEFL).
- (5) A statement of financial support indicating sufficient funds to cover educational and living expenses. A notarized statement of financial support by a sponsoring organization will suffice.

NOTE: International students should take into account that tuition and fees (see page 235) are based on one year of study. Additional costs will also be incurred due to cost of living increases and travel expenses.

Applicants from other countries should submit the necessary admissions form at least three months prior to the start of the semester. Accepted students receive a letter of admission, an enrollment form, and an I-20 form which enables them to apply for an F-1 Student Visa at a U.S. Embassy or Consulate.

International students should plan to arrive several days before classes begin in order to participate in the Marist International Student Orientation Program which takes place before fall and spring semester classes begin. The orientation session is designed to introduce students to the academic policies and procedures at Marist College, to familiarize them with the campus, the surrounding community, and with the United States. During orientation, all students are individually tested for language proficiency to determine the appropriate course entry level. Additional prerequisites may be required. International students are required to participate in a U.S. culture and language seminar during the early part of their first semester at Marist College.

EARLY ACTION

Candidates applying for Early Action are not restricted to Marist as their single choice college. The application deadline for Early Action is December 1st, and notification will be made by January 15. Accepted Early Action candidates will be asked to make a deposit by February 15, refundable until May 1st.

MATRICULATION POLICY

To be matriculated means that a student has officially been recognized and accepted as a degree candidate at Marist. A student must be matriculated in order to be eligible for various types of financial aid.

Occasionally, a student wishing to study for a degree at Marist College, but failing in some way to meet ordinary admissions requirements, is permitted to take courses as a non-matriculated student. Upon completion of 12 credit hours with a 2.5 cumulative G.P.A., the student may matriculate. Failing this, he or she is required to obtain permission from the School of Graduate and Continuing Education to continue further coursework.

The College is also prepared to admit a limited number of qualified applicants who wish to take selected courses for credit but who do not wish to study for a degree at Marist College. Such applicants are subject to the usual admission requirements.

Visiting Students from other Colleges:

A student in regular attendance at another college may register for courses at Marist to make up deficiencies or accelerate his or her program. Such a student should have permission from his or her Dean and should ascertain that the home college will accept the transfer credits. Students should contact the School of Graduate and Continuing Education for more information.

TRANSFER STUDENTS

Marist College welcomes and encourages applications from transfer students. Each year, approximately 200 students from two-year and four-year colleges throughout the United States choose to transfer to Marist. Transfer admission is done on a rolling basis, beginning in February for the Fall semester, and in October for the Spring semester. Students interested in housing or financial aid are urged to submit applications as early as possible to ensure full consideration for these resources.

Transfers from two-year colleges must complete at least 60 credit hours at Marist. Transfers from four-year colleges must complete a minimum of 30 credit hours at Marist. All transfer students must complete a minimum of 12 hours of upper-level credits in the major field. A maximum of eight transfer credits can be accepted towards a minor, concentration, or certificate. Marist maintains articulation agreements for selected majors with Dutchess, Ulster, Orange, Columbia-Greene and Sullivan Community Colleges. Students with Associate degrees in selected majors with a 2.8 overall grade point average are awarded a full 60 credits toward the Marist degree requirements. Marist will accept selected Associate degrees as satisfaction of the Marist core/liberal studies requirements, with the exception of PHIL 103 World Views and Values and the Capping course in the major. Ideally, students will be able to complete the Marist degree in two years of full-time study.

Other students will have their courses evaluated as stipulated below:

- (1) The course(s) must be similar in scope and content to courses offered at Marist.
- (2) Only courses in which a C or better has been obtained may be transferred to meet major, related field, and Core requirements. Credit for C- grades may be awarded on the elective credit category only.
- (3) If transferable credits total 24 or more, students will be required to take PHIL 103 World Views and Values; if transferable credits total 23 or less, students will be required to take PHIL 101

Introduction to Philosophy and PHIL 300 Ethics. Transfer students who have completed Intro to Philosophy and Ethics, or comparable courses, with a C or better are not required to take World Views and Values.

All students will receive an official transcript evaluation for the program to which they apply. The evaluation will specify how many credits are transferable towards the baccalaureate degree at Marist as well as the remaining courses necessary to fulfill Marist degree requirements. Grades for courses taken at other institutions are not included in the computation of the student's grade point average at Marist.

The evaluation will be mailed to each candidate after all records are received. Any questions pertaining to the evaluation should be directed to the appropriate admitting office. Students are advised not to register for any course to which transfer credit may be applied. In addition, students should be sure that the necessary prerequisites for the course have been met.

Applications for transfer admission and further information are available through the Admissions Office. Students who are 22 or older should contact the School of Graduate and Continuing Education.

PROFICIENCY EXAMINATIONS

The College grants credit to matriculated students for Advanced Placement (AP), College Proficiency Examinations (CPE), NYS Regents College Exams, ACT-PEP and the College Level Examination Program (CLEP) on an individual basis. The acceptable grade and credit assignment shall be determined by the department concerned with the subject area in which credit is sought.

To cover administrative costs, the College will charge \$25.00 for each credit accepted.

CREDIT FOR DEMONSTRABLE KNOWLEDGE GAINED FROM LIFE/WORK EXPERIENCES

A matriculated undergraduate student may apply for a limited number of credits for knowledge acquired from adult life/work experiences which occurred prior to matriculation. The student must be able to demonstrate and verify learning and/or skills comparable to the outcomes of courses at postsecondary levels of instruction. Application for credits should be made following matriculation into the college. An administrative fee per application will be required plus a tuition fee for each credit awarded. Additional information may be obtained from the School of Graduate and Continuing Education.

CREDIT FOR COURSE WORK AT OTHER INSTITUTIONS

Successfully completed studies at another institution prior to senior year will be accepted as partial fulfillment of the requirements for graduation if: (1) the student, while in residence at Marist College, qualified for and was accepted into an established program such as the Marist Abroad Program or the Visiting Student Program or (2) the student, while an undergraduate at Marist, offered sufficient reason to the Registrar and Dean of School/Division to gain prior approval for summer or intersession courses at another institution or (3) the student began his undergraduate education at another college or university and transferred to Marist College (see the section on Transfer Students).

Students who have 60 or more credits on record at Marist will be permitted to do work only at other four-year accredited institutions. The final 30 credits for all students, which are equivalent to the senior year, may not be taken at another institution. No full-time, matriculated student at Marist is permitted to do course work concurrently at another institution.

Only those courses with a C grade or better may be transferred. Courses with C- grades will only be awarded credit for elective courses.

ACADEMIC POLICIES

STUDENT RESPONSIBILITY

Students are expected to familiarize themselves with the academic procedures and regulations described in this section of the catalog and with graduation requirements in their major. They are responsible for meeting deadlines published in the academic calendar and, when questions arise about regulations, policies or procedures, are expected to seek assistance from an advisor or the appropriate college office.

Please note that while academic advisors can provide assistance in understanding degree requirements and planning semester course loads, the primary responsibility for knowing and meeting program requirements rests with each student.

ACADEMIC ADVISORS

While there are many supplemental forms of information available on campus, every Marist student is assigned to an academic advisor who is available to provide assistance in planning a meaningful program of study. Students are expected to meet with their academic advisors on a regular basis. In addition, academic advisors are the

only professionals who have the authority to sign off on a student schedule. All students are required to obtain their advisor's signature on the appropriate course request forms during pre-registration, course change and add/drop periods.

New full-time students (freshmen and transfers) are assigned to an academic advisor by the Director of the Center for Advising and Academic Services (CAAS). Students may request a new academic advisor by completing a change form available via the college's home page or in the CAAS office. Students who have not yet matriculated are advised through the School of Graduate and Continuing Education. Sometimes circumstances such as the declaration of a new major or a faculty leave will require a change of advisor. Students will be notified in writing of any advisement changes.

A student's academic advisor becomes an important contact person for program information and for future recommendations which may be requested for the student by graduate schools or potential employers. Students are encouraged to maximize this relationship by maintaining close contact with their assigned advisor throughout their time at Marist.

REGISTRATION

To encourage students to plan their programs in advance and to allow for a certain degree of course adjustment, Marist has an early registration period. Students must consult with and obtain the signature of their academic advisor prior to submission of registration forms. It is the responsibility of the student to determine if prerequisites, as indicated in the catalog and registration materials, have been met prior to registering for courses. In all cases, students are encouraged to discuss course scheduling with their academic advisor. The exact dates and procedures for registration will be announced each semester by the Office of the Registrar.

Approved changes in registration must be effected within the dates specified by the Registrar. A late registration fee of \$25 will be charged for any student who does not complete his or her registration during the designated periods.

Additional information about registration and other services can be found on our web site. We invite you to visit our home page at <http://www.marist.edu/registrar>.

CREDITS WITHIN A SEMESTER

In the fall and spring semesters, a full-time matriculated student must register for a minimum of 12 credit hours. For most full-time students, the normal recommended load is 15 credit hours; the student may elect to attempt up to 18 credit hours although this is not recommended. To register for 19 or more credit hours, the student must make an appointment to speak with the Director of the Center for Advising and Academic Services to obtain permission.

The maximum number of credits that a student can register for in the January Intersession is 3 and in the summer, 9. Exceptions must be approved by the Dean of Graduate and Continuing Education.

AUDITING

The fee for auditing courses offered at Marist is one-third of the course tuition. Students do not receive academic credit for courses they audit. Any request to change from audit status or from credit to audit status must be submitted to the Registrar before the end of the third week of classes.*

COURSE WITHDRAWAL AND COURSE CHANGES

The official forms provided by the Office of the Registrar are required for changing courses or withdrawing from a course. All withdrawals from courses require an advisor's signature on a withdrawal form available at the Office of the Registrar. If the advisor is unavailable and the deadline for withdrawals is at hand, the appropriate dean/department chairperson may sign the withdrawal form in the absence of the advisor.

A student may change courses or a section of a course only during the first week of classes. A student may drop a course(s) during the second and third week of classes. Please see the Refund section of this catalog to determine tuition liability. If a student withdraws from a course between the fourth and eighth week of the semester, the course is recorded on his permanent record with the notation "W" (withdrawed).*

If a student withdraws from a course after the first eight weeks of a semester, the course is recorded on his permanent record with the grade "WF" (failure).*

For the exact dates of withdrawal deadlines, consult the Academic Calendar.

DECLARING OR CHANGING A MAJOR

Students must declare a major field no later than the end of their sophomore year. They are also encouraged to declare a minor related to their educational goals. They are urged to discuss their choice of majors, minors, and certificate programs with faculty advisors and counselors.

Students can declare a major, a double major, change a major or declare a concentration by obtaining the permission of the appropriate dean/department chairperson on a form available in the Office of the Registrar. *Students who change their majors will be held to the requirements of the catalog of the year in which they declare the new major. They will be assigned an academic advisor in the new major.* Double majors, minors and certificates must be completed by the time the four-year degree requirements have been met. (Paralegal Certificates are the exception.)

MINORS

Students may declare a minor in those academic disciplines for which requirements are described in the Programs of Study section of this catalog. Transfer students may apply only six transferred credits toward the completion of a minor. Forms to declare a minor are available in the Office of the Registrar. Minors must be completed by the time the four-year degree requirements have been met. Students who declare a minor will be held to the requirements of the catalog year in which they declare the minor.

ATTENDANCE POLICY

Attendance policies for each course are determined by the instructor and must be stated in writing in the course syllabus. Instructors usually announce and interpret their attendance policies during the first class meeting. Students are responsible for familiarizing themselves with the attendance policy in each of their courses and for informing instructors if circumstances prevent their compliance. Instructors include contact information on the course syllabus for this purpose.

Students are encouraged to contact The Center for Advising and Academic Services when an illness or emergency arises which prevents attendance for four or more consecutive days. Conversely, faculty members are asked to report excessive student absence to CAAS for further investigation.

GRADING SYSTEM

A student receives both midterm grades and final grades. However, only the final grades will appear on the academic record.

Grading is an objective measure of a student's mastery of a selected body of knowledge contained in a specific course. This mastery involves the elements of memory, understanding and expression. Memory refers to retention of certain items of information. Understanding implies insight into the interpretation of these facts. This insight would include the meaning of the thing itself, its relationship with other things or data and the ability to apply this information or data to new situations and problems. Expression is the ability to convey this assimilated knowledge to others.

In assigning a grade to a student, the instructor must function as a judge in a courtroom: examine thoroughly all the evidence involved in the case, weigh the evidence and make a decision on the basis of this evidence. In a similar way, the basis of the instructor's judgment is the concrete evidence the student himself provides. Formal examinations are only part of this evidence; questions asked

by the student, recitation, term papers, book reports, written and oral quizzes, the student's participation in class discussion – each sheds light on the student's development in mastering a subject and is therefore pertinent to the instructor's grade evaluation of the student.

Viewed in the light of the preceding statement, the grading system is as follows:

C

To earn a C grade a student must be able to recall the basic elements of a course, understand the essential background and materials of a course, apply the basic principles involved and express them intelligibly.

B

To earn a B grade a student must manifest all the qualities characteristic of a C student and in addition reveal a memory that encompasses more than the basic elements of a course; he or she has a more personal grasp of the principles of the course and perceives wider application of them. The student should be able to discuss the subject matter of the course with ease.

A

An A student is one who, in addition to all the qualities manifested by a B student, seeks mastery of a special field by reason of individual interest; he or she has initiative and originality in attacking and solving problems; he or she shows ability in rethinking problems and making associations and in adapting to new and changing situations; moreover, he or she has an appropriate vocabulary at his or her command.

D

A student who is deficient in some degree in any of the areas that are characteristic of a C grade will earn a D.

F

The student has failed to show mastery of the basic subject matter for the course.

B+, C+, D+ /A-, B-, C-

The grades of B+, C+, D+, A-, B-, C- are used to indicate that a student has shown more or less than the usual competency required for that grade.

I

The temporary grade of I (incomplete) may be given by an instructor when a student has not completed the requirements of the course at the end of the term for serious reasons beyond the individual's control. It becomes the student's responsibility to resolve this grade within five weeks after the last day of final examinations of that semester by completing the course requirements. Failure to conform to this time limit results in a final grade of F.

The student must contact his or her instructor not later than 24 hours after the time set aside for the final examination in the course to request the grade of incomplete. Refer to the Academic Calendar for exact dates to resolve incomplete grades.

W/WF

The grade of W is assigned to a student who officially withdraws from a course between the fourth and eighth week of a semester (see Academic Calendar for specific dates).^{*} Withdrawal after this period results in a grade of WF. Exceptions may be made by the Director of The Center for Advising and Academic Services or, in the case of stu-

dents enrolled in the School of Graduate and Continuing Education, from the Dean of the School, when circumstances warrant it. These exceptions are rare. The W grade is not counted in the student's grade point average. WF is counted as an F in the grade point average.

Note that all withdrawals from courses require the advisor's signature on a withdrawal form available at the Office of the Registrar. If the advisor is unavailable and the deadline for withdrawals is at hand, the appropriate dean/departments chairperson may sign the withdrawal form in the absence of the instructor.

NC (No Credit)

This grade is received by a student who does not meet minimum course requirements in one of the following circumstances:

- (1) He or she is exercising the Pass/No Credit/U option as described below. OR
- (2) Approval of the Academic Vice President/Dean of Faculty has been obtained by the course instructor to grade students in a particular course on the Pass/No Credit/U scale. OR
- (3) With approval of the appropriate Dean, an instructor may award this grade when a student's failure is due to circumstances beyond the control of the student. A student's cumulative grade point average is in no way influenced by this grade.

P (Pass)

This grade is awarded to a student who satisfactorily completes course requirements in either of the following circumstances:

- (1) He or she is exercising the Pass/No Credit/U option as described below. OR
- (2) Approval of the Academic Vice President/Dean of Faculty has been obtained by the course instructor to grade students in a particular course on the Pass/No Credit/U scale.

The grade P entitles a student to receive credit for the course, but does not affect his or her cumulative grade point average.

U (Unsatisfactory)

This grade is received by a student who is exercising the Pass/No Credit/U option as described below, who has not met the requirements for a passing grade, and the student has not met the course requirements for satisfactory attendance and has not completed assignments for the course. The student receives no academic credit for this course, nor does it affect his or her cumulative grade point average.

P/NC/U Option

A student may elect to exercise the Pass/No Credit/U Option in courses that are not being used to satisfy major or minor field or Core requirements. Full-time students may exercise this option for 3 credits per semester. Part-time students may use this option for three of every twelve credits they take at Marist.

Requests must be made by the student within the official deadline by completing the necessary form from the course instructor. This will be the end of the first five weeks of a fifteen-week semester.*

At the end of the semester the student will either:

- (1) receive the grade of 'P' if the student meets the minimum course requirements for a passing grade,
- (2) receive the grade of 'NC' if the student does not meet the minimum course requirements for a passing grade, and the student has met the course requirements for satisfactory attendance and has completed the necessary assignments for the course,
- (3) receive the grade 'U' if the student does not meet the require-

^{*}These dates are for a traditional, 15-week semester only. Contact the Office of the Registrar for deadlines of all other programs.

ments for a passing grade, and the student has not met the course requirements for satisfactory attendance and has not completed assignments for the course.

AU (Audit)

This grade is received by a student who has audited a course for which he does not receive academic credit.

GRADE POINT AVERAGE

For each credit hour earned in a specific course, quality points are given as follows:

A = 4.0	C+ = 2.3
A- = 3.7	C = 2.0
B+ = 3.3	C- = 1.7
B = 3.0	D+ = 1.3
B- = 2.7	D = 1.0

For an F, P, NC, U or WF, no quality points are earned. The grade point average, or cumulative index, is computed by dividing the total number of quality points earned on the scale of A through F, including WF, by the total number of semester hours of credits attempted, excluding courses for which the grades of P, NC, or U have been received. The grade point average is computed only on the basis of course work taken at Marist College.

FAILURES

Academic failures in required subjects must be made up either at Marist or elsewhere. The student choosing to make up academic requirements at another college must have the prior written permission of the Registrar and the Division Dean. If it is impossible for a student to obtain the precise course he or she needs, the student may not substitute an equivalent without the permission of the Registrar and the Division Dean. Grades earned elsewhere will not be calculated in the student's cumulative grade point average. Only courses in which a C or better has been obtained may be transferred to meet major, minor, related field and Core requirements. Credit for C-grades may be awarded for elective credit only.

REPEATS

A student may repeat a course in an effort to earn a higher grade. When the course is repeated at Marist, the higher of the two grades is used in calculating the student's cumulative index. If the student successfully repeats a course previously taken, the quality points of the lower graded course are subtracted from the student's record and replaced with the quality points earned in the higher graded course; no additional credits are earned.

When, with the prior permission of the Registrar and the Division Dean, a student successfully repeats a failed course at another institution, credits but not quality points are added to the student's record. A student may not repeat a successfully completed Marist course (grade above an F) at another institution in an effort to earn a higher grade.

ACADEMIC HONESTY

The academic community of Marist College presupposes the scholarly integrity of its members. Students who enter this community to pursue educational objectives are expected to meet fundamental standards of honesty in all phases of their academic activities. Integrity is a fundamental requisite in the preparation and presentation of all academic work, in the writing and submitting of papers and other course requirements and in all aspects of examinations. Honesty is a requisite of each student; plagiarism, forgery, and participating in any activity that is dishonest is simply not acceptable at

this institution. The College will make provisions for the maintenance of academic honesty among its students according to criteria and procedures found in the Student Handbook.

ACADEMIC STANDARDS

At the end of each semester, all students are expected to meet the following minimum standards: a semester grade point average of 2.0 and a cumulative grade point average of 2.0. A student who fails to achieve a 2.0 semester or cumulative grade point average is subject to warning, probation or dismissal after review by the Academic Standards Committee.

ACADEMIC STANDING

ACADEMIC HONORS

Dean's List

The Dean's List, published in February and July, records the names of all full-time students who have demonstrated academic excellence in the previous semester. In order to qualify for this special distinction, which is permanently recorded on official College transcripts, students must earn a semester grade point average of at least 3.40 having completed a minimum of 12 academic credits graded on the A-F scale. In addition, students with grades of "I," "D," or "F" will not be named to the list.

Graduation Honors

- (1) At commencement, three grades of honors are awarded to those graduates who have completed a minimum of 60 credits of study at Marist College and who have maintained a superior level of achievement:
 - Summa Cum Laude, or highest honors, awarded to those having a cumulative grade point average of 3.85 and no grade below B.
 - Magna Cum Laude, or high honors, awarded to those having a cumulative grade point average of 3.6 and no grade below C.
 - Cum Laude, or with honor, for those having a cumulative grade point average of 3.25 or above.
- (2) Students in Combined Undergraduate/Graduate degree programs become eligible for the above awards during the Commencement ceremonies held in the academic year in which they have completed all requirements for their baccalaureate degree.
- (3) Eligibility criteria for class Valedictorian at graduation include completion of at least 90 credits of study at Marist College and at least 4 semesters as a full-time student at the College. Eligibility criteria for class Salutatorian at graduation include completion of at least 90 credits of study at Marist College and the highest or second highest grade point index in the class. Criteria for the Award of General Excellence include completion of at least 60 credits of study at Marist College and the next highest grade point index in the class. Criteria for the Merit Award are completion of at least 60 credits of study at Marist College and the next highest grade point index in the class. The award for Academic Distinction is presented to the graduating student who has completed less than 60 credits at Marist College, has achieved the highest grade point index within this group, and who is completing their first baccalaureate degree.

THE MARIST COLLEGE HONORS PROGRAM

The honors program offers qualified students special academic opportunities and challenges. It brings together scholastically talented students, enabling them to enroll in specially designed honors classes, as

well as to participate in co-curricular activities such as field trips, readings, lectures, and panel discussions. Based upon strong preparation and noteworthy achievement in high school, approximately 7% of each entering class is invited to join the program. Additional students may be invited to participate on the basis of high achievement and promise demonstrated during the freshman year at Marist. Honors courses are so designated on student transcripts, as is successful completion of each component of the program.

Space permitting, individual honors courses are open to election by any Marist student able to demonstrate appropriate, honors-level competency in the subject area. Interested students should apply during registration period to the director of the program, who will determine eligibility.

I. Honors in Core/Liberal Studies (lower-level component)

Students complete four honors courses and an honors section of PHIL 300 (Ethics). Honors offerings include specially designed honors sections of some required courses, as well as special topics. Generally students enroll in honors classes at the rate of one per semester. Remaining coursework – a substantial portion of the total – is chosen from regular offerings, thus ensuring honors students flexibility in choice of major and enabling them to take advantage of other educational opportunities at Marist, such as internships, study abroad, or fieldwork. Students cap this portion of the program with an honors section of PHIL 300 (Ethics).

Requirements for graduating with Honors in Core/Liberal Studies:

- (1) Completion of four honors courses, at least three of which meet Core/Liberal Studies requirements, and distributed throughout at least three different areas of the Core/Liberal Studies program: natural science, social science, history, literature, mathematics, fine arts, philosophy/religious studies, foreign language, and foreign culture. No more than one of the courses may be in the student's major field.
- (2) Completion of an honors section of PHIL 300 (Ethics).
- (3) A minimum of 60 credits, including all honors credits, earned at Marist College.
- (4) An Honors GPA of 3.0, with no more than two honors course grades below B.
- (5) An overall GPA of 3.3.

II. Honors in Liberal Studies (upper-level component)

Students who finish the lower-level component of the program successfully may choose to enter this broad-based, upper-level portion of the honors program. They complete four more courses chosen from a variety of subject areas. Upper-level honors offerings emphasize special topics and interdisciplinary themes. Juniors and seniors also may undertake honors independent study.

Requirements for graduating with Honors in Liberal Studies:

- (1) Successful completion of lower-level component of honors program.
- (2) Completion of four additional upper-level honors courses, no more than two in the student's major field (note that no course may be used to satisfy requirements in more than one component of the program).
- (3) A minimum of 60 credits, including all honors credits, earned at Marist College.
- (4) An Honors GPA of 3.0, with no more than two honors grades below B.
- (5) An overall GPA of 3.3.

HONOR SOCIETIES

In further recognition of academic excellence, Marist offers students the opportunity to merit admission to the College's chapters of the following national honor societies:

- Alpha Chi, Theta Chapter—
All academic disciplines
- Alpha Delta Sigma—American Advertising
Federation's Honor Society
- Lambda Pi Eta—Communications
- Alpha Phi Sigma—Criminal Justice
- Phi Alpha Theta, Mu Chapter—History
- Sigma Zeta, Alpha Phi Chapter—Science
- Pi Sigma Alpha—Political Science
- Psi Chi, Marist College Chapter—Psychology
- Alpha Sigma Lambda—Part-Time Students,
all disciplines

Students should consult the divisional advisors for eligibility requirements. Part-time students should consult the School of Adult Education.

ACADEMIC PROBATION

Students who do not meet the minimum academic requirements of the College, as outlined in the section on academic standards, may be placed on academic probation. Students who accept the probationary semester are *required to meet any and all stipulations outlined in their probationary contracts*. Under certain circumstances, a student may be granted more than a single semester of academic probation. A student granted a second consecutive semester of probation is not eligible for organized extracurricular activities including, but not limited to, varsity athletics. Restrictions on such participation during the first semester of probation are made by the College's Academic Standards Committee on an individual basis.

ACADEMIC DISMISSAL

Students who fail to meet the minimum academic standards of the college will be dismissed. Under special circumstances, a student who is dismissed for academic reasons may apply for one-time readmission to Marist College *no earlier than one Fall or Spring semester following the dismissal*. Students dismissed in June cannot apply for readmission until the following January at the earliest; those dismissed in January may apply for September readmission. However, most students will want to take more than one semester to consider whether to seek permission to continue their studies at Marist.

To be considered for one-time readmission, the dismissed student must submit the following items to The Center for Advising and Academic Services:

- (1) *A clearly written statement*, addressed to the Academic Standards Committee offering direct, verifiable evidence of seriousness of purpose in returning to academic studies at Marist College (i.e., a letter of recommendation from a faculty member at another institution or medical documentation indicating that circumstances have changed).
- (2) *An official transcript* documenting satisfactory *full-time* academic performance at another institution of higher learning in the period following dismissal from Marist. For readmission purposes, *satisfactory performance is defined as earning a grade of "C" or higher in each course during a semester where a minimum of 12 credits have been completed*.

After reviewing the submitted materials, the Academic Standards Committee has the authority to readmit the student on a provisional

basis. The Committee may recommend: limited course loads, mandated academic support services, restricted extracurricular activity or any combination of requirements that may lead to enhanced academic performance. Readmitted students are automatically placed on high-risk academic probation. Under no circumstances will a student be readmitted to Marist more than once.

Please Note:

- (1) *Once the total number of credits from all sources has reached 60, no further credits will be transferred from a two-year institution.*
- (2) Students must consult their academic dean for advice regarding which courses in their major and Core can be taken at another institution. Students who plan to transfer credits must complete the appropriate course approval forms, available in the Office of the Registrar, before taking courses.
- (3) Grades earned at another institution are not calculated in the Marist grade point average.
- (4) Readmission applicants are strongly encouraged to contact The Center for Advising and Academic Services at least two months in advance of the semester for which they are seeking permission to return.

ACADEMIC ENHANCEMENT COURSES

On the basis of academic review, a student who is experiencing academic difficulty may be required to enroll in the three-credit self-management course (PSYC103) or one of the basic skills courses offered through the Academic Learning Center. Skills courses offer institutional, not academic, credit (which may be applied toward the student's full-time status, but not toward the student's degree requirements).

LEAVE OF ABSENCE

A student in good standing may take a leave of absence from the College for good reason. A leave of absence is ordinarily granted for no more than two semesters. Students should be advised that financial aid packages and campus housing will not necessarily be restored upon return. Therefore, they should consult with these offices prior to making a final decision.

The Director of The Center for Advising and Academic Services must be consulted prior to leave. If the leave is permitted, formal notification of the leave of absence is made to the College by means of a letter submitted to the Director.

Students planning to take courses at another college while on leave of absence with the intention of applying the credits towards their Marist degree must obtain prior approval from the appropriate Divisional Dean and the Marist Registrar. Forms for this purpose are available in the Office of the Registrar.

Students on leave of absence receive copies of registration information and the Course Schedule prior to Early Registration week in fall or spring. Directions for completing registration for the semester of return are included. Students who desire campus housing on return from leave are responsible for providing the Housing Office with sufficient advance notice of their intention to return.

Please Note:

- (1) *Once the total credits from all sources have reached sixty (60), no further credits will be transferred from a two-year institution.*
- (2) Students must seek advisement from the appropriate Dean(s) as to courses to be taken in fulfillment of the major and Core and must obtain prior written permission, as stated above, for all courses to be transferred.

WITHDRAWAL FROM THE COLLEGE

A student who withdraws from Marist must schedule an appointment to complete the official withdrawal form and exit interview obtainable in person from The Center for Advising and Academic Services. In the absence of this official form, the student may submit a letter or written statement of withdrawal by mail. The official date of withdrawal will be the date the written verification is received. Unless such written notice has been given, no statement of honorable withdrawal will be issued by the College.

READMISSION TO THE COLLEGE

All applicants for readmission are advised to submit their requests at least two months in advance of the semester of return.

Students who voluntarily withdrew from the College, and whose grade point average was 2.0 or above at the time of withdrawal, may apply for readmission. Students should contact the Office of the Registrar or the School of Graduate and Continuing Education for information about the readmission procedure.

Students who were dismissed from the College, or whose grade point average at the time of withdrawal was below 2.0, must contact the Director of The Center for Advising and Academic Services to obtain information about the readmission procedure.

All applicants for readmission who have taken courses at another institution and who wish to transfer these credits to meet degree requirements at Marist must submit an official transcript at the time of application for readmission and request a reevaluation of their credits.

Remaining course requirements in the major and in Core will be determined by the School/Division Dean of the student's major and the Office of the Registrar.

Students granted readmission to the College may register for classes for the intended semester of return after the pre-registration period for that semester is complete. Please contact the Office of the Registrar for details.

TRANSCRIPT OF RECORD

An official transcript is one bearing the seal of the College and signed by the Registrar. Official transcripts of academic records are not given to students but will be sent directly to the college, professional school, government agency or business concern named by them.

To obtain a transcript a student or graduate must apply in writing to the Office of the Registrar. A fee of \$3.00 is charged for each transcript issued. *No transcripts will be issued during the periods of registration, examinations or commencement. Transcript processing time requires 3-5 business days.*

APPLICATION FOR GRADUATION

Each candidate for graduation must file an application for graduation with the Office of the Registrar. See Academic Calendar for specific dates. Applications must be filed in order to receive commencement mailings, and so that student diplomas may be ordered.

PARTICIPATION IN GRADUATION CEREMONY

Graduation ceremonies are held once a year in May at Marist College, for all undergraduate and graduate degree recipients. Participants in the graduation ceremony must have completed their degree requirements the previous August, January or current Spring semester.

Information regarding Commencement is sent to eligible students by the Office of the Registrar in the Spring.

Students who have not completed their degree requirements by May, but wish to participate in the Commencement ceremony, may request permission to participate in the ceremony if they have met the following criteria:

- Student lacks 6 or fewer credits to complete his or her degree requirements at the end of the Spring semester.
- Student must have a cumulative grade point index and major index of 2.000 or above.

Permission forms are available at the Office of the Registrar in early March each year.

GRADUATION REQUIREMENTS

STATEMENT OF REQUIREMENTS FOR THE BACCALAUREATE DEGREE

The successful completion of courses totaling 120 credits, a minimum 2.0 cumulative index and a minimum 2.0 index in a student's major field are required for graduation. (The major field index is calculated using all coursework in the discipline and required related field courses.)

In addition, a New York State Board of Regents ruling dictates that undergraduate degrees shall be distinguished, as follows, by a minimum amount of *liberal arts content required for each degree*.

Courses are by their very nature defined as liberal arts or non-liberal arts. Courses theoretical or abstract in content are considered to be liberal arts. These are designated LA in the course description section of this catalog (designated with an "L" in the course number). Courses directed toward specialized study or specific occupational or professional objectives are non-liberal arts (designated with an "N" in the course number). Students should consult this catalog to determine whether a course is listed as liberal arts.

- (1) Three-quarters of the work for a B.A. shall be in the liberal arts and sciences (90 credits).
- (2) One-half of the work for a B.S. shall be in the liberal arts and sciences (60 credits).
- (3) One-quarter of the work for a B.P.S. shall be in the liberal arts and sciences (30 credits).

DEGREES AND MAJOR FIELD REQUIREMENTS

Marist awards the Bachelor of Arts degree in fourteen majors, the Bachelor of Science degree in thirteen majors, and the Bachelor of Professional Studies in Fashion Design and Merchandising.

Every student is required to major in an academic discipline or area called the major field. The major fields available to students at Marist College are the following: Accounting, American Studies, Athletic Training, Biology, Business, Chemistry, Communication Arts, Computer Mathematics, Computer Science, Criminal Justice, Economics, English, Environmental Science, Fashion Design and Merchandising, Fine Arts, French, History, Information Systems, Information Technology, Integrative Major, Mathematics, Medical Technology, Political Science, Psychology, Psychology/Special Education, Russian, Spanish and Social Work. The requirements for the major field are listed separately under the Programs of Study section of the catalog.

MAJOR FIELD REQUIREMENTS

CATEGORY 1.0 A specific number of credits in the academic discipline or area in which the major is being earned.

CATEGORY 2.0 A specific number of credits in academic disciplines or areas related to or supportive of the academic discipline in which the major is being earned.

GENERAL EDUCATION REQUIREMENTS

CATEGORY 3.0 A specific number of credits in the Core/Liberal Studies area is required. Complete details and requirements are listed in the Core/Liberal Studies Curriculum section (page 46).

ELECTIVES

CATEGORY 4.0 There is no specific distribution stipulated by the faculty for the courses taken by a student to fulfill the elective portion of his or her program. The student is consequently at liberty to make his or her own choices while keeping in mind the minimum liberal arts credit requirement for the degree being sought. Because the faculty is conscious of its own responsibility for the education of each student at Marist, it offers to students the following counsel:

- (1) Each student should attempt to establish clearly in his or her own mind the educational goals that he or she is attempting to achieve as the outcome of the college experience.
- (2) His or her course choices should be related to the achievement of these goals.
- (3) He or she should be aware that the background, professional training and experience of the faculty are resources which are at his or her disposal. It is strongly recommended, therefore, that each student seek out his or her own faculty advisor to discuss educational objectives.

WRITING PROFICIENCY REQUIREMENTS

All students are required to take a mandatory college-wide Proficiency Exam, which is the final exam for College Writing II. The College requires that a student demonstrate proficiency in writing in order to graduate. This requirement can be satisfied in the following ways:

- by obtaining a grade of C or better in College Writing II
- by getting a grade of C or better on the Proficiency Exam, and a passing grade in College Writing II.

Students who receive a C- in both the exam and the course will be allowed to retake the Proficiency Exam once.

SECOND BACCALAUREATE DEGREE

Marist College will confer a second baccalaureate degree only as a means of recognizing that a candidate has competencies in two essentially different areas. Applications to be candidates for a second baccalaureate degree should be submitted to the School of Graduate and Continuing Education which will consult with the Division Dean for approval of the second degree application. A candidate for a second baccalaureate degree must complete at least 30 credit hours within the major and related field requirements beyond the requirements of his or her first baccalaureate degree.

STATEMENT OF REQUIREMENTS FOR MINORS AND CERTIFICATES

The successful completion of all courses listed in the Programs of Study section of the catalog for declared minors and certificates and a minimum 2.0 cumulative index for these requirements are required for conferral of the minor or certificate being sought.

COURSE CODES

In the pages that follow, each course is designated by a letter code, a number and a course title. Code letters denote subject areas and are given below. The number indicates a specific course and a specific course content, i.e., 100 level courses are elementary, 200-300 level courses are intermediate, and 400 level courses are advanced.

This publication gives the current course title associated with each course. In addition, the following subject areas are used to identify that particular field when registering.

ACCT	Accounting
ANTH	Anthropology
ART	Fine Art
ATHT	Athletic Training
BIOL	Biology
BUS	Business
CHEM	Chemistry
CMSC	Computer Science
COM	Communication Arts
CRJU	Criminal Justice
CSFR	Cultural Studies – French
CSIT	Cultural Studies – Italian
CSRU	Cultural Studies – Russian
CSSP	Cultural Studies – Spanish
ECON	Economics

SCHOOLS AND DIVISIONS

SCHOOL OF COMMUNICATION AND THE ARTS

GUY E. LOMETTI, Ph.D., *Dean*

PROGRAMS OF STUDY

The School of Communication and The Arts includes the following Departments and Programs: The Department of Art and Art History, The Department of Communication, The Department of Media Arts, The Program in Fashion, and The Program in Music.

The School offers the Bachelor of Art Degree with majors in Studio Art, Art History, and Communication Arts. The School also offers the Bachelor of Professional Study Degree with the major in Fashion.

MISSION:

The School of Communication and the Arts prepares students to live and work within the emerging, technologically driven, global, communication revolution of the 21st century. The School provides an interdisciplinary, multimedia approach to the study of Communication and the Arts, and through its core courses and special programs educates students in the liberal arts tradition. Students explore the theories and models that influence their chosen professional field of study at the same time that they are immersed in hands-on practice. The School prepares them to shape a complex world of cultural diversity and changing technologies. In addition, the School aims to develop a sense of ethical responsibility in the practice of communication and the arts so that students may more fully realize their potential as individuals and members of the community.

GOALS:

- (1) To educate students to think critically, communicate effectively, and create work of high quality.
- (2) To stimulate curiosity and intellectual risk-taking.
- (3) To teach students to use evolving technology.
- (4) To prepare students to pursue careers in communication and the arts including: advertising, art history, digital imaging, fashion design and merchandising, film, graphic design, journalism, multimedia, music, photography, public relations, radio, studio art, television, and video.
- (5) To prepare students to pursue graduate studies in communication and the arts.

The Marist College School of Communication and the Arts provides its students with the broadest possible spectrum of learning opportunities by using the educational and professional resources of New York City, and focuses on the latest methods and technologies of research. The School is dedicated to serving its students, the professions of communication and the arts, and the New York State Hudson Valley Community of which it is an integral part.

SCHOOL OF COMPUTER SCIENCE AND MATHEMATICS

ONKAR SHARMA, Ph.D., *Interim Dean*

PROGRAMS OF STUDY

The School of Computer Science and Mathematics includes the following Departments: The Department of Computer Science and Information Systems and The Department of Mathematics.

The School offers the Bachelor of Science degree with majors in Computer Science, Information Systems, and Information Technology. Also offered is the Bachelor of Arts degree with majors in Computer Mathematics and Mathematics. In addition, the School offers the Master of Science degree in Computer Science and in Information Systems. (See the Graduate Catalog for information on these programs.)

MISSION:

The School of Computer Science and Mathematics prepares all Marist students to live and work within a technologically driven, rapidly changing world. The School provides a broad-based mathematical and technological education to its students within the context of a solid liberal arts foundation. Students receive in-depth instruction in the theoretical underpinnings of their chosen fields, which they can apply through a wide variety of practical experiences.

The School prepares students for careers of lifelong learning in which they can function at the technological frontier of a global community that is increasingly dependent on mathematical and technological expertise. In addition, the School provides students with an ethical framework for the responsible use of mathematics and technology.

GOALS:

- To educate students to think critically, communicate effectively, and create work of high quality.
- To stimulate intellectual curiosity and risk-taking so that students can become agents of change in their chosen fields.
- To teach students to become independent learners so that they will have the skills to continue learning throughout their lives.
- To provide students with the necessary theoretical and practical knowledge to prepare them for careers in mathematics, computer mathematics, computer science, information systems, and information technology.
- To prepare students for graduate study in mathematics, computer science, information systems, and information technology.
- To provide mathematical and technical competency education to the entire Marist student community through a wide variety of courses in mathematics and computing.

The School of Computer Science and Mathematics is committed to providing its students with a broad range of educational opportunities both on and off the Marist College campus, including internships in the surrounding business community that provide many students with experience in their chosen fields. The School is dedicated to serving its students, the professions of mathematics and computing, and the community of which it is part.

SCHOOL OF LIBERAL ARTS

THOMAS WERMUTH, Ph.D., *Interim Dean*

PROGRAMS OF STUDY

The School of Liberal Arts includes the following Departments: The Department of English, The Department of History, The Department of Modern Languages, The Department of Philosophy/Religious Studies, and The Department of Political Science,

The School offers the Bachelor of Art degree with majors in American Studies, English, History, French, Spanish, and Political Science.

MISSION:

The School of Liberal Arts reflects the central educational values and commitments of Marist College and of the disciplines of the liberal arts. Through their dedication to the Core/Liberal Studies program, an important component of the divisional curriculum, Liberal Arts faculty provide leadership in support of the aspiration of our institution to blend career preparation with a liberal arts education and, thus, they play a crucial role in shaping the educational experience of every student who attends Marist College.

The hallmarks of the Liberal Arts curricula are interdisciplinary and multidisciplinary. While striving to prepare students to become reflective, critical, and engaged citizens, the faculty of the Liberal Arts seek to transcend traditional disciplinary boundaries while respecting the integrity of each discipline. Focusing on the unity and integration of knowledge, they address issues from diverse viewpoints and create synergistic teaching opportunities with each other, as well as between the Liberal Arts and the wider Marist Community, that lead students to develop breadth as well as depth.

The faculty of the School of Liberal Arts are committed to the cultivation of the teacher/scholar, recognizing that legitimate scholarship is not confined to a single focus and that teaching excellence embraces innovative and technologically advanced forms of instruction in a variety of settings. They acknowledge the internationalization of our nation's interests and concerns and endeavor to ensure that our students develop global perspectives and appreciation of foreign cultures, beginning with the richness and changing composition of American culture. Finally, faculty investigate new ways to illuminate the problems and questions of life, heightening student awareness of the moral and ethical implications of human existence and helping them connect what takes place in the classroom to their own lives.

GOALS:

- To prepare students for a productive life by helping them develop the skills of critical analysis, reflection, effective communication, and information literacy.
- To foster in students an understanding and appreciation of intellectual, aesthetic, and professional creativity.
- To enhance students' learning and intellectual development through the use of technological resources.
- To lead students to become informed, responsible, and motivated and to maximize their capacity to interpret events and processes as well as to help shape them.
- To ground students in their own historical experience and to help them develop ways to analyze issues that challenge them as citizens.
- To guide students to confront issues of social responsibility, human rights, and dignity and to prepare them to support and promote social justice.

SCHOOL OF MANAGEMENT

GORDON J. BADOVICK, Ph.D., *Dean*

SIAMACK SHOJAI, Ph.D., *Associate Dean*

JEAN THEOBALD, M.P.S., *Assistant Dean*

PROGRAMS OF STUDY

The School of Management includes the following Departments: The Department of Accounting and Economics/Finance and The Department of Management (Business Administration).

The School offers the Bachelor of Science degree with majors in Accounting and Business Administration, as well as the Bachelor of Art degree in Economics. In addition, the School offers the Master degree in Business Administration and the Master degree in Public Administration. (See the Graduate Catalog for information on these programs.)

MISSION:

Within the framework of a strong liberal arts tradition and in a highly nurturing, personal setting, we *provide* our undergraduate and graduate students with the knowledge, skills, and values necessary to become effective, socially responsible leaders in today's competitive and rapidly changing global business environment.

Our educational and scholarly activities *support* a high-quality, broad-based management education, excellence in teaching, the application of theory to management practice, and the use of technology to enhance student learning.

In addition, we *share* our resources through professional and volunteer service to the business, non-profit, government, and academic communities.

SCHOOL OF SCIENCE

MICHAEL G. TANNENBAUM, Ph.D., *Dean*

PROGRAMS OF STUDY

The School of Science includes the following Departments: The Department of Athletic Training, The Department of Biology, The Department of Chemistry & Physics, The Department of Environmental Science, and The Department of Medical Technology.

The School offers the Bachelor of Science degree with majors in Athletic Training, Biology, Chemistry, Environmental Science, and Medical Technology.

MISSION:

The School of Science primarily addresses itself to meeting the needs of students majoring in the scientific disciplines. These needs include a sound grasp of theoretical principles and the ability to apply them. A strong emphasis on laboratory experiences and student research is designed to wed theory and practice. Our aim is to prepare students for continuing education at the university level, including programs in the health professions and law, and for entry-level professional positions in the fields for which they have been trained. Consistent with this aim toward professional preparation, science programs stress the broader skills and competencies that form the basis for leadership and management roles in the professions. Consonant with the historical mission of the college, the School also aims to provide students with the content knowledge required for secondary school teacher certification.

More broadly, the School addresses the needs of every student for scientific literacy. This is achieved within the scope of the general education requirement of the Core/Liberal Studies curriculum of the College. Here the focus is on a grasp of the scientific approach to gaining knowledge, a critique of this methodology and its limitations in addressing the full range of human problems and aspirations, and the opportunity to confront, use and apply the knowledge content of at least one of the scientific disciplines.

Finally, the School recognizes its place within the broader scientific community where it acknowledges a responsibility for contributing to scientific knowledge consistent with its character as a four-year liberal arts college, providing leadership in professional settings, and supporting scientific and educational enterprises in the larger community. Because of the location of Marist College on the Hudson River, these responsibilities take on special meaning when seen in the context of caring for the health and vitality of this extraordinary resource.

SCHOOL OF SOCIAL AND BEHAVIORAL SCIENCES

MARGARET R. CALISTA M.S.W., *Dean*

PROGRAMS OF STUDY

The School of Social and Behavioral Sciences includes the following Departments: The Department of Criminal Justice, The Department of Education, The Department of Psychology, and The Department of Sociology and Social Work.

The School offers the Bachelor of Art degree with majors in Psychology with certification in Childhood Education grades 1–6. Also offered is the Bachelor of Science degree with majors in Criminal Justice and Social Work. In addition, the School offers the Master of Arts degree in Psychology, Educational Psychology, and School Psychology. (See the Graduate Catalog for information on these programs.)

MISSION:

Study in each of the School's undergraduate majors provides students with professional preparation for entry into fields of work associated with the major. Concurrently, students' learning prepares them for advanced study in career-oriented graduate programs.

The curriculum for each of the School's majors presents a highly integrated blend of the theoretical and applied aspects of the respective disciplines. This theoretical/applied integration is enhanced by significant internship experiences. Internships are designed for students to continue their learning in real work situations and to have the experience of making learning-based contributions to real problems in the work setting.

The School seeks to accomplish its mission by creating learning environments in which students are encouraged to develop their critical-thinking, problem-solving, self-reflective, self-management, and creativity skills. This occurs in the context of studying course content, learning the methodologies of the discipline, learning skills associated with the discipline, and engaging values/ethical issues presented by the discipline. Drawing upon knowledge gained from their broad-based Core/Liberal Arts curriculum, students work with faculty to integrate their professional and liberal arts studies. Faculty also seek to invigorate the learning environment through innovative uses of technology. Throughout the entire program students are given many opportunities to demonstrate progress in fulfilling the requirements of their major.

From a professional perspective, faculty facilitate students' internalization of the discipline's code of ethics. The School's professional focus is also enhanced by the availability of accelerated, combined Bachelor's/Master's Degree programs for exceptional students in the Psychology and Childhood Education grades 1–6 and Special Education grades 1–6. These exceptional students begin to take graduate-level courses during their undergraduate program. Similarly, graduates from the School's Social Work major may receive advanced standing in MSW programs throughout the country with significant saving of credits at the graduate level. Students in the Criminal Justice major may begin study in the Master's/Public Administration Program, and earn an MPA with a concentration in Criminal Justice within one year after graduating with their Bachelor's Degree.

SCHOOL OF GRADUATE AND CONTINUING EDUCATION

H. GRIFFIN WALLING, Ph.D., *Dean*

PROGRAMS OF STUDY

The School of Graduate and Continuing Education administers the Adult Bachelor's Completion Program. The School offers the Bachelor of Art and the Bachelor of Science degrees for the Integrative Studies Major.

MISSION:

The School of Graduate and Continuing Education is a comprehensive unit of Marist, offering courses, degree and certificate programs, non-credit and professional programs, on-site training and related services for adults and businesses. Its mission is to provide high-quality educational programs consistent with the competing demands of job and families.

The School of Graduate and Continuing Education is responsible for the following academic programs:

- Graduate Admissions
- Undergraduate Admissions for adult and part-time students
- Adult Bachelor's Completion Program (including the BA/BS in Integrative Studies)
- CyberSkills Institute
- Center for Lifetime Study
- Summer Session
- Winter Intersession
- Fishkill Education Center
- Goshen Education Center

The goal of the School of Graduate and Continuing Education has always been to emphasize quality in academic programs, teaching facilities and support services for the adult student. This emphasis has built a true adult learning community offering the widest array of graduate, undergraduate, and certificate programs in the Hudson River Valley. Over 1,700 adult students are currently enrolled in more than 35 graduate and undergraduate degree programs, and many more have graduated and are successfully pursuing rewarding careers.

The School of Graduate and Continuing Education is located on the main campus, just off Route 9 in Poughkeepsie, New York, (845) 575-3800. The Fishkill Education Center is located at the intersection of Route 9 and I-84 in the town of Fishkill, (845) 897-9648; and the Goshen Education Center is at 40 Matthews Street, Goshen, (845) 294-6900.

-------------------------------	-----

PROGRAMS OF STUDY

THE CORE/LIBERAL STUDIES CURRICULUM

MISSION:

One enduring element of the mission of Marist College has been to provide students with an experience that blends career preparation with an education in the tradition of the liberal arts. That commitment by the faculty to providing students with a fully rounded education is most prominently expressed in the Core/Liberal Studies Program which emphasizes the following goals:

- To assist and challenge students to become more aware of their own values and the value implications of the choices they face in their public and private worlds.
 - To develop in students the capacity to synthesize and integrate methods and insights from a variety of intellectual disciplines.
 - To ensure that students are conversant with the essential ideas and skills that comprise the disciplines of the liberal arts and sciences.
 - To develop in students the critical skills of written exposition.
- To achieve those goals, students are exposed to a curriculum that

is both integrative and distributive, blending courses which all students take as part of a shared educational experience with elective courses in seven areas of study.

In the Introduction to Philosophy course, students are introduced to "modes of consciousness," which reflect the variety of ways of understanding one's relationship with the world. In the Ethics course, the focus is on the integrative role that values play in the pursuit of knowledge. The required History course complements the emphasis on values awareness by providing students with an historical context for understanding the value assumptions of contemporary culture. The Capping course is a discipline-based experience which seeks to address the general concerns of the discipline within a wider context and to address the value-consciousness themes developed throughout the Core/Liberal Studies Program.

The requirements within the distributive areas ensure that students are introduced to a broad range of disciplines. Since each discipline represents a distinctive approach to knowledge and understanding, these courses complement the attention to values awareness emphasized in the common courses. These courses are content based and emphasize an understanding of the skills, methodology and ethical issues of each discipline.

REQUIREMENTS IN CORE/LIBERAL STUDIES

CATEGORY 3.0

3.1 Philosophy Courses

For students entering with 0-23 credits:

PHIL 101 Intro to Philosophy as freshmen and

PHIL 300 Ethics during the junior or senior year

6 cr

For students entering with 24 credits or more:

PHIL 103 World Views and Values

Transfer students who have completed Intro to Philosophy and Ethics or comparable courses, with a C or better, are not required to take World Views and Values.

3 cr

3-6 cr

3.2 Writing Courses

On the basis of test scores, students will be placed into one of two writing requirements:

a) ENG 116 and ENG 117, College Writing I and II;

b) ENG 117, College Writing II

3-6 cr

On the basis of the exam and other evaluations, it may be recommended to some students that they first take ENG 001, Intro to College Writing, as preparation for ENG 116, College Writing I. Transfer students who have completed College Writing I and II, or comparable composition courses, with a C or better are exempt from further writing requirements. Those who have completed College Writing I, or a comparable composition course, will be admitted into College Writing II.

3-6 cr

3.3 Distribution Studies

Students are required to complete 36 credits in courses drawn from the following areas (the listings within the categories below are not necessarily all inclusive).

These requirements may be satisfied through the existing major and related field requirements of individual majors.

1. Natural Science Areas

6 cr

Biology

Chemistry

Physics

Environmental Science

Physical Anthropology (e.g., Intro to Anthropology I)

Foreign-Language Option (see * below)

2. Social Sciences Areas

6 cr

Cultural Anthropology (e.g., Intro to Anthropology II)

Economics

Political Science

Psychology

Sociology

3. History Area

6 cr

For students entering with 0-23 credits:

HIST 135 Origins of Modern Times and

one other History course

OR

Foreign Language Option (see * below)

For students entering with 24 credits or more:

Two History courses

4. Literature Area

6 cr

Literature in English, Foreign Literature in Translation or in Foreign Language

Foreign Language Option (see * below)

- | | |
|--|--|
| <p>5. Mathematics Area
 Mathematics
 Foreign Language Option (see * below)</p> <p>6. Fine Arts Areas (only LA designated courses)
 Art (any LA designated course except ART 231, 235, 320, 420 and other Special-Topics Media courses which may be offered)
 Film
 Music
 Theater Arts</p> <p>7. Philosophy/Religious Studies Area
 May not be fulfilled by Foundation Courses:
 PHIL 101, 103 or 300</p> | <p>6 cr</p> <p>3 cr</p> <p><u>3 cr</u></p> |
|--|--|

36 cr

***Foreign Language Option**

- a. Foreign Language: Students are encouraged to take a foreign language beginning in Freshman year. Students can substitute up to two courses in foreign language at the intermediate level or above for up to two of the following distribution requirements. Elementary Latin II or elementary Japanese II may also be used.
 - A. The second course in mathematics
 - B. The second course in science
 - C. The second course in history
 - D. The second course in literature
- b. Foreign Culture: Students may substitute one course in foreign culture for the second course in either history or literature.
- c. The Foreign Language Option may not be used to replace major or related field requirements.
- d. Successful completion of 1 year in MAP may waive 3 cr in the foreign culture option and 3 cr in the history requirement.

3.4 **Capping Experience****

3 cr

A capping experience provided through the major field area is required in all majors leading to the B.A. or B.S. degree. It is not required for candidates for the B.P.S. degree.

** Once a student has matriculated at Marist, Core/Liberal Studies Foundation and Capping Course requirements must be fulfilled at Marist College.

3 cr

Total Credits for Core/LS Requirement 45-51 cr

International Programs

Marist College encourages qualified students to spend a semester or academic year in another country through the Marist Abroad Program (MAP). Students of virtually every major may study/intern abroad for at least one semester.

Interested students should begin planning their semester/year abroad with their academic advisor as early as possible (especially psychology majors pursuing special-education certification). Candidates for the MAP are encouraged to reserve some CORE/Liberal Studies courses (e.g., social sciences, history, literature, fine arts, and philosophy/religious studies) and electives for their program abroad.

Please refer to page 16 of this catalog for more information on the MAP.

Sample Academic Plan for a Semester Abroad*:

- | | |
|--|-------------|
| • Foundation/orientation course | 3 cr |
| • Internship | 3 - 12 cr |
| • Elective course | 3 cr |
| • Major required course | 3 cr |
| • Core/Liberal Studies course | <u>3 cr</u> |
| (Foreign language, Social Science, History, Literature, Fine Arts, Philosophy/Religious Studies) | |

Total

15-24 cr

*An individual study plan is arranged by each student with his/her academic advisor, according to the program selected, individual learning goals, and degree requirements.

ACCOUNTING

ROBERT J. WALSH, Ph.D., C.P.A., *Chairperson*

MISSION:

The mission of the undergraduate degree in accounting is to provide students with a thorough understanding of the body of knowledge in the field of accounting required to fulfill expectations of employers for entry-level positions. Combined with its liberal arts studies, Marist also seeks to instill in students a sense of responsibility for their own growth and to society as a whole.

The program of study in accounting is designed to achieve the following objectives:

- (1) To give students a solid foundation in the areas of financial accounting, cost accounting, income taxation and auditing.
- (2) To prepare students to sit for the CPA examination by satisfying the educational requirements of the New York State Board for Public Accountancy.
- (3) To expose students to the various career alternatives in accounting.
- (4) To encourage and support faculty to serve as role models and mentors for our students.

The Accounting Core (27 credits)

The Accounting Core requires an intensive study of the financial reporting function of accounting. This includes the study of financial accounting theory, its realization in generally accepted accounting principles, and the application of official accounting and auditing standards.

ACCT 203 and 204 Financial and Managerial Accounting	6 cr
ACCT 301 and 302 Intermediate Accounting I and II	6 cr
ACCT 350 Accounting Systems	3 cr
ACCT 310 Cost Accounting I	3 cr
ACCT 401 Advanced Accounting	3 cr
ACCT 402 Auditing	3 cr
ACCT 403 Income Taxation I	3 cr

The Interface between Accounting and Business (27 credits)

Accounting involves both external financial reporting and internal reporting for managerial decision making and control. Hence, professional accountants interact with all the functional areas of business. Accounting majors develop their knowledge of this interface through both required and elective courses.

Required Courses (18 credits)

For the Accounting profession taken as a whole the primary interface with business requires a detailed knowledge of the financial and legal aspects of business transactions. Consequently, the required interface courses develop expertise in these areas.

BUS 202 Global Business and Society	3 cr
BUS 302 Organizational Behavior	3 cr
BUS 320 Financial Management	3 cr
BUS 380 and 381 Business Law I and II	6 cr
BUS 421 Corporate Finance	3 cr

Elective Courses (9 credits)

Accounting majors extend their study of the interface by selecting three additional Accounting (ACCT) or Business (BUS) courses in consultation with their faculty advisor. By selecting various combinations of courses, students can

- broaden their exposure to include the other functional disciplines in business,
- focus on a particular interface that reflects their interests and career aspirations, or
- emphasize further study of Accounting topics.

The Integrative Capping Course (3 credits)

The professional practice of accounting requires accountants

- to critically interpret and apply accounting principles and standards to complex transactions which often involve innovative contracts and contingent claims,
 - to evaluate the value of information for managerial decision making, and
 - to take responsibility for their own continuing education and development in the field as new accounting and auditing standards are adopted.
- The required, integrative capping course:

ACCT 477 Current Issues in Accounting	3 cr
---------------------------------------	------

develops this capability and completes the process of qualifying the Accounting major for the Bachelor's Degree in Accounting.

The Technical and Analytical Foundation (19-20 credits)

The following required (or recommended) courses provide the technical and analytical foundation required for the study of Accounting:

ECON 101 Principles of Macroeconomics	3 cr
ECON 102 Principles of Microeconomics	3 cr
MATH 115 Calculus with Management Applications	3 cr
MATH 130 Introductory Statistics I	3 cr
MATH 230 Operational Models	3 cr
CSIS 150-153 Computer Science Modules	4 cr
CSIS 154 Microsoft Access (recommended)	1 cr

AMERICAN STUDIES

ROBYN ROSEN, Ph.D., *Coordinator*

An interdepartmental program involving history, politics, law, literature, philosophy, religion, art and music, American Studies allows students to transcend narrow disciplinary boundaries in exploring the broad interplay of ideas and events which have shaped the American past.

This requires a careful selection among designated courses within the American arena, while also developing a concentration (12 credits) focusing upon a different culture such as that of Latin America, England or Russia. A 3-credit senior capping experience then unifies these perspectives upon the American Experience.

REQUIREMENTS FOR A BACHELOR OF ARTS IN AMERICAN STUDIES

Note: A minimum of 90 credits in Liberal Arts is required.

NOTE: English majors and History majors need two additional courses from 1.1 and/or 1.2.

ANTHROPOLOGY

MICHAEL G. TANNENBAUM, Ph.D., Dean

Anthropology is the scientific and humanistic study of mankind. As a group of subdisciplines it focuses on human diversity across time and space. In physical anthropology ([ANTH 101](#)) students study human evolution from our early ancestors of eight million years ago to paleolithic caveman, (the first true "rock artist"). Special emphasis is placed on lithic and fossil evidence as well as forensic analysis of skeletal remains. Archaeology ([ANTH 120](#)) complements this by reconstructing past human behavior and culture through material remains dating from the upper-paleolithic to the 20th century. Students taking cultural anthropology ([ANTH 102](#)) focus on similarities and differences among societies the world over. This process employs a holistic view of culture that looks at the linkages among economics, language, politics, religion and social structure. Students taking specialty courses, such as The American Indian ([ANTH 233](#)) are guided by these same categories to come to an understanding of specific cultures, such as those of Native Americans, through study of their histories and the environments in which they live.

REQUIREMENTS FOR A MINOR IN ANTHROPOLOGY

Required Anthropology courses:

ANTH 101 Intro to Anthropology I	3 cr
ANTH 102 Intro to Anthropology II	3 cr
ANTH 120 Intro to Archaeology	3 cr
ANTH 233 American Indian	3 cr

Three courses selected from the following:

ANTH 230 American Culture I

9 cr

ANTH 231 American Culture II
 ANTH 232 (also listed as REST 232) Religion and Culture
 HIST 272 Ancient East
 SPAN 152 Civilization in Latin America
 REST 209 World Religions
 SOC 101 Intro to Sociology

Total Credit Requirement for a Minor in Anthropology

21 cr

ART AND ART HISTORY

JAMES LUCIANA, M.F.A., Chairperson

MISSION:

The Department of Art and Art History believes a sound foundation and an exploration of the fields of studio art and art history should be combined with a strong liberal arts education to expand the intellectual horizons of our students. The department also seeks ways to broaden their intellectual development through the investigation of state-of-the-art technologies in addition to traditional forms of study and techniques. The department believes an education in the visual arts should go beyond the classroom and studio. Opportunities are provided to exhibit artwork, visit galleries and museums, obtain internships, and study abroad.

The Art and Art History Program offers both majors and minors in Art, with concentrations in Studio Art and Art History, to prepare students for careers and graduate study in the fine and applied arts.

The B.A. in Fine Arts with a concentration in Studio Art is designed to combine a broad-based training in the visual arts with a traditional liberal arts education. After gaining a solid foundation in design, drawing, and art history, each student specializes in one of five tracks: digital media, drawing, graphic design, painting, or photography. Students also select additional studio courses to expand their knowledge of the visual arts. The Studio Faculty is composed of full-time and visiting art professionals who are committed to creating a nurturing but challenging environment in which students can explore, experiment, and develop their own personal visions.

The B.A. in Fine Arts with a concentration in Art History is designed to provide both a survey of western art and an in-depth study of selected periods. In addition to the required course work, students concentrating in art history must pursue an alternative discipline, preferably in a foreign language.

All majors, whether in Studio Art or Art History, are encouraged to apply for internships in their junior or senior year. The programs of the Fine Arts are augmented by trips to nearby galleries and museums in the Hudson Valley and New York City, and opportunities to study abroad.

MINORS AND CERTIFICATE PROGRAM

Minors in Studio Art and Art History are also offered for those students who wish to combine their study in other disciplines with an exploration of the visual arts. A certificate in Art and Advertising Design is offered jointly with the Department of Communication for those students who want to gain a foundation in art and concentrate on developing skills in design and advertising.

REQUIREMENTS FOR A BACHELOR OF ARTS IN FINE ARTS

Concentration in Studio Art

Note: A minimum of 90 credits in Liberal Arts is required.

REQUIREMENTS FOR A BACHELOR OF ARTS IN FINE ARTS

Concentration in Art History

1.0	Course Requirements		
	ART 101 Fundamentals of Art and Design I	3 cr	
	ART 110 Basic Drawing	3 cr	
	ART 160 History of Western Art I	3 cr	
	ART 180 History of Western Art I	3 cr	
	CSIS 150 Intro to Computer Systems Concepts	1 cr	
	CSIS 151 MS-Wordprocessing	1 cr	
	CSIS 158 Information Literacy	1 cr	
	PHIL 330 Aesthetics	3 cr	
	ART 477 Capping Course	<u>3 cr</u>	
			21 cr
1.1	Selection of five courses in art history	15 cr	

1.2	Alternate Discipline	9 cr
	Each student must take 3 courses in one of the following alternate disciplines: Foreign Language (French or German), History, Literature, or Studio Art.	
	(If the student plans to pursue graduate work in art history, the alternate discipline should be a foreign language.)	24 cr
Total Credit Requirement in Art History		45 cr
2.0	Course Requirements in Related Fields: None	
3.0	Core/Liberal Studies Requirements	
3.1	FOUNDATION	
	Philosophy/Ethics	6 cr
	Writing	3-6 cr
		9-12 cr
3.2	DISTRIBUTION*	
	Natural Science	6 cr
	Social Science	6 cr
	History	6 cr
	Literature	6 cr
	Mathematics	6 cr
	Fine Arts	0 cr (fulfilled by major field req.)
	Philosophy/Religious Studies	0 cr (fulfilled by major field req.)
		30 cr
Total Core/Liberal Studies Requirement		39-42 cr
4.0	Electives	33-36 cr
Total Credit Requirement for Graduation		120 cr

*Students are encouraged to take intermediate foreign-language or culture courses which may be used as substitutes for the second course in certain areas. See Core/Liberal Studies Curriculum description of foreign-language option in catalog.

REQUIREMENTS FOR A MINOR IN STUDIO ART

Foundation Courses:	6 cr
ART 101 Fundamentals of Art and Design I	
ART 110 Basic Drawing	
Four additional studio art courses	12 cr
Total Credit Requirement for a Minor in Studio Art	18 cr

REQUIREMENTS FOR A MINOR IN ART HISTORY

Introduction courses:	6 cr
ART 160 History of Western Art I	
ART 180 History of Western Art II	
Four additional courses selected from the following:	12 cr
ART 220 History of Photography	
ART 280 American Art	
ART 362 Art and Science Technology	
ART 365 History of 19 th -Century Art	

(Additional art courses may be substituted upon advisement of Art faculty.)

Total Credit Requirement for a Minor in Art History

18 cr

ART AND ADVERTISING DESIGN CERTIFICATE

REQUIREMENTS FOR A CERTIFICATE IN ART AND ADVERTISING DESIGN

1.0	Course Requirements (recommended sequence)	
	ART 101 Fundamentals of Art and Design I	3 cr
	ART 110 Basic Drawing OR	
	ART 231 Introduction to Digital Media	3 cr
	CSIS 150 Intro to Computers	1 cr
	CSIS 151 MS-Wordprocessing	1 cr
	CSIS155 Intro to CBT Multimedia	1 cr
	ART 215 Graphic Design I	3 cr
	COM 110 Prin of Advertising	3 cr
	COM 210 Writing for Advertising	3 cr
	ART 315 Graphic Design II	3 cr
	ART 145 Basic Photography	<u>3 cr</u>

Total Credit Requirement

24 cr

2.0 12-Hour course in desktop publishing (non-credit)

Students must achieve a grade of C or better in each of the eight courses as well as successfully complete the non-credit course in order to obtain the certificate. Up to two courses may be transferred from an accredited higher education institution. College writing proficiency and matriculation at Marist College will be required.

ATHLETIC TRAINING

MICHAEL G. TANNENBAUM, Ph.D., Dean

MISSION:

The mission of the Athletic Training Program is to provide students, within a liberal arts framework, with the strong scientific foundation and extensive practical experience they need to become certified Athletic Trainers (ATC). Athletic Training, sometimes known as Sports Medicine, is an area of health care concerned with the prevention, recognition, care, and rehabilitation of sports-related and similar injuries. Athletic Trainers work as part of a comprehensive health-care team that includes physicians, physical therapists, and other professionals. This baccalaureate program qualifies students for entry-level positions in high schools, colleges, and universities, professional sports organizations, hospitals and medical clinics, and corporate and industrial settings. Students may also go on for further study in graduate and professional schools. Upon completion of the B.S. degree in Athletic Training at Marist, graduates will be eligible to sit for the certification examination administered by the National Athletic Trainers' Association (NATA) Board of Certification. Those passing this exam will be certified as Athletic Trainers by the NATA. Marist's B.S. in Athletic Training curriculum is registered with the New York State Education Department as a licensure-qualifying degree program, and meets the requirements for entry-level baccalaureate programs of the Commission on Accreditation of Allied Health Education Programs.

REQUIREMENTS FOR A BACHELOR OF SCIENCE DEGREE IN ATHLETIC TRAINING

BIOLOGY

VICTORIA INGALLS, Ph.D., *Chairperson*

MISSION:

The mission of the Department of Biology is to provide a high-quality undergraduate education in biology within the liberal arts tradition of Marist College. To accomplish this goal, we integrate theory with the practical application of knowledge while fostering an understanding of science as process. We infuse our curriculum with an enthusiasm for the living world and an appreciation for the intricacy of life processes and the relationships among all life forms. Using this approach, we promote academic and professional advancement for Marist graduates in three distinct ways.

First, the Department provides a program of study that will prepare Biology majors for careers in the life sciences. Specifically, students may prepare for graduate studies in the biological sciences or professional studies in veterinary medicine, medical school, or in one of the other allied health professions. In addition, students may earn certification to become high school or middle school teachers by majoring in Biology while taking a special sequence of courses designated by the secondary education program. Alternatively, a degree in Biology will prepare students to enter the work force upon graduation. It should be noted that majoring in Biology can enhance any future career, as it emphasizes inquiry, problem solving, collaborative learning, and independent learning.

Second, the Department is dedicated to supporting learning experiences in closely related majors, especially Environmental Science, Medical Technology, Biochemistry and Athletic Training. The Department supports these majors by offering courses essential to these fields as well as elective classes that enrich one's understanding of Biology.

Third, the Department is committed to the education of all Marist students. Classes in the sciences are an essential component of a liberal arts education. Students in other major areas may choose to study biology in order to gain an understanding of science as a process and to enhance their understanding of biology in particular. To meet this need, the Department offers several courses specifically designed for the non-science major. These courses use a specific area of biology to introduce students to how science works, the methods biologists use to investigate the world around them, and how scientific information impacts ethical decision making.

GOALS AND OBJECTIVES:

Upon successful completion of the Biology Major, students will:

1. Have a fundamental knowledge of biology spanning all major taxa and levels of organization.
2. Understand that scientific concepts are derived from accumulated evidence and are constantly subject to modification.
3. Be able to evaluate the validity of a scientific argument via a thorough understanding of experimental design and experimenter bias.
4. Be able to effectively communicate knowledge and ideas to others both within and outside the field of Biology.
5. Be prepared to continue their education in graduate school or the health professions, or to begin a career in Biology or Biology Education.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN BIOLOGY

Notes: A minimum of 60 credits in Liberal Arts is required.

Students interested in coursework requirements for Secondary Education should consult with the Director of the Teacher Education program as soon as possible.

1.0 Course Requirements in Biology

Total Credit Requirement for a Minor in Biology

31-34 cr

Those students whose minor will focus on cellular and molecular biology are strongly encouraged to take Organic Chemistry (CHEM 201-202 or CHEM 211-212-213).

* Prerequisites BIOL 210 and CHEM 202 or 213 co-requisite or permission of instructor

** Prerequisites BIOL 330 and CHEM 201/202 or permission of instructor

*** Prerequisite BIOL 230

**** Prerequisites BIOL 210, 320 and CHEM 201/202 or 211/213

***** Prerequisites CHEM 211/213

BUSINESS ADMINISTRATION

JAMES KENT, Ph.D., *Chairperson*

MISSION:

The mission of the Marist College Business Administration program is to provide a high-quality, professional education in a supportive, interactive and personalized environment. The Program is designed to provide our business graduates with the knowledge, skills, and values necessary to become effective, socially responsible leaders in today's competitive and rapidly changing global business environment.

The goals of the School of Management's undergraduate degree program in Business Administration are:

- 1) To provide a dynamic undergraduate business curriculum, based on a broad liberal arts education that includes an analytical business foundation, exposure to the breadth of the business discipline and the depth of a primary area of emphasis.
- 2) To enhance excellence in business education by requiring students to use information and communications technology.
- 3) To provide coverage of ethical and global issues; exposure to the political, social, technological, legal, natural, and cultural environments of business; and coverage of diversity issues in business.
- 4) To provide a learning environment which incorporates the basic written and oral communications skills in diverse areas of business.
- 5) To support quality teaching through appropriate faculty intellectual activities.
- 6) To instill in students an understanding of modern business theory and practice so that they are prepared for an entry-level job or for graduate school.
- 7) To instill in students the ability to think critically, work in a team, and communicate effectively both orally and in writing.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

The Technical and Analytical Foundation (25-26 credits)

The following required (or recommended) courses provide the technical and analytical foundation required for the study of Business at the undergraduate level:

ACCT 203	Financial Accounting	3 cr
ACCT 204	Managerial Accounting	3 cr

ECON 101	Principles of Macroeconomics	3 cr
ECON 102	Principles of Microeconomics	3 cr
MATH 115	Calculus with Management Appl	3 cr
MATH 130	Introductory Statistics I	3 cr
MATH 230	Operational Models	3 cr
CSIS 150-153	Computer Science Modules	4 cr
CSIS 154	Microsoft Access (recommended)	1 cr

The Business Core (24 credits)

The field of business administration is a broad one. Today's educated business professional must possess a solid foundation in all the functional activities of organizations, as well as the behavioral, economic, legal, and social environments in which organizations operate. The following required business courses provide the necessary exposure to the breadth of the business discipline:

BUS 100	Introduction to Business and Management	3 cr
BUS 202	Global Business and Society	3 cr
BUS 301	Human Resource Management	3 cr
BUS 302	Organizational Behavior	3 cr
BUS 320	Financial Management	3 cr
BUS 340	Marketing Management	3 cr
BUS 382	Legal Foundations of Business	3 cr
BUS 388	Operations Management	3 cr

The Area of Emphasis (9 credits)

The broad exposure to business provided by the Business Core is necessary, but not sufficient, for the Bachelor's degree in Business. To develop the capability to contribute to an organization's competitiveness, the student must also acquire more advanced expertise in an area of emphasis. The School of Management encourages each business major to select an area of emphasis that

- reflects his or her interests and talents, and
- leads to fulfillment of both career aspirations and employers' expectations.

To fulfill employers' expectations for entry-level management positions, and thereby enhance first employment opportunities, students frequently select courses which emphasize one of the following areas:

- Finance
- International Business
- Marketing
- Human Resources

The area of emphasis is a key component of each student's Study Plan. This plan is developed in consultation with the student's faculty advisor. Any proposed changes in the courses comprising a student's approved area of emphasis must be authorized by the appropriate department chair(s).

Interdisciplinary Areas of Emphasis

To provide business majors with additional options, the School of Management makes available two interdisciplinary offerings, one in Computer Information Systems and one in Public Administration, which may be used as secondary areas of emphasis.

In cooperation with the Department of Computer Science and Information Systems (CSIS), a secondary area of emphasis in Computer Information Systems can be constructed with the following required courses (12 credits):

CMSC 120	Computer Science I	3 cr
CMSC 121	Computer Science II	3 cr
IS 130	Computing Studies Concepts	3 cr
IS 404	Systems Analysis Methods	3 cr

In cooperation with the Political Science Department (POSC), a secondary area of emphasis in Public Administration can be constructed with the following required courses (15 credits):

POSC 110	American National Government	3 cr
POSC 240	Introduction to Public Policy OR	
POSC 301	Program Planning and Evaluation	3 cr
POSC 283	Public Administration	3 cr
ECON 421	Public Finance	3 cr

The Integrative Capping Course (3 credits)

In essence, professional managers apply their business knowledge through informed, action-oriented decision making that enhances the competitiveness of the enterprise. This integrative act must be studied and practiced. The required integrative capping course develops this capability and completes the process of qualifying the business major for the Bachelor's degree in Business Administration:

BUS 477

Management Strategy and Policy

3 cr

SUMMARY OF REQUIREMENTS FOR A BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Note: A minimum of 60 credits in Liberal Arts is required.

1.0 Course Requirements in Business Foundations:

ACCT 203 Financial Accounting	3 cr
ACCT 204 Managerial Accounting	3 cr
CSIS 150 Intro to Computer Systems Concepts	1 cr
CSIS 151 MS-Wordprocessing	1 cr
CSIS 152 MS-Excel	1 cr
CSIS 153 Exploring the Internet	1 cr
CSIS 154 (recommended) MS Access	1 cr
ECON 101 Principles of Macroeconomics	3 cr
ECON 102 Principles of Microeconomics	3 cr
MATH 115 Calculus with Management Applications	3 cr
MATH 130 Intro Statistics I	3 cr
MATH 230 Operational Models	<u>3 cr</u>

Credit Requirements in Business Foundations:

25-26 cr

2.0 Course Requirements in Business:

Business Core	24 cr
Area of Emphasis	9 cr
Integrative Capping Course	<u>3 cr</u>

Credit Requirement in Business:36 cr**Total Credit Requirement for a Major in Business Administration:**

61-62 cr

3.0 Core/Liberal Studies Requirements:**3.1 FOUNDATION**

Philosophy/Ethics	6 cr
Writing	<u>3-6 cr</u>

Total Foundation Credits:

9-12 cr

3.2 DISTRIBUTION*

Fine Arts	3 cr
History	6 cr
Literature	6 cr
Mathematics	0 cr (fulfilled by major field req.)
Natural Science	6 cr
Philosophy/Religious Studies	3 cr
Social Science	<u>0 cr</u> (fulfilled by major field req.)

Total Distribution Credits:

24 cr

Total Core/Liberal Studies Requirement:

33-36 cr

4.0 Electives**

22-26 cr**Total Credit Requirement for Graduation:**

120 cr

*Students are encouraged to take intermediate foreign-language or culture courses that may be used as substitutes for the second course in certain areas. See Core/Liberal Studies Curriculum description of foreign-language option in catalog.

**Business students are encouraged to use 3-9 credits of electives to pursue one or more internship experiences during their junior and/or senior year. These internship experiences can be arranged with corporations in the local area, New York City, near your hometown, or as part of an international experience through the Marist Abroad programs.

REQUIREMENTS FOR A MINOR IN BUSINESS**Required Courses:**

9 cr

BUS 100	Introduction to Business and Management
ACCT 203	Financial Accounting
ECON 150	Economics of Social Issues (ECON 101 or 102 can be used as a substitute)

Select two of the following:

6 cr

BUS 301	Human Resource Management (Prerequisite BUS 100)
BUS 302	Organizational Behavior
BUS 320	Financial Management (Prerequisite MATH 130)
BUS 340	Marketing Management (Prerequisite ECON 150 or 102)

Electives:

6 cr

Select any two courses of interest at the 300/400 level from Business, Accounting, or Economics (subject to prerequisites).

Total Credit Requirement for a Minor in Business:

21 cr

CATHOLIC STUDIES MINOR

ROBERT P. LEWIS, Ph.D., *Coordinator and member of Steering Committee*

JANET STIVERS, Ph.D., *Member of Steering Committee*

LOUIS ZUCCARELLO, Ph.D., *Member of Steering Committee*

Catholic Studies is a multi-disciplinary program which offers students an opportunity to study how the tradition of Catholic Christianity has shaped the world we know today, to examine their beliefs and values in a mature and critical way, and to further integrate their Core/Liberal Studies program.

The three required courses for the Minor are designed to provide students with an historical and theological foundation in the traditions of Catholic Christianity. The elective courses in the several groupings identified below encourage students to explore the implications of Catholic thought, imagination, spirituality, and social/political vision within the many other disciplines they are studying. All the required or elective courses for the Minor can also satisfy one or another Core/LS area requirements.

If you have further questions, contact Dr. Robert Lewis, Coordinator.

The Minor requires a total of 18 credits distributed as follows:

- A. Required Courses
- | | |
|---|-------------|
| HIST 248 (Dual listed as CAST 200) Catholic Studies I: Medieval Europe | 3 cr |
| HIST 250 (Dual listed as CAST 250) Catholic Studies II: The Catholic Church in Modern Times | 3 cr |
| REST 243 (Dual listed as CAST 243) Catholic Thought and Spirituality | <u>3 cr</u> |
| | 9 cr |
- B. Elective Courses 9 cr
- Students must elect at least one course from each of the first two groupings, and a third from any of the three groupings:
- Group One (Art, Music, Literature)
- ART 380 Renaissance Art
 - ENG 214 Religion in Film and Literature
 - ENG 266 The Italian-American Experience

ENG 330 Medieval Literature
ENG 324 Chaucer
Appropriate Special-Topics and regular courses in Art, Literature or Music

Group Two (Philosophy and Religious Studies)

PHIL 223 Medieval Philosophy
PHIL 231 Philosophy of Religion
REST 208 The Bible
REST 203 Principles of Christianity
REST 204 Principles of Judaism
REST 431 Spirituality and Religious Development
Appropriate Special-Topics and regular courses in Philosophy or Religious Studies

Group Three (Historical and Cultural Studies)

HIST/POSC 217 Catholics in the United States
HIST/POSC 266 The Italian-American Experience
HIST 286 The Irish Experience in America
Appropriate Special-Topics courses in History or Cultural Studies

Total Credit Requirement for a Minor in Catholic Studies

18 cr

CHEMISTRY

ROBERT BALOGH-ROBINSON, M.S., *Chairperson*

MISSION:

The Department of Chemistry and Physics addresses the needs of all science majors. Chemistry courses build a strong foundation for the science major, whether the student is preparing for a career in medicine, research, teaching, or an entry-level position. To address the needs of its students, the department places a strong emphasis on laboratory experiences and student research to combine theory and practice.

With the chemistry major, students are not only prepared for varied career opportunities, but are also taught to think analytically, to function independently as well as a member of a team, and to become responsible members of the scientific community.

It is possible for a student to graduate with honors in chemistry if certain conditions are met. These conditions include: graduating with an ACS certified degree, maintaining a 3.50 GPA with no grade below a "C" in any chemistry course, a minimum overall index of 3.25, performing research that has been deemed by the faculty to be outstanding, and to be active in community service.

GOALS:

- To provide chemistry majors with a course of instruction that meets the standards set forth by the American Chemical Society.
- To prepare students for post-graduate education.
- To prepare students for entry into the professional job market.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN CHEMISTRY

Notes: A minimum of 60 credits in Liberal Arts is required.

Students interested in coursework requirements for Secondary Education should consult with the Director of Teacher Education as soon as possible.

1.0 Course Requirements in Chemistry

Core Courses:

41 cr

CHEM 111 General Chemistry I
CHEM 112 General Chemistry II
CHEM 113 General Chemistry I Lab
CHEM 114 General Chemistry II Lab
CHEM 211 Organic Chemistry I
CHEM 212 Organic Chemistry II
CHEM 213 Organic Chemistry Lab
CHEM 351 Quantitative Analysis

CHEM 352 Instrumental Methods of Analysis
 CHEM 361 Physical Chemistry I
 CHEM 362 Physical Chemistry II
 CHEM 363 Experimental Physical Chemistry
 CHEM 477 Advanced Integrated Lab
 CHEM 478 Science, Medicine and Ethics
 Two additional courses selected from the following:
 CHEM 420 Biochemistry I
 CHEM 430 Advanced Inorganic Chemistry
 CHEM 421 Biochemistry II
 CHEM 440 Advanced Organic Chemistry
 CHEM 460 Polymer Chemistry

6 cr

Students wishing ACS certification must take CHEM 420, 430 AND
 a Laboratory course in Advanced Inorganic Chemistry

Credit Requirement in Chemistry

47 cr

COMMUNICATION AND MEDIA ARTS

CAROL PAULI, M.S., *Chairperson, Communication Department*

RICHARD PLATT, Ph.D., *Chairperson, Media Arts Department*

MISSION:

The program is designed to challenge students interested in studying the many forms of human communication – its process, outcomes, and effects. The core of this investigation centers on the ways in which human beings purposefully utilize symbols in interaction to create or modify a socially meaningful world. Through courses and internships, the program combines a strong liberal arts background with a professional focus. Inherent in the program's courses and internships is the integration of communication theories and the liberal arts tradition. This is accomplished through the strategic application of theory to the hands-on practice of communication. The opportunity for internships is readily available, as the strong alumni network of the School assures that our students intern in some of the top communication organizations in the Northeast, including the major television networks, public-relations firms, radio stations, newspapers, nonprofit and human-service agencies, and Fortune 500 companies. This on-the-job training helps graduates as they prepare to enter this exciting and ever-changing profession.

OBJECTIVES:

Students graduating with a major in Communication should:

- (1) have an understanding of communication theory and how to translate this theory successfully into practice;
- (2) be able to speak and write effectively;
- (3) be able to function knowledgeably and critically as consumers and practitioners in the diverse fields of communication;
- (4) be media literate;
- (5) have competency in critical thinking and problem solving;
- (6) have developed an awareness of the moral and ethical issues involved in human communication.

The Communication program offers concentrations in Advertising, Communication Studies, Journalism, International Communication, Multimedia, Public Relations/Organizational Communication, or Radio/Television/Film. Communication is a discipline that involves the study of symbolic behavior in many contexts. Regardless of their specialties, communicators are involved in fundamentally similar activities. They gather and process information, and create and disseminate messages. Advertisers, journalists, public-relations practitioners, public speakers, television, radio, film, or multimedia producers, and all who communicate with others, engage in these essential operations.

Minor and Certificate Programs:

The program also includes a Minor in Communication for those students who wish to combine the study of communication with a major in another discipline.

A certificate in Art and Advertising Design is offered jointly by the Departments of Communication and Art and Art History for those students who want to gain a foundation in art and concentrate on developing skills in design and advertising.

Communication Foundation Courses (15 credits)

The communication major is required to take five foundation courses. These courses will be taken during the freshman and sophomore years. The courses are:

COM 100 Communication Principles	3 cr
COM 101 Public Presentations	3 cr
COM 200 Communication Research: Strategies and Methods	3 cr
COM 201 Communication in Society	3 cr
COM 202 Communication Ethics	3 cr

Communication Concentrations (15-18 credits)

Communication majors are required to select one of seven concentrations which will focus their study of communication on: advertising, communication studies, international communication, journalism, multimedia, public relations/organizational communication, or radio/television/film. These course requirements constitute a systematic study of the application of communication principles to a particular area of interest or specific profession. The courses which make up the communication concentration requirements provide a focus and depth of study for the communication student.

Advertising Concentration (18 cr)

COM 110 Principles of Advertising
COM 210 Writing for Advertising
COM 155 Media Literacy

Select one of two specialties:

Advertising Creative Specialty

COM 410 Advanced Copywriting
COM 310 Broadcast Commercial

Select one:

COM 311 Retail Advertising and Promotion
COM 312 Direct Response Advertising
COM 313 Media Planning

Advertising Management Specialty

COM 313 Media Planning

Select two:

COM 311 Retail Advertising and Promotion
COM 411 Business to Business Advertising
COM 312 Direct Response Advertising

Communication Studies Concentration (15 cr)

COM 203 Interpersonal Communication
COM 301 Small Group Communication
COM 302 Persuasion
COM 325 Intercultural Communication
COM 420 Advanced Public Presentations
COM 425 Comparative Communication Theory

International Communication Concentration (18 cr)

COM 325 Intercultural Communication
COM 308 Internship in Communication (overseas)
COM 400 Gender, Culture and Communication
COM 488 Comparative Communication
Two Communication courses (overseas)

Journalism Concentration (15 cr)

COM 241 Journalism I
COM 340 Journalism II
COM 300 Mass Communication Law

Select One:

COM 341 Press in America
COM 342 Readings in Journalism
Plus one course from the recommended journalism sequence.

Multimedia Concentration (18 cr)

COM 155 Media Literacy
ART 231 Introduction to Digital Media
ART 235 Digital Paint and Animation
COM 389 Communication Revolution
COM 355 Applications in Digital Communication
COM 356 Interactive Multimedia

Public Relations/Organizational

Communication Concentration (18 cr)

COM 203 Interpersonal Communication
COM 270 Organizational Communication
COM 370 Public Relations
COM 375 Public Opinion
COM 470 Organizational Writing
COM 471 Case Studies in Public Relations

Radio/Television/Film Concentration (15 cr)

COM 285 Broadcasting
COM 286 The Art of Film
COM 289 Writing for The Media

Select one:

COM 486 Film Theory and Criticism
COM 487 Television Theory and Criticism

Select one:

COM 287 TV Production
COM 387 Audio for Media
ART 145 Photography
COM 345 Photojournalism
ART 320 Digital Photography
COM 355 Applications in Digital Communication

Communication Electives (9 credits)

Each student is required to take 3 additional communication elective courses at the 300-400 level. A student, in consultation with a communication faculty advisor, will select three communication electives. These courses may be drawn from any area of the communication curriculum. These courses could be selected to allow a greater depth in investigating subjects encountered in the communication foundation or concentration requirements. Alternatively, these courses could be designed to broaden a student's understanding of subjects beyond the student's specialized concentration. Thirdly, communication electives could be selected in association with one's cognate courses to organize the student's study around a special interest related to communication (e.g., journalistic coverage of criminal justice issues, media uses in developing nations, communication and politics). Note: Internships carry non-liberal-arts elective credits and will not fulfill the above requirements.

Recommended Journalism Elective Sequences

The faculty have organized the following journalism elective sequences from which communication students in the Journalism Concentration are encouraged to select communication electives:

Broadcast Journalism

COM 346 Radio News I
COM 446 Radio News II
COM 392 Television News I
COM 492 Television News II
COM 287 TV Production
COM 391 Documentary Film
COM 286 The Art of Film

Interactive Multimedia Journalism

COM 440 Advocacy Journalism On Line
COM 441 News Editing
COM 442 Multimedia Reporting
(Any of the Multimedia concentration courses)

Specialized Journalism (Courses are offered on a rotating basis)

COM 344 Feature Writing
COM 488 Comparative Communication Systems
COM 443 Narrative Journalism
COM 444 Specialized Journalism (Course content changes, covering four different areas every two years: business and economics, public affairs, religion, and science)
COM 445 Sports Reporting
A student wishing to substitute a different Communication course for one of those listed within the Recommended Journalism Elective Sequences above should consult with his or her advisor.

Communication Capping Course (3 credits)

COM 401 Capping Course

Courses in Related Fields (9-21 credits)

CSIS 150 Intro to Computer Systems Concepts AND	1 cr
CSIS 151 MS-Wordprocessing AND	1 cr
CSIS 153 Exploring the Internet OR	
CSIS 155 Intro to CBT Multimedia Toolbook OR	
CSIS 158 Information Literacy	1 cr
Cognate (COM Cog)	6-12 cr

Cognates are organizational schemas which help guide a student's choices for Core/Liberal Studies courses or free electives so that such courses are more clearly connected to a student's study of a particular area of communication and more systematically extend that study into related skills and knowledge areas. A cognate includes 12 credits that students select with the approval of their advisor and the Chairperson during registration once they have completed 30 credit hours. These courses may be in different departments but are related to the student's educational and professional goals. Some of these courses may fulfill Core/Liberal Studies requirements. Two of these courses must be at the 300 level or above. Courses developing subjects in the student's Core/Liberal Studies requirements and extending those subjects with related free electives are especially appropriate for this COM Cog requirement. Any non-communication minor will also satisfy this requirement.

Foreign Language and/or Culture requirement (COM LC)

0-6 cr

Consistent with our stated mission to prepare communication students to live within a diverse global economy, this requirement necessitates that students plan a component of their education which better enables them to communicate with increasingly diverse audiences. In consultation with a communication faculty advisor, a student may select two courses drawn from Modern Languages' offerings in language (any level) or culture. **These courses may also fulfill Core/Liberal Studies requirements.** Otherwise, students must select courses from among the following or select other suitable courses with the approval of their advisors to fulfill the **COM LC requirement:**

ANTH 101	Intro to Anthro I
ANTH 102	Intro to Anthro II
ANTH 231	American Culture II
ANTH 232	Religion and Culture
ANTH 233	The American Indian
ART 230	Greek and Roman Art
ART 250	Contemporary Art
COM 325	Intercultural Communication
COM 400	Gender, Culture, and Communication
COM 488	Comparative Communication Systems

Students are permitted to count a course as fulfilling both a COM LC and a COM Cog requirement.

SUMMARY OF REQUIREMENTS FOR A BACHELOR OF ARTS IN COMMUNICATION

Note: A minimum of 90 credits in Liberal Arts is required.

1.0 Course Requirements in Communication

Communication Foundation Courses	15 cr
Communication Concentration Courses	15-18 cr
Communication Electives	9 cr
Communication Capping Course	<u>3 cr</u>

Credit Requirement in Communication

42-45 cr

2.0	Course Requirements in Related Fields		
	CSIS 150 Intro to Computer Systems Concepts AND	1 cr	
	CSIS 151 MS-Wordprocessing AND	1 cr	
	CSIS 153 Exploring the Internet OR		
	CSIS 155 Intro to CBT Multimedia Toolbook OR		
	CSIS 158 Information Literacy	1 cr	
	Cognate (COM Cog)	6-12 cr	
	Foreign Language and/or Culture courses	<u>0-6 cr</u>	
	Credit Requirement in Related Fields		<u>9-21 cr</u>
	Total Credit Requirement for a Major in Communication		51-66 cr
3.0	Core/Liberal Studies Requirement		
3.1	FOUNDATION		
	Philosophy/Ethics	6 cr	
	Writing	<u>3-6 cr</u>	9-12 cr
3.2	DISTRIBUTION		
	Natural Science	6 cr	
	Social Science	6 cr	
	History	6 cr	
	Literature	6 cr	
	Mathematics	6 cr	
	Fine Arts	3 cr	
	Philosophy/Religious Studies	<u>3 cr</u>	<u>36 cr</u>
	Total Core/Liberal Studies Requirement		45-48 cr
4.0	General Electives		<u>6-24 cr</u>
	Total Credit Requirement for Graduation		120 cr

*Students are encouraged to take intermediate foreign-language or culture courses which may be used as substitutes for the second course in certain areas. See Core/Liberal Studies Curriculum description of foreign-language option in catalog.

Internships

0-15 credits

Students may take up to 14 non-communication, general elective non-liberal arts credits in internships.

Prerequisite: CRDV 100N Employment Practicum (1 credit) must be completed prior to the semester in which the student plans to do an internship. Student must have Junior standing and permission of the Internship Director.

Academic Requirements:

- Completion of 60 credits
- 2.5 G.P.A.
- Obtain a faculty sponsor
- Attendance at Internship Orientation Meeting

REQUIREMENTS FOR A MINOR IN COMMUNICATION

COM 100 Communication Principles 3 cr

Fifteen credits selected from one of six communication concentrations:

Advertising (15 cr)

COM 110 Principles of Advertising
COM 210 Writing for Advertising
COM 155 Media Literacy
COM 313 Media Planning

Select one:

COM 410 Advanced Copywriting
COM 310 Broadcast Commercial
COM 311 Retail Advertising and Promotion
COM 411 Business to Business Advertising
COM 312 Direct Response Advertising

Communication Studies (15 cr)

COM 225 Public Discourse
COM 226 Private Discourse
COM 325 Intercultural Communication
COM 326 Public Discourse II
COM 425 Comparative Communication Theory

Journalism (15 cr)

COM 241 Journalism I

Select two:

COM 300 Mass Communication Law
COM 341 Press in America
COM 342 Readings in Journalism

Plus two courses listed within the recommended journalism elective sequences with consent of the instructor.

Multimedia (15 cr)

COM 155 Media Literacy
COM 389 Communication Revolution
COM 355 Applications in Digital Communication

COM 356 Interactive Multimedia

Select One:

ART 231 Introduction to Digital Media
ART 235 Digital Animation

Public Relations/Organizational Communication (15 cr)

COM 203 Interpersonal Communication
COM 270 Organizational Communication
COM 370 Public Relations
COM 375 Public Opinion
COM 470 Organizational Writing

Radio/Television/Film (15 cr)

COM 285 Broadcasting
COM 286 The Art of Film
COM 289 Writing for The Media

Select one:

COM 486 Film Theory and Criticism
COM 487 Television Theory and Criticism

Select one:

COM 287 TV Production
COM 387 Audio for Media
ART 145 Photography
COM 345 Photojournalism
ART 320 Digital Photography
COM 355 Applications in Digital Communication
COM 392 Television News I
COM 394 Corporate Video
COM 396 Media Performance Techniques

COMPUTER MATHEMATICS

JAMES E. HELMREICH, Ph.D., *Chairperson*

The major in Computer Mathematics is designed to stress the interplay between mathematics and computer science. The student is given an opportunity to develop in both areas of study. A minor in Computer Science or Mathematics is not available to a Computer Mathematics Major. Students interested in a teaching career can pursue a course of study leading to provisional certification in mathematics at the secondary school level.

REQUIREMENTS FOR A BACHELOR OF ARTS IN COMPUTER MATHEMATICS

Note: A minimum of 90 credits in Liberal Arts is required.

COMPUTER SCIENCE

JAN HARRINGTON, Ph.D., *Chairperson*

MISSION:

The mission of The Department of Computer Science and Information Systems is to prepare students for lifelong careers in the study, design, development, and implementation of hardware and software and software systems. After completing a program within the Department, a student will:

- Have received instruction in the theoretical foundations of his or her chosen field, which will form a structure on which specific skills will be built throughout an individual's career.
- Have been introduced to current computing technologies, as appropriate to his or her chosen field.
- Be an independent learner who can remain up-to-date in a rapidly changing field.
- Be able to make socially and ethically responsible decisions about the uses of technology.

The Department of Computer Science and Information Systems is committed to providing its students with a broad range of opportunities both on and off the Marist College campus, including internships in the surrounding business community that provide many students with experience in their chosen fields.

The Department of Computer Science and Information Systems is also committed to providing technical competency education to the entire Marist student community.

The major in Computer Science is designed to provide students with a broad background in many aspects of Computer Science. The foundation is then supplemented by advanced courses which are selected by the students to correspond to their personal and career interests.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN COMPUTER SCIENCE

Note: A minimum of 60 credits in Liberal Arts is required.

1.0 Course Requirements

CMSC 110 Computing Studies Seminar	1 cr
CMSC 120 Computer Science I	4 cr
CMSC 121 Computer Science II	3 cr

COMPUTER SCIENCE PREREQUISITE STRUCTURE

CERTIFICATE IN COMPUTER PROGRAMMING

The objective of a Computer Programming Certificate is to provide a fast-track certificate program to (re)train for a career in computer programming, and to satisfy some of the prerequisites for the Computer Science Software Development Graduate Program. For other requirements for admission into the graduate program, one should consult the graduate catalog. The certificate will assist students in learning the foundation of computer science and the skills of problem solving and algorithm development, as well as program design, coding, testing, and documentation.

The minimum admission requirement is a High School Diploma with 3 years of college preparatory mathematics or equivalent. This certificate program will be open to matriculated Marist students who meet the mathematics requirement and should also be very attractive to people who have already completed an Associate or Bachelor degree in areas other than Computing Sciences.

This certificate includes thirteen existing courses offered by the School of Computer Science and Mathematics. Eight of these courses are to be completed. Six of the thirteen are required.

COURSE REQUIREMENTS AND SEQUENCING

Session 1:	CMSC 120	Computer Science I
	MATH 250	Discrete Math I
Session 2:	CMSC 121	Computer Science II
	CMSC 230	Assembly Language Programming
Session 3:	CMSC 233	Language Study
	Optional Course	
Session 4:	CMSC 478	Software Development
	Optional Course	

OPTIONAL COURSES: Choose from the following:

MATH 130	Introduction to Statistics I
MATH 115	Calculus with Management Applications OR
MATH 241	Calculus I
IS 236	Problem Solving and Programming in Business
IS 321	Architecture of Hardware and Software
CMSC 330	Logic Design
CMSC 335	Advanced Data Structures

The certificate will be awarded after the successful completion of the eight courses if a student has maintained an overall average of C or better, including a C or better in both CMSC 121 and CMSC 478. Up to two courses may be transferred from an accredited higher education institution.

BS/MS PROGRAM IN COMPUTER SCIENCE/SOFTWARE DEVELOPMENT

ONKAR P. SHARMA, Ph.D., *Director*

In addition to its undergraduate major in Computer Science, The Department of Computer Science and Information Systems also offers a Master of Computer Science/Software Development degree. The Department recognizes that for some outstanding undergraduate students, certain of their undergraduate work might well be reflective of both the content and quality of that typically expected at the graduate level. The Department further recognizes that certain outstanding undergraduate students could participate successfully in graduate classes. For these reasons the Department offers a five-year program in Computer Science at the end of which the student will earn both B.S. and M.S. degrees.

This program offers an accelerated way of obtaining a Master's Degree. Instead of remaining three additional semesters at the minimum to gain the MS at 150 credits (120 + 30), those CS undergraduate students who are admitted to this program will be required to take only 143 credits, or 23 additional credits that can be completed in two semesters, normally the Fall and Spring following their undergraduate studies.

The five-year program is not appropriate for all students. Qualification occurs in the sixth semester. A cumulative GPA of 3.0 is required for acceptance into and continuation in the program. Students interested in entering the five-year program should speak to any CS faculty member early in their studies at Marist, but no later than the beginning of their sixth semester. A faculty recommendation is required for admittance into the program. See page 16 for more information.

CRIMINAL JUSTICE

JOHN F. DOHERTY, Ph.D., *Department Chair*

MISSION:

The major in Criminal Justice combines a broad Core/Liberal Arts curriculum with the theory, practice, and experience specific to criminal justice. All courses focus on the study of crime from a variety of perspectives: cause of crime, societal reaction, judicial processing and treatment of offenders, as well as the philosophy and practice of social control and administration of criminal behavior. Emphasis is also placed on critical thinking and problem solving.

The curriculum culminates with two senior seminar courses, which bring together all facets of the Marist College undergraduate experience, and the lessons learned in the major. A mandatory six-credit internship enables the Criminal Justice major to experience practical criminal justice from a variety of criminal justice and allied agencies. Internship placements include the range of federal, state, and local agencies.

While being exposed to experiences in both the classroom and the practical world, students are assisted in making informed career choices. Major curriculum completion, coupled with all Core/Liberal Arts requirements, leads to the Bachelor of Science degree in Criminal Justice. A minor in Criminal Justice is also available.

Criminal Justice majors may begin a Master's in Public Administration with a concentration in Criminal Justice as an undergraduate and complete graduate studies within one year after completing their undergraduate degree.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN CRIMINAL JUSTICE

Note: A minimum of 60 credits in Liberal Arts is required for all Criminal Justice students.

1.0 Course Requirements in Criminal Justice

- CRJU 101 Introduction to Criminal Justice
- CRJU 105 Criminal Justice Information Literacy
- CRJU 202 Criminology
- CRJU 223 Juvenile Delinquency
- CRJU 301 Criminal Justice Organization and Administration

ECONOMICS

ROBERT J. WALSH, Ph.D., *Chairperson*

MISSION:

The mission of the undergraduate degree in Economics is to provide students with a thorough understanding of economic theory and its use in applied fields such as monetary, labor, international, and environmental economics. This program prepares students for entry-level positions in industry and government and for graduate study in economics, business and law.

The program of study in economics is designed to achieve the following objectives:

- (1) To develop analytical skills necessary for the identification and definition of problems in business and society and the use of these skills to guide economic policy.
- (2) To understand quantitative techniques and their use in analyzing economic relationships.
- (3) To develop an understanding of the global economy.
- (4) To develop an understanding of the ethical issues that arise in the formation of economic policy.
- (5) To develop the communication skills of students through critical analysis in both written and oral presentation.

The Economics Major (30 credits)

The major in Economics provides both a theoretical foundation and an exposure to the application of economic theory.

Theoretical Foundation (12 credits)

ECON 101 Principles of Macroeconomics	3 cr
ECON 102 Principles of Microeconomics	3 cr
ECON 301 Intermediate Macroeconomic Theory	3 cr
ECON 302 Intermediate Microeconomic Theory	3 cr

Application of Theory (15 credits)

The student selects five courses from the various applied courses in economics. These courses are in areas such as Environmental Economics, Labor Economics, Monetary Economics, Public Finance, International Economics, Economics of Gender.

The Integrative Capping Course (3 credits)

This course requires significant research, scholarly writing, and oral presentation of a major topic in economics that integrates the student's study of economics with their study of the broader liberal arts.

ECON 477 Contemporary Economic Issues	3 cr
---------------------------------------	------

The Technical and Analytical Foundation (10-11 credits)

The following courses provide the economics major with the tools needed for economic analysis:

MATH 130 Introductory Statistics I	3 cr
MATH 115 Calculus with Managerial Applications OR	3 cr
MATH 221 Calculus I	3 cr
CSIS 150-153 Computer Science Modules	4 cr
CSIS 154 Microsoft Access (recommended)	1 cr

SUMMARY OF REQUIREMENTS FOR A BACHELOR OF ARTS IN ECONOMICS

Note: A minimum of 90 credits in Liberal Arts is required.

EDUCATION

<http://www.Marist.edu/behaviorscience/teachereduc>

STEPHEN GARGER, Ed.D., Chairperson, Director of Teacher Education

JAMES F. DODD, M.A., Coordinator of Clinical Education Experiences

EDWARD J. SAGARESE, M.A., Coordinator of Adolescence Education

MISSION:

The teacher education program is designed to develop students who are reflective professionals. The program of study integrates a strong liberal arts foundation with research-validated pedagogical knowledge. As members of a community of learners, students are expected to

master the personal and professional knowledge, skills and dispositions needed to teach and assess students within the full range of individual abilities, to evaluate and improve teaching, to develop creative standards-based curricula, and to contribute as effective teachers and leaders in their schools and communities. The role of research and technology and the importance of critical thinking, creative problem solving, and multicultural and global perspectives are emphasized.

GENERAL DESCRIPTION AND REQUIREMENTS

Marist College offers New York State approved and registered undergraduate programs leading to initial certification in the following fields and continues to update programs to maintain compliance with New York State teacher education requirements:

Childhood Education 1-6 and Childhood Education/Special Education 1-6 (dual certification only). The program of study leading to dual certification, *Childhood Education (1-6)* and *Childhood Education/Special Education (1-6)*, prepares graduates to teach in the general childhood education classrooms and in a variety of settings serving students with special educational needs. All dual certification students are psychology majors. The psychology major provides a comprehensive understanding of human behavior and specifically emphasizes the physical, cognitive, social, and emotional development of children for successful learning in grades 1 through 6.

The program of study in *Adolescence Education (7-12)* integrates teacher preparation with an academic major in the secondary-school subject area. Contact the Director of Teacher Education or the Coordinator of Adolescence Education for information.

Certain students may also choose to seek acceptance into the Accelerated Program, resulting in the dual certification and the MA in Educational Psychology. Contact the Director of Teacher Education for information.

To meet the remaining requirements for initial certification in New York State, all teaching candidates must pass qualifying New York State examinations and also meet a foreign-language requirement.

To date, 100% of Marist students seeking New York State certification have passed the qualifying examinations. Under an Interstate Agreement, the NYS initial certification facilitates receiving teaching certification in the majority of states.

DUAL CERTIFICATION: CHILDHOOD EDUCATION (1-6) AND CHILDHOOD EDUCATION/SPECIAL EDUCATION (1-6)

(Students enrolled prior to Fall 2000 should see the Education Department Web-site for program information.)

ADMISSION TO THE PROGRAM

Students interested in this program register with the Office of Teacher Education in the first semester of freshman year to ensure timely completion of requirements necessary for admission to upper-level courses. Formal application is made during Spring of sophomore year. Minimum requirements for admission are:

- 1) A grade point average of 2.7 or higher
- 2) Grades of C+ or higher in all required courses in the certification sequence
- 3) 3 letters of recommendation

Continuation in the program and acceptance into student teaching are based upon maintaining the required grade point average, suitability and competence to teach as demonstrated through completed courses, field placements (including those in State designated high-needs school districts), and faculty recommendations.

PROGRAM REQUIREMENTS

The following sections list the courses needed to satisfy: 1) the psychology major; 2) the courses requirements in the certification sequence for the psychology major in childhood education (1-6) and childhood education/special education (1-6); and 3) Core/Liberal Studies requirements. With completion of these courses and the certification requirements described previously, the candidate earns a BA degree in Psychology and the dual certification.

SECONDARY EDUCATION

(The following program is for students entering prior to Fall 2000. Freshmen entering Fall 2000 and later should contact the Education Department for the program that meets the new state regulations in Adolescence Education (7-12).)

Marist College offers teaching certification at the Secondary level for the following majors:

- English
- French
- Social Studies
- Spanish
- Mathematics
- Biology
- Chemistry

ADMISSION TO THE PROGRAM

Students who declare their intention to seek teaching certification in their academic major are assigned an education advisor as well as a major-field faculty advisor. During freshman and sophomore years, students meet with both advisors to design their program of study and to ensure that they will meet the requirement for admission to the secondary program in their junior year. Admission is based on the following minimum criteria:

- A major-field grade-point average of 3.0 with no grade below C
- Passing of the college's writing proficiency requirement
- A minimum grade-point average of 2.5
- Qualifying scores on the tests required by NYS
- Three letters of recommendation from the college faculty
- Interview by members of the Secondary Education Council

PROGRAM REQUIREMENTS

The following 28 credits in the professional-education sequence are required to qualify for secondary certification in the student's academic major:

PSYC 207	Psychology of the Exceptional Child	3 cr
PSYC 208	Educational Psychology	3 cr
PHIL 233	Philosophy of Education	3 cr
EDUC 362	Measurement and Evaluation	3 cr
EDUC 211	Participation/Observation in the Secondary School	2 cr
EDUC 420-428	Methods of Teaching (Subject) in the Secondary School	3 cr
EDUC 415	Student Teaching in the Secondary School	12 cr
		29 cr

TEACHER ACCELERATED PROGRAM

The Teacher Education Department and Psychology Department sponsor a graduate program in educational psychology. Outstanding undergraduate psychology/elementary-special education students may be eligible for an accelerated program that can be completed in 9 semesters and one summer, and leads to a B.A. in Psychology, a provisional NYS teaching certification in elementary and special education, and an M.A. in Educational Psychology.

Admission to the accelerated program is granted to qualified applicants in the spring semester of the sophomore year. Applicants must have a minimum 3.2 G.P.A. and recommendations from faculty. Inquiry about admission should be made to the Director of Teacher Education.

- (1) Students will take 145 credits (30 at the graduate level) to complete the program.
- (2) Students must have at least a 3.2 G.P.A. and maintain that level of work throughout the program.
- (3) Students will complete both the B.A. and M.A. in the 9th semester. They will also be qualified for a New York State elementary teaching certificate, and a New York State special education teaching certificate.
- (4) Students will be required to take 2 courses during the summer.

REQUIREMENTS FOR 5-YEAR B.A./M.A. PROGRAM IN PSYCHOLOGY/TEACHER EDUCATION

The following program is for students graduating prior to Spring, 2004. Freshmen entering Fall, 2000 and later should contact the Education Department.

BILINGUAL EDUCATION

Bilingual Education is the use of two languages, one of them English, as a means of instruction. Much attention is given to the Spanish-speaking population in urban areas, but other groups are involved as well. Students interested in Bilingual Education should register with the Director of Teacher Education during their freshman year.

RECOMMENDED COURSES IN BILINGUAL EDUCATION

Secondary Education students who wish to include Bilingual Education studies should take EDUC 140 and SPAN 154 or SPAN 153, both taught in English. The student may also elect to take EDUC 441 with the permission of the Director of Teacher Education.

ENGLISH

ROBERT P. LEWIS, Ph.D., *Chairperson*

MISSION:

The English program offers concentrations in literature, writing, and theatre; the goals and principles underlying these concentrations are the same:

- (1) To increase the student's appreciation and understanding of the literary, pragmatic, rhetorical, and dramatic uses of language.
- (2) To develop the student's ability to write effectively in a variety of situations.
- (3) To help the student become more receptive to the many-sided pleasures of reading, writing, and oral presentation.
- (4) To enable the student to see how literary and nonliterary texts illuminate the complexity of human experience.

- (5) To heighten the student's awareness of the moral and ethical implications of literary and non-literary texts.
- (6) To foster the student's intellectual, aesthetic, and professional creativity.

The professional goals of the three concentrations are similar:

- (1) To prepare students for careers utilizing analytical writing skills and/or performance skills in such fields as business, industry, education, government, theatre, and media.
- (2) To prepare students for graduate studies in literature and writing and in fields that require analytic, interpretive, and writing skills.
- (3) In conjunction with the Teacher Education Program, to prepare students for careers in secondary education.

CONCENTRATION IN LITERATURE

The literature concentration provides students with a sense of the historical development of the Western literary tradition, especially that of English and American Literature. Students also examine how that tradition is continually re-formed and reshaped as writers from previously excluded cultural traditions and once-marginalized groups are added to the canon. Students in the concentration develop the analytical skills and the critical language to describe, analyze, and evaluate literary texts.

Internships within the English department offer students the opportunity to gain experience in research and teaching, while internships in the private and public sectors present students with the opportunity to gain work experience that utilizes the analytical, interpretive, and writing skills that the concentration fosters.

CONCENTRATION IN WRITING

The writing concentration develops the student's skills in a number of different forms: literary writing, technical and professional communication, print and writing online. Students also have the opportunity to fulfill requirements for the concentration by taking writing courses offered by other divisions of the College (e.g., Writing for Radio and TV and a variety of Journalism courses).

Internships with business, media, and civic organizations offer students in the writing concentration the opportunity to gain work experience that utilizes the writing and analytical skills that the concentration develops.

CONCENTRATION IN THEATRE

The concentration in theatre offers the student the opportunity to study theatre as the written and spoken work combined with movement in the art of performance.

The play is studied for its literary qualities, as well as a blueprint for production. New, exciting approaches to interrogating the text and describing the complexity of its sign-system come from changes in the nature and function of literary criticism. While some courses include scene studies, others may be tied to on-campus productions.

Internships in the broad arena of theatre-related activities are possible and require significant dedication to skill development related to the specific focus of the individual internship.

HONORS IN ENGLISH

Up to 10% of graduating seniors in English will be awarded honors in the major on the basis of demonstrated excellence and achievement. Departmental faculty will select recipients each spring from among seniors meeting the following criteria:

- (a) a minimum of 60 credits earned at Marist College; a minimum of 27 credits earned in English at Marist College;
- (b) a minimum cumulative G.P.A. of 3.25 overall;
- (c) a minimum G.P.A. of 3.5 in English courses;
- (d) distinguished achievement in a senior Capping Course project, which may take as its focus (1) research, (2) analysis, or (3) creative expression.

REQUIREMENTS FOR A BACHELOR OF ARTS IN ENGLISH

Concentration in Literature

Note: A minimum of 90 credits in Liberal Arts is required.

- | | | |
|-----|---|-------|
| 1.0 | Major Foundation Courses: | 12 cr |

REQUIREMENTS FOR A SECONDARY TEACHING CERTIFICATE FOR ENGLISH MAJORS

Those seeking certification in what NY State now calls Adolescence Education (Grades 7–12) are encouraged to pursue a concentration in Literature. For current requirements for this certification, a student should consult with his or her academic advisor or with the Chairperson of the English Department.

The English Department provides an advisor who works with Adolescence Education and serves as liaison with the Teacher Education Program at Marist.

REQUIREMENTS FOR A MINOR IN ENGLISH LITERATURE

Lower-level requirements:

ENG 212 English Literature I	3 cr
ENG 213 English Literature II	3 cr
ENG 210 American Literature I	<u>3 cr</u>

Total lower-level requirements

9 cr

Upper-level requirements:

Four upper-level literature courses, distributed as follows:

One course from literary theory or literature through the 17th century,
chosen from the following:

3 cr

- ENG 301 History of the English Language
- ENG 308 Literary Critical Theory
- ENG 320 English Drama I (900–1642)
- ENG 324 Chaucer
- ENG 325 Shakespeare
- ENG 329 Seventeenth Century Literature
- ENG 330 Medieval Literature
- ENG 331 Renaissance Literature
- ENG 360 Ancient Greek Literature
- ENG 361 Ancient Roman and Early Christian Literature
- ENG 371 The Hebrew Bible as Literary Classic OR
appropriate Special-Topics course

One course from literature of the 18th and 19th centuries, chosen from the following:

3 cr

- ENG 321 English Drama II (1660–present)
- ENG 323 The Rise of the English Novel
- ENG 334 The Romantics
- ENG 335 Victorian Prose and Poetry
- ENG 336 Eighteenth Century England and the Crusades
- ENG 340 American Drama I
- ENG 346 American Renaissance
- ENG 347 American Realists and Naturalists OR
appropriate Special-Topics course

One course from literature of the 20th century, chosen from the following:

3 cr

- ENG 321 English Drama II (1660–present)
- ENG 326 The Modern English Novel
- ENG 328 Modern English and American Poetry
- ENG 341 American Drama II
- ENG 342 Contemporary English and American Poetry
- ENG 345 Modern Irish Literature
- ENG 348 American Modernism
- ENG 370 The Jewish Literary Genius in the Modern Period

- ENG 373 Literature of the Holocaust OR
 appropriate Special-Topics course
 One additional course from any of the above courses, or appropriate
 Special-Topics course. 3 cr

Total Upper-Level Requirement 12 cr

Total English Requirements for a Minor 21 cr

Note. A student may apply a maximum of 1 literature-in-translation course toward a minor in English.

REQUIREMENTS FOR A MINOR IN THEATRE

- 1.0 Foundation Course 3 cr
 ENG 150 Drama and Performance

- 2.0 Required Course 3 cr
 ENG 325 Shakespeare

Any two of the following sequences: 12 cr

- 3.0 Acting Sequence
 Two of the following
 ENG 227 Acting I
 ENG 241 Acting II
 Appropriate Special-Topics course

- 4.0 Production Sequence
 Two of the following
 ENG 310 Workshop in Playwriting
 ENG 350 History of Modern Theatre
 ENG 451 Theatre Workshop
 Appropriate Special-Topics course

- 5.0 Dramatic Literature Sequence
 Two of the following:
 ENG 320 English Drama I
 ENG 321 English Drama II
 ENG 340 American Drama I
 ENG 341 American Drama II
 ENG 363 Modern Drama
 Appropriate Special-Topics course

Total Credit Requirement for a Minor in Theatre 18 cr

REQUIREMENTS FOR A MINOR IN WRITING

- 1.0 Foundation Courses 9 cr
 ENG 185 Writing as a Discipline
 ENG 218 Grammar, Style, and Editing
 ENG 230 Workshop in Editing and Revision

- 2.0 Upper-Level Writing Requirements 9 cr
 Three 300-level writing courses
 (May include Independent Writing Project or Internship)

Total Credit Requirement for a Minor in Writing 18 cr

ENVIRONMENTAL SCIENCE

RICHARD S. FELDMAN, Ph.D., *Chairperson*

MISSION:

The Environmental Science program offers concentrations in biology, chemistry, and public policy. In all three options, the program stresses an interdisciplinary approach to understanding the complexity of current and future environmental problems confronting the human species.

The biology and chemistry options provide a strong theoretical and practical foundation in the natural sciences. Students are taught how to detect potential environmental problems using physical, chemical, and biological techniques, how to identify the underlying causes, and how to advance scientifically valid solutions.

The policy option is directed toward the implementation of solutions. Students are taught to recognize that science-based solutions can only be implemented in the complicated arena of political, economic, and legal realities. Students are taught to develop and evaluate cost-effective policy alternatives, to generate public and political support for resource utilization practices that lower humanity's impact on the planet, to enact legislation, and to devise mechanisms that encourage or ensure compliance with environmentally sound practices.

All students in the program are required to gain practical, job-related skills through either a six-credit internship in a professional work setting or through completion of a faculty-supervised research project.

GOALS:

Upon completion of their program, students will:

- have acquired the most common technical skills for practitioners in their field

- possess a body of knowledge upon which they can build over a lifetime of experience and learning
- have received practical job or laboratory research experience
- be prepared to work in environmental science laboratories; state, county, and local government agencies; consulting firms; and environmental-advocacy organizations
- be able to pursue graduate studies in the sciences, natural resources management, environmental planning, environmental law, and public policy

FASHION DESIGN AND MERCHANDISING

HEATHER A. OSGOOD, M.A., *Program Director*

MISSION:

The Fashion Program builds on the College's strong liberal arts tradition with a curriculum designed to keep pace with the changing needs of the fashion industry. Students develop creative, technical and business skills that position them for successful employment in design, manufacturing, retailing or sales management. The Program emphasizes the importance of internships, technological innovation within the industry, and the globalization of the fashion business.

The Fashion Program features a comprehensive curriculum leading to the Baccalaureate Degree of Professional Studies (BPS). Students may choose from two specializations within the Program. The Fashion Design specialization trains students to create apparel for various markets considering creative, technical, and costing factors. Students develop skills in design, textiles, draping and flat pattern making, garment construction, and computer-aided design. In their senior year, they design and execute an apparel collection under the guidance of a New York designer to be shown at the school's annual Silver Needle Awards and Fashion Show. The Fashion Merchandising specialization

covers both the retailer's and manufacturer's need for merchandisers and product developers. Merchandising concentrates on the planning, procurement, and sales aspects of the fashion business. Students learn to research a target market and design marketing strategies that effectively meet the needs of consumers.

REQUIREMENTS FOR A BACHELOR OF PROFESSIONAL STUDIES IN FASHION DESIGN SPECIALIZATION

Portfolio Requirement: Students wishing to transfer into the Fashion Design specialization must submit a portfolio of original work as of Fall 2001. A portfolio will be required of incoming Freshmen as of Fall 2002 for study in Fashion Design.

Note: A minimum of 30 credits in Liberal Arts is required.

1.0 Course Requirements in Fashion Design

FRENCH

IRMA BLANCO CASEY, M.S., Chairperson

MISSION:

Communication through language is at the core of human experience, and the study of a foreign language provides a powerful key to successful interaction. The ability to communicate efficiently and sensitively in another language with people of different cultural backgrounds can only enhance one's professional advancement in any career. The Department of Modern Languages aims to enrich students' education by helping them gain a rich preparation for the future through the support of global studies, teacher education, international tracks in other disciplines and, in general, career opportunities in key areas of domestic and international service where knowledge of a foreign language facilitates and increases the level of success.

The French area of the division affords the serious student of a foreign language the following special academic programs:

- (1) The Marist Abroad Program, featuring individual placement during the junior year in France.
- (2) Secondary school teacher certification.

Students may apply two language courses at the intermediate level or above as well as a civilization/culture course and two foreign-language literature courses toward fulfilling the distributive Core/LS requirements. This arrangement facilitates a double major or minor in French.

REQUIREMENTS FOR A BACHELOR OF ARTS IN FRENCH

Note: A minimum of 90 credits in Liberal Arts is required.

1.0 Course Requirements for all French Majors

HISTORY

THOMAS S. WERMUTH, Ph.D., *Chairperson*

MISSION:

The History Department sees its mission as one of enabling students to make sense of the world that they are inheriting. In order to do this, they must be grounded in their own historical experience, which should be placed within an emerging international context. In addition, our students should recognize the ongoing tensions over the nature of identity: ethnic, racial, national, and global. To this end, we hope to develop ways to analyze issues that confront them as citizens of communities, nations, and the world. Our students should expect to confront issues of social responsibility, human rights and dignity, and their role in supporting and encouraging social justice.

The History Major systematically exposes students to three principal culture areas: the United States, Europe, and the non-Western world. Within that framework, students have ample opportunity to pursue, in consultation with their advisors, specialized interests as career, life, or further educational goals may require. While we do not require study of a modern foreign language, we strongly recommend that path.

A study of history provides students with a wide variety of skills both for living and for work. A comprehension of the past and the dynamics of change illuminates the present and enables students not only to exercise responsible citizenship, but to enjoy autonomy in an increasingly complex world. Too, the study and understanding of history, as with other of the liberal arts, instills or enhances a capacity for analysis and synthesis; and these transferable skills have applicability to a wide range of careers. History opens the door to graduate studies or professional schools, for example, law school or secondary education. The history curriculum also makes a particular effort to advance a central mission of Marist College, to enhance our students' awareness of enduring value-related issues.

The discipline also offers a concentration in public history, a new profession. Government, law firms, and multinational corporations now employ historians in order to base their planning on an accurate understanding of the past. We expect this movement to provide many entry-level positions for properly educated history majors. Students interested in such a concentration should discuss their objectives with their advisors.

*Although not required for the B.A. in History, students in the Pre-Law Sequence are encouraged to take these courses.

Pre-Law Program: See page 17.

Career Areas: History majors who are interested in the career areas below are encouraged to take courses in the subject areas specified. Students should consult with their advisor on specific choices.

TEACHING-SECONDARY LEVEL

Students interested in this career should consult with the education faculty.

INFORMATION SYSTEMS**JAN HARRINGTON, Ph.D., Chairperson**

This major is designed to provide students with a broad background in the rapidly changing discipline of Information Systems that serves as a bridge between Computer Science and Business. The program's courses offer a balance of technical and business skills that are pertinent to the development, implementation, and maintenance of information systems in a variety of organizational settings.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN INFORMATION SYSTEMS

Note: A minimum of 60 credits in Liberal Arts required.

1.0 Course Requirements in IS and CMSC

CMSC 120 Computer Science I
CMSC 121 Computer Science II

7 cr

IS 110 Computing Studies Seminar
IS 130 Computing Studies Concepts
IS 236 Problem Solving and Programming in Business
IS 321 The Architecture of Hardware and Software

25 cr

IS 404 Systems Analysis Methods		
IS 406 Data Communications		
IS 408 Data Management		
IS 461 Systems Design Methods		
IS 492 Information Systems Project		
IS Upper-Level Elective (Excludes Internship)	3 cr	
IS 477 Capping Course	<u>3 cr</u>	
Credit Requirement in IS and CSM		38 cr
2.0 Course Requirements in Related Fields		
	12 cr	
MATH 115 Calculus with Management Applications		
MATH 130 Intro Statistics I		
MATH 230 Operational Models		
MATH 250 Discrete Mathematics I		
	6 cr	
ECON 101 Principles of Macroeconomics		
ECON 102 Principles of Microeconomics		
	6 cr	
BUS 100 Intro to Business Management		
BUS 340 Marketing Management		
	6 cr	
ACCT 203 Financial Accounting		
ACCT 204 Managerial Accounting		
Related-Field Elective (200 level and up) in IS, IT, CMSC, MATH, BUS, ECON (Excludes IS Internship)	<u>3 cr</u>	
Credit Requirement in Related Fields		<u>33 cr</u>
Total Credit Requirement for a Major in Information Systems		71 cr

		<u>24 cr</u>
Total Credit Requirement Core/Liberal Studies		33-36 cr
4.0 Electives (and/or Internships)		<u>13-16 cr</u>
Students interested in an internship are advised to defer free electives until after completing the sophomore year. The internship credit maximum is 12 credits.		
Total Credit Requirement for Graduation		120 cr

*Students are encouraged to take intermediate foreign-language or culture courses which may be used as substitutes for the second course in certain areas. See Core/Liberal Studies Curriculum description of foreign-language option in catalog.

REQUIREMENTS FOR A MINOR IN INFORMATION SYSTEMS

The minor in Information Systems requires students to complete all of the eight courses shown below. Due to the course prerequisites and other interdependencies, students are recommended to commence the minor not later than the Fall semester of their Sophomore year in order to complete the sequence in the Spring Semester of their Senior Year.

CMSC 120 Computer Science I	4 cr
MATH 250 Discrete Mathematics I	3 cr
IS 110 Computing Science Seminar I	1 cr
IS 130 Computing Studies Concepts	3 cr
IS 236 Problem Solving and Programming in Business	3 cr
IS 404 Systems Analysis Methods	3 cr
IS 408 Data Management	3 cr
BUS 100 Introduction to Business and Management	3 cr

Total Credit Requirement for a Minor in IS

23 cr

Elective	3 cr
Elective	3 cr
	<u>15 cr</u>

* IS Upper-Level Elective: one of three courses will be offered each year; either IS 471, 472 or 452 or a course approved by the IS faculty.

COURSES IN A SAMPLE SEQUENCE WITH APPROPRIATE PREREQUISITES INDICATED

* The IS Upper-Level Elective may be taken during either the junior or senior year. Prerequisites depend on the course chosen.

INFORMATION SYSTEMS ANALYSIS AND DESIGN CERTIFICATE

The Information Systems Analysis and Design Certificate provides a fast-track certificate to (re)train for entry level IS professional positions and to provide computer competency in critical systems analysis and design skills, and problem solving acumen. The certificate program also allows a student to earn 25 undergraduate credits that can be applied towards the Marist Bachelor of Science Degree in Information Systems, or to satisfy prerequisites and reduce the credit load from the Marist Master of Science degree in Information Systems for those already holding a Bachelor's Degree. The program provides essential knowledge and skills in computer programming, data management, data communications, systems analysis, and system design. It culminates with a real-world system-development project experience.

Admission requirements: Minimum 50 college credits with a GPA of 2.0 or equivalent life experience; proficiency in word processing and spreadsheet use (non-credit workshops are available to meet this requirement); three years of high school mathematics or college equivalent. Up to two courses may be transferred from an accredited higher education institution.

This certificate includes the following eight courses.*

*CMSC 121 is waived for the certificate program.

COURSE REQUIREMENTS AND SUGGESTED SEQUENCING

Fall Semester 1	CMSC 120 IS 130	Computer Science I Computing Studies Concepts
Spring Semester 1	IS 236 IS 404	Problem Solving and Programming in Business Systems Analysis
Fall Semester 2	IS 408 IS 461	Data Management Systems Design Methods
Spring Semester 2	IS 406 IS 492	Data Communications IS Project

The certificate will be awarded after the successful completion of the eight courses if the student has received a grade of C or better in each course.

BS/MS PROGRAM IN INFORMATION SYSTEMS

ONKAR P. SHARMA, Ph.D., *Director*

In addition to its undergraduate major in Information Systems, the Department of Computer Science and Information Systems also offers a Master of Computer Science/Information Systems Degree. The Department recognizes that for some outstanding undergraduate students, certain of their undergraduate work might well be reflective of both the content and quality of that typically expected at the graduate level. The Department further recognizes that certain outstanding undergraduate students could participate successfully in graduate classes. For these reasons the Department offers a five-year program in Information Systems at the end of which the student will earn both B.S. and M.S. degrees.

This program offers an accelerated way of obtaining a master's degree. Instead of remaining three additional semesters at the minimum to gain the MS at 150 credits (120 + 30), those IS undergraduate students who are admitted to this program will be required to take only 143 credits, or 23 additional credits that can be completed in two semesters, normally the Fall and Spring following their undergraduate studies.

This program offers a mandatory field experience as a program requirement, which is particularly relevant for acquiring a position of excellence in today's marketplace.

The five-year program is not appropriate for all students. Qualification occurs in the fourth semester. A cumulative GPA of 3.2 is required for acceptance into the program; a GPA of 3.0 is required for continuation in the program. Students interested in entering the five-year program should speak to any IS faculty member early in their studies at Marist, but no later than the beginning of their fourth semester (see page 16 for more information).

REQUIREMENTS FOR A 5-YEAR B.S./M.S. PROGRAM IN INFORMATION SYSTEMS

Note: A minimum of 60 credits in Liberal Arts is required.

INFORMATION TECHNOLOGY

JAN HARRINGTON, Ph.D., *Chairperson*

The Information Technology major prepares students in the areas of networking technologies, web technologies, and multimedia. In the area of networking technologies, the hardware and software components of networks and issues related to the design, implementation, administration, and security of networks will be studied. Web technology courses will deal with the latest technologies in web development including client-side and server-side technologies and e-commerce systems. Students will also study multimedia and the design of graphical interfaces.

INTEGRATIVE STUDIES

(A Bachelor's Completion Program for Adults)

H. GRIFFIN WALLING, Ph.D., Dean

Recognizing that curricula designed for traditional college students do not always meet the educational needs of adults, Marist offers a Bachelor's degree program especially for adult learners. The Integrative Studies program provides the flexibility to tailor an education that meets personal and professional objectives.

The BA/BS in Integrative Studies is available to adult students admitted to Marist through the School of Graduate and Continuing Education. Up to 15 of the 45 required major credits may be transferred from another college. Transfer credits for electives follow general college guidelines.

Students in the Integrative Studies program are free to design, with faculty advisement, their own individual Bachelor of Arts or Bachelor of Science Degree program. The majority of the students in the program select their major program from two or more of the following areas:

- Organizational Administration
- Paralegal Studies
- Communication
- Information Systems Analysis and Design

Students can, however, choose courses from the many additional academic disciplines offered by Marist, and thus design a unique program of study based on their own previous experience and personal and professional goals.

Included in the Integrative Studies program is a six-course sequence that takes an interdisciplinary approach toward learning and draws from various fields of study. These courses also fulfill the general education/core curriculum distribution required in traditional majors. The sequence begins with an initial course that helps students design their programs, assess prior learning experiences, and formulate educational goals. Additional courses focus on the integration of learning across various disciplines. Capping the sequence is a final seminar in which students consider a significant contemporary issue from a liberal arts perspective.

The School of Graduate and Continuing Education also offers cohort-based accelerated degrees as part of the Integrative Studies program. These accelerated programs are open to students who have completed approximately two years of college-level work and meet transfer admission requirements. Students accepted into the accelerated degree completion programs will have the opportunity to complete their undergraduate degrees in less than two years (while working full time) by using an intensive, year-round, six-week format. Students will attend one face-to-face class each week and will complete additional learning activities outside of the traditional classroom.

INTEGRATIVE STUDIES MAJOR

REQUIREMENTS FOR A BACHELOR'S DEGREE IN THE INTEGRATIVE STUDIES MAJOR

- | | | |
|-----|---|--------|
| 1.0 | Integrative Studies Major | 45 cr |
| | Forty-five (45) credits must be selected from a minimum of two different major or minor programs. A student's program must include at least 12 credits in each area or a minimum of 21 credits in one area and 24 in the other if only two areas are chosen. Preferably, a student will select courses from three or four different disciplines (12-15 credits for each), following a sequence of increasing depth and sophistication in each area. Of the 45 credits, at least 21 must be upper-level courses, usually designated as 300-400 level courses, taken at Marist. | |
| 1.1 | Transfer Credits | |
| | Up to 15 of the 45 major credits may be transferred from another institution. Transfer credits for the elective area follow general institutional guidelines. | |
| 2.0 | Integrative Studies Core | |
| | Eighteen (18) credits of core requirements are as follows: | |
| | PHIL 103 World Views and Values | 3 cr |
| | INTD 105 Personal History and the Educational Experience (prerequisite for seminars) | 3 cr |
| | INTD 209 Self, Story and Culture | 3 cr |
| | INTD 212 Self, Society and Institutions | 3 cr |
| | INTD 213 Self, Nature and History | 3 cr |
| | INTD 477 Capping Experience | 3 cr |
| | | <hr/> |
| | | 18 cr |
| 3.0 | Writing Skills Requirements | 3-6 cr |

The College requires that the student demonstrate proficiency in writing in order to graduate. The proficiency requirement may be satisfied in one of several ways:

1. By passing ENG 117 with a grade of C or better or by passing the Writing Proficiency Examination at the conclusion of ENG 117 with a grade of at least C;
2. By transferring into the College a course equivalent to ENG 117 with a grade of C or better.

4.0 Electives

51-54 cr

Students are free to choose elective credits as they wish. Attention should be paid, however, to the mix of liberal arts and non-liberal arts courses (see below).

Total Credit Requirement for Graduation

120 cr

BA/BS Options

The Integrative Studies Major can be a BA or a BS degree depending on the number of liberal arts credits. For the BA degree the student's program must include a minimum of 90 credits in the liberal arts and sciences. For a BS degree a minimum of 60 credits in the liberal arts and sciences is required.

Procedures

1. Advisement

All students pursuing the BA/BS in Integrative Studies must enroll in INTD 105L: Personal History and the Educational Experience. This course provides the context within which students will map their plans of study and write the rationale for the Study Plan. At the end of this course students will submit the study plan and rationale to the Integrative Studies Faculty Council for approval. An advisor will also be designated to work with the student every semester in selecting courses consistent with his/her educational objectives.

2. Academic Review

Degree plans may be revised and reassessed at any point; any course change must be approved by the Integrative Studies Faculty Council or the Dean of Graduate and Continuing Education.

JEWISH STUDIES MINOR

MILTON TEICHMAN, Ph.D., *Coordinator*

The minor in Jewish Studies is an interdepartmental program which involves faculty from the departments of English, Religious Studies, History, and Political Science. A planned program of courses drawn from current and future offerings, the minor has been developed for students who wish to deepen their knowledge of Judaism and Jewish culture. Participation in the program can help students to perceive the relation of Judaism to other world religions and to understand Judaism's impact on Western culture. It can stimulate reflection on fundamental human values.

A minimum of 18 credits constitutes the minor. In addition to the designated curriculum, independent study courses are available. Students can satisfy up to 9 credits of the minor through summer study at the Hebrew University in Jerusalem. Arrangements should be made with the coordinator of the program.

REQUIREMENTS FOR A MINOR IN JEWISH STUDIES

1.0 Two courses selected from the following:

6 cr

REST 201 Religion in America

REST 204 Judaism

REST 208 Judeo-Christian Scriptures

Four courses selected from the following:

12 cr

HIST 272 The Ancient East

HIST 349 Modern Germany: Bismarck to Hitler

ENG 370 The Jewish Literary Genius in the Modern Period

ENG 371 The Hebrew Bible as Literary Classic

ENG 373 Literature of the Holocaust

POSC 245 Politics of Prejudice

Total Credit Requirement for a Minor in Jewish Studies

18 cr

LATIN AMERICAN STUDIES CONCENTRATION

WILLIAM C. OLSON, Ph.D., *Coordinator*

The Latin American Studies Program offers students the opportunity to complement their major field with an interdisciplinary experience that seeks to combine history, culture, language, literature, and other disciplines. Latin American Studies is a companion to a student's major, not a major field itself. Careful selection of electives permits the student to pursue a major field and the program in Latin American Studies.

REQUIREMENTS

- (1) A minimum of 36 credits, exclusive of courses in Spanish language proficiency.
- (2) Fluency in the Spanish language, which will include the completion of courses in advanced Spanish.
- (3) One-year residence at a Latin American University.

REQUIREMENTS IN LATIN AMERICAN STUDIES

1.0	Course Requirements in Latin American Studies	
	SPAN 220 Latin American Literature in Translation	3 cr
	One SPAN course selected from the following:	3 cr
	SPAN 150 The Civilization of Spain	
	SPAN 152 The Civilization of Latin America	
	SPAN 153 The Civilization of Puerto Rico	
	HIST 273 History of Latin America to 1830	3 cr
	HIST 274 History of Latin America since 1830	3 cr
	HIST 375 History of Race Relations in Latin America	3 cr
	Marist Abroad Program:	
	Five courses studied will be credited toward Latin American Studies Requirements	<u>15 cr</u>
	Credit Requirement in Latin American Studies	30 cr
2.0	Course Requirements in Related Fields	
	Two courses approved by the Coordinator of Latin American Studies	<u>6 cr</u>
	Credit Requirement in Related Fields	<u>6 cr</u>
	Total Credit Requirement in Latin American Studies	36 cr

MATHEMATICS

JAMES E. HELMREICH, Ph.D., *Chairperson*

The mathematics major at Marist offers a solid grounding in the ideas and techniques of mathematics. During the junior and senior year, the student can use the upper-level elective mathematics courses to tailor the major to career goals.

Applied Statistics, Operations Research, and Numerical Analysis emphasize the ideas and methods used in business and industry. Abstract Algebra II, Differential Equations, and Complex Variables emphasize the conceptual understanding of mathematics and the techniques useful in the sciences. Fundamental Concepts of Geometry and two additional upper-level mathematics elective courses are required for teaching certification in secondary mathematics.

REQUIREMENTS FOR A BACHELOR OF ARTS IN MATHEMATICS

Note: A minimum of 90 credits in Liberal Arts is required.

1.0	Course Requirements in Mathematics	
	MATH 241, 242, 343, Calculus I-III	12 cr
	MATH 210 Linear Algebra	3 cr
	MATH 310 Intro to Math Reasoning	3 cr
	MATH 330 Probability and Statistics	3 cr

MATH 410 Abstract Algebra I	3 cr
MATH 420 Mathematical Analysis I	3 cr
MATH 477 Math Capping Course	3 cr

1.1 Additional Upper-Level MATH courses	<u>9 cr</u>
MATH 321 Differential Equations	
MATH 331 Applied Statistics	
MATH 411 Abstract Algebra II	
MATH 424 Complex Analysis	
MATH 430 Operations Research	
MATH 440 Numerical Analysis	
MATH 450 Fundamental Concepts of Geometry	

Credit Requirement in Mathematics	<u>39 cr</u>
-----------------------------------	--------------

2.0 Course Requirements in Related Fields: NONE

Total Credit Requirement for a Major in Mathematics 39 cr

4.0 Electives 39-42 cr

Students are encouraged to take courses in business, computer and information sciences, foreign languages, the natural sciences and social sciences.

Total Credit Requirement for Graduation 120 cr

*Students are encouraged to take intermediate foreign-language or culture courses which may be used as substitutes for second courses in certain areas. See Core/Liberal Studies Curriculum description of foreign-language option in catalog.

HONORS IN MATHEMATICS

Up to approximately 10% of the graduating seniors in Mathematics will be awarded honors in the major on the basis of 1) demonstrated achievement in the mathematics major and 2) demonstrated ability to work independently on a project of greater depth than that normally required of a mathematics major. Departmental faculty will select recipients each spring from among graduating seniors meeting the following minimum criteria:

Successful completion in the junior year of three of the following six courses:

MATH 330 Probability and Statistics	MATH 331 Applied Statistics
MATH 410 Abstract Algebra I	MATH 411 Abstract Algebra II
MATH 420 Mathematical Analysis I	MATH 421 Mathematical Analysis II

Successful completion of a two-semester research thesis project during the senior year culminating in the public dissemination of the student's work to all members of the mathematics department.

Minimum GPA of 3.25 in the major.

MEDICAL TECHNOLOGY

KATHERINE D. GREINER, M.S., M.T. (ASCP), Chairperson

MISSION:

The mission of the undergraduate degree with a major in medical technology is to provide students with a thorough understanding of the body of knowledge in the field of medical technology and its application in the clinical laboratory setting.

OBJECTIVES:

The program of study in medical technology is designed to achieve the following objectives:

- To educate students to perform competently as medical technologists at the career-entry level.
- To develop in students problem-solving skills and leadership qualities in preparation for educational and supervisory positions in medical technology.
- To cultivate in students an appreciation of continuing education and the need for lifelong learning in the field of laboratory medicine.
- To provide students with the foundation for further study and advancement in many academic and professional areas.

Although not a requirement for graduation, students are prepared and eligible to take national certification examinations.

Medical Technology offers exciting educational and career opportunities for students wishing to combine an interest in the sciences with laboratory medicine and diagnostic health care. As vital members of the health-care team, medical technologists work closely with pathologists and other physicians to provide information needed for the diagnosis and therapeutic management of disease. Technologists may pursue diverse career opportunities. They may work in hospital, university, government, or industrial laboratories. They represent the upper division of laboratory personnel and can establish challenging careers in laboratory administration, specialized research, technical development, marketing, or in medical-technology education. Graduates are qualified to enter graduate programs leading to masters and doctoral degrees. Medical Technology, with carefully chosen elective coursework, is an excellent major for students wishing to pursue professional degrees in human medicine, dentistry, veterinary medicine, physician/pathologist assistant programs, podiatry, physical therapy and other health areas.

The Medical Technology Program at Marist College is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS).^{*} The program represents a cooperative effort between the college and local clinical laboratories in developing a four-year curriculum leading to a Bachelor of Science degree with a major in Medical Technology. Students have a strong foundation in liberal arts and take courses in biology, chemistry, math, and computer science in preparation for advanced clinical courses. Students take clinical courses on campus and gain experience in a simulated medical laboratory equipped with state-of-the-art analytical instrumentation. Clinical courses include hematology, clinical microscopy, immunohematology, clinical microbiology, and clinical chemistry. The curriculum emphasizes an understanding of the pathogenesis and manifestation of disease analyzed by laboratory testing and the theoretical principles supporting laboratory tests. Students spend six months in an affiliated medical laboratory studying diagnostic evaluation and therapeutic monitoring of actual patient cases. They study side-by-side with professional medical technologists and are under the direction and supervision of Marist College faculty. The Marist program is formally affiliated with six medical laboratories: St. Francis Hospital, Poughkeepsie, NY; MDS Hudson Valley Laboratories, Poughkeepsie, NY; St. Francis Hospital, Beacon, NY; the Veterans Affairs Health Care System, Castle Point, NY; Kingston Benedictine Hospitals Laboratory, Kingston, NY; and St. Luke's Hospital, Newburgh, NY. All of these facilities are located within commuting distance of the college so students can continue to reside on campus. Students must maintain a minimum grade point average of 2.5 in all required science and math courses to participate in the clinical portion of the program. A grade of C or better is required in all professional courses.

The program provides an opportunity for students with an Associate degree in Medical Laboratory Technology or the Natural Sciences to complete a Bachelor of Science degree with a major in Medical Technology at Marist College. These transfer students receive a maximum of 60 credits for courses taken at other accredited institutions of higher education and can usually complete the Marist College program in two years with full-time study.

^{*}National Accrediting Agency for Clinical Laboratory Sciences, 8410 West Bryn Mawr Avenue, Suite 670, Chicago, Illinois 60631-3415, Phone: (773) 714-8880, Web Page: <http://www.msc.naacls.org>

MUSIC

LAURA R. RUSSELL, D.M.A., *Chairperson*

MISSION:

The Marist College Music Department offers a minor in Music with both vocal and instrumental tracks. Primarily a performance-based program, the Music Minor offers students the opportunity to pursue their musical endeavors on the college level. The Department is home to over 250 students who participate in any of sixteen performing ensembles and take a variety of courses offered in music theory and history. From applied study in voice, piano, brass, woodwinds, percussion, or strings to researching the lives and works of various composers, the Marist student finds an atmosphere of individual care and attention to personal musical growth. These skills can be used and enjoyed for a lifetime.

OBJECTIVES:

- (1) To educate students in the applied, theoretical, historical, and performance aspects of music.
- (2) To expose students to all genres of music, and enable them to understand and perform each in a correct stylistic manner.
- (3) To act as public relations ambassadors for Marist College, including Advancement and Admissions.
- (4) To provide performance opportunities to students locally, nationally and around the globe.

Performing Ensembles

Marist College Singers
Marist Chamber Singers
Liturgical Singers
Gospel Chorus
Time Check – Men's A Cappella group
Sirens – Women's A Cappella group
Concert Band
Jazz Foxes

Marching/Pep Band
Marist College Orchestra
Flute Choir
Brass Ensemble
Percussion Ensemble
Handbell Choir
Guitar Ensemble
Woodwind Ensemble

REQUIREMENTS FOR A MINOR IN MUSIC

Students may select either the vocal track or the instrumental track.

Vocal Track:

One 3-credit Vocal course selected from the following:

MUS 112 Vocal Skills I
MUS 113 Vocal Skills II
MUS 212 Intermediate Voice Study I

3 cr

MUS 213 Intermediate Voice Study II	
MUS 351 Independent Vocal Study	
MUS 393 Special Topics in Music III	
Three 1-credit Choral Ensemble Courses	3 cr
MUS 299 Choral Activity	
One 3-credit Theory course selected from the following:	3 cr
MUS 103 Sight Reading	
MUS 120 Theory of Music I	
MUS 220 Theory of Music II	
Two 3-credit History courses selected from the following:	6 cr
MUS 106 Jazz and Sound	
MUS 226 Music Cultures of the World	
MUS 242 Popular Music in America	
MUS 330 Beethoven and Schubert	
MUS 335 Opera	
MUS 340 Baroque Masters	
MUS 344 Medieval and Renaissance Music	
MUS 341 Romantic Music of the 19 th Century	
MUS 342 Music of the 20 th Century	
MUS 343 Music in America	
MUS 346 Amadeus Mozart and 18 th -Century Vienna	
MUS 393 Special Topic in Music III	
The remaining six credits are selected from any other music courses.	<u>6 cr</u>

Total Credit Requirement for a Minor in Music (vocal track) 21 cr

Instrumental Track:

One 3-credit Instrumental Skills course selected from the following:	3 cr
MUS 140 Instrumental Skills I	
MUS 141 Instrumental Skills II	
MUS 240 Intermediate Instrumental Skills I	
MUS 241 Intermediate Instrumental Skills II	
MUS 393 Special Topics	
Three 1-credit Instrumental Ensemble Courses selected from the following:	3 cr
MUS 107 Beginning Piano I	
MUS 108 Beginning Piano II	
MUS 230 Jazz Foxes	
MUS 231 Brass Ensemble	
MUS 232 Flute Choir	
MUS 233 Woodwind Ensemble	
MUS 234 Orchestra	
MUS 235 Handbell Choir	
MUS 236 Concert Band	
MUS 410 Advanced Piano	
One 3-credit Theory course selected from the following:	3 cr
MUS 103 Sight Reading	
MUS 120 Theory of Music I	
MUS 220 Theory of Music II	
Two 3-credit History courses selected from the following:	6 cr
MUS 106 Jazz and Sound	
MUS 226 Music Cultures of the World	
MUS 242 Popular Music in America	
MUS 330 Beethoven and Schubert	
MUS 335 Opera	
MUS 340 Baroque Music	
MUS 341 Romantic Music of the 19 th Century	
MUS 342 Music of the 20 th Century	
MUS 344 Medieval and Renaissance Music	
MUS 343 Music in America	

Total Credit Requirement for a Minor in Music (instrumental track)

21 cr

PARALEGAL PROGRAM CERTIFICATE

SCOTT MYERS, J.D., *Director*

MISSION:

The objective of the Marist Paralegal Program is to offer organized and comprehensive training in the theory, information, and skills required to qualify as a legal assistant, in accordance with the guidelines established by the American Bar Association. The program is offered within the context of the educational purpose of the college and its commitment to a liberal arts, humanist, value-oriented curriculum. Our program meets its objective in a number of ways. Faculty in the program are drawn from Marist faculty and from practicing lawyers and law office administrators in the Mid-Hudson area. The program encourages a generalist orientation among its students, while stressing specific competency in paralegal studies. Program matriculates may satisfy the generalist requirements by having a baccalaureate degree, by being enrolled in the College's baccalaureate program contemporaneously with enrollment in the Paralegal Program, or by having at least 36 general education college credits. Students acquire competency in paralegal studies by being required to complete successfully the following courses: Introduction to Law, Introduction to Legal Research And Writing, Family Law, Criminal Law, Real Property and Title Search, Business Law I, Wills, Trusts and Estates, and Civil Litigation and Practice. Upon graduation, students will be capable of functioning in all the required areas of study. As examples, a real estate closing, a simple will, a divorce proceeding, a memorandum of law utilizing research tools, and civil trial pleading are but some of the tasks our graduates understand and can complete. Additionally, grasping sufficient legal theory to be able to grow in the profession is required of our students. Successful completion of the program therefore qualifies graduates to serve the many legal needs of the Mid-Hudson area, while contributing to the advancement of the legal profession.

The program combines required paralegal courses with general education courses. In order to receive the Paralegal Certificate, undergraduates accepted into the Paralegal Program are required to matriculate and pursue a major field of study leading to the baccalaureate degree. The certificate will be awarded after a student has completed all of the course requirements in paralegal studies (24 credits) and at least 36 additional credit hours toward the Marist baccalaureate degree. Students already holding baccalaureate degrees are eligible to receive the Paralegal Certificate upon completion of the paralegal course requirements (24 credits).

The Paralegal Certificate Program is approved by the American Bar Association.

REQUIREMENTS IN THE PARALEGAL PROGRAM

1.0 Course Requirements in Paralegal Studies

24 cr

- PRLG 101 Intro to Law
- PRLG 210 Intro to Legal Research and Writing
- PRLG 311 Family Law
- PRLG 312 Criminal Law
- PRLG 313 Real Property and Title Search
- PRLG 380 Business Law I
- PRLG 420 Wills, Trusts, Estates
- PRLG 422 Civil Litigation and Practice

Total Paralegal Course Credits

24 cr

- Additional course credits
(Non-degree holders admitted to the program)

36 cr

Total Credit Requirement for Paralegal Certificate for Non-Degree Holders

60 cr

2.0 Marist undergraduates must also fulfill their major field requirements for their degrees.

All 36 non-paralegal course credits, including transfer credits, must be acceptable towards a Marist degree.

PHILOSOPHY MINOR

MAR PETER-RAOUL, Ph.D., *Chairperson*

MISSION:

To elicit from students a habit of critical reflection on issues of values assessment, methodologies, and transcendental human concerns through core courses (Introduction to Philosophy, Ethics, World Views and Values) and electives in philosophy and religious studies.

REQUIREMENTS FOR A MINOR IN PHILOSOPHY

Introductory-Level Courses OR PHIL 101 Intro to Philosophy	3 cr
PHIL 300 Ethics	3 cr
Upper-Level Courses	
Two Historical Philosophy Courses:	6 cr
PHIL 220 History of Modern Philosophy I	
PHIL 221 History of Modern Philosophy II	
PHIL 222 History of Ancient Philosophy	
PHIL 223 History of Medieval Philosophy	
PHIL 240 American Pragmatism	
PHIL 342 American Social Thought	
Two Additional Philosophy Courses	<u>6 cr</u>

Total Credit Requirement for a Minor in Philosophy

18 cr

Students who wish to minor in Philosophy must contact the Dean for advisement in choosing Philosophy courses pertinent to the student's major field of study.

PHYSICAL EDUCATION

TIMOTHY MURRAY, M.A., *Director of Physical Education*

GLENN MARINELLI, M.Ed., *Assistant Director of Physical Education*

PROGRAM IN COACHING CERTIFICATION FOR NEW YORK STATE

A ruling by the New York State Board of Regents requires that all public school coaches must be certified by an approved program of certification or be a certified teacher of Physical Education.

Marist has been approved as a certifying institution and is providing the courses leading to coaching certification in New York State.

The course areas offered are mandated by the state and fall into three basic areas:

- (1) Philosophy, principles, and organization, covered by PHED 410, Principles and Problems of Coaching (three credits).
- (2) Health Sciences applied to coaching – covered by two courses – PHED 401, Movement in Sports and PHED 305, First Aid and Care of Injuries (two credits each).
- (3) Theory and techniques courses in coaching – covered by the courses available in the specific area the person wishes to coach (two credits each).

POLITICAL SCIENCE

MARTIN B. SHAFFER, Ph.D., *Chairperson*

MISSION:

Political Science at Marist College aims to provide students with a basic understanding of political systems, major political beliefs, and the fundamental processes of politics and governing. We introduce students to the institutions of government and the distinctive political cultures in which different systems operate. Often referring to the great issues of our time and of the past, the instructors guide students to appreciate the dynamic interplay of theory and practice in understanding the political world. Faculty prepare students for responsible membership in a changing and often turbulent world, and assist students in developing lifelong learning skills which will serve them in both the workplace and the public world in which we all live.

Political science enables students to study systematically the events, people, and issues that shape political decision-making. Besides focusing on the institutions, processes, and outcomes of politics, the curriculum also surveys the great thinkers who have speculated about the nature of a just and effective political system. In a world that some have described as approximating a "global village," political science encourages students to become familiar with a variety of political cultures and to appreciate the unique perspectives brought by each to the world community. Political Science at Marist also seeks to bring theory and methodology into the real political arena by strongly encouraging student learning beyond the classroom through internships and field experiences.

The curriculum prepares students for career options ranging from advanced work in graduate or law school to careers in government, the media, or the corporate world. And consistent with the mission of Marist College, this major challenges students to confront the perennial value issues involved in politics. Depending upon their interests and goals, students have available to them a public-affairs political-science track, broadly covering the field, and a track giving heavy emphasis to international studies.

Unique opportunities for our political science students include The Marist Poll, the Albany Semester, the Washington Semester, Marist Abroad Program, the Pre-Law Program, plus Concentrations in Paralegal Studies, in Public Administration, in Public Opinion, and in International Studies. Marist also offers a 5-Year BA/MPA Program.

REQUIREMENTS FOR A BACHELOR OF ARTS IN POLITICAL SCIENCE

Note: A minimum of 90 credits in Liberal Arts is required. No more than 8 credits in POSC Internship may be used to fulfill major field requirements.

PSYCHOLOGY

LINDA DUNLAP, Ph.D., *Chairperson*

MISSION:

The psychology major at Marist provides a rich and rewarding educational experience in a strong liberal arts tradition. The major focus of the psychology curriculum stresses personal development and the development of a world view grounded in a deep sense of personal values. The basis for this development is drawn from the literature of psychology itself and its integration with contributions from other disciplines such as philosophy, natural science, literature, and sociology. Psychology courses stress psychological theory as well as the application of psychological principles. The range of application varies from experience in a psychological research course, where students actually conduct research, to life-span development courses, where students can see the relevance for applying principles of development in their own lives. Students are encouraged to consider pursuing a concentration listed below.

As students become steeped in the psychological literature and its applications, they develop a professional orientation that prepares them for entry-level jobs in the field and acceptance to graduate schools in psychology. This professional orientation is highlighted through a full-time internship that takes place in the senior year in a local human-service agency, school, or research setting. This undergraduate preparation as a psychology major is valuable not only for students who choose advanced graduate study in psychology, but also as preparation for elementary/special education teacher training programs and law school, as well as a wide array of positions generally included under the fields of business management and communication or the pursuit of advanced degrees in other areas such as law or medicine.

Five-Year Combined BA-MA Program in Psychology

In addition to its undergraduate major in psychology, the Psychology Department also sponsors a graduate program in psychology with an emphasis in Counseling/Community psychology. The Department recognizes that for some outstanding undergraduate students, certain of their undergraduate course work might well be reflective of both the content and quality of that typically expected at the graduate level. The Department further recognizes that certain outstanding undergraduate students can participate successfully in graduate classes. For these reasons, the Department offers a Five-Year Program in psychology at the termination of which the student will have achieved both a B.A. and an M.A. in psychology. The program affords a potential savings of 22 credits and one year of school living expenses.

It should be clear that the Five-Year Program is not appropriate for all students. Some may not be interested in advanced degrees in psychology. Others might choose to do their graduate work elsewhere. Yet, others may simply not qualify. The Department, however, is interested in having available to the interested and qualified student the option of a Five-Year B.A.-M.A. Program. Admission to the Five-Year Program is granted to qualified applicants at the end of the fourth full-time academic semester. Inquiry about admission to the Five-Year Program should be made through the director of the M.A. Psychology Program (see page 15 for more information).

- (1) At the end of the 4th year the student will typically have accumulated 119 credits.
- (2) The usual combination of credits from any Marist undergraduate major and Marist's M.A. in Psychology is 165 (120 undergraduate plus 45 graduate). In contrast, the Five-Year Program for psychology majors requires 143 credits. Students are advised that in New York State a master's degree in Psychology does not qualify graduates for professional licensure as a psychologist; nor do masters-level internships earn credit toward licensure. Please consult with the director of the M.A. Psychology Program about licensure procedures in New York State.

Teaching Certification in Childhood Education 1-6 and Childhood Education/Special Education 1-6

Psychology majors have the opportunity to participate in a teacher certification program, which integrates a strong professional studies sequence in Childhood Education (1-6) and Childhood Education/Special Education (1-6) with their academic major, and the Core/Liberal Studies program.

Graduates of this program earn a B.A. Degree in Psychology and complete requirements for dual initial teaching certification. Freshman psychology majors interested in pursuing this option should contact the Office of Teacher Education, Dyson 388. Information about the major requirements, Core/Liberal Studies requirements, and required courses in the certification sequence can be found in the Education Department section of the catalog.

Double Major in Psychology and Criminal Justice

It is possible for students who plan carefully early in their college careers to double major in Psychology and Criminal Justice. To pursue this option students should contact the Chair of Psychology or Criminal Justice.

Regular Psychology Majors are encouraged to consider selecting psychology elective and general elective courses that relate to their personal area(s) of specialization. Courses considered particularly relevant to specific areas are listed below.

Counseling:

PSYC 203 – Theories of Personality

PSYC 202 – Abnormal Psychology

PSYC 332 – Fundamentals of Counseling

Child:

PSYC 317 – Child Development

PSYC 207 – The Exceptional Child

PSYC 208 – Educational Psychology

Childhood Education/Special Education Certification:

PSYC 207 – The Exceptional Child

PSYC 208 – Educational Psychology

PSYC 317 – Child Development

PSYC 362 – Measurement and Evaluating

PSYC 372 – Psychoeducational Assessment of Educational Disabilities

Social/Personality:

PSYC 220 – Social Psychology

PSYC 203 – Theories of Personality

PSYC 202 – Abnormal Psychology

Physiological/Cognitive/Neurological Science:

PSYC 206 – Psycho-Biological Sex Differences

PSYC 342 – Learning and Cognition

PSYC 420 – Research Methods III

* A psychology major must take 13-16 Core/LS Distribution courses independent from Core/LS requirements included in the major area and related areas requirements.

** Assignment to College Writing I and II is based on the student's writing sample.

*** General or Psychology electives – All psychology majors are required to take at least three (3) psychology electives. However, most psychology majors take more than three psychology electives. It is also recommended that psychology majors use their elective courses to acquire concentrations in academic areas that would complement that major. It should be noted that all full-time psychology majors must take a psychology course each semester.

**** A psychology major must take a psychology elective in the second semester of freshman year.

***** The internship is viewed as a culminating experience for the psychology major. It is a full-time unpaid work experience. Typically, students do not take other courses while doing their internship. However, special arrangements may be made to take another course in the same semester as the internship. The internship may be taken in the Fall or Spring semester.

PUBLIC ADMINISTRATION CONCENTRATION

JOANNE MYERS, Ph.D., *Director*

Marist College currently offers both a graduate program leading to a Masters Degree in public administration and an undergraduate concentration, available to students regardless of their major field of study. The undergraduate concentration is interdisciplinary, drawing from political science, business, economics, mathematics, and computer science. It provides students with a professional education in management, emphasizing the quantitative and qualitative techniques of analysis necessary for a successful career in government and not-for-profit organizations. A 5-year BA/MPA program is available for qualified students. See Director for more information.

REQUIREMENTS FOR A CONCENTRATION IN PUBLIC ADMINISTRATION

Depending upon a student's major field of study, the courses remaining to complete the concentration vary. This is because students complete some of this interdisciplinary concentration in the process of fulfilling their major field requirements. Check with the Program Director for advisement.

CONCENTRATION REQUIREMENTS

All students must take:

POSC 283 Public Administration	3 cr	
ECON 101 Principles of Macroecon OR		
ECON 102 Principles of Microecon	3 cr	
CSIS 150 Intro to Computers AND Electives	3 cr	
MATH 130 Intro to Statistics I	3 cr	
ECON 421 Public Finance	3 cr	
ACCT 451 Govt and Fiscal Control	3 cr	
BUS 100 Intro Bus and Management	3 cr	
	<u>21 cr</u>	

Additional Requirements:

POLITICAL SCIENCE MAJORS

As part of major field electives:

POSC 240 Intro to Public Policy	3 cr	
POSC 301 Program Planning and Evaluation	3 cr	
	<u>6 cr</u>	

OTHER MAJORS

POSC 110 American Natl Govt OR	
POSC 211 Amer State and Urban Politics	3 cr
POSC 240 Intro to Public Policy OR	
POSC 301 Program Planning and Evaluation	3 cr
	<u>6 cr</u>
Total Credit Requirements	27 cr

All other majors MUST check with the Program Director for additional course requirements.

PUBLIC HISTORY CONCENTRATION

THOMAS S. WERMUTH, Ph.D., *Internship Director*

Public History has been described as "The doing of historical research for a client or employer." The usual purpose of the client is to bring historical research techniques and historical perspectives to bear upon a practical problem as part of a planning process. Marist College is among the first undergraduate colleges to initiate a concentration in Public History.

REQUIREMENTS FOR A CONCENTRATION IN PUBLIC HISTORY

1.0 HIST 305 Research Methods of History	3 cr	
Any two, three-credit courses in American History	6 cr	
HIST 413 F.D.R. Seminar OR	3 cr	
HIST 477 Capping Course		
Public History Internship	6-12 cr	
Total Requirement for a Concentration in Public History		18-21 cr
2.0 Recommended Course:		
POSC 283 Public Administration	3 cr	

PUBLIC OPINION CONCENTRATION

LEE M. MIRINGOFF, Ph.D., *Director*, Marist Institute for Public Opinion

Marist College offers an undergraduate concentration in Public Opinion. Associated with the activities of the Marist Institute for Public Opinion, the concentration provides students with the opportunity to enhance their understanding of the research methods associated with the measurement of public opinion, the processes involved with its communication, and the impact of public opinion upon society. Students learn the various aspects of conducting public opinion research, the broader theoretical contexts that guide public opinion research, and current value issues in the field.

REQUIREMENTS FOR A CONCENTRATION IN PUBLIC OPINION

PUBLIC PRAXIS MINOR

MAR PETER-RAOUL, Ph.D., *Chairperson*

Projectkeepers:

Mar Peter-Raoul, Ph.D., Humanities

Bruce Luske, Ph.D., Social and Behavioral Science

Greg Moses, Ph.D., Humanities

As an academic response to the social disintegration characterizing much of present public life, the Department of Philosophy and Religious Studies together with the Department of Sociology has established an interdisciplinary Minor in Public Praxis. With a view to fully engaged learning and with a commitment to social transformation, the Minor requires students to integrate on-site experience, scholarship, critical reflection, and rigorous analysis (social, ethical, political, economic, religious).

Courses listed below must be chosen from among praxis-oriented sections. Additional praxis-oriented courses are offered each semester (see Projectkeepers for current listings).

Public Praxis

REST 320 Public Praxis I 3 cr

18 cr

The student is required to select a member of the Department of Religious Studies to serve as his or her advisor and to obtain the approval of the Dean for the choice. The advisor will guide the student in the selection of courses and pursuit of the plan of study.

SOCIOLOGY AND SOCIAL WORK

MARGARET R. CALISTA, C.S.W., *Chairperson*

MISSION:

The Social Work program provides a major that has as its principal educational objective to prepare students for beginning professional generalist social work practice. A Bachelor of Science degree in Social Work is awarded to those students who adequately fulfill the requirements of the major in addition to all the college-wide curriculum requirements. The Program of Study leading to the Bachelor of Science degree in Social Work is accredited by the Commission on Accreditation of the Council on Social Work Education.

In order to accomplish the degree, the social work major builds on a strong liberal-arts foundation to assist students in understanding the world and their role in it. Human values, personal values, and professional values are studied and refined so students may form an appropriate value context for professional practice. Courses in sociology and in other behavioral and social sciences provide students with a foundation for understanding human behavior in the social environment. Social Work courses provide relevant theoretical perspectives for beginning generalist practice. Field-work education is distributed throughout the program and culminates in an in-depth practicum during the senior year. All field-work activities take place within local social-service agencies.

Advisement is provided throughout the program. Advisement plays a critical role, particularly in readying students for thresholds within the major and in evaluating their performance as potential social workers.

Minors are available in Social Work and Sociology. The Social Work minor consists of 15 credits and the Sociology minor requires 18 credits. Students should contact the Social Work Program Director to select the appropriate sequence of required and elective courses. Students are advised that the minors in Social Work and Sociology are not accredited by the Commission on Accreditation of the Council on Social Work Education.

REQUIREMENTS FOR A BACHELOR OF SCIENCE IN SOCIAL WORK

Note: A minimum of 60 credits in Liberal Arts is required.

1.0 Course Requirements in Sociology and Social Work

ALL of the following courses in Sociology:

SOC 101 Intro to Sociology	3 cr
SOC 336 Social Inequality	3 cr
SOC 341 Social Change	3 cr

SOC 440 Social Theory	3 cr	
SOC 480 Social Research Methods	3 cr	
ALL of the following courses in Social Work:		
SOCW 230 Intro to Social Work	3 cr	
SOCW 330 Social Service: Theory and Practice	3 cr	
SOCW 344 Social Welfare: Policies and Anal	3 cr	
SOCW 345 Human Behavior in the Social Environ	3 cr	
SOCW 380 Social Work Methods I	3 cr	
SOCW 395 Social Work with Diverse Populations	3 cr	
SOCW 475 Social Work Methods II	3 cr	
SOCW 478 Senior Integrative Seminar II	3 cr	
SOCW 482 Practicum in Social Work I	3 cr	
SOCW 483 Practicum in Social Work II	3 cr	
SOCW 477 Capping Course	<u>3 cr</u>	
Credit Requirement in Sociology and Social Work		51 cr
2.0 Course Requirements in Related Fields		
PSYC 101 Introduction to Psychology	3 cr	
ECON 150 Social Issues in Economics OR		
ECON 101 Principles of Macroeconomics	3 cr	
POSC 101 Introduction to Political Science OR		
POSC 110 American National Government	3 cr	
BIOL 101 Topics in Biology OR		
BIOL 237 Human Biology	<u>3 cr</u>	
Credit Requirement in Related Fields		<u>12 cr</u>
Total Credit Requirement for a Major in Social Work		63 cr
3.0 Core/Liberal Studies Requirements		
3.1 FOUNDATION		
Philosophy/Ethics	6 cr	
Writing	<u>3-6 cr</u>	9-12 cr
3.2 DISTRIBUTION*		
Natural Science	3 cr	
Social Science	0 cr (fulfilled by major field req.)	
History	6 cr	
Literature	6 cr	
Mathematics	6 cr	
Fine Arts	3 cr	
Philosophy/Religious Studies	<u>3 cr</u>	
		<u>27 cr</u>
Total Core/Liberal Studies Requirement		36-39 cr
4.0 Electives		<u>18-21 cr</u>
Total Credit Requirement for Graduation		120 cr
5.0 The student must obtain a grade of C or better in all sociology and social-work courses required for the major in social work.		

*Students are encouraged to take intermediate foreign-language or culture courses which may be used as substitutes for the second course in certain areas. See Core/Liberal Studies Curriculum description of foreign-language option in catalog.

SPANISH

IRMA BLANCO CASEY, M.S., *Chairperson*

MISSION:

Communication through language is at the core of human experience, and the study of a foreign language provides a powerful key to successful interaction. The ability to communicate efficiently and sensitively in another language with people of different cultural backgrounds can only enhance one's professional advancement in any career. The Department of Modern Languages aims to enrich students' education by helping them gain a rich preparation for the future through the support of global studies, teacher education, international tracks in other disciplines and, in general, career opportunities in key areas of domestic and international service where knowledge of a foreign language facilitates and increases the level of success.

The Spanish area of the division affords the serious student of a foreign language the following special academic programs:

- (1) The Marist Abroad Program, featuring individual placement, generally during the junior year, in Madrid, Quito, or Monterrey.
- (2) Bilingual Education concentration.
- (3) Secondary school teacher certification.
- (4) Latin American Studies program.

The major outcome of a modern language education is greater self-awareness and an increased understanding of and ability to communicate with people of different cultural backgrounds. In addition, career opportunities in many key areas of domestic and international services are enhanced for the person proficient in a modern language.

Students may apply two language courses at the intermediate level or above as well as a civilization/culture course and two Foreign Language literature courses toward fulfilling the distributive Core/LS requirements. This arrangement facilitates, with proper planning and early implementation, a double major (or minor) with other disciplines such as Political Science, Communications, Criminal Justice, and other majors.

Spanish Majors are urged to spend two semesters abroad in a Spanish-speaking country, but are limited to no more than two semesters and twelve or fifteen credits in the major, according to the chosen track.

REQUIREMENTS FOR A BACHELOR OF ARTS IN SPANISH

Note: A minimum of 90 credits in Liberal Arts is required.

A. Regular Track

1.0 Course Requirements in Spanish

SPAN 250 Hispanic Civilization: Spain	3 cr
SPAN 260 Hispanic Civilization: Latin America	3 cr
SPAN 354 Civilization: Los hispanos en los Estados Unidos	3 cr
SPAN 315 The Experience of Hispanic Literature	3 cr
SPAN 477 Capping Course	3 cr

Additional upper-level Spanish language or literature courses.	<u>21 cr</u>
In this group only 2 language courses at the 200 level.	

NOTE: Internships carry elective credits and will not fulfill the above requirements.

Credit Requirement in Spanish, Regular Track

36 cr

B. Native Speakers' Track

1.0	Course Requirements in Spanish	
	SPAN 210* Spanish for Hispanics I	3 cr
	SPAN 211* Spanish for Hispanics II	3 cr
	SPAN 312 Spanish for Hispanics III	3 cr
	SPAN 250 Hispanic Civilization: Spain	3 cr
	SPAN 260 Hispanic Civilization: Latin America	3 cr
	SPAN 354 Civilization: Los hispanos en los Estados Unidos	3 cr
	SPAN 315 The Experience of Hispanic Literature	3 cr
	SPAN 477 Capping Course	3 cr
	Additional upper-level Spanish language or literature courses	<u>12-18 cr</u>

Courses closed to Native Speakers are the following, which cannot be used to fulfill major requirements unless approved by the chair of Modern Languages:

SPAN 101-102 Elementary Spanish I-II
 SPAN 105-106 Intermediate Spanish I-II
 SPAN 201-202 Advanced Spanish I-II
 SPAN 281-282 Conversation and Culture I-II
 SPAN 360-361 Composition and Conversation I-II

Credit Requirement in Spanish, Native Speakers' Track 36 cr

*A prepared student may be excused from the course and replace it with an upper-level literature course.

C. Regular Track-Double Major

1.0	Course Requirements in Spanish	
	SPAN 250 Hispanic Civilization: Spain	3 cr
	SPAN 260 Hispanic Civilization: Latin America	3 cr
	SPAN 354 Civilization: Los hispanos en los Estados Unidos	3 cr
	SPAN 315 The Experience of Hispanic Literature	3 cr
	SPAN 477 Capping Course	3 cr
	Additional upper-level Spanish language or literature courses	<u>15 cr</u>

Credit Requirement in Spanish, Regular Track-Double Major 30 cr

D. Native Speakers' Track-Double Major

1.0	The requirements are the same as in B. Native Speakers' Track.	18-24 cr
	However, the number of additional upper-level Spanish language and literature courses is reduced to:	<u>6-12 cr</u>

Credit Requirement in Spanish, Native Speakers' Track-Double Major. 30 cr

Total Credit Requirement for a Major in Spanish 30-36 cr

The following pertains to all four tracks:

2.0	Course Requirements in Related Fields: None	
3.0	Core/Liberal Studies Requirements	
3.1	FOUNDATION	
	Philosophy/Ethics	6 cr
	Writing	<u>3-6 cr</u>
		9-12 cr

3.2	DISTRIBUTION	
	Natural Science	3 cr (fulfilled by major field req.)
	Social Science	6 cr
	History	3 cr (fulfilled by Civilization)
	Literature	0 cr (fulfilled by major field req.)
	Mathematics	3 cr (fulfilled by major field req.)
	Fine Arts	3 cr
	Philosophy/Religious Studies	<u>3 cr</u>
		<u>21-27 cr</u>

Total Core/Liberal Studies Requirement

30-39 cr

- 4.0 Electives: Tracks A and B
Tracks C and D

45-54 cr

51-60 cr

Total Credit Requirement for Graduation

120 cr

Note Well:

- Spanish majors who are not fluent Spanish speakers are urged to spend two full semesters abroad in a Spanish-speaking country in order to develop fluency in the language.
- STUDY ABROAD:** Only 12 credits maximum accepted in Spanish for the Double Major; 15 credits for the regular track.
- HIGHLY RECOMMENDED:** Linguistics

REQUIREMENTS FOR A MINOR IN SPANISH LANGUAGE STUDIES

Spanish Language: 9 credits above the intermediate level*	9 cr
Civilization: Spain and Latin America (to be taken on campus)	6 cr
Literature: One course selected with advisement (to be taken on campus)	<u>3 cr</u>

TWELVE to FIFTEEN credits of the minor can also simultaneously fulfill the distribution requirements of Core/LS.

*SPAN 210-211 are required for Bilingual Hispanic students, but may be waived if the student has a solid background in Spanish.

Total Credit Requirement for a Minor in Spanish Language Studies

18 cr

REQUIREMENTS IN BILINGUAL EDUCATION CONCENTRATION

1.0	EDUC 140 Intro to Bilingual Studies/TESL	3 cr
1.0	SPAN 153 The Civilization of Puerto Rico OR SPAN 154 Civilization: Hispanics in the United States	3 cr
2.0	Optional: EDUC 441 Fieldwork in Bilingual Education/ English as a Second Language	<u>3 cr</u>

Total Credit Requirement for Concentration

6-9 cr

STUDENT ACADEMIC AFFAIRS

BARBARA CARPENTER, M.A., Assistant Dean, Student Academic Affairs

MISSION:

The mission of Student Academic Affairs at Marist College is to proactively provide a broad range of opportunities essential for academic, career, and personal development to increase the retention and success of our students.

Student Academic Affairs consists of the Academic Learning Center, the Center for Career Services, the Higher Education Opportunity Program, and the Center for Advising and Academic Services. In addition to the wide variety of services these areas provide, the following courses have been developed to achieve the goals in our mission statement.

- LERN 100 Introduction to College Reading
- LERN 103 Learning Theory and Application
- LERN 105 Critical Reading and Thinking
- CRDV 100 Employment Practicum
- CRDV 105 Career Planning and Decision Making

WOMEN'S STUDIES MINOR

JOANNE MYERS, Ph.D., *Co-Director*

ROBYN ROSEN, Ph.D., *Co-Director*

Women's Studies is a multi-disciplinary academic program that focuses on gender as a significant cultural and cognitive category. The minor in Women's Studies exposes students to the intellectual, political, and aesthetic contributions of women to human culture, and examines how gender has influenced the lives, status, and opportunities of all people. Attention is paid to the ways in which gender intersects with race, class, and ethnicity to shape social structures and individual experiences. Courses provide students with a critical approach to the study of history, political science, literature, philosophy, religion, economics, communication, social sciences, the natural sciences, and management, incorporating scholarship on women, gender, and feminist theory. The program advances the Marist tradition of preparing students to develop a global perspective that recognizes and respects diversity.

Students are required to take an interdisciplinary Introduction to Women's Studies class and five other classes distributed among at least two different disciplines for a total of 18 credits. Courses that may be applied to the minor include the following regular offerings, as well as designated special topics and cross-disciplinary courses.

For further information about Women's Studies, please see one of the Co-Directors.

REQUIREMENTS FOR A MINOR IN WOMEN'S STUDIES:

Hist 130 Introduction to Women's Studies	3 cr	
Five additional designated courses from 2 different disciplines	<u>15 cr</u>	18 cr

Regular offerings (Please see appropriate discipline for full description.)

COM 385 Women and Film
 COM 400 Gender and Communication
 ECON 200 Economics of Gender
 ENG 294 Literature and Gender
 HIST 230 History of American Feminism
 HIST 229 Emergence of Women in the West
 HIST 293 Women in Asia
 POSC 392 Feminist Political Thought
 PSY 206 Psycho-Biological Sex Differences

Other courses to be approved in advance by the Women's Studies Steering Committee.

COURSE DESCRIPTIONS

ACCOUNTING

ACCT 203

Financial Accounting

Three Credits

Development of basic accounting concepts. Emphasis is on the classifying, recording, and reporting of business transactions for all forms of business organizations. Offered every semester.

ACCT 204

Managerial Accounting

Three Credits

Emphasis is on the generating, analyzing, and using accounting information in the planning and control processes. Topics include budgets, standards, cost systems, incremental analysis, and financial statement analysis. Offered every semester.

Prerequisite: ACCT 203

ACCT 301

Intermediate Accounting I

Three Credits

This is the first course in a two-course sequence that is intended to provide a comprehensive understanding of the concepts, principles, assumptions, and conventions that are used for classifying, recording, and reporting economic transactions for a business entity. Offered every Fall.

Prerequisite: ACCT 204 or permission of instructor

ACCT 302

Intermediate Accounting II

Three Credits

This is the second course in a two-course sequence that is intended to provide comprehensive understanding of the concepts, principles, assumptions, and conventions that are used for classifying, recording, and reporting economic transactions for a business entity. Offered every Spring.

Prerequisite: ACCT 301 or permission of instructor

ACCT 303

Accounting Theory and Practice

Three Credits

This course is intended to provide an understanding of items that present some difficult measurement and reporting problems for the accountant. It will also discuss current issues that the accounting profession is attempting to establish and guidelines for their measurement and reporting. Offered every other Fall.

Prerequisite: ACCT 302

ACCT 310

Cost Accounting

Three Credits

An intensive study of the structure of various cost accounting systems. Techniques of income determination for manufacturing enterprises are explored. Attention is given to how standards can be applied in accounting to provide useful information for planning and controlling the cost of direct labor, materials, and manufacturing overhead costs. Offered every Fall.

Prerequisite: ACCT 204

ACCT 311

Information for Decision Making and Control

Three Credits

Examines the measurement and management of product costs emphasizing the principles of cost systems design. Use of information generated by product costing systems for performance measurement and for strategic decisions on pricing, product mix, process technology, and product design are explored. Also covers in-depth evaluations of capital expansions, make-versus-buy, and operate-versus-close decisions. Offered every other Spring.

Prerequisite: ACCT 310 or permission of instructor

ACCT 330

Financial Statement Analysis

Three Credits

This course allows the student to use the information provided in financial statements to make reasoned decisions in a variety of contexts. The accounting

standards relevant to the intelligent interpretation of the statements are studied along with traditional analytical techniques such as ratio analysis, trend analysis, and vertical and horizontal analysis. Offered every other Fall.

Prerequisite: ACCT 204

ACCT 350

Accounting Systems

Three Credits

A comprehensive presentation of the fundamentals of data origination, classification, control, and reporting. Various accounting systems will be analyzed with an emphasis on database management and systems analysis, creation, and control. Offered every Fall.

Prerequisite: ACCT 204

ACCT 401

Advanced Accounting

Three Credits

A study in detail of business combinations and consolidations. Specialized topics of consolidated financial statements including asset and inventory transfers are covered. An overview of governmental, international, and not-for-profit accounting is presented. Offered every Fall.

Prerequisite: ACCT 302

ACCT 402

Auditing

Three Credits

Standards and procedures currently used by independent public accountants in examining financial statements and their application in report preparation. The ethical and legal responsibilities of the accountant are reviewed. Offered every Spring.

Prerequisite: ACCT 302

ACCT 403

Federal Taxation of Individuals

Three Credits

A study of the federal income taxation of individuals. Topics include exemptions, deductions, credits, gains and losses, and other property transactions. Offered every Fall.

Prerequisite: ACCT 204

ACCT 404

Federal Taxation for Business Organizations

Three Credits

A continuation of Income Taxation I. Emphasis is placed on the federal taxation of corporations, partnerships, estates, and trusts. Offered every other Spring.

Prerequisite: ACCT 403

ACCT 451

Government and Fiscal Control

Three Credits

A study of financial and accounting techniques used to control government spending and channel funds into more productive areas. Zero-based budgeting is covered in detail. Cost-benefit approach on both monetary and non-monetary government programs are covered via case studies. Program planning budgeting systems are also covered. Restricted to students in the Public Administration Concentrations. Not open to Accounting majors. Offered every other year.

ACCT 477

Current Issues in Accounting

Three Credits

An integrative course required of all senior accounting majors that will examine various issues selected by the instructor(s). These issues will be addressed by the interpretation and application of generally accepted accounting principles. Specific emphasis will be placed on the ethical considerations of these issues and principles. Offered every Spring.

Prerequisites: Senior status; ACCT 302, 403

ANTHROPOLOGY

ANTH 101

Introduction to Anthropology I

Three Credits LA

Physical anthropology. An investigation of man's ancestors and his continual physical evolution to modern man. Emphasis is also placed on the evolution of cultures at all levels of man's chronology, with stress on the Paleolithic, Neolithic, and the early Near East.

(Fulfills Core/LS Natural Science requirement.)

ANTH 102

Introduction to Anthropology II

Three Credits LA

Ethnology. An introduction to the nature, uniformity, and diversity of cultures through an exploration of people in different times and regions. Topics include: the family, economics, political systems, religion, social stratification, and art and crafts.

(Fulfills Core/LS Social Science requirement. Does not fulfill Core/LS Natural Science requirement.)

ANTH 120

An Introduction to Archaeology

Three Credits LA

A study of how archaeological work is performed (dating techniques; mapping; cross-identification; etc.). Application of these techniques will be viewed in the study of major archaeological sites of historic significance.

(Fulfills Core/LS Social Science requirement. Does not fulfill C/LS Natural Science requirement.)

ANTH 230

American Culture I

Three Credits LA

The study of geographic, ethnographic, historic, and other factors pertinent to the development of Latin and Anglo-American cultures. Consideration will be given to minority and diverse groups; to factors promoting urban and rural communities; and to a study of the historical and geographical development of selected cities. Statistics will be provided frequently in order to substantiate lectures and to encourage discussion. Offered when there is sufficient student interest.

(Fulfills Core/LS Social Science requirement.)

ANTH 231

American Culture II

Three Credits LA

An intense analysis of the population of the United States as to national origin, race, economic and social stratification, religious and political preferences, and ethnic contributions to the American scene. Consideration will also be given to a study of factors producing the megalopolis, the city, and smaller communities. Offered when there is sufficient student interest.

(Fulfills Core/LS Social Science requirement.)

ANTH 232

Religion and Culture

Three Credits LA

Dual listed as REST 232

A dimension of cultural anthropology, with focus on religion as a cultural universal. The study of cultural differences and determinants suggests new understandings of religious differences and functions in the human family. Offered annually.

(Fulfills Core/LS Social Science requirement OR Core/LS Philosophy/Religious Studies requirement.)

ANTH 233

The American Indian

Three Credits LA

A study of pre-Columbian Indian civilizations. Post-Columbian Indian groups will be studied cross-culturally, with emphasis on the family: social, political, and economic structure of the group; religions; and the arts. Consideration will also be given to the Indian contribution to American modern society.

(Fulfills Core/LS Social Science requirement.)

ART

ART 125

Arts and Values

Three Credits LA

This course familiarizes the student with a wide variety of visual experiences. It covers both two-dimensional and three-dimensional forms such as sculpture, painting, mixed media, and intermedia. Relationships and contrasts will be connected to other creative expression such as music, theatre, film, and architecture. Offered every semester.

(This is a course for non-majors and satisfies the Core/Liberal Studies requirement for freshmen.)

STUDIO ART COURSES

Note: All studio courses meet for a lab and lecture combination. A total of four contact hours is required for all studio courses. Each student is also required to put in two hours per week in an open studio.

ART 101

Fundamentals of Art and Design I

Three Credits

A foundation course which investigates the elements and principles of design that underlie all the visual arts. Students will be introduced to the basic skills and techniques necessary for the creation of well-crafted designs. There will be regular group critiques of assignments to develop a working vocabulary for describing and analyzing visual art. Experimentation and innovative solutions are encouraged. This course assumes no previous experience. Offered every semester.

ART 105

Basic Sculpture

Three Credits

An introduction to the techniques and concepts of creating sculpture. The formal skills of constructing, modeling, and carving will be used to create both figurative and abstract forms. The qualities, properties, and structural possibilities of various traditional materials will be explored, as well as those that are more contemporary and unconventional. During regular class critiques, students will develop a usable vocabulary for describing and evaluating their own work and other three-dimensional works of art. Offered every semester.

ART 110

Basic Drawing

Three Credits

A course designed to introduce the student to the materials and techniques of drawing, focusing on the study and representation of objects and natural forms. This course assumes no previous experience. Offered every semester.

ART 111

Basic Painting

Three Credits

An introduction to the materials and techniques of painting. Students will investigate a variety of approaches, from traditional to modern, using still-life and less-conventional subject matter. While the course assumes no previous experience in painting, it is recommended that students will have completed ART 101 or 110. Offered every semester.

ART 145

Basic Photography

Three Credits

An introduction to the study of photography as a means of creative expression. Students will explore basic concepts, processes, and techniques, including camera usage, exposure controls, film development, darkroom procedures, and print presentation. Developing and printing black and white photographs will be an integral part of the course. Creative exploration through specific assignments will form the basis for development of aesthetic criteria. No previous photographic experience is assumed. Students must supply their own cameras with adjustable apertures and shutter speeds. Offered every semester.

ART 201

Three Dimensional Design

Three Credits

A foundation course which investigates the elements and principles of designing with sculptural forms. Through a series of projects and regular group critiques,

students will develop the skills necessary for creating in three dimensions.

Prerequisite: ART 101

ART 202

Intermediate Painting

Three Credits

The fundamental skills acquired in Basic Painting will be reviewed and built upon. Assignments will continue the exploration of different approaches and different sources of inspiration for painting, including working from the figure. Students will gain an awareness of the growth and range of painting in the 20th century. Offered every Spring.

Prerequisite: ART 111

ART 203

Drawing: Media and Techniques

Three Credits

This course builds upon the experience gained in Basic Drawing. Exploration of the expressive range of drawing in a variety of media and techniques. Offered every Fall.

Prerequisite: ART 110

ART 205

Intermediate Sculpture

Three Credits

A further exploration of spatial concepts as they relate to sculptural form. More sophisticated issues concerning the expressive characteristics and structural possibilities of materials will be investigated. Projects will be directed toward the pursuit of personal interpretation. Appropriate techniques and materials will be examined on an individual basis.

Prerequisite: ART 105

ART 207

Basic Printmaking

Three Credits

This course introduces the student to basic principles in printmaking. Individual instruction directed toward each student's development of a strong personal statement in monoprints, woodcuts, and linocuts.

ART 215

Graphic Design I

Three Credits

This course is designed to provide an overview of the Graphic Design field, emphasizing basic lettering and typography, production, and design skills. Assigned projects furnish an understanding of the designer's creative process – the progressive steps from research, thumbnails, and roughs through the finished mechanicals. A strong digital component builds a relationship between analog and computer-related skills. Students are encouraged to approach problem solving in an imaginative yet professional manner. Offered every semester.

Prerequisites: ART 101 and ART 231

ART 231

Introduction to Digital Media

Three Credits LA

This course is designed to introduce students to the field of computer art. Students will learn how the digital media are transforming the fine arts, graphic design, advertising, and education. Students will explore such topics as desktop publishing, digital photography, animation, and multimedia applications, including the creation of CD-ROMs, through a combination of lecture, demonstration, and hands-on experiences. Offered every semester.

Prerequisite: ART 101 or permission of instructor

ART 235

Digital Animation

Three Credits LA

This course explores the new methods of painting and animating with a computer. Students will become familiar with the traditional principles of animation and learn how they are applied in digital techniques. The basics of integrating soundtracks with animation will also be introduced. Course methods include lecture, demonstration, videotapes, CD-ROMs, and hands-on experiences. Offered every Fall.

Prerequisites: ART 231 and permission of instructor

ART 240

Intermediate Photography

Three Credits

A continuation of Basic Photography, this course further explores black and white films and printing techniques. In addition to conventional materials, specialized films including infrared, technical pan, and high contrast litho are introduced. Production will be aimed at pursuing particular problems related to photographic visualization and the development of a personalized approach to the medium.

Prerequisite: ART 145

ART 301

Advanced Painting I

Three Credits

Advanced study in painting, including concentrated investigation of master painters. In this course, students will be encouraged to paint in an innovative and personal way to establish and develop individual imagery. Offered every Spring.

Prerequisite: ART 202

ART 310

Advanced Drawing Projects

Three Credits

Advanced study in drawing, stressing a more personal expression. Includes substantial experimentation and consideration of contemporary aesthetic issues in art. Offered every Fall.

Prerequisite: ART 203

ART 314

Advanced Photography

Three Credits

This upper-division studio course centers on advanced black and white printing and aesthetics. Students will work primarily on the further development of a personal response to the medium as class critiques are directed towards the evolution of a sophisticated criteria to aid in understanding images within the context of historical and contemporary photography.

Prerequisite: ART 240

ART 315

Graphic Design II

Three Credits

This course will focus on communication design problems, with a special emphasis on advertising and publication design. Concept development will be stressed as students explore fundamental perceptual, symbolic, and expressive approaches to design. Students will further develop their digital skills as they learn today's computer-based equivalents to traditional analog skills. Production skills will be refined, along with a closer examination of the expressive nature of typography. Offered every Spring.

Prerequisite: ART 215

ART 320

Digital Photography

Three Credits LA

Students will be introduced to the creation, enhancement, and manipulation of photographic imagery using a computer. Production and criticism will be aimed towards developing an understanding of how photography can be extended beyond the traditional silver print with an emphasis on image retouching and compositing. Students will learn how to cut and paste images, the use of layers, channels, paths, and specialized filters to modify images. Printing technologies of digital imagery will also be explored. Offered every semester.

Prerequisites: ART 231 and permission of instructor

ART 345

Photojournalism

Three Credits LA

Dual listed as COM 345

See COM 345 for course description.

ART 402

Advanced Painting II

Three Credits

Individualized study in painting with one or more instructors. Students will be given the opportunity to explore in-depth themes, techniques, subjects, or experimental media of their own choosing.

Prerequisite: Permission of studio coordinator

ART 409

Advanced Drawing II

Three Credits

Advanced Drawing with media and content based upon individual needs. Students are encouraged to define their own aesthetic approach to the medium.
Prerequisite: Permission of studio coordinator

ART 412-413

Advanced Sculpture I & II

Three Credits each

ART 420

Multimedia Projects

Three Credits LA

The worlds of digital paint, animation, photography, video, sound, music, text, and design are converging in a new medium called multimedia production. The multimedia artist needs to be aware of new terminology, tools, and techniques. In this course, students will learn about the various aspects of multimedia design, surveying the necessary stages in the development process, and have a hands-on experience as a member of a team developing a final project.
Prerequisites: ART 235, ART 320 or permission of instructor

ART HISTORY COURSES

ART 160

History of Western Art I

Three Credits LA

This course studies the history of painting, sculpture, and architecture from prehistory and Ancient Egypt to the cathedrals of medieval Europe with an emphasis on the relationship between the arts, societal values, and religious beliefs. Offered every semester.
(Fulfills the Core/LS requirement for Art.)

ART 180

History of Western Art II

Three Credits LA

This course studies the history of painting, sculpture, and architecture from the revival of Greco-Roman humanism in the Renaissance to the development of abstract art in the early 20th century. The arts will be considered in relation to the religious upheaval of the Reformation of the 16th century and the social revolutions of the 18th, 19th, and 20th centuries. Offered every semester.
(Fulfills the Core/LS requirement for Art.)

ART 220

History of Photography

Three Credits LA

This course will examine the history of photography and the important role this medium of expression has held since its "discovery" in 1839. A chronological approach to the exploration of this medium will be used to demonstrate the important contributions that this art form has made to the history of art. The use of photography as an expression of humanistic, religious, and social values will also be considered. Offered every semester.
(Fulfills the Core/LS requirement for Art.)

ART 230

Greek and Roman Art

Three Credits LA

This course will examine the art of ancient Greece from the Bronze Age through the Hellenistic era and the art of ancient Rome from the early Republic through the reign of Constantine. The pre-Greek civilizations of the Cyclades, Crete, and mainland Greece will be introduced as well as the pre-Roman culture of Etruria. Offered biennially.
(Fulfills the Core/LS requirement for Art.)

ART 250

Contemporary Art

Three Credits LA

This course will study the art of the mid to late 20th century in the United States and Europe. The course will explore the technical innovations, formal characteristics, and intellectual sources of art of our most recent past and the present day. Many art forms, both traditional and contemporary, will be considered including painting, sculpture, photography, video, installation, performance, and their limitless combinations. Offered biennially.
(Fulfills the Core/LS requirement for Art.)

ART 255

Pre-Columbian Art

Three Credits LA

This course studies the art of Mesoamerican and Andean cultures from 1500 BC to 1532 AD. Monumental architecture, painting, sculpture, pottery and textiles of the Olmec, Zapotec, Mixtec, Maya, Toltec, Aztec, Chavin, Mochica, Nazca, and Inca cultures will be examined in the context of mythology and religious ritual.
(Fulfills the Core/LS requirement for Art.)

ART 256

Chinese Art

Three Credits LA

This course is an historical survey of painting, sculpture, and architecture of China from the Neolithic period to the 20th century. The art of China will be viewed in its cultural context with emphasis on its purpose and meaning in light of the philosophies and religions of the Far East. The course includes an in-depth study of the aesthetics, materials, and techniques of painting and calligraphy.
(Fulfills the Core/LS requirement for Art.)

ART 270

Russian and Soviet Art

Three Credits LA

This course will study Russian and Soviet art from the medieval period to the Stalinist era. Influences of western art from Byzantium, Germany, and France will be studied along with indigenous art forms. Emphasis will be placed on the avant-garde period of 1910 to 1930 during which Russian artists introduced Suprematism and Constructivism. Offered biennially.
(Fulfills the Core/LS requirement for Art.)

ART 280

American Art

Three Credits LA

This course will study the evolution of the art of America from the early "limners" of the colonial period to the internationalism of contemporary artists. Offered biennially.
(Fulfills the Core/LS requirement for Art.)

ART 281

History of Costume

Three Credits LA

Students explore the historical styles and modes of Western dress and adornment throughout the ages from the ancient Egyptian period to the 20th century. Costume is viewed within the context of the period relating to major historical developments, technology, production, and economic situation. Also discussed are the arts, specific individuals, events, or societal values that can be seen to influence fashions of the times. Offered annually.
(Fulfills the Core/LS requirement for Art.)

ART 290

Museum Studies

Three Credits LA

This course will examine the structure and function of art museums, house museums, art galleries, and art centers as well as related institutions in the fields of historic preservation, conservation, and folk culture. The history and development of museums as educational institutions in modern times will be studied in the broader context of collecting, maintaining, exhibiting, and interpreting works of art. The relationship between the museum and the public as well as the policies and programs of funding art institutions will also be discussed. Offered biennially.
(Fulfills the Core/LS requirement for Art.)

ART 362

Art & Science/Technology

Three Credits LA

This course will consider the relationship between art and science and technology from the end of the 19th century to the present. Among the topics to be investigated are: the influences of machinery, including the computer and the camera; color theory; psychoanalysis on art; and the impact of modern art on applied design and architecture. Offered biennially.
(Fulfills the Core/LS requirement for Art.)

ART 365

History of 19th-Century Art

Three Credits LA

This course will examine the movements of the 19th century from the Neo-Classicism of David to the Postimpressionism of Cézanne, Seurat, Gauguin, and Van Gogh. Offered biennially.

(Fulfills the Core/LS requirement for Art.)

ART 366

History of 20th-Century Art

Three Credits LA

This course will trace the development of modern art from Cubism and Fauvism to Conceptual Art. Some of the major movements to be studied include German Expressionism, Italian Futurism, Russian Constructivism, Dada and Surrealism, Abstract Expressionism, and Pop Art. Offered biennially.

(Fulfills the Core/LS requirement for Art.)

ART 380

Renaissance Art

Three Credits LA

This course will study the art of the Renaissance in the Lowlands and Italy. Beginning with an examination of the sources of the Renaissance in the late medieval period, the course will explore the technical innovations, formal characteristics, and iconography characterizing art from Giotto and Claus Sluter to Hugo van der Goes and Raphael. Some of the major artists include Masaccio, Donatello, and Jan van Eyck. This course will examine in depth the intellectual sources and context of the Renaissance. Offered biennially.

(Fulfills the Core/LS requirement for Art.)

ART 391-392-393

Special Topics in Studio Art or Art History

One, Two, Three Credits

These numbers are used by the department to experiment with new course offerings. These numbers are not to be used in place of Advanced Art courses. Permission of the instructor and the Dean is required.

ART 397

Advanced Internship

Three Credits

Internships are arranged with local or New York City galleries and museums, or with art professionals. They are designed to give juniors and seniors majoring in Fine Arts an opportunity to work with professionals. Students must have a 2.5 cumulative grade point average and be recommended by the Art faculty. An internship is not a requirement for a major in Fine Arts.

ART 477

Capping Course

Three Credits LA

This course will introduce the student to traditional and contemporary approaches to art criticism. Historical foundations of critical analysis will be explored, as well as contemporary models for the justification of aesthetic judgments. Broader humanistic concerns and value issues will be addressed by the application of models reflecting the social, historical, political, and psychological nature of art. The course will provide the student with the opportunity to develop an independent research project.

ATHLETIC TRAINING

ATHT 101

Introduction to Athletic Training

One Credit

This introductory course in athletic training is designed for those interested in the Athletic Training major. The student will gain insight into the profession, the preparation of the athletic trainer, and the role of the athletic health-care professional in various settings. Discussions about other allied health-care professionals with whom the athletic trainer will work closely (PT's, EMT's, etc.) will be emphasized.

ATHT 102

Introduction to Clinical Athletic Training

One Credit

This course is offered to first-year students in the Athletic Training Major. It introduces them to the basic clinical techniques in dealing with prevention and

management of athletic injuries. Discussions on preventative wrapping and strapping, padding and bracing, and splinting and transportation.

Prerequisite: Introduction to Athletic Training or permission of Program Director

ATHT 201

Basic Concepts in Athletic Training

Three Credits – lecture

One Credit – laboratory

Prevention, recognition and evaluation, rehabilitation (management), and administration of sports-related injury and illness. The course will cover the entire body within these four domains as well as other issues pertinent to the health care of athletes. The laboratory session is designed to provide the student with practical application of the material discussed in the lecture.

Prerequisites: Acceptance into the Athletic Training program and successful completion of Introduction to Athletic Training and Introduction to Clinical Athletic Training, or permission of Program Director

ATHT 300

Advanced Concepts in Athletic Training

Three Credits – lecture

One Credit – laboratory

Detailed coverage of advanced athletic injury evaluation techniques (head and neck injuries; spine board extraction; head and face injury; unconscious athlete; etc). Emphasis will also be placed on special athletic-related topics, common skin disorders, illnesses, pharmacology, casting and splinting, and youth sports. The laboratory section will coincide with the lecture topics each week. It will allow the student the practical application experience they will need to develop competencies in these areas.

Prerequisite: ATHT 201

ATHT 301

Therapeutic Modalities in Athletic Training

Three Credits – lecture

One Credit – laboratory

Discussion of the latest therapeutic techniques used in athletic training. History of the foundation of all modalities as well as current concepts. Use and misuse, as well as contraindication, for all modalities. Each student will practice and learn each modality through the laboratory session so they have a clear understanding of why and how to use each modality.

Prerequisite: Junior Standing in AT Program

ATHT 302

Therapeutic Exercise in Athletic Training

Three Credits – lecture

One Credit – laboratory

The use of rehabilitation equipment and exercises associated with rehabilitation in athletic injuries. The student will also use evaluation devices such as a goniometer, girth testing, gait analysis, muscle testing, joint mobilization, and proprioceptive neuromuscular facilitation.

Prerequisite: Junior Standing in AT Program

ATHT 400

Athletic Training Administration and Strategies

Three Credits

This senior-level course is designed to present the responsibilities of the athletic trainer as an educator and administrator. Ideas of learning theory, learning styles, and instructional strategies will be presented. The evolving role of athletic training in the United States health-care system will be discussed.

Prerequisite: ATHT 201

BIOLOGY

BIOL 101

Topics in Biology

Three Credits LA

This course is designed to introduce the non-science major to the major principles in biology and then to utilize these principles to discuss science-related concerns of today's society. Offered every semester. *Three-hour lecture.*

BIOL 110

General Biology I

Three Credits LA

An introduction to the major generalizations in biology, the chemical and cellular basis of life, and the biology of organisms. Offered every Fall. *Three-hour lecture.*

BIOL 111

General Biology II

Three Credits LA

An introduction to principles and concepts of the following biological sciences: DNA structure and replication, protein synthesis, cell division, genetics, and evolution. Some aspects of ecology and behavior will also be covered. Offered every Spring. *Three-hour lecture.*

BIOL 112-113

General Biology Laboratory I-II

One Credit each LA

Exercises in biological techniques at the molecular, cellular, and organismal level. Offered every year. *Three-hour laboratory per week.* Two semesters.

BIOL 201

Human Anatomy and Physiology I

Four Credits

This course will acquaint students with the structure and function of the human body with emphasis on coordination and adjustment mechanisms, and correlation with necessary chemical processes. Laboratory periods provide practical understanding of human systems and evaluation of fundamental concepts. *Three-hour lecture, three-hour laboratory per week.* Offered every Fall.

Prerequisite: BIOL 110, 111, 112, 113 or equivalent

BIOL 202

Human Anatomy and Physiology II

Four Credits

This course will acquaint students with the structure and function of the human body with emphasis on coordination and adjustment mechanisms and correlation with necessary chemical processes. Laboratory periods provide practical understanding of human systems and evaluation of fundamental concepts.

Prerequisite: BIOL 201

BIOL 203

Human Nutrition

Three credits

Dual listed as HLTH 201

Functions and sources of nutrients, dietary adequacy, factors (including health, disease, aging, pregnancy, and exercise) that govern nutrient requirements, energy balance, and weight control. This course is intended for students majoring in biology, biochemistry, athletic training, and other health-related areas. *Prerequisites:* BIOL 110-113 (two semesters of General Biology and Lab) and CHEM 111-114 (two semesters of General Chemistry and lab), or their equivalents.

BIOL 210

Cellular Biology

Three Credits LA

A study of cell structure and function, with an emphasis on eukaryotic cells. The morphology and molecular mechanisms of organelles are studied in depth in order to understand how cells function as cohesive units. *Three-hour lecture per week.* Offered every Spring.

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent, or permission of instructor

BIOL 211

Botany

Four Credits LA

An introduction to basic interrelationships of plant structure, function, growth and reproduction. Offered every Fall. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 110-111, 112-113 or permission of instructor

BIOL 214

Life on Earth

Three Credits LA

A course in biological evolution designed for students not majoring in the sciences. The student will learn about biology by studying evolution, adaptation, and

ecology, and will become familiar with the vast variety of life forms that populate our planet. Topics will include: how life began, Darwin and natural selection, plant biology, and the evolution of invertebrates and vertebrates (including amphibians, reptiles, birds, and mammals). Life on Earth, the video series written and presented by David Attenborough, will be used to illustrate evolutionary pathways and the diversity of life forms. *Three-hour lecture per week.*

BIOL 220

Histology and Histological Techniques

Four Credits LA

A study of animal tissue organization and types. Tissue microanatomy and recognition are covered in lectures and through student microscopic study. The techniques of histological procedures are taught in the preparation of permanent slides. Offered annually. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 232

Sex, Evolution and Behavior

Three Credits LA

This course is designed for the non-science major and will examine how natural selection influences the evolution of social behavior in animals (including humans). Topics will include: the physiological basis of behavior, the adaptive value of behavior, learning and instinct, mate selection, parental investment, altruism, infanticide, primate behavior, and human sociobiology. *Three-hour lecture per week.*

BIOL 237

Human Biology

Three Credits LA

This is a course in human physiology designed for the non-science major. Students will study how the body works and what causes disease. The class will also examine how current medical research approaches the problem of how to treat or cure a specific illness. Topics will include: the nervous system and brain, the respiratory system, the cardiovascular system, exercise physiology, the digestive system, and the reproductive system. *Three -hour lecture per week.* Offered every semester.

BIOL 240

The Science of Forensics

Three Credits LA

Some say science is murder. In this course, they're right. Through a hands-on survey of forensic science, this course illustrates the fundamentals of scientific inquiry and basic concepts in biology, chemistry, and physics. Through intensive interactive learning, students will cover topics such as the history of forensic science, hair and fiber analysis, fingerprint analysis, document analysis, serology, and DNA typing. Because of the course format, students must be willing to commit substantial time outside of class.

Note: Designed for non-science majors, this course fulfills a Core/Liberal Studies requirement for natural science. Although it will expose students to modern forensic techniques, this course is not intended to train professionals in forensic science. *Three-hour lecture per week.*

BIOL 301

Recombinant DNA and Biotechnology Laboratory

Two Credits LA

An intensive laboratory course that covers the isolation, purification, and analysis of DNA, the construction of recombinant DNA molecules, and the isolation and analysis of proteins. The techniques are applied to a group research project.

Prerequisites: BIOL 210; General Chemistry I & II with Lab or equivalent

Pre- or Corequisite: CHEM 201-202 or 211-213 or permission or instructor

BIOL 305

Animal Behavior

Three Credits LA

A study of animal behavior from the ethological perspective. Topics will include: the history of the study of behavior, the physiological basis of behavior, learning and instinct, behavioral ecology, orientation and migration, communication, mate selection, and sociobiology. *Three-hour lecture per week.*

Prerequisite: BIOL 111 or permission of instructor

BIOL 312

Microbiology

Four Credits LA

An introduction to the vast world of bacteria, fungi, protists, and viruses. Topics include microbial morphology, metabolism, and genetics, along with the roles of microorganisms in disease, the environment, and industry.

The laboratory is an integral part of this course. The emphasis is on perfecting microbiological techniques and on the isolation and characterization of microorganisms from the environment. *Three-hour lecture per week.* Offered every Fall. *Prerequisites:* BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 315

Immunology

Three Credits LA

A study of the basic principles of the immune response. The cellular and humoral systems will be analyzed. Topic areas to be covered will include: the biology and chemistry of the immune response, complement fixation, immunodiagnoses, immunoassay, immunopathology, autoimmunity, transplant and cancer immunology. *Three-hour lecture.*

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 320

Genetics

Four Credits LA

A study of transmission, population, molecular, and cytogenetics. Both in the classroom and the laboratory, the emphasis is on reinforcing basic concepts through a study of the classic experiments in genetics as well as current research. Offered every Spring. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent, or permission of instructor

BIOL 321

Evolution

Three Credits LA

Topics covered in this course include the history of evolutionary thought, the origin of life, microevolution, macroevolution, population genetics, speciation, coevolution, and critical periods in the evolution of life. In addition, an examination of social Darwinism, scientific creationism, and review of the race concept will illustrate how one's culture and values influence scientific investigations. *Three-hour lecture per week.* Offered every Fall.

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 330

Ecology

Three Credits LA

A study of the interrelations between organisms and their environments with emphasis on field techniques. Offered every Spring. *Three-hour lecture per week.*

Prerequisites: BIOL 110-111, 112-113; CHEM 111-112, 113-114 or CHEM 101, 121

BIOL 340

Comparative Anatomy

Four Credits LA

A comparative study of the organ systems of protochordates and vertebrates. Laboratory includes the dissection of the shark and cat. Offered every Spring. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 110-112, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 350

Field and Laboratory Ecology

Three Credits LA

A "hands-on" introduction to the methods employed by ecologists in field and laboratory investigations. Students will learn how to design field and laboratory studies, collect and process field and laboratory samples, and interpret ecological data.

Note: Saturday field trips may be required. *Two three-hour labs per week.* Offered every Fall.

Prerequisites: BIOL 111, 113, 330, CHEM 202 or permission of instructor

BIOL 390-391-392

Special Topics in Biology I-II-III

One-Two-Three Credits LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisite: Permission of instructor

BIOL 420

Invertebrate Zoology

Four Credits LA

An introduction to representative types of invertebrate animals through laboratory dissections, observations, and experiments with occasional field trips. Lectures emphasize morphology and progressive specialization in morphological development. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 421

Parasitology

Four Credits LA

A study of the biology of parasites of man and other vertebrates. Discussion will include types of parasites, life cycles, pathology caused by parasitism, cure and treatment, and the social and economic impact of parasitism. Laboratory work will study the parasite from slide preparations. *Three-hour lecture and three-hour lab per week.* Offered every Spring.

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 430

Embryology

Four Credits LA

A study of the principles of growth and development in vertebrates. Emphasis in laboratory is placed on amphibian and chick development. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 110-111, 112-113; General Chemistry I & II with Lab or equivalent

BIOL 440

Vertebrate Physiology

Four Credits LA

Basic principles of general physiology, including discussions of physical and chemical phenomena and the physiology of skeleton and muscle, nerve receptors, circulation, respiration, digestion and excretion, endocrines and reproduction are presented. Organ and system functions are interrelated in order to bring out the coordinated activities within the body. Emphasis is on the human organism. Offered every Fall. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 210; General Chemistry I & II with Lab or equivalent

BIOL 477

Science, Medicine and Ethics

Three Credits LA

Dual listed as CHEM 478

This course addresses the moral implications of some of the recent advances in science and medicine. Major ethical approaches to making responsible decisions are explained by the case-study method.

Prerequisite: Recommended for seniors or permission of instructor

BIOL 480-481

Research I-II

One-Three Credits LA

These courses offer the student the opportunity to do research in biology under the direction of a faculty member. At the end of her/his work, the student presents a written report and public seminar.

Prerequisites: Junior standing and permission of the Biology Chairperson

BIOL 493

Molecular Biology

Four Credits LA

This course is designed to introduce students to the behavior of molecules in cellular systems as well as diversity in gene expression via the processes of DNA, RNA, and protein synthesis. Students will participate in an intense weekly analysis of research papers from the current molecular literature. *Three-hour lecture, three-hour laboratory per week.*

Prerequisites: BIOL 301; CHEM 201-202 or 211-213 or permission of instructor

BUSINESS ADMINISTRATION

BUS 100

Introduction to Business and Management

Three Credits

This course introduces students to the world of business and the practice of management. It is designed to be an interactive and lively experience that provides the student a basic understanding of organizations, managers, business, and themselves. Students will learn to see and analyze an organization as a complete and integrated system. We will cover the dynamic world of business, the nature of managerial work, the history of managerial thought, planning and decision-making, organization structure and design, individual responsibility, and the nature of careers in today's business environment. Students will be challenged to think critically and discuss the implications of organizational action. Offered every semester.

BUS 202

Global Business & Society

Three Credits

This course introduces the student to the global business environment, with particular attention to the advantages and disadvantages of the corporate form of organization. A major emphasis will be on social, political, and cultural forces influencing global business decisions and operations; ethical challenges in the global marketplace; and other current issues such as diversity, technology, and concern for the physical environment. Offered every semester.

BUS 301

Human Resource Management

Three Credits

This course encompasses the recruitment, selection, development, and utilization of any organization's most costly resources: its employees. In addition, organization rewards systems, health and safety, and labor relations will be covered as they affect employees in organizations. The purpose of this course is to introduce the student to the field, and help the student understand the importance of human-resource management in reaching organizational goals. Offered every semester.

Prerequisite: BUS 100

BUS 302

Organizational Behavior

Three Credits

This course provides a foundation for understanding organizational behavior at the individual, group, and organizational level. The course will familiarize students with research, theories, models, concepts, and contemporary issues in the field. This course will emphasize active learning and skill development structured around the conceptual content of the course.

BUS 320

Financial Management

Three Credits

An introduction to the major topics in corporate finance. The course examines the time value of money, capital budgeting, capital structure, financial analysis and forecasting, working capital management, and the financial markets. Offered every semester.

Prerequisites: ACCT 203, ECON 101 and 102, MATH 130

BUS 340

Marketing Management

Three Credits

An introductory course examining the role of marketing in organizations. Topics include an understanding of the process of environmental analysis, marketing-information management, and market research; consumer and business buying behavior, segmentation, target-market selection, and positioning in marketing mix decisions. Marketing-mix decisions (including product management, new-product development, pricing, distribution, and marketing-communications strategies) will be discussed in view of global market forces and a globally competitive environment. The importance of awareness of legal and ethical aspects of marketing decisions will be addressed. Students will be exposed to some of the unique problems of marketing, including its place as an organization's contact with the wider social fabric; its ethical considerations; increasing globalization; and rapid technological change. Offered every semester.

Prerequisite: ECON 102 or 150

BUS 380

Business Law I

Three Credits

Dual listed as PRLG 380

Designed to cover fundamental legal principles applicable to common business transactions; the nature and function of law; court procedure; the law principles pertaining to contracts, agency, and property. Offered every Fall.

BUS 381

Business Law II

Three Credits

Dual listed as PRLG 381

A continuation of Business Law I. This course covers the law of sales of goods, commercial paper, bank transactions, and secured transactions under the Uniform Commercial Code (which now includes the CCISG for international sale of goods). As time permits, other topics are also covered, such as corporations; formation, capitalization, and control; partnerships; and insurance. Offered every Spring.

Prerequisite: BUS 380

BUS 382

Legal Foundation of Business

Three Credits

This course provides a foundation for understanding our legal system and how this system supports U.S. and global business practices. In addition, students learn basic concepts of contract law, property law, tort law, and administrative law, and are introduced to issues being raised by globalization and e-commerce. Offered every semester.

BUS 388

Operations Management

Three Credits

Topics common to both production and service operations are emphasized. Includes quantitative decision-making techniques, forecasting, various planning techniques involved in capacity, location and process, resource and materials planning, and the design of job and work measurement systems. Also included are inventory systems and models, materials management, and quality-control methods. Offered every semester.

Prerequisites: MATH 115, 130, 230 and ACCT 204

Recommended: ECON 101, 102

BUS 401

Compensation Administration

Three Credits

This course is designed to introduce students to the basic concepts of compensation including: motivation, job analysis, job evaluation, compensation survey design, merit pay, pay-plan design, benefits, and pay-plan administration. Wage theories are analyzed with consideration to legislation and management wage policies. Offered once each year.

Prerequisite: BUS 301

BUS 402

Labor Relations

Three Credits

A study of the labor movement in the United States and other countries, with emphasis on the three essential processes of collective bargaining: organizing employees, negotiating, and administering a labor contract. The course includes an examination of labor law, the role of the National Labor Relations Board, public sector bargaining, and selected contract issues. Offered once each year.

Prerequisites: ECON 101, 102

Recommended: BUS 301

BUS 410

Employment and Development

Three Credits

This course focuses in detail on a number of key elements in Human Resource Management including training, career management, and personnel and organizational development. The course enables students to engage in career planning and development as well as individual and organizational training. Offered once each year.

Prerequisite: BUS 301

BUS 420

Investment Analysis

Three Credits

An analysis of financial securities and financial markets including the linkage of the stock market and the futures market, the selection of individual securities, and the formation and management of portfolios. The course examines modern portfolio theory and its application from the point of view of an institutional portfolio manager and an individual investor. Both fundamental analysis and technical analysis are covered in the course. Offered every semester.

Prerequisites: BUS 320, MATH 115

BUS 421

Corporate Finance

Three Credits

A further study of the major topics in corporate finance with emphasis on risk, capital structure, capital budgeting, dividend policy, mergers, and leveraged buyouts. Students employ computer spreadsheets to integrate corporate financial theory. Offered every semester.

Prerequisites: BUS 320, MATH 115

BUS 422

Financial Markets and Institutions

Three Credits

Dual listed as ECON 420

See ECON 420 for course description.

Prerequisites: ECON 101 or 150

BUS 430

International Trade Management

Three Credits

This course focuses on the legal, cultural, ethical, political, and business framework within which international trade takes place. Within this larger framework, the specific mechanisms involved in exporting and importing, particularly as conducted by small- to medium-sized enterprises, are an important sub-focus. Areas to be studied include forms of business available for international trade (including strategic alliances, multinational operations, import and export brokers, and others); relationships between businesses and governments; strategic choice of mode of entry into the foreign market; political risk; international legal environment; trade financing; the European Community; NAFTA; the impact of cultural differences on trade relationship formation and maintenance; culture as a source of competitive advantage; and ethical problems. Students are required to do a term paper which involves international research (including research on-line) and analysis of the entire international trade framework for a chosen foreign country, from the point of view of a medium-sized U.S. exporter. Offered every Fall.

Prerequisite: BUS 100 or 102

Recommended: BUS 380, ECON 442

BUS 440

Marketing Communications

Three Credits

This course examines the full range of marketing-communication techniques, including advertising, personal selling, sales promotion, public relations, and point of purchase. Taking an integrated marketing-communications approach, the course emphasizes assessing an organization's external environment (economic, social, political/legal, technological) to determine appropriate mechanisms to reach targeted consumers. The legal and ethical implications of marketing decisions and practices, including deceptive advertising and unsubstantiated claims by advertisers, are addressed, as are topics of current interest such as global communications, globalization of markets, and the use of the World Wide Web as a marketing-communication medium. A term project requires development of communication strategies, and involves research both in the library and on the web. Offered every Fall.

Prerequisite: BUS 340

BUS 441

Marketing Research

Three Credits

This course focuses on the importance of establishing formal information links between an organization and its markets, and on identifying what those information needs are. Topics covered will include the importance of primary and secondary research in marketing-decision making; sources of secondary data; development of plans for research; selection of appropriate data-gathering methods; construction of data-gathering instruments; development of a sample

plan, and analysis and interpretation of the resulting information. The importance and the uses of marketing-information systems within the organizational structure will be stressed. The ethical implications of using humans as research subjects will be considered, as will the need to draw honest and accurate conclusions from sample data. Computerized data-gathering and analyzing programs (such as SPSS or Excel) will be used. Constraints and limitations of using sophisticated research tools in global marketing-research efforts will be discussed. Offered every Fall.

Prerequisites: BUS 340, MATH 130

BUS 442

International Marketing

Three Credits

The objectives of this course are to develop an understanding of marketing management across national boundaries, including development of marketing strategies in view of cultural, geographical, political, economic, and technological diversities. Various elements of marketing mix including adjustment and/or development of products, pricing, distribution, and promotion, including export-based entry modes and channels, will be discussed. Students will learn to make strategic decisions by developing and applying analytical skills in actual situations via case studies. A term project will require library research and decision making. Offered every Spring.

Prerequisite: BUS 340

BUS 450

Marketing Policies & Problems

Three Credits

This course brings together all the pieces of the marketing discipline, integrating them with the other functional areas of business. Students learn to analyze the external environmental forces of business (including ethical, social, cultural, demographic, technological, competitive, ecological, and regulatory) affecting ability to compete in the global marketplace. Using strategy-development tools such as portfolio models, the profit-impact model, input-output analysis, contribution-margin analysis, market position, product life-cycle analysis, and experience-curve effects, students learn to make short-term tactical and longer-range strategic recommendations. The case-study approach is used, emphasizing businesses with a global orientation, and firms in industries with global market scope. Quantitative and qualitative analytical skills are developed and used. A term project requires library and web search/research. A fuller understanding of the place of marketing within the firm and its interactions with the larger societal setting should result. Offered every Spring.

Prerequisite: BUS 340

BUS 477

Management Strategy and Policy

Three Credits

Restricted to seniors. An integrative course to fulfill the "capping requirement." It draws on all the functional areas of management, related field requirements, and core studies. The purpose is to engage the student in the process and content of strategic management and planning. External, industry, and internal environmental analytic techniques are employed in crafting firm strategy and creating sustainable competitive advantages in a hyper-competitive, global business community. Additional topics include competitive intelligence, strategic implementation, and managerial evaluation. Offered every semester but most sections primarily offered every Spring.

Prerequisites: BUS 301, 320, 340

CATHOLIC STUDIES

CAST 200

Catholic Studies I: Medieval Europe

Three Credits LA

Dual listed as HIST 248

See HIST 248 for course description.

CAST 201

Catholic Studies II: The Catholic Church in Modern Times

Three Credits LA

Dual listed as HIST 250

See HIST 250 for course description.

CAST 202
Catholic Thought and Spirituality

Three Credits LA

Dual listed as REST 243

See REST 243 for course description.

CAREER DEVELOPMENT

CRDV 100

Employment Practicum

One Credit

This course seeks to develop an understanding of employment practices through an integration of personnel management principles, research and marketing techniques, and business and interpersonal communication. In addition, students will develop practical skills to facilitate their search for professional employment including: writing effective resumes, preparing job search correspondence, improving interview skills, networking, and job prospecting. This course is primarily taught via the World Wide Web. No advanced technical skills are needed; however, Internet familiarity is helpful.

CRDV 105

Career Planning and Decision Making

One Credit

This course seeks to develop and strengthen a student's ability to utilize self-assessment, critical thinking, and research techniques to define personal characteristics, identify and research career options, and develop an understanding of labor market trends and forecasting. The emphasis is on making an informed decision about choice of major and career. This course combines in-class sessions with World Wide Web-based lessons. Internet skills needed for the course are taught in the first few class sessions.

CHEMISTRY

CHEM 101

Introduction to Chemistry

Three Credits LA

A basic introduction to chemistry emphasizing the language of chemistry, its fundamental concepts, and development of problem-solving skills. This course provides appropriate background for students with insufficient preparation in high school chemistry who may wish to take General Chemistry I-II. Offered each semester. *Three-hour lecture per week.*

CHEM 109

General Chemistry IA

Three Credits LA

This course, followed by CHEM 110, meets the requirements of CHEM 111, General Chemistry I, and prepares the student majoring in science for CHEM 112, General Chemistry II. The CHEM 109-110 alternative to CHEM 111 should be elected by students with inadequate high school preparation in chemistry and mathematics. This course examines mass/energy relations in chemical reactions, classification of reactions, and the behavior of gases. These topics are finished at the same level as they are in CHEM 111, but are begun at a more elementary level, with full exposition of mathematical methods and problem-solving techniques. Offered every Fall. This course may not be used to satisfy the science Core/LS requirement. *Three-hour lecture per week.*

CHEM 110

General Chemistry IB

Three Credits LA

This course continues CHEM 109. This course examines atomic structure, periodic properties of the elements, chemical bonding and structure, the properties of solids and liquids, and of solutions. The topic of chemical equilibrium is introduced. In anticipation of CHEM 112, a preliminary study of acid-base and oxidation-reduction reactions is undertaken. Offered every Spring. This course may not be used to satisfy the science Core/LS requirement. *Three-hour lecture per week.*

Prerequisite: CHEM 109 or permission of instructor

CHEM 111

General Chemistry I

Three Credits LA

An introduction to mass/energy relationships in chemical reactions, the modern concept of the atom, chemical periodicity, chemical bonding, and the struc-

ture of chemical compounds. Subsequently the states of matter and the physical properties of solutions are examined. The topic of chemical equilibrium is introduced. Offered every Fall. *Three-hour lecture and one problem session per week.*

CHEM 112

General Chemistry II

Three Credits LA

Primarily a treatment of reactions, equilibrium, kinetics, acid-base theory, electrochemistry, and radiochemistry. The course concludes with a detailed study of the reactions and properties of inorganic compounds. Offered each semester. *Three-hour lecture and one problem session per week.*

Prerequisite: CHEM 111 or permission of instructor

CHEM 113

General Chemistry Laboratory I

Two Credits LA

A beginning formal study of experimental methods and techniques. Experiments apply principles learned in General Chemistry I and furnish observations upon which lecture discussions are based. Offered each semester. *Four-hour laboratory per week.*

Corequisites: CSIS 152 or equivalent skills and CHEM 110 or CHEM 111 or permission of instructor

CHEM 114

General Chemistry Laboratory II

Two Credits LA

A continuation of General Chemistry Lab I. The application of theories taught in General Chemistry II. Working knowledge of spreadsheets required. Offered each semester. *Four-hour laboratory per week.*

Prerequisite: CHEM 113

Corequisite: CHEM 112 or permission of instructor

CHEM 201

Introduction to Organic Chemistry

Three Credits LA

This one-semester course is designed to give biology, environmental-science, and medical-technology students who are not oriented toward graduate school or medical school a basic understanding of the principles of Organic Chemistry. Offered each semester. Fulfills a chemistry requirement for Environmental Science and Medical Technology.

Prerequisite: CHEM 111-112 or CHEM 101

CHEM 202

Introductory Organic Chemistry Laboratory

One Credit

This laboratory course is designed to accompany the course "Introduction to Organic Chemistry." Science majors other than chemistry majors may use these courses to satisfy their organic chemistry requirements. The topics include separation techniques, physical and chemical properties of organic compounds, and an introduction to infrared and nuclear magnetic resonance spectroscopy. Offered each semester. *Three-hour laboratory per week.*

Pre- or Corequisite: CHEM 201

CHEM 211-212

Organic Chemistry I-II

Three Credits each LA

The structure and reactions of organic compounds with emphasis on the mechanisms by which these reactions take place. Physical properties, stereochemistry, and the effect of structure on reactivity are also discussed. The use of the rate equation is emphasized in understanding the orientation and reactivity of reactors. Offered every year. *Three-hour lecture per week.*

Prerequisites: CHEM 111-112, 113-114

CHEM 213

Organic Chemistry Laboratory

Two Credits LA

The student performs experiments designed to teach the experimental techniques used by the organic chemist. Several weeks are devoted to the structural determination of organic molecules. The student is exposed to both physical (NMR and IR) and chemical methods of structure determination. Offered every Spring. *Four-hour laboratory per week.*

Pre- or Corequisite: CHEM 211

CHEM 310

Environmental Chemistry

Three Credits LA

Dual listed as ENSC 310

This course includes detailed coverage of water, soil, and air environments. It is designed to provide the student with an understanding of the reactions, transports, and effects of naturally occurring chemical systems. The major anthropogenic pollutants and their effects upon the environment will also be studied. Offered every Fall.

Prerequisites: CHEM 111-112, 113-114, 201 or 211

CHEM 351

Quantitative Analysis

Four Credits LA

This course applies general chemistry knowledge and techniques to the measurement of chemical species. The material covers gravimetric and volumetric methods as well as data analysis, sample treatment, and an introduction to the analytical process. The techniques covered have applications for many subject areas including chemistry, biology, environmental science, and forensic science. *Three-hour lecture, four-hour laboratory per week.*

Prerequisites: CHEM 111-112, 113-114

CHEM 352

Instrumental Methods of Analysis

Four Credits LA

This course extends the knowledge of the analytical process to include the theory and application of modern instrumental methods including separation methods and spectroscopic techniques. The material covered has applications to many subject areas including chemistry, biology, environmental science, and forensic science. *Three-hour lecture, four-hour laboratory per week.*

Prerequisites: CHEM 111-112, 113-114

CHEM 361

Physical Chemistry I

Three Credits LA

Treatment of the laws of thermodynamics and the thermodynamic state functions. Application of thermodynamic principles to chemical systems. Methods of analysis and interpretation of chemical kinetic data, and a study of reaction mechanisms and elementary kinetic theories. *Three-hour lecture per week.*

Prerequisites: CHEM 111-112, PHYS 111-112 or permission of instructor

Corequisite: MATH 343

CHEM 362

Physical Chemistry II

Three Credits LA

An examination of the transition from classical to wave mechanics and a treatment of the postulates of wave mechanics and their application to simple systems. Wave mechanical studies of atomic and molecular structures, spectra, and photochemical processes. An introduction to the statistical mechanical treatment of equilibrium and of non-equilibrium states. Some special topics like solid-state chemistry, surface properties of materials, etc. *Three-hour lecture per week.*

Prerequisites: CHEM 111-112, PHYS 111-112 or permission of instructor

Corequisite: MATH 343

CHEM 363

Experimental Physical Chemistry

Two Credits LA

An exposure to some fundamental studies of chemical systems. *Four-hour laboratory per week.*

Corequisite: CHEM 361

CHEM 420

Biochemistry I

Three Credits LA

A study of the structure and function of molecules of biological significance, intermediary metabolism, the role of enzymes, and of the biochemistry storage, replication, and transmission of genetic information. *Three-hour lecture per week.*

Prerequisite: CHEM 211-212

Recommendation: BIOL 110-111

CHEM 421

Biochemistry II

Three Credits LA

Continued consideration of metabolism and the biochemistry of genetic information. Discussion of selected topics, including mechanisms of membrane transport, hormone action, and neurotransmission.

Prerequisite: CHEM 420

CHEM 422

Biochemistry Laboratory

Two Credits LA

This laboratory exposes the student to selected biochemical techniques. Topics include several types of chromatography, electrophoresis, enzyme characterization, protein assays. *Four-hour laboratory per week.*

Prerequisites: CHEM 213, 420

Corequisite: CHEM 421 (recommended)

CHEM 430

Advanced Inorganic Chemistry

Three Credits LA

An advanced treatment of special topics in inorganic and transition metal chemistry. *Three-hour lecture per week.*

Prerequisite: CHEM 361-362 or permission of instructor

CHEM 440

Advanced Organic Chemistry

Three Credits LA

An advanced treatment of selected topics chosen by the instructor. These topics may include the theory of resonance, stereochemistry of carbon compounds, reaction mechanisms, and synthesis. Offered biennially.

Prerequisite: CHEM 211-212

CHEM 460

Polymer Chemistry

Three Credits LA

This course demonstrates to the students how to apply the basic principles of organic and physical chemistry to the understanding of the physical properties of polymers. This involves impressing upon the students the role that statistics and conformations of polymers play in the correlation of molecular architecture and physical properties. Offered biennially.

Prerequisite: CHEM 211-212

Corequisite: CHEM 361

CHEM 477

Advanced Integrated Laboratory

Four Credits LA

This course, which is required of all chemistry majors, will give the student an opportunity to have a structured project experience under the direction of the chemistry faculty. The success of the project will depend upon the ability of the student to integrate his/her knowledge of chemistry and apply it to the solving of a practical problem. Work begins in the Fall semester for this course but registration and the awarding of credit takes place in the Spring semester. *Ten-hour laboratory per week.*

Prerequisites: CHEM 211-212, 213, 351, 352, 361, 362, 363 and a C average in all the ACS core courses

CHEM 478

Science, Medicine & Ethics

Three Credits LA

Dual listed as BIOL 477

The course addresses the moral implications of some of the recent advances in science and medicine. Major ethical approaches to making responsible decisions are explained by the case-study method. Offered each semester.

Prerequisite: Seniors status or permission of instructor

CHEM 482-483

Research I-II

Three Credits each LA

This course offers the student the opportunity to do basic research under the supervision of a faculty member. At the end of his work, he/she presents a written report and an oral report to the seminar.

Prerequisites: Junior standing and permission of department

COMMUNICATION

COM 100

Communication Principles

Three Credits LA

This course surveys the nature and state of human communication in a diverse array of mediated and non-mediated contexts. It identifies links and coherence in the field of communication studies. It introduces students to the essential concepts and fundamental theories which describe the process, function, character, and practice of public and private communication. Particular attention is given to the nature and function of symbols in the production of meaning.

COM 101

Public Presentations

Three Credits LA

An introduction to the preparation, presentation, and evaluation of basic speech experiences for small groups, meetings, and mass audiences. The integration of content, physical performance, and mastery of multimedia-media presentation-technology is stressed. This course employs peer and, ultimately, instructor evaluations which are based on organization of ideas, development and support of a thesis, verbal and visual aesthetics, and platform performance.

COM 107, COM 207, COM 307, COM 407

Special Topics in Communication

Three Credits each LA

Identifies and explores a topic or theme in communication not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

COM 110

Principles of Advertising

Three Credits LA

The function of advertising and its communication role in contemporary society. Emphasis is placed on the interlock between strategic planning and creative tactics used by national advertisers and their agencies, employing national and regional media vehicles. Current information and materials from agency and media sources are studied in geodemographic and psychographic contexts.

Prerequisites: ENG 117, Sophomore standing

COM 155

Media Literacy

Three Credits LA

Media Literacy is an introduction to the study of the visual modalities of communication, with an emphasis on picture-based media (film, television, photography, new technology, and the graphic arts). Topics include: visual and aural "literacy," visual manipulation, the social functions of images, and the role of visual media in the cultural process.

COM 200

Communication Research: Strategies and Methods

Three Credits LA

This course introduces students to the practice of communication research in academic and applied settings. The emphasis will be on how to identify, evaluate, and apply research findings to communication needs. It grounds students in fundamentals of research design and strategy, data gathering, and analysis for a variety of qualitative and quantitative communication research methodologies.

Prerequisite: COM 100

COM 201

Communication in Society

Three Credits LA

This course surveys mediated communication – its technologies, history and development, functions, structures, operations, political economy, norms, practices, and roles in contemporary society. It examines how culture constructs, and is constructed by, media, and how we come to define ourselves as individuals and as communities in a dynamic technologically driven world. Students will learn how to become critical consumers of media.

Prerequisite: Sophomore standing

COM 202

Communication Ethics

Three Credits LA

This course addresses the moral uses of communication. It covers the methods of systematic critical evaluation of communication and different philosophical

grounds for evaluating the ethics of communication. The resultant framework of ethical values and methods of evaluation is then applied to cases of communication in the following settings: personal relationships, professional relationships, broadcast and print news, computer-information networks, advertisements, public-relations programs, political campaigns, and the popular entertainment arts of books, music, films, and television.

Prerequisite: Sophomore standing

COM 203

Interpersonal Communication

Three Credits LA

An examination of the ways in which people communicate through verbal and nonverbal symbols, the processes by which the receiver interprets messages, the effects of communication upon relationships, and the environmental and cultural conditions that affect communication. Intrapersonal and interpersonal communication are studied as a means of helping the student improve his own skills and to provide a foundation in basic communication theory.

Prerequisite: Sophomore standing

COM 204

Argumentation and Debate

Three Credits LA

A student enrolled in this class will learn how to formulate and analyze propositions, develop and conduct strategies for research, organize and analyze arguments, prepare cases, and evaluate support for arguments. Students will also learn techniques for the presentation of arguments in formal contexts, and techniques for cross examination.

COM 205

Introduction to Linguistics

Three Credits LA

Dual listed as ENG 201

See ENG 201 for course description.

COM 210

Writing for Advertising

Three Credits LA

Developing strategic copywriting skills for national brands, principally in print media. Emphasis is placed on the systematic preparation of background information and materials to facilitate conceptual thinking and creative problem solving. Students learn techniques for idea generation, critiquing, and formal presentation.

Prerequisite: COM 110

COM 241

Journalism I

Three Credits LA

Dual listed as ENG 322

The philosophy and function of the newspaper with classroom instruction and professional guidance in laboratory practice.

Prerequisite: ENG 117

COM 250

The History of the Modern Theatre

Three Credits LA

Dual listed as ENG 355

See ENG 355 for course description.

COM 255

Communicating on the Internet

Three Credits LA

This course will prepare students to communicate via the Internet and the World Wide Web (www). It will introduce students to Hypertext Markup Language and related coding strategies, design principles for the web, and use of multimedia elements in web production. Students will be involved in creating online projects. Each student will develop websites as well as the ability to analyze, evaluate, and critique online content.

Prerequisite: CSIS 150

COM 270

Organizational Communication

Three Credits LA

An investigation of the theories and processes of communication within organizations. Traditional and emerging organizational theories and processes are discussed. Case studies are analyzed that integrate theory into practice.

COM 285

Broadcasting

Three Credits LA

Introduces the student to the forms, functions, and contents of radio and television in society. The historical contributions, the social implications, the entertainment value, and the regulatory limitations on broadcasting as an industry and public service are all investigated. Contemporary research issues and the impact of new technologies are discussed.

Prerequisite: Sophomore standing

COM 286

The Art of the Film

Three Credits LA

The purpose of the course is to bring about a greater understanding of the medium as a co-creative communication art. The techniques, aesthetics, forms, functions, effects, and value questions related to the cinema are examined. The various methods of film study are discussed and applied.

Prerequisites: Sophomore standing; ENG 117

COM 287

Television Production

Three Credits LA

An investigation of the techniques of television in order to familiarize the student with television studio equipment and broadcast procedure.

Prerequisite: Sophomore standing

COM 289

Writing for the Media

Three Credits LA

Dual listed as ENG 327

A study of the forms of writing for radio and television. Applications of skills and techniques include the commercial and public service announcements. News, documentary, and public-affairs programming are prepared following audience analysis. Professional writers as guest lecturers, use of the campus TV studios, and field trips off-campus are featured.

Prerequisites: ENG 117, Sophomore standing

COM 300

Mass Communication Law

Three Credits LA

This course will review major legal issues affecting mass communication. Issues discussed will include: First Amendment freedoms, libel/slander, rights of privacy and the media, the conflict between free-press and fair-trial considerations, obscenity, regulations specifically relating to broadcasting and the Federal Communication Commission, regulations specifically relating to advertising, and copyright laws. A major focus of the course will be on the philosophy underlying legislation that has been passed and that is currently under consideration. Major cases pertinent to each topic will be studied in an attempt to help the student understand why the law is as it is. Ethical considerations will be discussed throughout the course.

COM 301

Small Group Communication

Three Credits LA

An investigation of the theories and processes of communication within small groups. Students work in small groups to integrate theory with experience.

Prerequisite: COM 203

COM 302

Persuasion

Three Credits LA

A study of contemporary theories of persuasive message design in mediated and interpersonal contexts. The course examines the roles played by language, culture, message content, and media in persuasion. Students analyze a variety of persuasive artifacts, learn how to detect deception, and learn how to construct effective persuasive messages.

Prerequisite: ENG 117

COM 304, COM 402

Seminar in Communication

Three Credits each LA

Advanced study in communication.

COM 305, COM 403

Independent Research in Communication

Three Credits each LA

Directed independent study and research under the supervision of a faculty member.

Prerequisites: Permission of instructor and Dean

COM 306, 308, COM 309

Internship in Communication

One, Three, or Six Credits each

Designed to be a professional work-related experience. Provides the student with a practical, hands-on opportunity to apply theory in a professional work setting. Seminar meetings afford students a chance to critically examine the relationship between theory and practice. Successful students will enhance their knowledge of communication theory and skills in a real-life atmosphere under the supervision of practicing professionals in advertising, journalism, multimedia, public relations, radio, television, and film.

Prerequisites: Junior standing and permission of Internship Director; CRDV 100N.

Note: Internships carry general elective credit and may not be used to fulfill requirements for the major.

COM 310

The Broadcast Commercial

Three Credits LA

Development of radio and television scripts and storyboards for advertising commercials. Research data and information for assignments provided by national TV and radio industry sources. Practice in using accepted commercial formats and preparation of concepts to national broadcast standards. Student teams prepare complete television/radio campaigns for national brands. Offered every Spring.

Prerequisites: COM 110, COM 210

COM 311

Retail Advertising and Promotion

Three Credits LA

Organizing, planning, and executing advertising for the special needs of retail, local, and small-business advertisers. The difference between such advertising and national branded-products promotion is emphasized. Three levels are examined: identity/"image," item-price promotion, and use of "events" to reach new audiences and build traffic. Students prepare prototype campaigns for real merchandising categories.

Prerequisites: COM 110, COM 210

COM 312

Direct-Response Advertising

Three Credits LA

Planning strategy and tactics, and developing copy and visual concepts to promote direct sales of consumer and industrial products using print, broadcast, mail, and telemarketing media. Execution of campaigns for real products in entrepreneurial frame. Computerized analysis of data-base information for targeting.

Prerequisites: COM 110, COM 210

COM 313

Media Planning

Three Credits LA

Media Planning is the bridge between advertising and product/service marketing. It operates with both marketing and audience data. It is the job of the media planner to marry the data sets so that the placement of the advertising messages best satisfies the marketing objectives. There are many components in this process: budget allocation, audience, consumer profiles, sales geography, popular culture, and media economics.

Prerequisite: COM 110

COM 321

Screenwriting

Three Credits LA

This course is designed to teach students basic skills needed to write effective television and motion-picture fiction scripts. Fundamental techniques covered include, but are not limited to, character development, creation of dramatic conflict, dramatic paradigm structure, compelling filmic scene and sequence construction, and industry-accepted script formats.

Prerequisites: ENG 117, Sophomore standing

COM 325

Intercultural Communication

Three Credits LA

Intercultural Communication provides an overview of the study of communication and culture. Both intracultural (i.e., communication between members of the same culture) and intercultural (i.e., communication between members of different cultures) aspects of communication will be examined. The focus will be upon isolating similarities and differences in intracultural and intercultural communication. Areas studied will include increasing understanding of the relationship between communication and culture; explaining the role of cultural patterns; verbal and nonverbal codes in the development of intercultural relationships; and explaining obstacles.

Prerequisite: Sophomore standing

COM 326

Public Discourse II

Three Credits LA

Public Discourse II builds on principles developed in Public Discourse I. Public Discourse II is a rhetorical criticism workshop. The course explores public discourse and rhetorical theory through a series of thematic case studies. Students learn both how to develop and how to apply rhetorical theory. Students work extensively with primary sources as they develop an understanding of individual cases.

Prerequisite: COM 225 or permission of instructor

COM 334

Play Directing

Three Credits LA

Dual listed as ENG 350

See ENG 350 for course description.

COM 335

American Drama I

Three Credits LA

Dual listed as ENG 340

See ENG 340 for course description.

COM 336

American Drama II

Three Credits LA

Dual listed as ENG 341

See ENG 341 for course description.

COM 337

Modern Drama

Three Credits LA

Dual listed as ENG 363

See ENG 363 for course description.

COM 338 and 339

English Drama I & II

Three Credits each LA

Dual listed as ENG 320-321

See ENG 320-321 for course descriptions.

COM 340

Journalism II

Three Credits LA

Dual listed as ENG 426

This course is designed to enhance writing and reporting skills. Emphasis is placed on advanced research, investigative, and probing techniques demonstrated in the actual writing of news and feature stories.

Prerequisite: COM 241

COM 341

The Press in America

Three Credits LA

This course offers an in-depth examination of the news media and their effect on American society. The course is divided into three sections: The First Amendment and the philosophical roots of freedom of expression; contemporary issues involving press ethics, law, media technology, and economics; and the history of the press in America. Both print and broadcast media are studied.

Prerequisite: Sophomore standing

COM 342

Readings in Journalism

Three Credits LA

This course is designed to enhance the student's ability to understand and critically evaluate the techniques used by various writers/reporters in gathering data and symbolically re-creating the world around them. Works from several periods are studied both as literature and as journalism.

Prerequisite: Sophomore standing

COM 344

Feature Writing

Three Credits LA

Feature writing is a writing workshop designed for students with advanced writing skills. Students will write and rewrite feature articles and engage in group critique. Students will learn how to develop their own story ideas and have the freedom to explore the range of feature writing, such as personality profiles, features of place, and issues of feature. The course requires motivation and the ability to engage in and be comfortable with the give-and-take of mature and considered public criticism from one's fellow students and the instructor.

Prerequisite: COM 340

COM 345

Photojournalism

Three Credits LA

Dual listed as ART 345

The art of reportage or documentary photography as it relates to newspaper and journal reporting. Offered when there is sufficient student interest.

Prerequisites: COM 241, ART 145

COM 346

Radio News I

Three Credits LA

The purpose of the course is to familiarize the student with the accepted industry practices in the field of radio news. Readings, lectures, in-class drills, and field assignments will be employed to convey skills necessary for newswriting and reporting for radio.

Prerequisite: COM 241

COM 355

Applications in Digital Communication

Three Credits LA

Digital multimedia projects in mass communication will be developed from among advertising, journalism, public relations, radio, and television areas. The purpose of this course is for each student to create a multimedia project. In the process, students will use their individual writing, reporting, photography, and audio/video skills to develop a concept, produce separate elements and, finally, assemble and complete their project. The resultant computer application, whether on CD-ROM or on the World Wide Web, will include text, graphics, photos, sound, and moving video – resulting in a new experience for the student as well as the end-user (consumer).

Prerequisites: ART 231, COM 255

COM 356

Interactive Media

Three Credits LA

This course will continue to build the student's expertise in multimedia production and project management. Students will explore an array of interactive communication problems impacting modern society and organizations. This course will focus on exploration of new developments in multimedia hardware, software, and online resources and require each student to investigate a specific area of multimedia development and report to the group in a seminar format. Each student will develop a multimedia portfolio of work accomplished individually and/or as part of a production unit.

Prerequisites: COM 355, COM 245

COM 370

Public Relations

Three Credits LA

Principles and practices now in vogue in the field of public relations. The theory, history and utilization of public relations, especially in 19th- and 20th-century America, are explored. Students learn the complexities involved in public relations, enhancing their ability to function in practical roles associated with the field.

Prerequisite: COM 270 or permission of instructor

COM 375

Public Opinion

Three Credits LA

This course examines the nature of public opinion, how it is formed, maintained and/or changed. Various methods of measuring public opinion are studied, as are the validity and accuracy of samples used in the process. The historical development of public opinion and its influence in the process of decision making in American society are investigated. Case histories are explored and the circumstances related to each are reviewed. Students will have an opportunity to create an instrument, implement, and analyze the data collected.

Prerequisites: COM 270, COM 200 or permission of instructor

COM 385

Women and Film

Three Credits LA

An examination of gender differences reflected in film. The course will focus on how women are depicted in Hollywood films, the "gaze," the patriarchal structure of the film industry, the psychological position of the female spectator, and cultural differences between Hollywood films and foreign films. Readings will draw from feminist, psychoanalytic, semiotic, and sociological perspectives. Offered every two years.

Prerequisite: Sophomore standing

COM 386

America and the Movies

Three Credits LA

Dual listed as HIST 316

This course will use American films in a variety of ways. One perspective will be the film as an artifact, reflecting the moods of a particular moment of time. In addition, selected films will be seen as interpretations of the American story, conveying images of popular culture and history. Finally, the film experience will be analyzed as both art and entertainment. Course content will vary from offering to offering.

Prerequisite: Sophomore standing

COM 387

Audio for the Media

Three Credits

This course serves as an introduction to contemporary audio-production techniques for radio, broadcast and cable television, motion pictures, the theater, and the music-recording industry. The basics of voice development, recording and production techniques, and an introduction to MIDI computer-assisted music are covered. Assignments include the production of radio music shows, news features, spot announcements, and television voice-overs.

Prerequisite: Sophomore Standing

COM 389

Communication Revolution

Three Credits LA

This course examines the economic, ethical, legal, social, political, and psychological issues associated with new communication technologies. It will focus on the problems of and potential for new media by examining their impact on society. The student will be exposed to the history, technologies, and consequences of these media, which have quite literally "revolutionized" our true lives and our expectations of what our lives should be. Beginning with McLuhan's premise that "the medium is the message," the course will explore how human methods of communication have evolved and revolved around the development of succeeding generations of technological development.

Prerequisite: Junior standing

COM 390

Film and Literature

Three Credits LA

Dual Listed as ENG 339

An interdisciplinary examination of the working relationship between written and filmic literature – and the ways filmmakers rethink, modify and, in many cases, reinterpret literature for their purposes. The course will, at the same time, examine how those filmic modifications – dictated by the demands of a different medium – help illuminate the original piece of literature and its contexts. The examining process will draw upon structural elements such as plot, setting, characterization, and point of view that are common to both creative forms, highlighting similarities and analyzing reasons for differences that

emerge. Team taught by a member of each discipline. Offered at least once every three years.

Prerequisites: Junior standing and at least three credits of Core literature

COM 391

Documentary Film

Three Credits LA

This course is an examination of documentary film and video, both as a film movement and as a record of history. The course surveys the historical development of documentary starting with the Lumiere Brothers and ending with new trends in documentary. Filmmakers examined include: Robert Flaherty, Pare Lorentz, Frederick Wiseman, Leni Reifenstahl, John Grierson, John Huston. Various trends in documentary will be explored such as: documentary as social advocate, Cinéma Vérité, propaganda, ethnographic uses. The impact of the documentary movement on society will be explored.

Prerequisites: Sophomore standing and COM 286

COM 392

Television News I

Three Credits LA

TV News: the process, problems, and potential. Students will be introduced to the skills needed to produce television news packages or stories, and the ways to critique television news. Emphasis will be placed on blending news judgment with electronic field-production techniques and tools.

Prerequisites: COM 346 or COM 289 & COM 287

COM 393

Advanced Television Production

Three Credits

Creative problems in television production and direction. Advanced program design, lighting, audio, camera, and electronic equipment.

Prerequisite: COM 287

COM 394

Corporate Video

Three Credits LA

The principles and applications of visual communication from the organization's perspective are addressed in this course. It will cover the planning, scripting, budgeting, and evaluation of video productions, from corporate training to video promotions.

Prerequisite: COM 287 or COM 370

COM 395

Experimental Film and Video

Three Credits LA

Examines the theory and practice of a major 20th-century art movement from its origins in DADA to more recent minimalist and structuralist works. The course focuses on how experimental film and videos differ in form, technique, and content from the more traditional narrative and documentary movements. These works often break the rules of conventional Hollywood structure, often take abstract forms, often attempt to exteriorize the thoughts, or explore the nature of, film and video itself, or examine how the eye sees. The course explores how these films embody the theory of art movements such as Dada, surrealism, abstract expressionism, minimalism, and structuralism. The course examines the works of Marcel Duchamp, Luis Buñuel, Man Ray, Maya Deren, Kenneth Anger, James Broughton, the Whitney Brothers, Stan Brakhage, Michael Snow, and others.

Prerequisites: Sophomore standing and COM 286

COM 396

Media Performance Techniques

Three Credits

This course provides the student who is serious about a career in front of the camera or mic with an opportunity to analyze, synthesize, and refine their media performance skills in a number of key areas, including that of electronic journalism (including sportscasting), dramatic and comedic acting, documentary and corporate video narrative, and radio deejay performance.

Prerequisite: Sophomore standing

COM 397

Advanced Lighting Techniques

Three Credits

The craft of lighting is "the deliberate manipulation of light and shadow for specific and predictable communication purposes." During this course, through image analyses as well as studio and location shoots, the student becomes proficient in the control of lighting as a crucial communication tool. The craft (and art) of lighting is studied and applied in combination with camera angles and make-up in order to define and bring to life the characterization concepts of writer, director, and actor.

Prerequisites: Sophomore standing; COM 287

COM 398

Advanced Editing Techniques

Three Credits

The course provides the student with an opportunity to apply and refine the editing skills and techniques acquired during television, film, photography, and other communication art courses. The student also learns to use and control such time-warping techniques as Time Compression and Expansion.

Prerequisite: Sophomore standing

COM 399

Technology of Electronic Communication

Three Credits

This course includes topics such as the interpretation of waveform monitors, use of color bar and tone generators, basic understanding of A/C, D/C, and functions of some common test equipment. Discussions and demonstrations of common state-of-the-art communication devices such as FAX, CCD, imaging, cable, fiber optics, DBS technology, and HDTV. Though technical in nature, the course will be taught in non-engineering terms.

Prerequisites: COM 285; Junior standing

COM 400

Gender, Culture and Communication

Three Credits LA

Gender, Culture and Communication explores the dynamics between gender, communication, and culture in today's society. Areas studied will include: how communication creates and perpetuates gender roles; how human behavior reflects socially created gender roles; how people can act and communicate to improve their individual and collective lives in terms of gender roles. This is an experiential course in which students will connect theory and research with their own lives.

Prerequisite: Junior standing

COM 401

Communication Capping

Three Credits LA

A capping course required of all Senior Communication Majors. The capping course brings coherence to a student's experience in the major by creating connections among the various sub-fields in which students have specialized, and it reinforces connections between the communication major, the student's "cognate," and a student's experience in the "CORE."

Prerequisite: Senior standing

COM 406, COM 408, COM 409

Advanced Internship in Communication

Nine, Twelve, or Fifteen Credits each

A professionally oriented seminar in which the student spends a part- or full-time apprenticeship learning and contributing to the operation of a communication-related facility. Completion of major requirements, course prerequisites, departmental screening, and clearance by the facility involved are necessary for participation in the seminar. The student is evaluated at the end of the semester by a facility supervisor and a faculty member who periodically visits the newspaper, radio or TV station, advertising agency, industrial or educational complex, or any other related facility where the student spends the senior seminar.

Prerequisites: Permission of internship director, CRDV 100N

Note: Internships carry general elective credit and may not be used to fulfill requirements for the major.

COM 410

Advanced Copywriting

Three Credits LA

A professionally oriented class designed to build on the knowledge and skills already acquired in introductory courses in advertising. A prerequisite for this

course is a working knowledge of both marketing and advertising strategies. In this course the emphasis will be on the advanced problem-solving processes, techniques, and copywriting skills necessary for creating superior advertising campaigns. Students in this course participate in theoretical, as well as practical, illustrative solutions to complex problems typical in the world of advertising. A "portfolio" of advertising campaigns is prepared by each student. Offered in the Fall semester.

Prerequisites: COM 110, COM 210

COM 411

Business-to-Business Advertising

Three Credits LA

The course is designed to teach students to understand why proven advertising techniques that work in consumer markets are difficult to apply in business-to-business advertising. The question is raised and answered: "What drives decision-making in organizations?" An analysis of business-to-business markets is explored with respect to potentially profitable segments and position products. Studies are performed of the consistency of selected corporations, advertising objectives, and corporate goals. Attention is also paid to the effects of three components of business-to-business advertising: campaign/money, media, and message.

Prerequisites: COM 110, COM 210

COM 412

Advertising Research

Three Credits LA

This course explains the basic concepts of media research. It includes the planning of advertising measurement and methodologies for measuring advertising campaigns and messages. Recognition tests, recall and association tests, opinion and attitude ratings, projectile methods, laboratory testing, and analysis of content are each explained and studied. Research applications focus mainly, but not entirely, on audiences of the mass media including electronic and printed media. Theme Research, Selected Target Audiences, Copy Research, Advertising Frequency Studies, Media Research, and Budget Research are topics considered in the course.

Prerequisites: COM 110, COM 210

COM 420

Three Credits

This course builds on the basic public presentation skills students have already acquired. It is designed to facilitate an advanced understanding of techniques (e.g., defusing a hostile audience, advanced delivery aspects, etc.), strategies (advanced persuasion formats), and tools (e.g., humor, PowerPoint, video-assisted feedback, etc.), that are often used in professional communication situations.

Prerequisite: COM 101

COM 421

Advanced Screenwriting

Three Credits LA

This is a workshop course for students to originate, develop, and finalize motion picture and/or television fiction screenplays. The aim is to create unique and marketable dramatic characters and place their stories into a structured, camera-ready, and industry-oriented context.

Prerequisite: COM 321 or permission of instructor

COM 425

Comparative Communication Theory

Three Credits LA

This course is an in-depth look into how theorists have conceptualized the communication process. It focuses on comparing, contrasting, and evaluating different theoretical and philosophical approaches. Students will apply theories to analyze communication phenomena in detail.

COM 438

Shakespeare

Three Credits LA

Dual listed as ENG 325

See ENG 325 for course description.

COM 440

Advocacy Journalism On-line

Three Credits LA

Through a series of readings, students will examine the historical and political roles of advocacy journalism in the United States. They will compare this

unconventional communication vehicle to conventional journalism. In the process, students will become advocates for individual causes, and will engage in extensive reporting, research, and writing on these topics. These articles would eventually be published in an electronic magazine *The Advocate*, on the college's World Wide Web home page.
Prerequisite: COM 340

COM 441
Newspaper Editing

Three Credits LA
This course introduces students to the basic skills of newspaper copy editing: layout, headline writing, and editing. Weekly lab sessions are held. Through class discussions and essay assignments, students are encouraged to think critically about the nature of news, the uses of the print medium, and editorial decision making.

Prerequisite: COM 340

COM 442
Multimedia Reporting

Three Credits LA
Students will analyze and create interactive news information products using a variety of media. They will apply goal-based scenario theory, an educational communication theory used for designing purposeful interactive multimedia.
Prerequisites: COM 340 and one print reporting/writing course beyond COM 340

COM 443
Narrative Journalism

Three Credits LA
Narrative Journalism is designed for journalism students who seek to sharpen their writing and analytical skills by examining some of the most compelling texts of book-length and periodical journalism of intellectual depth from the last decade.

Prerequisite: COM 340

COM 444
Specialized Journalism

Three Credits LA
This course is designed to provide deeper reporting experiences, focused on a particular area of reporting, enabling the student to more fully explore the typical problems encountered in reporting that field and to become familiar with the resources available. The specific field covered will change each semester, among such topics as Science Reporting, Religion Reporting, Economic Reporting, and Arts, Entertainment and Fashion Reporting.
Prerequisite: COM 340

COM 445
Sports Reporting

Three Credits LA
This course is designed to broaden and deepen a student's understanding of sports reporting and to sharpen and develop the student's writing skills. It also recognizes that today's sports reporters must cover more than scores and games and find the stories beyond the games. Personalities, social and economic forces, labor-management conflicts, legal and ethical concerns, and fan behavior are all part of the sports reporter's beat. Students will cover sporting events and write feature and sidebar stories and columns. They will follow national and local sports stories and analyze examples of professional sports writing. In addition, students will be required to become familiar with the field of sports-information directing and its intricacies.

Prerequisites: COM 241, Sophomore standing or permission of instructor

COM 446
Radio News II

Three Credits LA
For the student familiar with radio news writing and reporting, this course offers an opportunity to go beyond the fast-paced short reports of breaking radio news. Students employ thorough research, incisive interviews, excellent sound quality, and strong writing to produce stories aiming for the quality of National Public Radio.
Prerequisite: COM 346

COM 439
Theatre Workshop

Three Credits LA
Dual listed as ENG 451
See ENG 451 for course description.

COM 470
Organizational Writing

Three Credits LA
A course designed to cover the range of writing required in an organizational or corporate-communication capacity including: organizational and strategic communication plans, case statements and feasibility studies, business letters and memos, policy and position papers, public presentation or testimony, and construction of media kits and briefing materials. In addition, students will be expected to develop and refine research skills, including interviewing techniques. The principles of media writing will be stressed, including the application of the AP style book and other professional style standards.
Prerequisite: COM 370

COM 471
Public Relations Case Studies

Three Credits LA
Case Studies in Public Relations is a survey of contemporary and modern cases in public relations that are renowned for their successful response to crises or notorious for their failure to do so. The goal of the course is to give students a thorough understanding of how and why various public-relations strategies succeeded or failed. Students will be taught to analyze successful and failed public-relations strategies and apply lessons learned to other real or invented public-relations scenarios.
Prerequisite: COM 370 or permission of instructor

COM 485
Electronic Moviemaking

Three Credits LA
Cinematography deals with the technical, procedural, and aesthetic aspects of film production. The course covers the importance of direction, with special emphasis on single-camera shooting and editing techniques. Special attention is devoted to development of screenplay for a successful production. The relative strengths of film and video are explored. Course is offered when there is sufficient student interest.
Prerequisite: COM 393

COM 486
Film Theory and Criticism

Three Credits LA
A systematic examination of the film medium and attempts to construct theories of film in its various forms. Attention is given to the relationships between film and reality; between film and other media; to structure, aesthetics, meaning; and to the ways in which films can be analyzed and criticized.
Prerequisites: COM 286, Junior Standing

COM 487
Television Theory and Criticism

Three Credits LA
A study of television from theoretical and critical perspectives. This course will provide the student with the tools to critically study television both as an art and as a cultural barometer. The student will learn various critical methodologies drawn basically from other arts-film, literature, drama, and other performing arts. The methodologies will include criticism from socioeconomic, historical, mythological, psychological, semiotic, quantitative, and sociological perspectives. The student will read articles illustrating the methodologies applied to specific television programs by well-known critics. The student will apply some of these methodologies to specific television programs. By the end of the course, the student will be expected to develop his/her own methodology for criticizing television.
Prerequisites: Junior standing, COM 285

COM 488
Comparative Communication Systems

Three Credits LA
Foreign press, broadcasting and film, control and support; reflection of political systems, economic and social development; their function in formulating public opinion and national policy.
Prerequisite: Junior standing

COM 489

Masters of Film

Three Credits LA

Focus upon a concentrated area of film study. This course utilizes intensive classroom screenings, selected readings, seminar discussions, and critical writing projects developed from the materials in the course. Possible areas for study include: The Auteur Film (e.g., Alfred Hitchcock), Film Genres (e.g., The Western), Film Movements (e.g., New Wave), Specific Themes (e.g., Death, Rebirth, and the Christ Figure), National Cinema (e.g., French). May be taken more than once.

Prerequisites: Junior standing, COM 286

COM 492

Television News II

Three Credits LA

This course is a continuation of Television News I. Students will develop their skills as news reporters and videographers. They will produce news for the region on a regular basis to be carried by the local cable company.

Prerequisite: COM 392

COMPUTER SCIENCE

CMSC 110

Computing Studies Seminar

One Credit LA

Dual listed as IS 110

The seminar consists of a series of lectures covering topics in computing and information processing. The topics will provide the student with a broad perspective of the field. Lectures will be given on state-of-the-art topics by faculty actively involved in the area. The topics will include parallel processing, neural networks, artificial intelligence, web applications, distributed systems, decision support systems, management information systems, and a career panel. Offered every Fall.

CMSC 119

Programming Fundamentals

Three Credits LA

This course introduces the fundamental ideas underlying computing and particularly computer programming, including data types, variables, scope, sequential execution, conditional execution, loops, subprogram use and definition, and basic data collections such as arrays and structures. Offered every Fall.

Prerequisite: Three years of high school mathematics

CMSC 120

Computer Science I

Four Credits LA

The objectives of this course are to introduce a disciplined approach to problem-solving methods and algorithm development; to teach program design, coding, debugging, testing, and documentation using good programming style; to teach high-level programming language; to provide familiarity with computer hardware and software technology; and to provide a foundation for further studies in computer science. Offered every semester.

Prerequisite: Three years of high school mathematics

CMSC 121

Computer Science II

Three Credits LA

The concept of data abstraction, as applied to elementary stacks, queues, linked lists, and binary trees, will be introduced. Implementation of these abstractions will include the use of array, record, file, and pointer types. Recursion as a programming tool will be introduced and employed in the development of linked list and binary tree algorithms. Searching and sorting algorithms will be studied and compared in terms of space and time complexity. The notions of algorithm complexity and program correctness will be introduced and discussed at appropriate points. Offered every semester.

Prerequisite: CMSC 120

Corequisite: MATH 250

CMSC 230

Assembly Language Programming

Three Credits LA

Introduction to assembly language programming. Addressing, internal representation of data, instruction execution, program organization, segmentation

and linkage, and input-output. Programs will be assigned. Offered every Fall.
Prerequisite: CMSC 121

CMSC 233

Language Study

Three Credits LA

This course is designed to introduce the student to a mainstream programming language that is not a part of the regular computer-science curriculum. The student will be taught the syntax of the language as well as the software design paradigm associated with the language being taught. Programming projects will be assigned. Students are expected to have programming experience comparable to what is covered in CS I and II. Offered on demand.

Prerequisite: CMSC 121

CMSC 278-279

Topics in Computer Science I & II

Three Credits each LA

Topics courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. Offered upon demand.

(Does not satisfy upper-level Computer Science elective requirements.)

Prerequisite: Permission of instructor

CMSC 310

Object-Oriented Programming Using C++

Three Credits LA

This course is designed to introduce the student to the mainstream programming language C++ which supports the object-oriented paradigm. The C++ approach to abstraction, encapsulation, inheritance, and polymorphism will be examined. Programming projects will be assigned. Offered every Fall.

Prerequisite: Permission of Department Chair

CMSC 330

Logic Design

Three Credits LA

The purpose of this course is to gain an understanding of the structure, design, and internal working of modern digital computers. It will involve an introduction to logic design and boolean arithmetic operations and their application to digital computer organization. Topics discussed will include logic circuits, arithmetic operations, control logic, computer runtime cycles, and interrupt handling. Offered every Spring.

Prerequisites: CMSC 121, 230

CMSC 331

Theory of Programming Languages

Three Credits LA

This course focuses on the organization of programming languages, the formal study of language specification and analysis, compilation versus interpretation, data and control structures. Offered every Spring.

Prerequisite: CMSC 230

Corequisite: CMSC 233

CMSC 335

Advanced Data Structures

Three Credits LA

This course is a continuation of Computer Science II. Graphs, trees, and memory allocation strategies will be discussed and implemented. The discussion of algorithm complexity and program correctness will be continued throughout the course. Students will be introduced to the concepts and techniques of structuring and manipulating data stored in files. Offered every Spring.

Prerequisites: MATH 130, MATH 242, MATH 250, CMSC 121

CMSC 378-379

Special Topics in Computer Science I-II

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisite: Permission of Dean

CMSC 381
Project in Computer Science

Three Credits LA

This course involves a student working closely with a faculty member on a project of mutual interest.

Prerequisite: Permission of Dean

CMSC 395-396-397-398-399
Internship In Computer Science

One-Two-Three-Six-Nine Credits

The internship is a professionally oriented experience in the structure, design, and internal working of the modern computing field. Arrangements are made with the Internship Director.

Prerequisite: Junior/Senior standing in computer science

CMSC 404
Artificial Intelligence

Three Credits LA

This course is an introduction to the major problems, techniques, and issues of artificial intelligence. Emphasis is placed upon the topics of knowledge representation and problem solving. The languages LISP or PROLOG will be used to illustrate various AI techniques. Offered every Fall.

Prerequisite: CMSC 335

CMSC 406
Computer Networks and Distributed Systems

Three Credits LA

This course should give students a background in basic tenets, current practices, and future directions in the merging of computer and communications technology. The student will consider both the physical and logical transfer of data, and will be introduced to international standards such as OSI architecture, and various network access and internet standards, and will be acquainted with various public and proprietary networks such as ARPANET, SNA, and DNA. The topics covered will include an analysis of the problems and limitations imposed by the physical channel, comparative switching techniques, and the emergence of hybrid switching and higher-level protocols needed to complete the end-user to end-user exchange. Wide-area networks, local-area networks, internetworking, and the emergence of integrated voice, data, video, and fax networks will be emphasized. Offered every Fall.

Prerequisites: MATH 130, CMSC 121, CMSC 330

CMSC 408
Database Management Systems

Three Credits LA

This course deals with large-scale data-intensive applications and how the data may be represented and manipulated. The course also covers the concepts of design of databases, and gives an overview of the capabilities of database management systems. Logical and physical database design will be covered, as well as several standard data models. Linked-sequential and B-tree data structures will be reviewed. The concepts of redundancy, security, and recovery are covered. Software on mainframe and microcomputer systems will be introduced. Course projects will involve the design and construction of a database using existing database management software. This course will require programming of embedded database statements. Offered every Spring.

Prerequisite: CMSC 335

CMSC 410
Data Structures and Algorithm Analysis

Three Credits LA

This course continues the discussion of data structures and algorithms begun in Computer Science II. Linear data structures will be reviewed, and data structures such as graphs, trees, hash tables, priority queues, and heaps will be discussed and implemented. Students will be introduced to the concepts and techniques of structuring and manipulating data stored in files. Algorithms such as searches and sorts will be analyzed using Big O notation and worst, best, and average-case analysis. The idea of polynomial-time, NP, exponential, and intractable algorithms will be introduced. Strategies of algorithm design such as backtracking, divide and conquer, and greedy techniques will be discussed. Offered every Spring.

Prerequisites: CMSC 121, MATH 130, 242, 250

CMSC 415
Computer Organization and Architecture

Three Credits LA

The objective of this course is to introduce concepts related to the organization and structuring of the major hardware components. The functions and implementations of, and communications between, the large-scale components of a computer system are described in terms of hierarchy of levels. Offered every Spring.

Prerequisite: CMSC 330

CMSC 421
Microprocessors and Applications

Three Credits LA

This course is intended to provide the student with the opportunity to acquire a background in the area of microprocessing and to build upon prior study in the organization of computers. Offered on demand.

Prerequisite: CMSC 330

CMSC 422
Operating Systems

Three Credits LA

This course will introduce the fundamental concepts of an operating system viewed as a resource manager. Topics discussed will include management of processes, processors, memory, files, and input/output devices. Deadlock and critical section problems will be highlighted. A project involving implementation of a multiprogrammed operating system will be an integral part of the course. Offered every Fall.

Prerequisites: CMSC 335, 415, 478

CMSC 432
Design of Compilers

Three Credits LA

The theory and implementation of compilers will be studied. Topics will include the lexical, syntactic, and semantic analysis of formal languages, intermediate code generation, object code generation, and symbol table construction. Theoretical tools, such as finite state and pushdown automata, and context-free grammars will be discussed as needed. Each student will be required to develop a compiler for a selected subset of an instructor-specified high-level language. Offered every Spring.

Prerequisites: CMSC 230, 478, 335

CMSC 435
Algorithm Analysis and Design

Three Credits LA

This course continues the study of data abstraction and algorithm complexity from a more mathematically formal viewpoint. Time complexity of algorithms will be treated using Big O notation and worst, best, and average-case analyses. The idea of polynomial-time, NP, exponential, and untractable algorithms will be introduced. Elementary-recurrence relation problems relating to recursive procedures will be solved. Sorting algorithms will be formally analyzed. Strategies of algorithm design such as backtracking, divide and conquer, and greedy techniques will be discussed. Offered every Fall.

Prerequisite: CMSC 335

CMSC 440
Formal Languages and Computability

Three Credits LA

The formal study of languages and computability is essential to any solid undergraduate curriculum. In this course students will be introduced to the formal properties of languages, formal methods of generating and defining languages, and the limitations of the methodologies. Offered every Spring.

Prerequisite: CMSC 335

CMSC 446
Computer Graphics I

Three Credits LA

This course introduces to students all aspects of computer graphics: hardware, software, applications, and provides them with the fundamentals of computer graphics. In this course the basic concepts underlying computer graphics, such as modeling, viewing, and animation will be covered. Students will gain experience with a graphical application programming interface (OpenGL) and an understanding of large-program design and implementation. Offered every Fall.

Prerequisites: CMSC 121, MATH 242

CMSC 471

Advanced Topics in Computer Science

Three Credits LA

This course provides a means for regularly considering new and innovative aspects of Computer Science.

Prerequisite: Permission of Dean

CMSC 478

Software Development (Capping)

Three Credits LA

The major focus of this course will be the specification, design, and implementation of a sizable software project by a team of student programmers employing the principles of software engineering. To this end, advanced programming topics, such as data abstraction, low-level abstraction, and process abstraction will be studied. The project and programming assignments will be implemented in a programming language which sufficiently supports the principles of software engineering. Offered every Spring.

Prerequisite: CMSC 121

CMSC 495-496-497-498-499

Advanced Internship in Computer Science

One-Two-Three-Six-Nine Credits

The internship is a professionally oriented experience in the computing field. Arrangements will be made with the Internship Director. Offered every semester.

Prerequisite: Junior/Senior standing in computer science

COMPUTING STUDIES

CSIS 150

Introduction to Computer Systems Concepts

One Credit LA

A lecture-only course where students will gain an understanding of the basic concepts of hardware, software, multimedia, and digital communications for information retrieval and transfer. This course will provide a foundation in the organization, function, capabilities, and limitations of computers as a productivity and communications tool.

CSIS 151

MS-Word and PowerPoint Presentation Graphics

One Credit LA

A primarily hands-on lab course focusing on word processing using Microsoft Word, and presentation graphics using Microsoft PowerPoint. Word processing will include editing, text emphasis, fonts, inserting graphics, creating outlines, block commands, search and retrieval, using and creating templates, and page layout and design. Presentation graphics will cover the design and creation of effective multimedia slide shows. Screen layout, editing, using and modifying templates, creating original templates, adding graphics, sound, video clips, and linking to World Wide Web URLs will be included.

Pre- or Corequisite: CSIS 150

CSIS 152

MS-EXCEL

One Credit LA

An in-depth, primarily hands-on, lab course during which students will learn to create and use spreadsheets. Building spreadsheets, using graphics, text enhancement, fonts, creating fonts and graphics, using built-in formulas, creating formulas, incorporating statistics, and a wide variety of other functions will be covered. Database and report generation will also be included.

Pre- or Corequisite: CSIS 150

CSIS 153

Exploring the Internet

One Credit LA

One of the fastest growing areas in computing today is the Internet, a global network of networks that has become one of the most popular tools used by research, marketing, education, government, and hobbyists. Through one of its most popular services, the World Wide Web, students have the ability to see graphics and play sound, animation, and video clips. The WWW also lets students access information and communicate with people around the world. This course will introduce the student to the WWW, hypermedia, and the use of web-browser software. Search and retrieval methods, Web chat, and creating original home pages with HTML will also be included.

Pre- or Corequisite: CSIS 150

CSIS 154

MS-Access

One Credit LA

A primarily hands-on lab course focusing on the database management system Microsoft Access. Students will learn the definition of a database and the basic principles of database design, how to create tables, use templates, create customized data entry forms, generate reports, and formulate queries. Creating form letters and mailing labels will also be included.

Pre- or Corequisite: CSIS 150

CSIS 155

Introduction to CBT Multimedia Toolkit

One Credit LA

A primarily hands-on lab that introduces students to hypertext authoring in a multimedia environment using CBT Multimedia Toolkit by Asymetrix. Students will learn the basic techniques required to create an interactive multimedia tutorial prototype that will incorporate sound, video, animation, graphics, and text. Photoshop by Adobe will also be used to modify, edit, and create graphics.

Pre- or Corequisite: CSIS 150

CSIS 157

SPSS

One Credit LA

A primarily hands-on lab designed to introduce social-science students to computerized methods and statistical applications using SPSS.

Prerequisites: MATH 130, POSC 245, or demonstrable knowledge of basic statistical concepts

Pre- or Corequisite: CSIS 150

CSIS 158

Information Literacy

One Credit LA

This primarily hands-on lab module will give students a working knowledge of how to differentiate among the various electronic resources to satisfy specific information needs. Topics will include global information sources on the Internet. Particular attention will be paid to analysis of the quality and applicability of each source to a student's information requirements. Issues such as currency versus long-term need, in-depth versus topics, authority of source, and efficient retrieval will be explored.

Pre- or Corequisite: CSIS 150

CSIS 159

Advanced Productivity Using Microsoft Office Professional

One Credit LA

This primarily hands-on lab module will teach students to fully integrate the various applications in Microsoft Office Pro, including Word, Excel, Access, and PowerPoint. Topics include how to dynamically link data from one application to another through the use of OLE, graphing in Word, Access and PowerPoint, macros, command and toolbar modifications, and incorporating mathematical functions.

Prerequisites: CSIS 150, 151, 152 and 154

CSIS 199

Special Topics Computer Lab

One Credit LA

The Special Topics Computer Lab will be offered to provide instruction in emerging end-user software technologies. Students should consult their pre-registration course booklets to determine which, if any, Special Topics Computer Lab is being offered in a given semester.

Pre- or Corequisite: CSIS 150; other prerequisites determined at the time the course is offered.

CSIS 203

Introduction to Multimedia

Three Credits LA

This course will focus on the principles of instructional design theory and the development concepts necessary to produce multimedia applications. Students will develop independent and team projects using computer-based multimedia software and authoring languages. Project development will include: planning and designing, developing media effects, and authoring (producing) a final software product or prototype. Offered every Fall.

Prerequisite: CSIS 150 or permission of instructor

CSIS 250

Introduction to Computer Animation

Three Credits LA

Dual listed as IT 250

This lab-based course provides the background to enable students to create models, images, and animation. Students learn the basic concepts and techniques of model building, mapping, lighting, and animation using software such as Kinetix 3D Studio MAX. A project will be required. Offered in Fall.

Prerequisite: CSIS 150 or permission of instructor

CRIMINAL JUSTICE

CRJU 101

Introduction to Criminal Justice

Three Credits LA

A study of the systems and systematic relationships in discussing the functions of criminal law, police, courts, trials, prosecution and defense, corrections and intermediate sanctions.

CRJU 105

Criminal Justice Information Literacy

One Credit LA

This seminar is a mixture of theoretical and "hands-on" instruction in the approaches and techniques of finding, using, managing, and evaluating criminal-justice information.

CRJU 202

Criminology

Three Credits LA

This course is designed to analyze the various explanations given for why people commit crime. Current events are incorporated into the analysis, discussion, and critique of the various theories on the nature and causes of crime and criminal behavior.

CRJU 206

Criminal and Scientific Investigation

Three Credits

A study of techniques and procedures utilized in criminal investigation: survey of instrumentation; identification/processing of trace evidence; use and acceptability of electronic surveillance; use of informants. Role of the expert witness; special problems in investigations (e.g., organized crime, narcotics traffic, etc.). Offered every Fall.

Prerequisite: CRJU 101

CRJU 221

Law and Society

Three Credits LA

Dual listed as POSC 221 and PRLG 221

The question of the relationship between law and society is problematic and unresolved. This course analyzes specific legal systems throughout history, beginning with the primitive legal systems of the Inuit and Cheyenne and ending with the American system of law. Theories of legal development will be included.

CRJU 223

Juvenile Delinquency

Three Credits LA

The course is intended to be a survey of the possible causes of juvenile criminality. Included in this discussion are: evolution of the term juvenile delinquent, major theories aimed at explaining juvenile delinquency, and an introduction to the difference in processing juveniles. The various attempts at prevention and control of juvenile criminality as well as current research and policy will also be examined.

CRJU 230

Police Community Relations

Three Credits LA

The purpose of this course is to identify the diverse citizen groups and their needs. How and when the police respond to these needs will be identified and discussed. This study will provide the student with the opportunity to explore and consider the ways the police and community can increase their effectiveness.

CRJU 235

Probation, Corrections and Parole

Three Credits LA

The objective of this course is to take the student through that aspect of the criminal justice system which deals with those who are convicted of crime. The functions, dilemmas, problems, successes of each area, Probation, Corrections & Parole, will be studied and its place in the crime problem analyzed. The student will have the opportunity to explore and learn the functions of the various components of the system after conviction.

CRJU 242

Drug and Alcohol Use and Abuse

Three Credits LA

A study of the problems of alcohol and alcoholism and various drugs, including narcotics, barbiturates, stimulants, tranquilizers, hallucinogens, and other substances and their effects on the behavior of the individual. Addiction and current methods of treatment are also studied. Offered every Spring.

CRJU 301

Criminal Justice Organization and Administration

Three Credits

A study of organizational principles and theory; applications to criminal-justice organizations; motivation; productivity; leadership principles; psychological aspects of management/supervision. Planning processes, decision making, staffing, and budget preparation are covered in depth.

Prerequisite: CRJU 101

CRJU 303

Criminal Procedure I: Statutory Law

Three Credits LA

A study of the general nature, development, and principles of criminal conduct including a review of the New York State Penal Code and other selected state penal codes. The course will challenge the student to apply concepts learned from these codes to current, real-life situations.

Prerequisite: CRJU 101

CRJU 304

Criminal Procedure II: Constitutional Law

Three Credits LA

Analysis of the procedural steps through the criminal justice system from investigation through incarceration/release. Primary focus will be on the 4th, 5th, 6th, 8th, and 14th Amendments to the U.S. Constitution, including their historical development and their effect on current criminal procedure. Students will review selected cases which affect criminal procedure law in conjunction with the course's constitutional review.

Prerequisite: CRJU 101

CRJU 305

Juvenile Justice System

Three Credits LA

The juvenile-justice system is different in philosophy, logic, and practice than the adult criminal-justice system. Different laws and different attitudes guide its ability to process youthful offenders. These differences define this course and the socio-legal and non-legal procedures that have been created to handle juvenile delinquents and soon-to-be delinquents by police, courts, and corrections.

CRJU 314

U.S. Urban Cultures

Three Credits LA

Individuals come to our cities with various ethnic, religious, racial, and cultural experiences. These experiences often afford the explanation as to why they may react differently to different situations. Whether and how their actions attract the attention of the criminal justice system is the focus of this course.

CRJU 340

The Federal Criminal Justice System

Three Credits LA

The federal law-enforcement structure is a myriad of organizations and functions. Each has specific responsibilities (prosecutorial, investigative, and punitive) mandated by legislation and practice. It is the objective of this course to take the student through the structure, roles, and requirements of the federal criminal-justice system. There are over 60 federal law-enforcement agencies. Areas such as firearm control, espionage, tax evasion, animal protection, forest-fire prevention, drug seizure, tariff regulation, will be discussed and analyzed.

CRJU 350
Organized Crime
Three Credits LA

This course will examine organized crime in its historical and cultural contexts. Of particular interest will be illegal (gambling, drugs, prostitution) and legal business dealings; its involvement in labor unions, racketeering (construction industry, money laundering), and how it interfaces with legitimate businesses. Finally, the response of law enforcement to these activities will be discussed and various policy initiatives will be analyzed.

CRJU 370
Theories of Punishment
Three Credits LA

The focus of this course will be the various theories of punishment, i.e., rehabilitation, retribution, deterrence, and social defense, as they relate to the criminal-justice system. Current events are incorporated into the analysis, discussion, and critique of the various theories.
Prerequisite: CRJU 202

CRJU 374
Criminal Justice Research Methods
Three Credits LA

An understanding of the foundations of research design and applications are approached through statistical analysis and interpretations of research materials in criminal justice.
Prerequisites: MATH 130, CRJU 101, CRJU 202

CRJU 375
Program Planning and Evaluation
Three Credits LA

This course will discuss and analyze methods of evaluating diverse programs and policy in the criminal-justice arena.
Prerequisite: CRJU 374

CRJU 377
Politics of Crime
Three Credits LA

In this course, the criminal-justice system is discussed and analyzed from an economic and political perspective. Political terrorism will be one of the topics included. Discussion of the assigned readings will take place in a seminar fashion.
Prerequisites: POSC 101, CRJU 101

CRJU 430
The American Prosecutor
Three Credits LA

This course will study the historical background of the American Prosecutor. The student will analyze and compare the form and type of prosecutors' offices in the United States today and the decision-making techniques they employ. A perspective on our system of prosecuting wrongdoers will be gained through the study of the prosecutorial system of other countries.

CRJU 440
Senior Seminar I: Cross Cultural Criminal Justice Systems
Three Credits LA

A selection of criminal justice systems in Asia, Africa, Europe, and the Middle East are studied in the context of their cultural value systems. Comparative analyses focus on suggestions for change in the American criminal justice system.
Prerequisite: CRJU 370; Criminal Justice majors with senior standing

CRJU 477
Senior Seminar II: Capping Course
Three Credits LA

This course focuses on all aspects of the criminal-justice major: philosophy/ethics, theory, and practice of contemporary criminal justice. Class discussion and presentations as well as major writing and research assignments highlight the course. An examination of the difference between academic criminal justice and practical criminal justice will be conducted. Offered every Spring.
Prerequisite: Criminal Justice majors with senior standing

CRJU 496-499
Criminal Justice Internship: I, II, III, IV
Three Credits each

Two 3-credit internships are required for all criminal-justice majors, preferably in the senior year. It is an educational experience whereby a student interprets theory within the realities of the criminal/juvenile justice setting. Under the supervision of a field professional and faculty coordinator, the student will analyze the field activities within theory developed from an extensive library reading list. Junior/Senior Criminal Justice majors only.

CULTURAL STUDIES/CIVILIZATIONS

Core/Liberal Studies Curriculum: Foreign-Language Option. Students may substitute one course in foreign culture for the second course in either history or literature.

CSCU 101
World Cultures Through Feature Films I
Three Credits LA

Readings and viewing of feature films on the cultures of North America, Central America, South America, Europe, Southwest Asia, and the Middle East. Offered every Fall.
Prerequisite: College Writing I

CSCU 102
World Cultures Through Feature Films II
Three Credits LA

Readings and viewing of feature films on the cultures of North and sub-Saharan Africa, Southeast Asia, the Far East, and the Pacific world. Offered every Spring.
Prerequisite: College Writing I

CSFR 167
France and the World
Three Credits LA

Dual Listed as FREN 167
See FREN 167 for course description.
Taught in English

CSFR 250
Backgrounds of French Civilization
Three Credits LA

Dual Listed as FREN 250
See FREN 250 for course description.

CSFR 251
Contemporary French Civilization
Three Credits LA

Dual Listed as FREN 251
See FREN 251 for course description.

CSIT 250
The Civilization Of Italy
Three Credits LA

See SPAN 354 for course description.

Taught in Spanish

ECONOMICS

ECON 101

Principles of Macroeconomics

Three Credits LA

An introductory course in economics. Topics covered include the basic functioning of a free-enterprise economy; economic activities of government; national income analysis; the theory of income determination; and the monetary system. Offered primarily in the Spring.

ECON 102

Principles of Microeconomics

Three Credits LA

A course dealing with the analysis of supply and demand; the evolution of markets and institutions; price behavior under both competitive and monopolistic conditions; demand and utility; equilibrium of the firm; marginal analysis and production theory; returns to the factors of production. Offered primarily in the Fall.

ECON 150

Economics of Social Issues

Three Credits LA

This is an issues-oriented course that introduces essential economic principles and applies them to an array of important social questions. The course is designed to reveal how economics enables us to understand the analysis behind headlines and news stories about current events and policy questions. Concepts and issues from both microeconomics and macroeconomics will be addressed. This course is designed as a one-semester overview of economic principles for students in majors other than business, economics, and accounting.

ECON 200

Economics of Gender

Three Credits LA

The course will analyze the principal foundations of the political economic structure of Western Civilization from a gender perspective. Such concepts as property, money, the public vs. the private sphere, democracy, and the individual will be examined with analytical, historical, and institutional methods. The student will gain an understanding of how gender affects not only personal, social, and family life, but also economic markets and political power, and the discipline of economics itself.

(This course meets the requirements for the Core/Liberal Studies distribution in Social and Behavioral Sciences; for the Women's Studies minor; and for the major and minor in economics.)

Prerequisite: Open to sophomores and above

ECON 301

Intermediate Macroeconomic Theory

Three Credits LA

Analysis above the level of ECON 101 of the aggregates of consumption, saving, investment, and government fiscal activity and the influence of these on the size of national income. Includes consideration of factors affecting employment, prices, and economic growth. Offered every Spring.

Prerequisites: ECON 101, 102

ECON 302

Intermediate Microeconomic Theory

Three Credits LA

A more detailed analysis of the material covered in ECON 102. Included are the theory of consumer behavior and the determinants of demand; theory of production; nature and behavior of cost, price, and output determination in the various competitive markets; theory of factor prices and income distribution. Offered every Fall.

Prerequisites: ECON 101, 102

ECON 305

Environmental Economics

Three Credits LA

Dual listed as ENSC 305

A policy-oriented examination of the relationship between the economy and the natural environment. Topics include the environmental consequences of economic growth and development; the labor-market impacts of environmental legislation; and the economic theories of "public goods" and "social costs." Offered every Spring.

ECON 310

Labor Economics

Three Credits LA

This course introduces the student to the study of labor supply and demand and its impact on the economy. Topics include: the effect of automation on the firm, the organization of work, productivity and inflation, income distribution, returns on investment in education, unemployment, welfare, discrimination. Offered every other year.

Prerequisites: ECON 101, 102

ECON 320

Econometrics

Three Credits LA

Econometrics involves measuring, quantifying, and analyzing actual economic phenomena. Econometrics bridges the gap between economic theorizing and real-world economic activities. After reviewing basic statistical theory that is necessary for an understanding of econometrics, the course develops the simple and multiple linear regression models. Offered every other year.

Prerequisites: ECON 101, 102, MATH 130, 115 or 221

ECON 420

Financial Markets and Institutions

Three Credits LA

Dual listed as BUS 422

This course studies the nature of money and the monetary system of a free-enterprise economy. Topics covered include the role of financial institutions in the economy, the structure and operation of commercial banking, the Federal Reserve System, and the application of monetary policy and the function of the financial markets. Offered every semester.

Prerequisite: ECON 101 or 150

ECON 421

Public Finance

Three Credits LA

Analysis of the theory and practice of government expenditure, taxation, and debt management. Topics include effects on income, the budget process, fiscal policy, and intergovernmental and local government finance. Offered every Fall.
Prerequisites: ECON 101, 102

ECON 442

International Economics

Three Credits LA

To provide students with a strong theoretical foundation and comprehension of the basic principles of international trade and finance, such as comparative advantage and the rationale for free trade, operations of the international monetary systems, historically and at present, Balance of Payments accounting, exchange rate determination. The course also examines current international economic issues. Offered every year.

Prerequisites: ECON 101, 102

ECON 443

History of Economic Thought

Three Credits LA

A study of the principal theories of the production and distribution of economic goods. Consideration of the essential elements in the thought of the exponents of classical and neoclassical economics and modern macroeconomics. Offered every other year.

Prerequisites: ECON 101, 102

ECON 477

Contemporary Economic Issues

Three Credits LA

An integrative course which requires the student to relate their knowledge of economics to the broader issues studied in the Core/LS program. This is accomplished by the student's examination of a contemporary economic problem in a major research paper. The student's paper must reflect a theme or hypothesis which is rigorously analyzed and orally presented to invited faculty in a seminar format. Offered every Spring.

Prerequisites: ECON 301, 302, MATH 115, 130

EDUCATION

EDUC 091

Fieldwork in Education

No Credit

Participation in the teaching-learning process in a school or other educational setting. This is a required exploratory experience for students who are enrolled in the childhood education program and a prerequisite for admission to Psycho-Ed Assessment of Educational Handicaps and the 200-level methods courses. Taken with EDUC 101.

EDUC 101

Foundations of Education

Three Credits LA

This course introduces the department theme, examines the evolution of education in the United States and the role of the teacher in the educational process. Contemporary educational thought and policy are studied as well as the standards and expectations of the teaching profession, organizational patterns of schools, and the intellectual foundations upon which the practice of education rests. Course content and required fieldwork will assist students in assessing their commitment to, and readiness for, teaching.

EDUC 140

Introduction to Bilingual Studies/TESL (Teaching English as a Second Language)

Three Credits

A study of the theoretical aspects of bilingual education (historical, sociological, linguistic, psychological, educational, and philosophical) and the teaching of English as a second language. Offered when there is sufficient interest.

Prerequisite: Completion of the Core/LS writing requirement

EDUC 150

Learning Through Technology

Three Credits LA

This course critically examines the role of technology in the classroom and its application to various teaching and learning needs. Students will learn to differentiate among electronic resources to satisfy specific information needs, including analysis of quality and applicability of sources using the resources of the Marist College Library.

EDUC 211

Participation/Observation in the Secondary Schools

One Credit

A field experience which precedes the student-teaching semester. Introduces the teacher candidate to the secondary school. Extensive classroom observations, related non-instructional activities, participation in the general activity of the secondary school. Offered Spring semester.

Open only to students enrolled in the secondary-education program.

Corequisite: Subject area Teaching Methods Course

EDUC 241

Mathematics for Elementary Teaching: Content and Methodology for Regular and Special Education

Three Credits

The purpose of this course is to develop the student's competency to teach mathematics to elementary-school children, 1-6, including those children with cognitive and behavioral deficits that require a modified educational program. Manipulative laboratory activities and lectures are used to study content, methods, and materials as they relate to the sequential nature of mathematics and to cognitive development. Special emphasis is placed on diagnostic and remedial skills drawn from a broad psychological and theoretical base. Students have the opportunity to plan, implement, and assess their mathematics teaching in appropriate classroom settings through the required fieldwork.

Open only to enrollees in the Childhood Education 1-6 Program.

Prerequisites: PSYC 207, 208, 317

EDUC 242

Science for Elementary Teaching: Content and Methodology for General and Special Education

Three Credits

The purpose of this course is to develop the student's competency to teach science to elementary-school children, 1-6, including those children with cognitive and behavioral deficits that require a modified educational program. Manipulative laboratory activities and lectures are used to study content, methods, and materials. Methods of instruction emphasize a "hands-on" approach, encouraging students' active involvement with the concepts of science utilizing everyday materials. Students have the opportunity to plan, implement, and assess their science teaching in appropriate classroom settings through the required fieldwork.

Open only to enrollees in the Childhood Education 1-6 Program.

Prerequisites: PSYC 207, 208, 317

EDUC 350

The Teaching of Language Arts: Processes and Strategies for General and Special Education

Three Credits

This course examines the nature and process of reading and language learning from both a theoretical and practical base. Students will explore approaches for teaching reading and become familiar with strategies for learning how to read and write. The course focuses on the basic knowledge and skills necessary for teaching language arts effectively. Special emphasis will be placed on principles of sound teaching to all learners, including English language learners, in an integrated, literature-based classroom. Fieldwork required.

Prerequisites: PSYC 207, 317

Corequisite: PSYC 208

EDUC 351

Literacy, Learning and the Arts in the Social Studies Curriculum

Three Credits

This course provides an overview of methodologies for teaching social studies and content-area reading to all elementary-education children including those in need of extra support. Students will learn how to integrate social studies, language arts, and fine arts into the elementary curriculum; experience a variety of effective teaching strategies for social-studies instruction; learn how to reinforce the language arts through the social-studies curriculum; develop skills and strate-

gies that promote cooperation and individualized instruction in differentiated classrooms, articulate theories on multicultural education. Fieldwork required.
Prerequisite: EDUC 350

EDUC 352

Assessment and Remediation of Reading and Writing

Three Credits

This course focuses on assessment and intervention techniques for the less-successful reader and writer. The course will provide current views of informal assessment, offer and engage students in a thoughtful and reflective look at planning literacy lessons for children with a variety of literary and language needs. Fieldwork required.

Prerequisites: EDUC 350, 351

EDUC 362

Measurement & Evaluation

Three Credits LA

Dual listed as PSYC 362

See PSYC 362 for course description.

EDUC 373

Principles of Teaching Students with Special Needs

Three Credits

This course introduces students to the basic principles of instruction and classroom management, and helps them acquire teaching skills that, while appropriate and useful for all children, are essential for helping children with special needs to learn. Strategies for students who have learning disabilities, behavioral disorders, and mental retardation are emphasized. Students learn about the major research efforts that form the foundation of the body of professional knowledge in teaching, examine the generalizations and principles that are drawn from the research findings, and begin to use these principles in small-group teaching experiences with their peers and in class discussions of teaching cases.

Prerequisite: PSYC 372

Corequisite: EDUC 374

EDUC 374

Curriculum Strategies for Students with Special Needs

Three Credits

This course is an introduction to content-specific strategies for teaching reading, math, and language arts to children with special needs. Approaches for students who have learning disabilities, behavioral disorders, and mental retardation are emphasized. Students will learn to prepare an Individualized Education Plan, to modify instructional materials to meet the needs of individual learners, to incorporate educational technology into teaching, to use curriculum-based assessment strategies, and to teach in ways that promote cognitive skill development. Fieldwork is required.

Prerequisite: PSYC 372

Corequisite: EDUC 373

EDUC 376

Behavioral Management Theories and Strategies for Students with Special Needs

Three Credits LA

This course covers a broad conceptual and practical perspective in behavior analysis within the classroom setting. Terminology and techniques utilized in understanding, analyzing, managing and changing behavior are presented. Students will understand the application of State and Federal special-education law, and the principles necessary to establish a safe and nurturing learning environment that engenders the respect to foster a community of learners.

EDUC 392

Special Topics in Education

Three Credits

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisite: Permission required

EDUC 415

Student Teaching in the Secondary Schools

Twelve Credits

Clinical experience in the classroom on the middle school-high school level under the supervision of the Office of Teacher Education. Full-time attendance at a secondary school is required. On-campus seminar sessions. Open only to

students enrolled in the secondary-education program.

Prerequisites: Subject methods course, PSYC 208, EDUC 211

EDUC 420

Methods of Teaching Social Studies in Secondary Schools

Three Credits

Seeks to identify and demonstrate teaching techniques for secondary social-studies classes. Students must prepare demonstration classes using innovative teaching techniques, and are responsible for preparing one taped TV lecture on which other members of the class offer critical comment. Discussions concern topics such as teaching controversial issues, social studies in the total curriculum, values and objectives in the social studies and others. The course is organized around the teaching unit and its construction. Offered every Spring.

Pre- or Corequisite: PSYC 208

Corequisite: EDUC 211

EDUC 422

Methods of Teaching Science in Secondary Schools

Three Credits

A course concerned with objectives, classroom strategies and procedures, preparation of unit and lesson plans, use of demonstration, student laboratory experiences, science curriculum and evaluation, choosing texts and reference materials, use of visual aids, programs for advanced students, testing, construction, and evaluation of classroom tests. Offered every Spring.

Pre- or Corequisite: PSYC 208

Corequisite: EDUC 211

EDUC 424

Methods of Teaching Mathematics in Secondary Schools

Three Credits

The course focuses on current trends in mathematics education, including studies of analytical reasoning and problem-solving strategies, real-world applications of mathematics, and interdisciplinary approaches to teaching mathematics. A study of secondary-level mathematics syllabi will also include ways of restructuring instruction and evaluation in light of the curriculum and evaluation standards of the National Council of Mathematics Teachers (NCMT). Students will design demonstration lessons and tests on specific topics. Offered every Spring.

Pre- or Corequisite: PSYC 208

Corequisite: EDUC 211

EDUC 426

Methods of Teaching Languages in Secondary Schools

Three Credits

A general discussion on lesson and unit planning, motivational techniques, classroom management, evaluation techniques, with more specific study of the objectives of foreign-language study, recent trends and developments in language teaching, and techniques in teaching and testing, both in basic language skills and the culture, to secondary-school students. The course aims to prepare, support, and provide a basis for the work of the practice-teaching experience. A TV demonstration mini-lesson and a unit plan and unit test are required. Offered every Spring.

Pre- or Corequisite: PSYC 208

Corequisite: EDUC 211

EDUC 428

Methods of Teaching English in Secondary Schools

Three Credits

Approaches to and methods of teaching the various aspects of the English curriculum in the secondary school, unit and lesson planning, recent trends in language-arts instruction, test construction, evaluation. Presentation of lessons by students, video-taping of lesson for self-evaluation. Offered every Spring.

Pre- or Corequisite: PSYC 208

Corequisite: EDUC 211

EDUC 441

Fieldwork in Bilingual Education/English as a Second Language

Three Credits

A field-based experience in bilingual-education programs within selected schools. Students participate in actual classrooms, observing, tutoring, teaching, and other related activities. This is the last course to be taken in Bilingual Education studies. Offered when there is sufficient interest.

Prerequisites: EDUC 140, SPAN 153 or 154 and permission of instructor

Student Teaching Practicum: Childhood Education 1-6/Special Education 1-6

Twelve Credits

Students serve a full-time supervised internship five days weekly in a local school. Eight weeks of the semester are spent in regular elementary classrooms and eight weeks in special-education classrooms or resource classrooms. Biweekly seminars examine and analyze the interrelationships of teacher, children, and curricula as reflected in the classroom learning environment as well as exploring various topics (e.g., reflective teaching, child abuse, health and safety education, violence prevention). Offered Fall and Spring. Permission is required. Open only to seniors who have completed the prerequisites.

Prerequisites: 300-level methods courses in the professional sequence.

ENGLISH

ENG 001

Introduction to College Writing

This course is specifically designed to prepare the student to do well in College Writing I and II. Activities will consist of exercises in the mechanics of writing as well as basic organization. Reading skills will also be a part of the instruction. It is highly recommended that students scoring below a certain level on the Writing Placement Examination take this course. No academic credit is given for this course; however, 3 equivalent credits are earned.

ENG 116

College Writing I

Three Credits LA

This is the first course in a two-course sequence instructing students in the character and conventions of academic writing at the college level. Students are guided in the writing process, regularly composing and revising relatively short expository and argumentative essays based upon readings that pose significant contemporary issues. Students are placed in this course, upon entrance to the college, on the basis of their test scores.

ENG 117

College Writing II

Three Credits LA

This is the second course in a two-part sequence instructing students in the conventions of academic writing at the college level. Greater emphasis is placed at this level on synthesizing ideas from diverse readings into more complex essays. Students are instructed in the conventions of scholarly documentation, and complete one or more essays based on research beyond the course text. Students may, on the basis of entering test scores, be placed immediately into this course. All students must take a college-wide proficiency exam upon completion of College Writing II (see page 36 for Writing Proficiency Requirements).

ENG 150

Drama and Performance

Three Credits LA

An introduction to the dramatic text as well as modes of public performance. Students will read representative texts from major Western cultural periods: Classical, Medieval, Renaissance, Neoclassical, Modern, and Contemporary. Performances, including memorized samplings, will draw upon these readings and explore the applications of verbal and non-verbal expression to other literary genres. Offered each year.

ENG 180

Literary Study

Three Credits LA

An introduction to terms and technologies used in the close reading, interpretation, and evaluation of literary works. Readings will be drawn from the British and American literary traditions and will be chosen to illustrate various formal, rhetorical, narrative, and generic features of literary works. The course will acquaint students with library and Internet research techniques. Offered each year.

ENG 185

Writing as a Discipline

Three Credits LA

This is a foundation course for English majors. It provides an overview of the interdisciplinary nature of Writing and its applications. Of the various approaches to the subject covered (creative, historical, cognitive, electronic),

emphasis is placed on the structural to help students produce texts free of grammatical and mechanical errors. Research paper writing is an important component as well. Offered each year.

ENG 201

Introduction to Linguistics

Three Credits LA

An investigation of the characteristics of natural languages and speech communities. Training in linguistic analysis enables the student to uncover the range of structural possibilities in human languages, e.g., pronoun restrictions in Navajo, gender markers in Japanese, upside-down language in Australian aboriginal varieties. The course allows the student to pursue questions of interest, e.g., the origin of language, language and gender, child language acquisition, and slang. Offered in alternate years.

ENG 202

The Art of Poetry

Three Credits LA

An introduction to poetry with a focus on practical criticism: analysis of poems, acquisition of working vocabulary in description of poetic techniques, forms, and effects. Allied readings in the theory of poetry and the nature of the creative process.

ENG 205

Modern Speculative Fiction

Three Credits LA

Readings in a wide range of 20th-century science fiction and fantasy writers.

ENG 207-208-209

Mini Courses in Literature

One Credit each LA

These three one-credit, five-week courses in literature are designed especially for the non-English major. Subject matter will be different for each offering. It may introduce students to an author (e.g., Chekhov, Wordsworth, Frost) or literary work (e.g., Gulliver's Travels, Huckleberry Finn, King Lear), or theme (e.g., the immigrant experience in American literature, the idea of initiation in the short story, the idea of love in modern poetry). Three courses are scheduled during the term consecutively in the same slot so that at registration the student may elect one, two, or all three of the mini's.

ENG 210

American Literature I

Three Credits LA

Introduces students to a number of New World writers, from 1620 to the Civil War, placing these in the context of significant historical and intellectual movements. The course begins with Colonial writers such as Bradford, Taylor, Rowlandson, and Bradstreet, moves to the 18th-century figures such as Edwards and Franklin, and culminates with writers of the American Renaissance: Emerson, Poe, Hawthorne, Thoreau, Melville. Offered every year.

ENG 211

American Literature II

Three Credits LA

Introduces students to a number of significant American writers from the Civil War to the mid-20th century. The course begins with Whitman and includes late 19th-century writers such as Dickinson, Twain, James, Freeman, Jewett, and Adams. Readings from a variety of early 20th-century novelists, essayists, poets, and playwrights will be selected, e.g., from Chopin, Lewis, Faulkner, Gilman, Wharton, Fitzgerald, Hemingway, Cather, Anderson, Eliot, Williams, O'Neill, Baldwin. Offered every year.

ENG 212

English Literature I

Three Credits LA

A broad survey of English Literature, represented by significant texts produced from the Medieval period through the Renaissance, by authors such as the Beowulf poet, Margery Kempe, Geoffrey Chaucer, Edmund Spenser, William Shakespeare, John Milton, and Aphra Behn. Offered every year.

ENG 213

English Literature II

Three Credits LA

A broad survey of English Literature, represented by significant texts produced from the Restoration through the early 20th century, including the work of such

authors as Pope, Swift, Wordsworth, Dickens, Tennyson, Yeats, and Eliot. Offered every year.

ENG 214

Religious Themes in Literature

Three Credits LA

Dual listed as REST 214

An interdisciplinary study of significant religious and theological themes in contemporary literature as they illuminate the human quest for meaning. Offered every year.

ENG 218

Grammar, Style and Editing

Three Credits LA

A foundation course for the writing major and minor. This course has two primary objectives: First, it helps students produce texts free of grammatical and mechanical errors. Next, it shows students how to manipulate sentential and textual structures for stylistic and rhetorical effects in a variety of contexts. These objectives are fulfilled through exercises and editing assignments covering the students' own writing, peer samples, and works by writers from various periods and disciplines. Offered every year.

Prerequisite: Completion of ENG 185 or permission of instructor or chairperson

ENG 220

Literature and Gender

Three Credits LA

This course will examine literary texts with special emphasis on gender issues. Questions may be raised, for instance, about gender definitions and roles, gender and language, gender as a locus of economic, political, social, or literary power. Topics will vary from semester to semester. The course may be organized around a group of writers, a historical period or movement, a genre, a theme, or a combination of these. To be offered annually.

ENG 225

Literary Genres: Drama & Poetry

Three Credits LA

An introduction, along with ENG 235, to the various forms of literature. As such, the two courses are intended for students who wish to learn techniques of reading and interpreting literature before taking more traditional literature courses. This course will emphasize drama and poetry. Offered every year.

ENG 227

Acting I

Three Credits LA

To acquaint the beginning student with the fundamentals of acting in a format that encourages freedom of imagination and personal growth. Ensemble techniques and creative improvisation; vocal and physical development for the actor; theories and techniques of acting; fundamental scene and character analysis; scene performance workshops. Offered every year.

ENG 230

Workshop in Editing and Revision

Three Credits LA

Students will learn to read the work of others critically and to develop editorial standards. They will suggest revisions and be prepared to offer rationales for those revisions. Students will then, working from self-criticism and the criticism of peers, take pieces of writing – of various terms and from varying contexts – through several drafts, from rough to completed. Offered every year.

Prerequisite: Completion of ENG 218 or permission of instructor or chairperson

ENG 235

Literary Genres: Fiction

Three Credits LA

Along with ENG 225, this course introduces students to the various forms of literature. As such, the courses are intended for students who wish to learn techniques of reading and interpreting literature before going on to more traditional literature courses. This course places primary emphasis on short and long fiction. Offered every year.

ENG 240

American Short Fiction

Three Credits LA

Representative works of the 19th and 20th centuries. Writers such as Poe, Hawthorne, and Melville will be examined for their contribution to the estab-

lishment of the genre, while succeeding writers such as Jewett, Wharton, Hemingway, Salinger, Cheever, and Walker will be studied for ways in which the form has developed during the two centuries.

ENG 241

Acting II

Three Credits LA

To develop and exercise basic acting skill through practical application of the fundamental elements of the actor's art. Textual and character analysis; characterization and inner techniques; realistic comedy/drama through scene work with contemporary plays. Continuation and refinement of ENG 227; however, all students are encouraged to enroll in Scene Study. Offered every year.

Prerequisite: ENG 227 or permission of instructor or chairperson

ENG 261

Spanish Literature in Translation: The Novel

Three Credits LA

Dual listed as SPAN 222

See SPAN 222 for course description.

ENG 264

Latin American Literature in Translation

Three Credits LA

Dual listed as SPAN 220

See SPAN 220 for course description.

ENG 270

Classics of Western Literature

Three Credits LA

This course examines some of the major works that form the literary tradition of Western culture. At least half of the authors will be drawn from the Pre-Christian, the Medieval, and the Renaissance periods; for example, Homer, Sophocles, Virgil, Chaucer, Dante, Shakespeare, and Cervantes. Additional reading from the post-Renaissance period may be selected by the instructor. Offered every year.

ENG 280

Creative Writing

Three Credits LA

An eclectic approach to the creative experience, the course allows and encourages the student to try a variety of literary genres in order to understand, from a writer's perspective, the interrelationships of verse, prose, fiction, and drama. Students may also attempt some adaptations from their own work or the work of another. Offered at least once every three years.

(This course does not satisfy a student's Core Lit. requirement.)

ENG 292

Special Topics in English

Three Credits LA

Identifies and explores a topic or theme, introducing students at the same time to fundamentals of textual analysis. The course may be used to satisfy a Core/Liberal Studies requirement in literature. Previous topics have included Black Women Writers and Civil War literature.

ENG 301

History of the English Language

Three Credits LA

A study of the development of the English language from the Old English period to the present. By applying the tools of linguistic analysis to the study of written texts, the student is able to discern general principles governing particular changes to the language. Equal attention is paid to the sociocultural and political factors contributing to these changes. By focusing on the universal conditions of linguistic change, the course prepares the student for further inquiry into the evolution of human languages. Offered in alternate years.

ENG 302

Structure of the English Language

Three Credits LA

Course work is devoted to practical analysis of both speech and writing. Students in the course first learn the structural units of each mode before applying that knowledge to the discovery of various aspects of the language (e.g., conversational junctures where miscommunication is likely to occur; the manipulation of ambiguity to slant the news). Data used for this hands-on analytical work cover a broad range of types and sources. By the end of the course,

students should feel confident in their ability to arrive at logical, provable answers to queries on the English language. A lot of one-on-one guidance is given to strengthen skills in research design and research paper writing. Offered in alternate years.

ENG 308

Literary Critical Theory

Three Credits LA

The course examines the principal movements in critical theory. Starting with Plato, Aristotle, Horace, and Longinus, it follows the development of mimetic, formal, pragmatic, and expressive theories. The last section of the course will touch on some of the new directions in criticism since 1966: feminism, deconstruction, reader response, semiotics, psychoanalysis. Offered in alternate years.

ENG 310

Workshop in Playwriting

Three Credits LA

Designed to help the writer explore the special nature of writing for the stage. The student-playwright will experiment with shorter and longer forms, from the scene to the full-length play. In a preliminary attempt to discover a personal voice and style, the student will examine representational and non-representational approaches to dramatic writing. Scenes will be acted out and critiqued in the classroom, with special attention paid to suitability for production. Offered in alternate years.

Prerequisite: Completion of Core/LS writing requirement

ENG 311

Poetry Workshop

Three Credits LA

An introduction to the craft of poetry, designed to offer students direct experience in writing poetry and to heighten their awareness of the imaginative potential of language. Students gain practice in formal elements of verse, experimenting with a wide variety of traditional and non-traditional approaches. The workshop emphasizes group discussions of the student's own work, along with consideration of various contemporary models. Offered every year.

Prerequisite: Completion of Core/LS writing requirement

ENG 312

Business Writing

Three Credits LA

The course trains the student to function effectively as a professional writer by showing him/her how to deal with decision-making at different stages of the writing process (proposing, planning, drafting, editing, coordinating, and follow-up). The student learns to be aware of the conditions in which the professional writer conducts himself/herself, interacts with others, and coordinates his/her functions with those of others. Also, the student becomes cognizant of likely obstacles or problems in given assignments and possible solutions. The course introduces the student to a variety of the most common types of business documents and the conventions governing their production. It is assumed that the student enters this class with a good grasp of grammar and the mechanics of writing; the course thus proceeds with stylistic issues. Offered in alternate years.

Prerequisite: Completion of Core/LS writing requirement

ENG 320

English Drama I (900–1642)

Three Credits LA

Dual listed as COM 338

A survey of drama in England, excluding Shakespeare, from its origins in the liturgy of the Medieval Church, through the English Renaissance, up to the closing of the theatres under the Puritans in 1642. Class discussions will focus not only on drama as literature but also on social history as it relates to theatre history. Works studied will represent such playwrights as Kyd, Marlowe, Jonson, and Webster. Offered in alternate years.

ENG 321

English Drama II (1660–present)

Three Credits LA

Dual listed as COM 339

A survey of drama in England from the Restoration to the present. Class discussions will focus not only on drama as literature but also on social history as it relates to theatre history. Plays studied will represent such playwrights as Congreve, Sheridan, Goldsmith, Wilde, Shaw, Eliot, and Pinter. Offered in alternate years.

ENG 322

Journalism I

Three Credits LA

Dual listed COM 241

See COM 241 for course description.

ENG 323

The Rise of the English Novel

Three Credits LA

A study of the novel form as it originated in the 18th century with Defoe and Fielding. Major emphasis is placed on the achievements of the 19th-century novelists, such as Jane Austen, Dickens, George Eliot, Emily Brontë, and Thomas Hardy. Offered in alternate years.

ENG 324

Chaucer

Three Credits LA

A detailed examination of his shorter poems, the dream visions, Troilus and Criseyde, and the Canterbury Tales, exploring the influences of history, politics, national cultures, literary traditions, and social classes upon those texts. Offered in alternate years.

ENG 325

Shakespeare

Three Credits LA

Dual Listed as COM 438

A study of Shakespeare's art and development through a reading of selected tragedies, comedies, histories, romances, and non-dramatic poetry. Offered every year.

ENG 326

The Modern English Novel

Three Credits LA

A study of the major fiction writers in English in the 20th century, including Conrad, Lawrence, Joyce, and V. Woolf. Consideration is given to significant post-World War II novelists as well as Fowles, Amis, Powell. Offered in alternate years.

ENG 327

Writing for the Media

Three Credits LA

Dual listed as COM 289

See COM 289 for course description.

Offered every year.

ENG 328

Modern English and American Poetry

Three Credits LA

Reading and discussion of major English-language poets from the beginning of the 20th century to the Second World War, with emphasis on Yeats, Auden, Pound, Eliot, Frost, Stevens, and Williams. In addition to the work of individual poets, attention will be given to the nature of poetry, how form and meaning are integrated. Offered in alternate years.

ENG 329

Seventeenth-Century Literature

Three Credits LA

A detailed examination of poetry and prose of the century. The course focuses on important schools, such as Metaphysical and Cavalier; genres, such as elegies and country house poems; authors, such as Donne, Jonson, Milton, Marvell, Dryden; and periods, such as the Commonwealth and Restoration. Offered in alternate years.

ENG 330

Medieval Literature

Three Credits LA

A study of literature written in the British Isles from the earliest records through the Old- and Middle-English periods up to the Renaissance, exploring the influences of history, politics, national cultures, literary traditions, and social classes upon the development of that literature. Offered in alternate years.

ENG 331

Renaissance Literature

Three Credits LA

A study of the prose and poetry of the English Renaissance, exclusive of Shakespeare, and the influence upon the literature of intellectual, literary, political, historical, and cultural movements of the period. Major authors include Wyatt, Sidney, Spenser, Marlowe, Donne. Offered in alternate years.

ENG 334

The Romantics

Three Credits LA

Focus on the major works of Wordsworth, Coleridge, Byron, Shelley, and Keats, along with the revolution in poetry they helped to bring about in the early 19th Century. Attention will be given to the political, cultural, and intellectual climate of the period. Offered in alternate years.

ENG 335

Victorian Prose and Poetry

Three Credits LA

Poetry and non-fictional prose of the years 1830–1880 with emphasis on selected works by such authors as Tennyson, Browning, Arnold, Carlyle, Mill, Ruskin, and the Rossettis. Attention is given to the intellectual and cultural climate in which these writers worked. Offered in alternate years.

ENG 336

Eighteenth-Century England and the Colonies

Three Credits LA

A study of the representative themes and figures of both England and the New World from the late Restoration through the turmoil of the Revolutionary period. Examination of the satiric mode through such writers as Swift, Gay, Pope, Franklin; the meditative mode, through such writers as Edwards, Thomson, Wheatley, Gray, and Cowper; the critical/biographical mode, through writers such as Johnson, Boswell, Burke, Jefferson, Paine; the dramatic mode, through writers such as Sheridan, Goldsmith, Burney, and Tyler; and the narrative mode, through writers such as Fielding, Richardson, Rowson, and Equiano. Offered in alternate years.

ENG 339

Film and Literature

Three Credits LA

Dual listed as COM 390

An interdisciplinary examination of the working relationship between written and filmic literature and the ways filmmakers rethink, modify, and in many cases reinterpret literature for their purposes. The course will, at the same time, examine how those filmic modifications – dictated by the demands of a different medium – help illuminate the original piece of literature and its context. The examining process will draw upon structural elements such as plot, setting, characterization, and point of view that are common to both creative forms, highlighting similarities and analyzing reasons for differences that emerge. Team taught by a member of each discipline. Offered at least once every three years.
Prerequisites: Sophomore standing and at least three credits of Core literature

ENG 340

American Drama I

Three Credits LA

Dual listed as COM 335

An exploration of the origins of theater in the American colonies and its development throughout the 19th and early 20th centuries. Types of drama such as the comedy of manners, farce, melodrama, and realism will be studied in relationship to the emerging American nation and to the status of drama in both the New World and in Europe. Playwrights studied will include, as examples, Mercy Otis Warren, Royall Tyler, William Dunlap, James Kirke Paulding, Dion Bouicault, Clyde Fitch, David Belasco, and Eugene O'Neill. Offered in alternate years.

ENG 341

American Drama II

Three Credits LA

Dual listed as COM 336

An examination of dramatic literature and theatrical innovation in America from roughly the Great Depression to the present. Along with developments in dramatic realism, the emergence of sub-genres such as expressionism, surrealism, and the absurd will be studied in relationship to both their European counterparts and the social and cultural climate of America in the last two-thirds of

the 20th century. Playwrights under investigation will include, as examples, Rice, Odets, Wilder, Barry, Hellman, Miller, Williams, Albee, Hansberry, Simon, Mamet, and Shepard. Offered in alternate years.

ENG 342

Contemporary English and American Poetry

Three Credits LA

Reading and discussion of poets who have come into prominence since World War II: Brooks, Lowell, Bishop, Plath, Hughes, Rich, Tomlinson, and others. Attention is given to developments in form and to important post-war movements, such as the Beats and the Confessionals, as well as to attitudes and themes that give significance to the term "contemporary." Offered in alternate years.

ENG 345

Modern Irish Literature

Three Credits LA

Reading and discussion of Irish literature written in the English language from the beginning of the Irish Literary Revival (late 19th century) to the present: Yeats to Seamus Heaney, Joyce to John McGahern. Readings include drama, the novel and short story, poetry, and non-fiction. Historical developments and cultural background, as these influenced the work and are reflected in it, will also be considered. Offered in alternate years.

ENG 346

American Renaissance

Three Credits LA

A study of mid-19th century American literature, approximately 1830–1860, highlighting the burst of artistic and intellectual creativity that culminated in the masterpieces of Poe, Emerson, Hawthorne, Thoreau, Melville, and Whitman. The influence of the Transcendentalist Movement on the literary, philosophical, social, and political climate of the period will be emphasized, including utopian and reformist efforts as well as the search for a national cultural identity. Writers to be studied, in addition to those named above, may include Fuller, Whittier, Bryant, Holmes, Longfellow, Douglass, Lowell, and Alcott.

ENG 347

American Realists and Naturalists

Three Credits LA

A study of American literature from the Civil War to the turn of the century, emphasizing American writers' responses to the political, social, economic, intellectual, and theological upheaval characterizing the post-Civil War era. Literary reactions to the war itself and to Reconstruction will be examined, along with emerging issues such as industrialization, urban growth, regional nostalgia, and Darwinian thought. Writers to be studied typically include some of the following: Dickinson, Whitman, Stowe, Howells, Crane, James, Twain, Adams, Freeman, Jewett, Gilman, Sinclair, Norris, Wharton, and Robinson.

ENG 348

American Modernism

Three Credits LA

A study of American literature in the first half of the 20th century, emphasizing contributions of American writers to Modernism. Readings drawn from a variety of genres will illustrate the richness and diversity of the era, which is characterized above all by rapid social change. The cultural impact of significant political events and social or artistic movements will be examined, e.g., two world wars, the Great Depression, the Jazz Age, the Women's Suffrage Movement, the Harlem Renaissance, the Armory Show, expatriatism. Writers to be studied typically include some of the following: Dreiser, Wharton, Lewis, Anderson, Hemingway, Stein, Sandburg, Fitzgerald, Faulkner, Hughes, Hurston, Cather, Eliot, Williams, O'Neill, Pound, Millay, Stevens, H.D., Porter, and Ellison.

ENG 350

Play Directing

Three Credits LA

Dual Listed as COM 334

Investigation of the principles basic to theatrical directing; play analysis for production, problems in staging, and the role of the director as collaborator, motivator, and creator. Consists of discussions, demonstrations and exercises by members of the class and others. Planning and direction of scenes in laboratory situations. Offered every year.

Prerequisite: ENG 227 or 241, or permission of instructor

ENG 351
Composition Theory

Three Credits LA

The course will cover two main areas by offering an overview of the philosophical and literary theories that underlay modern composition theory, and by exploring the pedagogy that is generated by these theories. Major writers in philosophy, notably Richard Rorty and Paulo Freire, will be covered, along with contributors to composition theory such as Peter Elbow, James Berlin, and Mina Shaughnessy. Offered every year.

Prerequisite: Completion of ENG 185 or permission of instructor or chairperson

ENG 352
Technical Writing

Three Credits LA

The student is guided through all phases of the production of technical documents, including research and visual presentation of information. The focus of the course, however, is on clear and effective technical writing. As such, writing and editing assignments are designed to help the student appreciate the special requirements of technical communication. Documents covered include feasibility studies, scientific papers, and technical manuals. Through these assignments, the student learns to apply a variety of word-processing technologies and desktop-publishing capabilities. At the same time, the student also works one-on-one with the instructor to custom-tailor part of the course load in a specialized field of his/her choosing. Offered in alternate years.

Prerequisite: Completion of Core/LS writing requirement

ENG 353
Ethnic American Literature

Three Credits LA

The course will introduce students to the literary discourse of what is called ethnic literature. "Ethnic" denotes more than just a group of people with common origin; it describes a group of people united or connected by shared experiences. The course will examine such topics as ethnicity, identity, discrimination, gender, and assimilation in the experience of different ethnic groups as represented in the works of Gordon, Baldwin, Erdrich, Howe, DiDonato, Neale, Gioseffi, Kingston, Morrison, and others. It will emphasize the contributions of prominent racial and ethnic groups to the American cultural and literary scene. The course will vary from year to year and may focus on one or two authors or a particular movement. However, despite the variations, students may take the course for credit only once.

ENG 355
The History of the Modern Theatre

Three Credits LA

A study of international theater from 1870 to the present; the history of significant movements in writing, designing, directing, producing, acting, etc.

ENG 360
Ancient Greek Literature

Three Credits LA

A study of archaic and classical Greek literature in translation. Readings include the epics of Homer; the Lyrics of Sappho; major tragedies of Aeschylus, Sophocles, and Euripides; a comedy by Aristophanes and the literary criticism of Aristotle. Offered in alternate years.

ENG 361
Ancient Roman and Early Christian Literature

Three Credits LA

The literature of Rome from roughly 400 B.C. to 500 A.D. in translation. Readings include comedies by Plautus, Cicero's prose, poetry of Catullus and Horace, Virgil's *Aeneid*, and Ovid's *Metamorphoses*, as well as literature of the early church (gospels and epistles). The course ends by examining an author who attempts to merge Christian and pagan traditions, such as Augustine or Boethius. Offered in alternate years.

ENG 363
Modern Drama

Three Credits LA

Dual listed as COM 337

An exploration of the development of modern drama through continental and global movements from the late Renaissance to the present. From Tass, de Vega, Molière through Ibsen, Chekhov, Strindberg, Brecht, Pirandello, Ionesco. From classicism and commedia dell'arte through realism, expressionism, epics, and the absurd. Non-western developments as well. Offered every two years.

ENG 370
The Jewish Literary Genius in the Modern Period

Three Credits LA

The focus is on a number of outstanding fiction writers in Europe and America in the 19th and 20th centuries who have drawn upon Jewish traditions and values – I.L. Peretz, Sholom Aleichem, Bachel, Bellow, Malamud, Wallant, Roth, Singer, Wiesel. What common themes, attitudes, values, and methods are discernible in their works? Why the widespread appeal of their works in our time? What is the special contribution of these writers to world literature? Offered in alternate years.

ENG 371
The Hebrew Bible as Literary Classic

Three Credits LA

This course examines the range and variety of literary forms contained in the Bible. It seeks to identify those qualities, stylistic and conceptual, which unify this collection of ancient Hebrew writings as well as those qualities which have made the Bible an all-time best seller. Attention will be given to the historical and cultural background, but the emphasis will be upon literary and aesthetic considerations. Offered in alternate years.

ENG 373
Literature of the Holocaust

Three Credits LA

The focus is on significant works of modern literature in fiction, drama, poetry, and autobiography which present the Nazi Holocaust as the experience of individuals: victims, perpetrators, bystanders. Themes, motifs, and images in these works will be considered, along with fundamental questions raised about man and human life. The readings should offer a deeper understanding of a uniquely tragic event of our century, one which has influenced the lives of all of us. Offered in alternate years.

ENG 380
Workshop in Nonfiction

Three Credits LA

Study of, and guided practice in, a variety of contemporary non-fictional forms and modes, e.g., the feature article and familiar essay, satirical and humorous writing, autobiography. More extended attention to rhetorical considerations of style, tone, and persona or voice. Offered every year.

Prerequisite: Completion of Core/LS writing requirement

ENG 382
Workshop in Fiction

Three Credits LA

The student is given the freedom to explore individual potential in the writing of short fiction. Course includes workshop sessions, discussion of student work, and readings on the craft of fiction. Offered every year.

Prerequisite: Completion of Core/LS writing requirement

ENG 392
Special Topics in English

Three Credits LA

Identifies and explores a literary or linguistic topic, usually more specialized than regular offerings. Previous topics have included Language and the Mind, D. H. Lawrence, American Women Poets. Offered at least once every three years.

ENG 426
Journalism II

Three Credits LA

Dual listed as COM 340

See COM 340 for course description.

ENG 427
Seminar in English Literature

Three Credits LA

Advanced study of a British intellectual and aesthetic movement, or of a literary problem, theme, topic, or writer. Offered every three years.

ENG 429
Independent Research: English Literature

Three Credits LA

Offered upon request. Permission of instructor required.

ENG 440

Senior Research Methods in Literature

Three Credits LA

This course introduces students to advanced literary research methods, both those in traditional print and those in new electronic forms. In addition to becoming familiar with the essential methods of research and research tools in the field of literature, students will develop and undertake a research project that will serve as a senior thesis, in effect completing their literature specialization.

ENG 442

Independent Research: American Literature

Three Credits LA

Offered upon request. Permission of instructor required.

ENG 443

Seminar in American Literature

Three Credits LA

Advanced study of an American intellectual and aesthetic movement, or of a literary problem, theme, topic, or writer. Offered every three years.

ENG 451

Theatre Workshop

Three Credits LA

This workshop offers the student an opportunity to study and experience one or more of the roles of writer, actor, and/or director. The student's projects for the semester are arranged by an individual contract between the student and the instructor. Offered every year.

Prerequisite: ENG 350 or permission of instructor

ENG 477

Capping Course

Three Credits LA

A capping course required for all Senior English majors. Topics vary. Offered every year.

ENG 490

Independent Writing Project

Three Credits LA

This faculty-supervised experience is available on a limited basis to students who wish to pursue an original writing project independently in an area not covered by a course in a given seminar. The Independent Writing project also makes it possible for a student who has taken one of the workshop courses to gain further practice in that particular area of writing. The student submits a written proposal. If accepted by a member of the English faculty, the student writes regularly under supervision and submits his work periodically for criticism. A substantial amount of written work is expected. This may be used in place of an internship to fulfill the Writing Major/Minor requirements.

ENG 497-498-499

Internship in English

Three-Six-Nine Credits

The Internship in English is highly recommended for juniors and seniors. The English Department offers three different internships that correlate well with the three concentrations in the major: Writing, Theater, and Literary Research. Each is designed to provide experience leading to a professional career, offering practical training related to the student's concentration or interests. Recent placements include advertising firms, PR consultancies, theater companies, news media, TV shows, and the college's Writing Center. The Research internship allows advanced students the opportunity to work directly with English faculty as research assistants, learning the skills necessary for graduate study, research, and teaching. Each intern compiles a portfolio of works from the assignment. The intern's training is supervised by the employer on site as well as by the internship coordinator on campus. Internships in writing fulfill part of the upper-level writing major and minor requirements. Available every semester.

Prerequisite: Permission of internship coordinator required

ENGLISH AS A FOREIGN LANGUAGE

EFL 001

English as a Foreign Language I

Three Credits LA

This is the first in a two-level sequence which aims to provide the foreign student with the linguistic skills necessary to achieve basic proficiency in English. At this

level an integrated approach is used: grammar, reading, writing, vocabulary, speaking, and listening are practiced. This is a required course for foreign students who fall within a predetermined score range on the placement examination.

EFL 002

English as a Foreign Language II

Three Credits LA

This is the second in a two-level sequence which aims to provide foreign students with the linguistic skills necessary to achieve competency in English so they may successfully complete Marist's writing requirements and participate fully in college courses. At this level emphasis is placed on reading and writing skills with particular focus on the creation of coherent paragraphs and short essays. This is a required course for foreign students who fall within a predetermined score range on the placement examination.

ENVIRONMENTAL SCIENCE COURSES

ENSC 101

Introduction to Environmental Issues

Three Credits LA

An introductory course investigating three major areas: natural systems, man's adverse impacts on these systems, and how man deals with these impacts. The course includes a detailed exploration of such issues as human population dynamics and control, food resources and world hunger, land use, non-renewable resources, water and energy resources, and waterborne and airborne pollutants. The course culminates in a study of the politics, economics, and ethics of environmental control. Offered each semester.

ENSC 202

Political Process & Environment

Three Credits LA

Dual listed as POSC 202

The purpose of this course is to teach the "layperson" how to get involved in environmental issues; how to evaluate environmental problems and their proposed solutions; and how to effectively fight for environmental protection. (This course does not satisfy a science Core/LS requirement.)

Prerequisites: ENSC 101, POSC 110

ENSC 210

Introduction to Geology

Three Credits

This course focuses on Earth's geologic resources and how they influence man's use of the physical world. Topics incorporated include Plate Tectonics, Earthquakes and Diastrophism, Rock and Mineral Formation, Weathering and Erosion, Groundwater and Surface water, Stratigraphy and Energy Resources, Glaciation and Geologic History. Central to this study is the development of skills that help students make observations and measurements in the physical world and translate them into meaningful data from which inferences can be drawn. Through hands-on experience, students gain skills of map reading, taxonomy of earth materials, interpretation of geologic and topographic maps.

ENSC 230

Introduction to Geographic Information Systems

Three Credits LA

This course will provide an introduction to Geographic Information Systems. A Geographic Information System is a series of tools to create, edit, maintain, and analyze maps and data about features that occur over a specific geographic area. The course will detail the terminology, concepts, and applications that are commonly used with GIS. Hands-on training will be provided in the labs for input and edit functions, ad hoc query and analysis functions, and facilities-management functions.

(This course does not satisfy a science Core/LS requirement. Pending Approval Notification)

ENSC 305

Environmental Economics

Three Credits LA

Dual Listed as ECON 305

A policy-oriented examination of the relationship between the economy and the natural environment. Topics include the environmental consequences of economic growth and development; the labor market impacts of environmental legislation; and the economic theories of "public goods" and "social costs." Offered every year.

(This course does not satisfy a science Core/LS requirement.)

Prerequisite: ECON 102

ENSC 310

Environmental Chemistry

Three Credits LA

Dual listed as CHEM 310

This course includes detailed coverage of water, soil, and air environments. It is designed to provide the student with an understanding of the reactions, transport, and effects of naturally occurring chemical systems. The major anthropogenic pollutants and their effects upon the environment will also be studied. Offered every Fall.

Prerequisites: CHEM 111-112, 113-114, 201 or 211

ENSC 312

Environmental Chemistry Laboratory

Two Credits LA

A laboratory course designed to provide the student with experiences using the standard instrumentation involved in chemical analysis of the environment. The instrumental techniques used include UV/Visible spectrophotometry, flame and furnace atomic absorption spectrophotometry, and gas chromatography. Offered every Spring.

Prerequisites: CHEM 111-112, 113-114, 202 or 213; ENSC 310

ENSC 313

Environmental Microbiology

Three Credits LA

This course is an extension of basic microbiological methods to analyze environmentally important processes. Since many of the functions of ecosystems are governed by microorganisms, the microbiota are likely to be key indicators of environmental impacts. Topics in this course include microbial diversity, ecological parameters affecting microorganisms, population interactions, and applied aspects of microbial ecology. *Two-hour lecture, three-hour lab.*

Prerequisite: BIOL 312

ENSC 330

Advanced Geographic Information Systems

Three Credits LA

Students will gain an in-depth understanding of the architecture of specific GIS solutions and the issues and procedures facing users. Upon completion of this course, the student should be able to: understand various GIS architectures; understand, contrast, and articulate the benefits of one GIS architecture vs. others; understand in detail the data conversion process; learn applications and input data; complete a GIS research project.

(This course does not satisfy a science Core/LS requirement. Pending Approval Notification)

Prerequisite: ENSC 230

ENSC 380

Principles of Environmental Assessment

Three Credits LA

The purpose of this course is to establish the proper approach to environmental assessment. Students will learn how to design a statistically acceptable monitoring program; how to collect samples; how to prepare and preserve samples for analyses; and how to interpret environmental data in the assessment of impacts.

Prerequisites: ENSC 101, BIOL 350, one semester of chemistry lab, MATH 130

ENSC 398-399

Internship

Three Credits each

The internship is designed to be a preprofessional work-related experience at an off-campus location. Generally taken in the Junior or Senior year, placements may be obtained within scientific, governmental, or advocacy organizations or with private consulting firms and environmental laboratories. The student intern will be supervised by an on-site professional and by the Environmental Science Program Director. Internships must be approved by the Program Director and the Office of Career Services prior to their commencement.

ENSC 401-402

Special Topics in Environmental Science I-II

Three Credits each LA

These courses provide an upper-level experience for Environmental Science majors, and deal with specialized areas such as environmental management and regulation, the politics of environmental control, environmental planning, etc. The instructor determines the one topic that will be explored during the semester. The topic will be announced before registration. Three hours per week. Two semesters. Offered annually.

Prerequisites: ENSC 101 and permission of the instructor

ENSC 404

Environmental Toxicology

Four Credits LA

This course will introduce students to the methods involved in measuring toxic effects of chemical and/or physical agents on living organisms. Students will become familiar with toxicant detection in environmental samples; the effects of toxicants on test organisms; risk associated with different exposure levels; and the relationships between toxicant levels and the regulatory criteria for those toxicants. *Two-hour lecture, six-hour lab.*

Prerequisites: BIOL 110, 111, 112, 113; CHEM 201, 202

ENSC 420

Environmental Planning

Three Credits LA

Dual Listed as POSC 420

This course will cover the constitutional principles, values, and socioeconomic impacts affecting planning; basic planning, land-use, and development practices such as environmental impact statements, master plans, citizen participation; and issues facing environmentally sound planning today.

(This course does not satisfy a science Core/LS requirement.)

Prerequisites: ENSC 101, POSC 240, or permission of the instructor

ENSC 425

Environmental Law

Three Credits LA

An overview of current environmental law issues, including impact review, air and water quality, solid and hazardous waste, and toxic substances. Emphasis on federal and state statutory and regulatory requirements, and case-law interpretation.

(This course does not satisfy a science Core/LS requirement.)

Prerequisite: ENSC 101

ENSC 440-441

Research I-II

Three Credits each LA

These courses offer the student the opportunity to do research in environmental science under the direction of a faculty member. At the end of her/his work, she/he presents a written report and a public seminar.

Prerequisites: Junior standing and permission of the ENSC program director

ENSC 477

Environmental Science and Human Values

Three Credits LA

This is the capping course in Environmental Science. The course examines the moral implications of human attitudes regarding other species and the environment. This course explores the historical roots and current world views that have generated the present state of widespread environmental degradation. The interrelationship of ecology, economics, sociology, and ethics will also be studied.

Prerequisite: Senior standing or permission of the instructor

FASHION DESIGN AND MERCHANDISING

FASH 100

Introduction to the Fashion Industry

Three Credits

Provides students with an overview of the fashion industry from research and design to the marketing of the finished product. Potential career opportunities within the field are examined, and the course briefly looks at the historical origins of fashion. Students also gain an understanding of typical business organizations within the women's apparel and fashion accessories industries.

FASH 120

Principles of Apparel Design

Three Credits

Students learn clothing terminology as it pertains to different garments, silhouettes, and their components. The course examines the elements and principles of fashion design, emphasizing proportion and balance.

FASH 140

Fashion Drawing & Color

Three Credits

Students learn to develop basic drawing skills and color theory to portray fundamental fashion figures and garment details.

FASH 200

Textiles

Three Credits

A comprehensive overview of the textile industry. Students develop a basic knowledge of fibers, yarns, cloth construction, finishes, and textile terminology. Theoretical knowledge is applied to fabric selection for appropriate end uses.

FASH 210

Basic Sewing Techniques

Three Credits

This course stresses basic construction techniques utilizing industrial equipment. All aspects of sewing techniques for garment construction are introduced, from the correct use of tools and equipment through hand- and machine-stitching practices.

Prerequisite: Majors only

FASH 220

Fashion Draping

Three Credits

Introduction of basic pattern-making principles in a three-dimensional format. Students learn to manipulate muslin on a dressmaking form to produce garment patterns. Students learn about fit, grain lines, and hand of fabrics, while creating patterns of their original designs.

Prerequisite: Majors only

FASH 230

Pattern Making

Three Credits

Students create slopers of basic styles using two-dimensional flat-pattern drafting techniques and test their patterns in muslin for fit and proportion. Students also learn cost-effective measures regarding yardage through an understanding of simple markers.

Prerequisite: Majors only

FASH 240

Fashion Rendering & Design

Three Credits

Students develop advanced drawing techniques by rendering various fabric textures, colorations, prints, and weights. Students also prepare flats and presentation boards to help communicate their designs. The ability to design and illustrate various apparel categories is emphasized.

Prerequisite: FASH 140

FASH 250

Fashion Surface Decoration

Three Credits

A combination of creative and innovative fabric embellishment techniques are taught to create "wearable art." The course incorporates unique materials, sewing techniques, graphic-design elements, historical, and ethnic practices. Topics include fabric painting, printing, appliqué, beading, quilting, and braiding.

Prerequisite: FASH 210

FASH 265

Principles of Retailing

Three Credits

This course is designed to provide an overview of various types of retail organizations, including traditional stores and non-traditional formats such as e-commerce and television shopping. The buying cycle is analyzed as a series of strategic decisions made by retailers in order to communicate with the consumer.

FASH 275

Product Knowledge

Three Credits

Builds a practical knowledge of non-textile products in fashion accessories and home furnishings. Basic design elements and selling characteristics of products are analyzed to broaden students' understanding of various merchandise categories.

FASH 295

Fashion Show Production

Three Credits

This elective course provides hands-on experience in the functions and procedures of professional fashion show production. It analyzes the promotional and selling importance of fashion shows for manufacturers and retailers. Students, in committee groups, apply the theoretical material to producing a full-scale fashion show that showcases student designs.

FASH 300

Product Development

Three Credits

Presents an overview of apparel manufacturing and product development focusing on garment analysis and the sequential development of the product. Topics include private label techniques, sourcing, costing, and quality control in manufacturing and merchandising.

FASH 310

Garment Construction

Three Credits

Students work from patterns of their own design to learn sewing techniques and apply them to various fabrics and garments.

Prerequisites: FASH 210, 220, 230

FASH 320

Advanced Draping

Three Credits

Students explore advanced draping techniques with emphasis on the interpretation of original design, fit, and first patterns.

Prerequisites: FASH 210, 220, 230

FASH 330

Advanced Pattern Making

Three Credits

An elective course devoted to more in-depth study of pattern making utilizing computer-aided design (CAD). Students learn to manipulate patterns of their original designs, grade them to necessary sizes, and create a marker for the style based on a hypothetical cutting ticket.

Prerequisite: FASH 230

FASH 340

Fashion Illustration

Three Credits

Students use different media in this elective course to explore illustration techniques for portraying garments on stylized figures.

Prerequisite: FASH 240

FASH 360

Tailoring Techniques

Three Credits

An elective course in which students use industry-based sewing techniques and methods to design tailored garments such as suits, jackets, & coats.

Prerequisites: FASH 210, 220, 230

FASH 361

Small Business Management

Three Credits

This course investigates the opportunities and challenges of opening and managing a small business. Students learn to recognize and solve basic financial, managerial, operational, and marketing problems.

Prerequisite: BUS 101

FASH 365

Merchandise Planning & Control

Three Credits

This course provides a basic knowledge of the mathematical concepts and calculations involved in profitable merchandising. Students work with actual

retailing scenarios to apply merchandising formulas such as open-to-buy, mark-up and stock turnover.

Prerequisite: FASH 265

FASH 370

Knitwear Design

Three Credits

A hands-on studio elective course utilizing knitting machines. Students learn to create a variety of stitches, textures, and motifs and to apply these techniques to original designs.

Prerequisite: FASH 200

FASH 396-397-398

Fashion Internship

One, Three or Six Credits

Students are offered opportunities for professional internships during their Junior and Senior years. Internships are possible in designer firms, apparel manufacturing companies, textile companies, and retail organizations both locally and in New York City. Each intern has an on-site supervisor as well as a faculty supervisor. Allowable credits are determined by the internship coordinator.

Prerequisite: Permission of the Director

FASH 400

Fashion Employment Seminar

One Credit

This course helps graduating students to identify and pursue a fulfilling career. Topics include networking, resume guidelines, company research, and interviewing skills.

FASH 410

Fashion Portfolio Development

One Credit

In this course students develop a professional portfolio exhibiting their individual style and specialization in the design field.

FASH 420-430

Design Collections I-II

Three Credits each

Students design and execute a collection of apparel under the guidance of a designer critic from Seventh Avenue. Professional industry habits are stressed from research, sourcing of fabrics and trims, to final styling. Collections are presented at the annual Silver Needle Awards and Fashion Show.

Prerequisites: FASH 230, 250, 310, 320

FASH 455

International Retailing

Three Credits

Explores the global aspects of retail strategy. Various international regions are analyzed in terms of their market characteristics and current retail environment. U.S. retailers operating globally are also discussed.

Prerequisites: FASH 265, 300

FASH 480-485

Independent Study

Credits TBA

Offered for specific course of study. Permission of Director required.

FASH 495

Fashion Merchandising Capping

Three Credits

Senior merchandising students formulate a comprehensive business plan for a senior design student's collection. Elements of the plan include trend and market research, a marketing strategy, media plan, and financial projections.

Prerequisites: FASH 265, 300, 365; COM 110; BUS 101, 340

FRENCH

FREN 101-102

Elementary French I-II

Three Credits each LA

The elements of basic French pronunciation, essentials of grammar, vocabulary building, original sentence construction. Reading for meaning. Audio and video practice required. Offered annually.

FREN 105-106

Intermediate French I-II

Three Credits each LA

The elements of basic French are pursued more intensely and thoroughly. Includes practice in speaking, reading, discussion of short texts, systematic grammar review, composition writing, and work with audiovisual resources. Offered annually.

FREN 167

France and the World

Three Credits LA

Dual listed as CSFR 167

Contemporary France studied in its political, social, religious, intellectual, and artistic aspects. The future of the French identity in relation to a changing Europe, and the constant scrutiny of American culture by the French. Excerpts of French movies, news broadcasts, magazine articles, music recordings, and American press clippings will help illustrate French reactions and behavior within its borders and in the international community. Taught in English. Offered when there is sufficient student interest.

FREN 170

La France Aujourd'hui

Three Credits LA

Fifteen reaction papers of approximately 750 words each on assigned or personally chosen topics of contemporary France: politics, religion, education, the media, the arts, family life, science and ethics, the environment, etc. Offered when there is sufficient student interest.

FREN 201

Workshop in Writing

Three Credits LA

Intensive practice in writing and control of style, from the conversational to the analytical to the poetic, with exercises in imitation, parody, and irony. Substantial broadening of vocabulary and range of expression, with a stress on accuracy and nuances. Offered every Fall.

FREN 202

Workshop in Oral Expression

Three Credits LA

Intensive practice in oral expression: rapid conversation, professional presentations, theatrical performance, debates, joke-telling, and storytelling will be practiced in small group work. A collective project will be videotaped at the end of the course. Offered every Spring.

FREN 220

Contemporary French Literature in Translation

Three Credits LA

A survey of the major literary developments in France and the French-speaking world in the 20th century, from the perspective of their contribution to a modern aesthetic. Representative texts are studied in their cultural and philosophical context.

FREN 225

Phonetics and Oral Interpretation I

Three Credits LA

Public reading of French prose and poetry, with background work in phonetic transcription and in dictation. The course stresses accuracy of pronunciation and intonation. All work is conducted in French. Offered annually in France.

FREN 230

Phonetics

One Credit LA

A one-credit course designed to complement audiotape practice by providing the tools for effective and accurate pronunciation practice. Offered every Fall.

FREN 231

France On Line

One Credit LA

A one-credit course on the electronic resources available for French studies: on-line daily French news (FROGNET), French databases (MINITEL), international library networks, electronic penpals, MOSAIC resources. Offered every semester.

FREN 232
Conversation

One Credit LA

Small group conversation practice on prepared topics of daily interest. Offered every semester.

FREN 250
Introduction to French Culture & Thought: Problems & Perspectives

Three Credits LA

Dual listed as CSFR 250

Interdisciplinary survey of France's social, artistic, political, and intellectual history from its origins to the 20th century, with an emphasis on the manner in which the past has shaped and is still influencing the modern French consciousness. Offered every Fall.

FREN 251
Contemporary France

Three Credits LA

Dual listed as CSFR 251

Studied from a comparative perspective, the major events that have shaped France since 1945 and affected French reactions within its borders and in the international community. Special attention will be paid to cultural and political perceptions of the United States in the French community. Offered every Spring.

FREN 260
Introduction to French Literature

Three Credits LA

A preparation for French literary analysis through the study of selected seminal works from the Middle Ages to the Present. The tools and concepts of modern literary criticism will also be introduced in a simple, practical way (narrative theory, intertextuality, deconstruction, reader's response). Offered when there is sufficient student interest; also in France, annually.

FREN 305
Studies in French Film

Three Credits LA

A cultural approach to French cinema. The course will maintain a comparative perspective with American cinema while studying the evolution of narrative form and the representation of French identity and concerns. Film selection will range from early B&W classics to most recent releases. Offered when there is sufficient student interest; also in France, annually.

FREN 310-311
French Grammar and Composition I-II

Three Credits each LA

Thorough grounding in French grammar. Analyse logique et grammaticale. Grammatical analysis of literary texts. Writing by imitation. The explication de texte, the dissertation. Creative writing. Translation. Offered when there is sufficient student interest; also in France, annually.

FREN 315
French in Africa and the Caribbean

Three Credits LA

Study of French-speaking African and Caribbean literatures in their cultural context. Readings from the works of such essential authors as Césaire, Sembene, Conde, Schwartz-Bart, Chraïbi, Bèti. Various films are viewed. Offered when there is sufficient student interest.

FREN 327
Topics in French Classical Literature

Three Credits LA

A study of French literature in the 17th century. Reading and analysis of Corneille, Racine, Molière, Descartes, Pascal, La Fontaine, Boileau, La Rochefoucauld, La Bruyère, Bossuet. Offered annually in France and on campus when there is sufficient student interest.

FREN 328
Topics in French 18th-Century Literature

Three Credits LA

A study of French literature in the 18th century. Reading and analysis of Marivaux, Beaumarchais, Montesquieu, Diderot, Voltaire, Rousseau, Le Sage, Prevost, Chénier, la littérature libertine. Offered annually in France, and on campus when there is sufficient student interest.

FREN 329
Topics in 19th-Century French Literature

Three Credits LA

A study of 19th-century French literature tracing the development of each genre (Novel, Poetry, Drama) from Romanticism through Realism and Naturalism, up to the Parnassian and the Symbolist Movement, through its most representative writers like Balzac, Flaubert, Zola, Victor Hugo, Leconte de Lisle, Baudelaire, Mallarmé, etc. Historical, social, and economic background of the works is also stressed. Offered annually in France and on campus when there is sufficient student interest.

FREN 330
Modern Literary Perspectives: the 20th Century

Three Credits LA

A study of the main currents of literature and thought in 20th-century France through its most representative writers in the fields of fiction, poetry, and drama: Proust, Gide, Mauriac, Camus, Sartre and the Existentialists, Claudel, Peguy, and the Surrealists, St. John Perse, René Char, Beckett, Ionesco and the Theater of the Absurd. Offered annually in France and on campus when there is sufficient student interest.

FREN 340-341-342
Interdisciplinary Units I-II-III

One credit each LA

When taken abroad, a course taught in French in a discipline other than literature, selected with departmental approval. When taken on campus, a parallel course of study, in French, to a Marist course relevant to French concerns in another discipline (Political Science, Communication, Jewish Studies, International Studies, etc.). The course will be supervised jointly by faculty in both disciplines. A list of acceptable courses will be posted each semester according to semester offerings.

FREN 392-393
Special Topics I-II

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. Offered every semester.

FREN 394-395
Internship in French

One to Six Credits

Qualifying students engage in work experience with various companies or agencies or in supervised teaching assistantships on campus. Work performance, assigned research or readings, and a seminar project (for three or more credits) constitute the basis of the experience. Number of credits is determined beforehand by mutual agreement. Offered every semester, intersession, and Summer.

Prerequisites: Sufficient background in French; permission of Chairperson

FREN 420
French Medieval and Renaissance Literature

Three Credits LA

A survey of French literature from its origins up to 1600; introductory exposition of the evolution of Vulgar Latin into Old French. Acquaintance in some depth with: La Chanson de Roland, Chrétien de Troyes, Villon, Rabelais, Ronsard, and Montaigne.

FREN 440
French for Current Affairs

Three Credits LA

An advanced translation course aimed at developing specialized vocabulary and reading skills in the fields of business, law, politics, computer science, and medicine. The course will make extensive use of INTERNET resources (French news, legal and cultural information from the Embassy Services, scientific documents from French databases, business and financial news from the MINITEL). Offered every two years.

FREN 477
Capping Course

Three Credits LA

A capping course required for all Senior French majors. It is an independent study program based on a one-to-one teacher-student relationship. The student writes a long paper on a subject agreed upon with the supervising professor.

Advanced Internship in French*Nine, Twelve or Fifteen Credits*

Students who have distinguished themselves in French may apply for this internship requiring habitual use of French. Completion of major field requirements, course prerequisites, departmental screening, and acceptance by the company or agency are necessary for participation. Work performed, assigned readings, and a seminar project constitute the basis of the experience. The student submits weekly reports, is periodically visited by a faculty coordinator, and is evaluated at the end of the internship by the sponsoring supervisor. Students may be placed at home or abroad. Number of credits is determined beforehand by mutual agreement. Offered every semester and Summer.

Prerequisites: Senior French major or minor; permission of chairperson

GERMAN

GERM 101-102

Elementary German I-II*Three Credits each LA*

Emphasis is placed on the acquisition of the fundamental skills of understanding, speaking, reading, and writing. Offered annually.

GERM 105-106

Intermediate German I-II*Three Credits each LA*

A continuation of the elementary course. The basic language skills are pursued more intensively and thoroughly. Offered annually.

GERM 110-111

Scientific German I-II*Three Credits each LA*

Study of methods and techniques in the translation of scientific, technical, and scholarly German texts. Grammar and syntax are examined, but only as tools in the process of correctly, precisely rendering printed matter from German into English, with the aid of a technical German-English dictionary. Considerable part of class time is used for sentence analysis and applications of theory to practical work in translating. Offered when there is sufficient student interest.

Prerequisite: GERM 106 or sufficient background in German

GERM 201-202

German Language and Culture I-II*Three Credits each LA*

Extensive use of idiomatic German in conversation and composition is intended to broaden the student's linguistic and cultural knowledge of the language. Offered when there is sufficient student interest.

GERM 392-393

Special Topics I-II*Three Credits each LA*

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. Offered every semester.

GREEK

GRK 220

Greek Drama*Three Credits LA*

A study of the major works of Aeschylus, Sophocles, Euripides, and Aristophanes. The principal sociological, psychological, and historical contents of this great literary heritage of classical Greece will be reviewed. Taught in English. Offered when there is sufficient student interest.

GRK 222

Greek Mythology*Three Credits LA*

A study of classical mythology and its influence on Western literature. Taught in English. Offered when there is sufficient student interest.

HEALTH

HLTH 200

Personal and Community Health*Three Credits*

Introduction to health maintenance and disease prevention, and to the political, social, and economic dimensions of health care in the United States. Basic concepts of physical, emotional, social, intellectual, and spiritual dimensions of health. Governmental provision of health care; costs, accessibility, and quality of health care; community health promotion.

Prerequisites: BIOL 201-202 or equivalent

HLTH 201

Human Nutrition*Three Credits*

Functions and sources of nutrients, dietary adequacy, factors (including health, disease, aging, pregnancy, and exercise) that govern nutrient requirements, energy balance, and weight control. This course is intended for students majoring in biology, biochemistry, athletic training, and other health-related areas.

Prerequisites: BIOL 110-113 (two semesters of General Biology and Laboratory) and CHEM 111-114 (two semesters of General Chemistry and laboratory), or their equivalents

HLTH 202

First Aid/CPR*Three Credits*

Principles of safe living; theory and practice of basic first-aid procedures: emergency recognition, action steps, and providing immediate care for injury or sudden illness, e.g., CPR and other basic life-support methods. A course for students in any field and a foundation for more advanced coursework for students in health-science disciplines.

HLTH 300

Kinesiology*Three Credits*

An in-depth study of the human body as a machine for the performance of work. Encompasses biomechanics, musculoskeletal anatomy, and neuromuscular physiology.

Prerequisites: BIOL 201-202 or equivalent

HLTH 301

Exercise Physiology*Three Credits*

Acute and chronic functional responses to exercise. Muscle biomechanics and metabolism, cardiopulmonary and musculoskeletal responses, training techniques, ergogenic aids in sport, and performance at environmental extremes. This course is primarily intended for students majoring in Athletic Training but may also be of interest to students majoring in biology and other health-related areas.

Prerequisites: BIOL 201-202 (Human Anatomy and Physiology I-II, with lab) and CHEM 111-114 (two semesters of General Chemistry and lab) or their equivalents

HISTORY

HIST 130

Introduction To Women's Studies*Three Credits LA*

Dual Listed as WMST 130

An introduction to Women's Studies, a field of scholarship dedicated to the inclusion of women's experiences and feminist perspectives in the academy. The course places the emergence of women's studies in an historical perspective, then examines the transformative power of women's studies in a number of fields. The goal will be to assess how including women changes academic methods, goals, and outcomes. Offered annually.

HIST 135

Origins of Modern Times*Three Credits LA*

An examination of the rebirth of secularism in the West, from the disintegration of Augustine's Christian Commonwealth to contemporary society with its emphasis on human rationality. Topics will include the Renaissance, Enlightenment, Industrial Revolution, modern war, and the crises of the late 20th century. REQUIRED OF ALL FRESHMEN.

HIST 216
Black Political and Social Thought

Three Credits LA

Dual listed as POSC 216

See POSC 216 for course description.

HIST 217
Catholics in the U.S.

Three Credits LA

Dual listed as POSC 217

This course surveys major experiences of Roman Catholics in North America from the period of exploration, through the colonial period and through the establishment and development of the United States in the 18th, 19th, and 20th centuries. Emphasis will be placed on the development of Church institutions and policies in the U.S., and on the historical, political, and social experiences of the groups who composed and who compose the Catholic community in the United States. We shall pay attention to how Catholics participate in the public life of the larger American community and how influential from that larger community respond to their Catholic neighbors.

HIST 218
History and Culture of the Hudson River Valley

Three Credits LA

Surveys the political, economic, and social evolution of the region from pre-Columbian times to the contemporary era. Offered biennially.

HIST 219
American Revolution

Three Credits LA

This course explores the history of North America in the era of the American Revolution, approximately 1760–1800. This period witnessed a colonial war for independence and significant changes in American ideas on politics, law, and the role of the citizen in society. In addition, this course will examine the social discontent that characterized this period. Offered biennially.

HIST 222
The Rise and Fall of Modern Europe, 1815–1945

Three Credits LA

Traces the explosive developments of the 19th century that led to Europe's hegemony and then collapse between World Wars I and II. Topics will include the Industrial Revolution, liberalism, romanticism, nationalism, imperialism, and socialism. Offered triennially.

HIST 225
American Colonial Experience

Three Credits LA

This course focuses on the pre-revolutionary era. It examines the transit of European cultures to the New World and the subsequent evolution and modification of these cultures. Particular emphasis is given to the development of a provincial society and the coalescence of the movement for political independence. Offered biennially.

HIST 226
American History to 1877

Three Credits LA

This course traces the evolution of American society from political independence to the Civil War with special emphasis on the stresses and strains of this formative era. Offered annually.

HIST 227
American History since 1877

Three Credits LA

This course examines the developments from Reconstruction through the emergence of a unified national, political, and economic society, appearance as a major international force, and the unfolding of a modern, mass culture in recent times. Offered annually.

HIST 228
America Since 1945

Three Credits LA

This course begins with a review of the cumulative influences of the Great Depression, New Deal, and World War II on American institutions, values, and behaviors. Tracing the effects of these events through the 40s and 50s, attention is given to cold war politics and foreign policies. The sections on the 60s

and 70s focus on themes of black civil rights, women's equality, and minority politics. The domestic conflicts over foreign policy (Vietnam) and Presidential behaviors (Watergate) are considered in the context of modern developments. Offered biennially.

HIST 229
Emergence of Women in Western Civilization

Three Credits LA

This course will attempt to trace the development of the female image in the West down to the 19th century. A special emphasis will be placed on the impact of Christianity, the Romantic Movement in the 12th century, the Renaissance, and the 19th century. Offered at least biennially.

HIST 230
History of American Feminism

Three Credits LA

This course will outline the birth and development of the American feminist movement from the end of the Colonial era to the present. Offered annually.

HIST 234
The Black American Experience

Three Credits LA

A survey of the black person's involvement with Western Civilization. The basis of black identity is traced through its origins in prehistoric and ancient African civilizations through the era of the slave trade to modern times. Social, economic, and psychological implications of historical sequences are examined in black contexts. Readings, lectures, discussions. Offered biennially.

HIST 240
Race & Nationality in American Life

Three Credits LA

This course will provide students with an overview of the experiences of a variety of American ethnic and cultural groups. Students will become familiar with the ideologies of racism and nativism in American society from an historical perspective. Additionally, the course will concern itself with changing interpretations of the patterns of assimilation and acculturation in American life and with an assessment of race and nationality in contemporary American life. Offered biennially.

HIST 244
Ancient Greece

Three Credits LA

Growth and conflict of the city states, the development of the Greek mind, the Hellenistic era; concentration is on Athens in the 5th century B.C. Offered biennially.

HIST 247
Ancient Rome

Three Credits LA

The development of the Roman character, of Roman Law, and other Republican institutions, the rise and fall of the Roman Empire. Offered biennially.

HIST 248
Medieval Period, the Creation of Europe, 300 A.D.–1300 A.D.

Three Credits LA

The blending of classical, barbarian, and Christian strains to form the first Europe. The development of monastic, feudal, imperial, and papal institutions, their conflicts, urbanization, birth of the universities, and growth of medieval thought, development of national states, legal systems, and English Parliament. Offered annually.

HIST 249
Early Modern European Period 1300–1800: An Age of Expansion and Revolution

Three Credits LA

Infusion of classical humanism into late medieval culture; Europe discovers and colonizes the Western Hemisphere. A chain of revolutions: religious, scientific, intellectual, agricultural, English, American, French. Offered annually.

HIST 250

Catholic Church in Modern Times

Three Credits

Dual Listed as CAST 201

This course will treat the legacy of the Catholic Counter-Reformation, the impact of Enlightenment thought and the French Revolution on Catholic Europe, the missionary efforts of the Catholic Church in the East and in the New World, the Church's response to Liberalism, Marxism, and Fascism, and the movement in Vatican II toward a new synthesis adequate to the character of modern society, to the demands made by the rise of historical consciousness and modern science, and to the need for cross-cultural unities in an increasingly global economy and community. Offered biennially.

HIST 251

Women In Asia

Three Credits LA

An overview of continuity and change in the role and condition of women in the East, South, and Southeast Asia from approximately 1800 to the present. After exploring traditions of patriarchy, accommodation, and resistance, the course traces the effects of the modern transformations in states, economies, and societies, focusing on the issue of women's agency and the development of women's consciousness in the modern era. Offered biennially.

HIST 260

History of Russia: to the Mid-19th Century

Three Credits LA

A survey of Russia's historical development from the establishment of Kievan Rus to the reign of Alexander III, with an emphasis on the emergence of Muscovy, reigns of Peter I and Catherine I, and the social and political developments of the 19th century. Offered at least triennially.

HIST 261

History of Russia: 1850-1917

Three Credits LA

This course traces the evolution of Russia from the reigns of Alexander III and Nicholas II to the Russian Revolution of 1917. Offered at least triennially.

HIST 262

History of Russia: The Russian Revolution

Three Credits LA

This course traces Russian revolutionary movements of the latter part of the 19th century: Russian Marxists and Lenin; the Russo-Japanese War; the Revolution of 1905; The Dumas; WWI and Russia; February and October Revolutions; the Civil War; and N.E.P. Offered at least triennially.

HIST 263

Eastern Europe and Russia from 1928 to the Present

Three Credits LA

A study of the Soviet Union and its Eastern European satellites from the emergence of Stalin to the present. The course highlights Krushchev's period of the "Thaw," Brezhnev's return to "Stalinism," Gorbachev's liberal reforms, the collapse of Communism in Russia, and the reunification of the two Germanies. The course will extensively cover the return of liberty and the building of democracy in the former republics of the Soviet Union and its satellites, such as Poland, Hungary, Czechoslovakia, and others. Offered triennially.

HIST 268

Asia I

Three Credits LA

This course offers a broad survey of East, Southeast, and South Asian civilizations and histories to the late 18th century. Although the course will focus on the interactions of Asian civilizations, some attention will also be given to the coming of the West beginning in the 16th century. Offered biennially.

HIST 269

Asia II

Three Credits LA

This course offers a broad survey of East, Southeast, and South Asian civilizations in the 19th and 20th centuries. The effects of imperialism, colonialism, nationalism, and revolution on Modern Asia will be central concerns of this course. Offered biennially.

HIST 272

The Ancient East

Three Credits LA

A study of the beginnings of civilized life in the valleys of the Nile, Tigris-Euphrates, and Indus. Terminating in the 5th century B.C., the course stresses the religious and intellectual contributions of these societies. Offered at least triennially.

HIST 273

History of Latin America: To 1830

Three Credits LA

A study of Latin America up to the early 19th century. This includes the pre-Columbian civilizations, the age of discovery and exploration, the colonial period, and the independence movements. Offered biennially.

HIST 274

History of Latin America: Since 1830

Three Credits LA

A study of Latin America from the end of the independence movements to the present. This includes the period of national development in the 19th century and an analysis of certain contemporary issues. Offered biennially.

HIST 280

Africa since 1800

Three Credits LA

An examination of political, socioeconomic, and cultural developments in Africa during the periods of revolution (c. 1800-1870), colonialism (1870-1950), and independence (1950 to present). This course considers the tumultuous transformation of Africa before, during, and after European colonialism. Special attention is given to how European-based structures, processes, and thought - especially the nation-state, industrialization, and ideologies - undermine or otherwise alter indigenous political, socioeconomic, and cultural systems, thereupon introducing new difficulties, challenges, and benefits to the diverse peoples and societies of the continent. Offered biennially.

HIST 285

The History and Political Culture of Ireland

Three Credits LA

Dual listed as POSC 285

See POSC 285 for course description.

HIST 286

Irish Experience in America

Three Credits LA

A study of the political, economic, and social experience of the Irish in America beginning with pre-Revolutionary War immigration but focusing on the later immigration in the 19th and 20th centuries. Some attention will be given to political, social, and economic issues within Ireland which contributed to the patterns of immigration.

HIST 305

Research Methods of History

Three Credits LA

Emphasis is placed on the variety and reliability of historical data as well as its analysis and evaluation. Students are expected to develop procedures for the collection of different types of information, including documents, oral interviews, quantitative and computer data. Ability to effectively present a summary of data is assessed. Offered annually.

HIST 312

History of the American Presidency

Three Credits LA

Dual listed as POSC 312

See POSC 312 for course description.

Prerequisite: POSC 110 or HIST 226 or HIST 227

HIST 316

America and the Movies

Three Credits LA

Dual listed as COM 386

This course will use American films in a variety of ways. One perspective will be the film as an artifact, reflecting the moods of a particular moment in time. In addition, selected films will be seen as interpretations of the American story, conveying images of popular culture and history. Finally, the film experience

will be analyzed as both art and entertainment. Course content will vary from offering to offering.

Prerequisites: Sophomore standing and one history or one communications course

HIST 320

American Diplomatic History

Three Credits LA

Organized along topical lines, this course focuses on the evolution of American foreign policy. Beginning with the principles established in the early years of the Republic, it treats "Manifest Destiny," American's rise to world power, the conflict between political isolation and economic internationalism, and American diplomacy in the nuclear age. Offered when there is sufficient student interest.

HIST 321

American Business History

Three Credits LA

This course seeks to develop an understanding of the impact of business on American life. Commencing with the role of the entrepreneur prior to the Civil War, this course will focus on the rise of the "Robber Barons," the role of organization in business, the Great Depression, and American entrepreneurial growth since World War II. Offered biennially.

Prerequisite: BUS 102 or HIST 226 or 227

HIST 341

The Diplomatic History of Early Modern Europe

Three Credits LA

A study of the alliances, peace treaties, reversals, etc. through which nations in the developing European state system attempted to deal with international problems from the end of the Thirty Years' War to the Congress of Vienna. Offered at least triennially.

HIST 342

Constitutional History of England: To Henry VII

Three Credits LA

A study of the development of the Laws and Constitution of Britain from the Saxons through the accession of Henry VII. Emphasis will be placed on such Saxon contributions as the Writ, the Reeve, the Witanagemot and on Norman and Angevin contributions in the area of Land Law, Courts, and the Parliament. Offered triennially.

HIST 343

Constitutional History of England: Henry VII to the Victorian Period

Three Credits LA

A study of the development of the Laws and Constitution of Britain from the accession of Henry VII through the death of Victoria. Emphasis will be placed on the Tudor reforms, both legal and religious, the confrontation between the Stuarts and the Parliament, the course of development of the Parliament and the Cabinet system from the early Hanoverians through the major reforms of the Victorian era. Offered triennially.

HIST 348

French Revolution and Napoleon

Three Credits LA

Traces the French revolution from its causes to its culmination in the dictatorship of Napoleon. Offered biennially.

HIST 349

Modern Germany: Bismarck to Hitler

Three Credits LA

A survey of the attitude of German liberals after the Congress of Vienna and the Revolutions of 1848; their relationship to the power politics of Bismarck and Prussian militarism, Germany, and World War I. It also examines the Versailles settlement and the problems under the Weimar Republic. Hitler and the roots of the Nazi ideology. Offered triennially.

HIST 355

Comparative Political Systems: Middle East

Three Credits LA

Dual listed as POSC 355

See POSC 355 for course description.

HIST 360

The Adams Chronicles: 1750-1900

Three Credits LA

This is a self-paced, independent-study course that will explore the substantial influences of four generations of the Adams family in the political, moral, and social history of the United States through a flexible program of individual study. There will be no regular class meetings, but periodic tutorials; all study materials will be provided to each student at the beginning of the semester. Working with these materials plus the original video program (available in the Marist College Media Center), students can complete the course at their own pace within the semester.

Prerequisite: Permission of the instructor

HIST 364

Civil War and Reconstruction

Three Credits LA

A study of America from 1848-1877, emphasizing the causes, the course, and the aftermath of the Civil War, with a consideration of the lingering effects of the conflict on American society, North and South. Offered biennially.

Prerequisite: HIST 226 or HIST 227 or permission of instructor

HIST 368

China to 1644

Three Credits LA

This course traces the growth of Chinese civilization and culture from its origins in the Shang Dynasty to the fall of the Ming dynasty. Offered biennially.

HIST 369

China Since 1644

Three Credits LA

This course traces the decline of the traditional Chinese state, the rise of nationalism, radicalism, and revolution in the 19th and 20th centuries and the formation of the People's Republic of China after 1949. Offered biennially.

HIST 375

History of Race Relations In Latin America

Three Credits LA

An examination of relations between white, black, and Indian in Latin America; emphasis is placed on the historical evolution of racial attitudes. Focal points will be the question of slavery, both of blacks and Indians, the impact of non-European cultures on Latin civilization, and comparative racial attitudes in the Americas. Offered when there is sufficient student interest.

Prerequisite: HIST 273 or 274 or permission of instructor

HIST 292, 293, 294, and 392, 393, 394

Special Topics in History I-II-III

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

HIST 413

F.D.R. Seminar

Three Credits LA

An intense study of America in the 1930s and 1940s, with emphasis on the emergence of the New Deal: its nature and significance. Attention is also given to the development of F.D.R., his apprenticeship for the White House, his role as chief administrator, as politician, as diplomat, and as commander-in-chief during World War II. Offered biennially.

Prerequisites: At least two courses in American History or permission of instructor

HIST 477

Capping Course

Three Credits LA

A capping course required for all Senior History majors.

HIST 497-498-499

Public History Internship

Three-Six-Nine Credits

Upon completion of all other requirements for a concentration in Public History, students are eligible for an internship in one of the following areas: Business History (Private Sector), Government (Public Sector), or other Public History

area (Archival, Not-For-Profit, etc.). Interns are required to meet periodically as a group and individually with the Internship Director. Offered every semester.
Prerequisite: Permission of the Internship Director

INFORMATION SYSTEMS

IS 110 Computing Studies Seminar

One Credit LA
Dual Listed as CMSC 110
See CMSC 110 for course description.

IS 130 Computing Studies Concepts

Three Credits LA
This course establishes a foundation for the understanding of information systems in organizations. Applications and technologies are studied in relation to organization objectives. The student studies different types of systems such as MIS, DSS, EIS and basic applications such as Manufacturing, Finance, and Marketing. The student studies an overview of technology including hardware, software, Internet, World Wide Web, E-Commerce, database, and objects. Offered every semester.

IS 236 Problem Solving and Programming in Business

Three Credits LA
This course develops problem-solving and programming skills in the area of business and organizations. Students will enhance their application programming knowledge and skills by working on real business-programming problems in a current programming language such as Visual Basic. Offered every Fall.
Prerequisites: CMSC 120; IS 130

IS 321 The Architecture of Hardware and Software

Three Credits LA
This course introduces computer architecture, data representation, machine and assembly language, the fetch-execute cycle, and operating systems. It gives students a solid background in the hardware and software technologies that support business-information systems. The course emphasizes the relationships between hardware and systems software, emphasizing the support that hardware provides for today's multitasking/multiuser operating systems. Offered every semester.
Prerequisite: CMSC 121

IS 395-396-397-398-399 Internship in Information Systems

One-Two-Three-Six-Nine Credits
The internship is a professionally oriented experience in the information-systems field. Arrangements are made with the Internship Director. Offered every semester.
Prerequisites: Junior/Senior standing in IS with a minimum cumulative GPA of 2.5. Note: Internships carry elective credit and may not be used to fulfill the requirements of the major.

IS 404 Systems Analysis Methods

Three Credits LA
This course provides an overview of the systems-development life cycle, with emphasis on the earlier phases. Students will employ graphical tools and other modeling tools. Students will become proficient in at least one current analysis method and will be exposed to several others, including Object Oriented Analysis and Prototyping. This course takes a problem-solving approach that covers only the systems analysis part of the life cycle. Offered every Fall.
Prerequisites: CMSC 120; IS 130

IS 406 Data Communications

Three Credits LA
This course examines the concepts and mechanisms of data-transport systems, including information in the form of data, voice, and image. Network architecture, terminology, control, and general topologies will be discussed. Current equipment and physical interconnection will be explored in an applied model incorporating a range of network services to support application development,

distributed processing, information centers, and distance learning. Emphasis is placed on the impact of data-communications technology on organizations and on the design of future information systems. Offered every semester.
Prerequisite: IS 130

IS 407 Laboratory for Data Communications

One Credit
This lab will provide students with hands-on experience in setting up, configuring, and trouble shooting networks. Offered every Spring.
Corequisite: IS 406

IS 408 Data Management I

Three Credits LA
This course is an in-depth study of the design and implementation of client/server data-management systems in business. Students will study data modeling (the relational and object-oriented data models), database query languages, multiuser database concerns such as concurrency control and recovery, and organizational issues (for example, database security and database administration) that arise in a database environment. The course has a significant hands-on component, including a database design and implementation project using client/server database application development software. Offered every semester.
Prerequisites: CMSC 120, IS 130

IS 418 Data Management II

Three Credits LA
Data Management II extends the theory and practice of database.

IS 452 Decision Support Systems

Three Credits LA
This course covers the analysis, design, and development of highly complex, individually tailored tools for the solution of specific management problems. The concepts of modeling as a problem-solving technique, model formulation, and tools for modeling will be covered.
Prerequisite: IS 404

IS 461 Systems Design Methods

Three Credits LA
This course integrates the areas of computer technology, systems analysis, system design, human computer interface, and organizational behavior to aid the student in designing large-scale applications and decision-support systems. Modern technologies (e.g., object oriented, Client/Server) are emphasized. Design and implementation principles are studied. Offered every Spring.
Prerequisites: CMSC 121, IS 404, IS 408

IS 471 Advanced Topics in Information Systems

Three Credits LA
This course in advanced topics will provide a more complete view of IS by studying topics of an advanced nature not covered in depth in the IS courses. Major topics to be covered could include, but are not limited to, Information Resource Management, Advanced Database Management, Expert Systems in Business, Information Quality, and Advanced Systems Development. New and innovative topics may also be covered, such as Object Oriented Paradigm, Reengineering and Rightsizing, Outsourcing, new technologies/tasks, IS issues and trends in industry, IS Research, Client/Server, and End-User computing.
Prerequisites: IS 404, 408

IS 477 IS Policy

Three Credits LA
This course is the capping experience in IS. The course integrates information systems, related field requirements and core studies. Students in this course will study how information systems function to support the overall operations, policies, and objectives of organizations. Critical thinking, case studies, and a major research paper are all required elements of the course. Offered every Spring.
Prerequisites: IS 461, 492 and senior standing

IS 492

Information Systems Project

Three Credits LA

Students in this course will work individually or in small teams to develop the solution to a problem for a real client, and work towards the implementation of the solution. The systems-development life-cycle approach-analysis and design, and project management tools and techniques will be utilized to explicitly define, monitor, and control project tasks. Offered every Fall.

Prerequisite: IS 461

Corequisite for the IS Analysis and Design Certificate

IS 495-496-497-498-499

Advanced Internship in Information Systems

One-Two-Three-Six-Nine Credits

The advanced internship is a professionally oriented assignment for students with prior internship experience in the information-systems field or for students enrolled in the 5-year BS/MS in IS program. Arrangements are made with the Internship Director during the previous semester. Offered every semester.

Prerequisites: Junior/Senior standing in IS with a minimum cumulative GPA of 2.5

Note: Internships carry elective credit and may not be used to fulfill the requirements of the major

INFORMATION TECHNOLOGY

IT 210

Web Programming I

Three Credits LA

The World Wide Web is no longer just linked, static HTML documents. Web pages can be generated dynamically and can interact with a user to modify pages on-the-fly, validate use inputs, and entertain. Web Programming I is an overview of several techniques that are used in the creation of interactive and dynamic Web pages. This course provides a practical overview of programming in the context of the World Wide Web. It will enable students to develop dynamic Web pages that incorporate client-side programming. Techniques covered include HTML, Dynamic HTML, JavaScript, Perl/CGI, SML and Web Servers.

IT 203

Introduction to Multimedia

Three Credits LA

This course will focus on the principles of instructional-design theory and the development concepts necessary to produce multimedia applications. Students will develop independent and team projects using computer-based multimedia software and authoring languages. Project development will include: planning and designing, developing media effects, and authoring (producing) a final software product or prototype. Offered every Fall.

Prerequisite: CSIS 150 or permission of instructor

IT 220

Web Programming II

Three credits LA

Web Programming II is a continuation of Web Programming I and focuses on the development of dynamic Web pages that incorporate both client-side and server-side programming. Systems that interact with a database system will also be stressed. Techniques include JSP, ASP, Perl/CGI, JavaBeans, cookies, JavaScript, Java Servlets, SML, and J.

IT 235

Applications Programming in Windows

Four Credits LA

This course will introduce programming for Windows using a network programming language such as Java. Students will write stand-alone applications using graphical elements such as buttons and menus. They will learn to handle events and exceptions, use graphics, images, and animation, and Applications Program Interfaces (API). Students will design and implement at least one application. Offered every Spring.

IT 250

Introduction to Computer Animation

Three Credits LA

Dual listed as CSIS 250

This lab-based course provides the background to enable students to create models, images, and animation. Students learn the basic concepts and techniques of model building, mapping, lighting, and animation using software such as Kinetix 3D Studio MAX. A project will be required. Offered in Fall.

Prerequisite: CSIS 150 or permission of instructor

IT 300

Instructional Technology

Three Credits LA

Information technologists will need to design small to moderately sized instructional programs to teach skills to or to train end users. This course presents a model for developing instructional software, which students will then apply to develop and validate a unit of instruction. Additionally, students will learn terminology that is common in instructional-design situations. Offered every other year.

Prerequisites: PSYC 342, CMSC 121

IT 312

UNIX

Three Credits LA

In this course, students will learn the fundamentals of the popular operating system UNIX. Topics will include file system organization, shell programming and customization, the use of filters such as grep, sed and/or awk, and perl. Offered every other year.

Prerequisite: IS 321

IT 320

Distributed Systems

Three Credits LA

This course focuses on the writing of simple client/server programs, using TCP/IP network protocol stack. It works through the establishment of simple connectionless communications, through connection-oriented communications, to multi-client connection-oriented communications. Students are exposed to the low-level working of TCP/IP at the transport layer, and the student is provided with experience in writing simple network applications such as echo client/servers, IRC (Internet Relay Chat), SMTP client/servers. Students are also introduced to higher-level communication abstractions such as RMI (Remote Method Invocation), JSP (Java Server Pages), Java Servlets, CORBA (Common Object Request Broker Architecture), and JDBC (Java DataBase Connectivity).

IT 330

e-Commerce Development & Design

Three Credits LA

This course is an in-depth study of the design and implementation of e-commerce applications and solutions. Transacting business over the Internet, whether between a consumer and a business, two businesses, or among a consortium of businesses, surfaces a diverse range of requirements spanning the IT infrastructure. In this course, we will examine the state-of-the-art IT infrastructure that addresses e-commerce from the perspective of applications-systems architecture, application-programming models, system platforms, Web and Internet standards, the underlying technologies, and the leading e-commerce application solution-development environments (Java™ and COM+ based). Student teams will be formed to develop a prototypical e-commerce application solution as a term project.

IT 410

System Administration and Management

Three Credits LA

This course is a survey of tools and techniques used in the administration of an internetworking computing environment. Included will be system installation, file systems and file and directory-permission structures, device configuration and management, and user-account administration. Also included will be service administration, and security and privacy issues. Students completing this course have experience in administering an internetwork of computers with a variety of services, including file service, print service, remote-access service, application service, name service, ftp service, Web service, and others.

IT 420

Internet Security

Three Credits LA

Internet Security is the study of mechanisms through which remote parties can authenticate each other's identity and then communicate securely with each other. Topics covered will include basic cryptographic mechanisms, Public Key Infrastructure (PKI) for distributed security, grammatical mechanisms used to specify security protocols (ASN.1 language), current government initiatives impacting internet security. Also covered will be security artifacts that occur in large networks to support and enhance the PKI – these are things like virtual private networks, the secure sockets layer mechanism embedded in all browsers, and directory services such as LDAP which are used as distributed repositories for hold certificates. Included, as well, will be study of methods that have been used by hackers to break into computer systems.

IT 477

Information Technology and Society

Three Credits LA

This course will examine the influence of information technology on society. Students will analyze the impact of technology on current legal, social, and ethical issues such as security, censorship, ownership, privacy, equity, and social interaction. Course assignments will include at least one research paper. Offered every Spring.

Prerequisite: Senior standing

INTEGRATIVE STUDIES

INTD 105

Personal History and the Educational Experience

Three Credits LA

This course has been designed to enable adult students to reflect upon their life experiences within the context of new educational perspectives and goals. Selected readings in the philosophy of education are geared to issues of personal development in the educational experience, past and present. Through shared reflection and class discussion the students learn how to establish continuity between their past educational histories, formal and informal, and the program of studies they have selected. Class procedures are designed toward the development of collaborative modes of learning. This course is the first core requirement for Integrative Studies Majors. Students work closely with faculty to develop their programs of study and a written rationale for the development of their individualized degree plans.

INTD 209

Self, Story and Culture

Three Credits LA

Recognizing that the role of the narrative is an integral part of all human experience, this course explores the development of "story," the dynamic relationship between the "narrator," the "story," and the "reader" and looks at the use of the narrative as a tool for exploration in various areas of study – including psychology, sociology, anthropology, science, religious studies, and history. Cultural perspectives and their impact on the development of narrative are also explored. This course will select and organize multicultural readings and other relevant materials in literature, psychology, anthropology, and the arts to enable students to recognize, criticize, and critically examine this dimension of narrative in their own quests for meaning in both personal and academic contexts.

Prerequisite: INTD 105

INTD 212

Self, Society and Institutions

Three Credits LA

Self-understanding and the quest for personal and professional realization are mediated by a host of social and institutional forms, including the family, social class, the economy, schools, and modern governmental and corporate structures. This course will select and organize readings and other relevant materials in sociology, political science, and economics to enable students to analyze some contemporary institutional forms and to appreciate the dynamic between such forms and the individual's personal experiences and areas of study.

Prerequisite: INTD 105

INTD 213

Self, Nature and History

Three Credits LA

The adult quest for meaning and value assumes mature form in a grasp of the possibilities of the historical moment. This course will select and organize

210 Course Descriptions

readings and other relevant materials in history, philosophy, and the sciences to bring into focus the responsibilities and possibilities bestowed upon us by a particular configuration of historical circumstance and by the new knowledge generated in scientific inquiry.

Prerequisite: INTD 105

INTD 477

Capping Experience

Three Credits LA

Intended to provide students with the opportunity to consider significant contemporary issues from integrative interdisciplinary perspectives, students are given the opportunity to develop a written project that synthesizes theory and application within their area of study. The number of themes will be limited to allow depth of consideration and breadth of research.

Prerequisites: PHIL 103; INTD 105, 209, 212, 213

ITALIAN

ITAL 101-102

Elementary Italian I-II

Three Credits each LA

Emphasis is placed on the acquisition of the fundamental skills of understanding, speaking, reading, and writing. Offered annually.

ITAL 105-106

Intermediate Italian I-II

Three Credits each LA

A continuation of the elementary course. The basic language skills are pursued more intensively and thoroughly. Offered annually.

ITAL 201-202

Advanced Italian I-II

Three Credits each LA

Extensive use of idiomatic Italian in conversation and composition is intended to broaden the student's linguistic and cultural knowledge of the language. Offered when there is sufficient student interest.

ITAL 250

The Civilization of Italy

Three Credits LA

Dual listed as CSIT 250

The main objective of this course is to acquaint the student with the contribution of Italy to Western Civilization with emphasis on Roman, Renaissance, and contemporary periods. Offered when there is sufficient student interest.

JAPANESE

JPN 101-102

Elementary Japanese I-II

Three Credits each LA

Emphasis is placed on building a solid foundation as attention is given to all four skills: listening, speaking, reading, and writing. At the same time, students develop an understanding and appreciation of Japanese culture. The Hiragana and Katakana symbols are introduced first and the Kanji characters are gradually taught. By the end of the course, students should be able to handle a number of interactive survival situations. JPN 102 may be used to fulfill the foreign-language option of Core/LS. Offered annually.

JPN 105-106

Intermediate Japanese I-II

Three Credits each LA

The elements of basic Japanese are pursued more intensively and thoroughly. They include practice in listening comprehension, speaking, reading, and writing. A better understanding of Japanese culture continues. The students will be able to deal successfully with many more interactive survival situations and with greater proficiency. Offered annually if there is sufficient student interest.

JPN 120

Civilization of Japan

Three Credits LA

Dual listed as CSJP 120

The cultural development of Japan through the study of its history, geography, literature, and fine arts. A basic knowledge of Japanese society will be

obtained. The students will experience some specific aspects of Japanese culture that would be practical for persons in business and travelers. Taught in English. Offered every year.

LATIN

LAT 101-102

Elementary Latin I-II

Three Credits each LA

A basic introduction to the study of Latin grammar and vocabulary. No previous knowledge of Latin required. Latin 102 may be used to fulfill the foreign-language option of Core/L.S. Offered annually.

LAT 105-106

Intermediate Latin I-II

Three Credits each LA

Advanced study of grammar, stressing forms and syntax, with readings from classical authors. Offered when there is sufficient student interest.

LEARNING CENTER

LERN 100

Introduction to College Reading

This course is designed to enable developmental readers to become more independent by focusing on reading basics with continuous practice and feedback, using material from content courses. The course meets once a week and is limited to freshmen who place into it. College Reading is recommended as a follow-up. No academic credit is given for this course; however, one equivalent credit is earned.

LERN 103

Learning Theory and Application

One Credit LA

This course will highlight some of the theories of learning and memory and apply them to specific techniques to improve the students' performance. Each of these skills will then be applied to the students' current course work. This course meets twice a week and is offered in the second half of the semester. On line skills enhancement through the Academic Learning Center's World Wide Web site is available.

LERN 105

Critical Reading and Thinking

One Credit LA

This course is designed to develop the critical and inferential reading skills required in all college work. Using college-level reading materials in various genres and disciplines, the student will practice principles of analysis as well as comprehension of content. This course meets once a week.

MATHEMATICS

MATH 001

Introductory Algebra

This course is specifically designed to prepare the student to do well in subsequent Mathematics courses. The emphasis is on elementary algebra. Instruction is based on mastery learning, where the student progresses at his or her own pace. Examinations determine whether the student has reached an acceptable level of competency in each area. This course is strongly recommended for some students on the basis of their scores on the Mathematics Placement Test. No academic credit is given for this course. However, three equivalent credits are earned.

MATH 108

Intermediate Algebra

Three Credits LA

This course provides students the opportunity to develop the skills and understanding that are essential for further study of many areas of mathematics, including calculus and introductory statistics, and related subjects such as accounting, business, and economics. The topics covered include: linear and quadratic functions and their graphs, exponents and radicals, exponential functions, rational algebraic expressions, and systems of equations. This course is offered every semester.

Note: Intermediate Algebra may not be taken for credit by students who have successfully completed any Mathematics course numbered 115 or higher.

MATH 110

Excursions in Mathematics: Classical Models

Three Credits LA

This is a nontraditional mathematics course designed to develop better logical and mathematical thinking in the students who take it. All sections have a main topic which is covered in depth. The main topic is chosen from logic, general problem-solving techniques, number theory, or classical mathematical problems. Students are expected to be able to justify in writing their solutions to all problems. This course is offered every semester.

Prerequisite: Three years of high school mathematics

MATH 111

Excursions in Mathematics: Modern Models

Three Credits LA

This is a nontraditional mathematics course designed to develop better logical and mathematical thinking in the students who take it. All sections have a main topic which is covered in depth. The main topic may be chosen from graph theory, game theory, or current mathematical topics. Students are expected to be able to justify in writing their solutions to all problems. MATH 110 is not a prerequisite for this course. This course is offered every semester.

Prerequisite: Three years of high school mathematics

MATH 115

Calculus with Management Applications

Three Credits LA

This course introduces one of the basic computational tools of calculus: the derivative. Functional models, including linear, quadratic, exponential, and logarithmic models are developed. These ideas and techniques are applied to study situations from business and other disciplines. This course is offered every semester. Use of TI-83 graphing calculator is required.

Prerequisite: Three years of high school mathematics or MATH 108 or satisfactory performance on the Mathematics Placement Test

MATH 120

Precalculus

Three Credits LA

Precalculus is an introduction to the basic mathematical skills necessary for the study of calculus. The topics studied include rational expressions, analytic geometry, and the elementary properties of functions including exponential, logarithmic, and trigonometric functions. This course is intended for students who plan to enroll in MATH 241 but lack the necessary background. Use of a TI-83 graphing calculator is required. This course will be offered every semester.

Note: This course may not be taken for credit by students who have completed MATH 241 or higher courses or their equivalents.

Prerequisite: Two years of high school algebra or MATH 108

MATH 130

Introductory Statistics I

Three Credits LA

This course introduces the basic ideas and techniques of statistics including: descriptions of sample data, simple probability, the binomial and normal distributions, estimation, hypothesis testing, correlation and regression, and the chi-squared distribution. Use of the computer or TI-83 calculator may be required. This course is offered every semester.

Note: This course may not be taken for credit by students who have completed MATH 330.

Prerequisite: Three years of high school mathematics or MATH 108 or satisfactory performance on the Mathematics Placement Test

MATH 131

Introductory Statistics II

Three Credits LA

This course continues the study of correlation and regression and the chi-squared distribution. It also treats experiment design, non-parametric techniques, and specialized statistical techniques. Use of the computer may be required. This course is offered upon sufficient student demand.

Prerequisite: MATH 130

MATH 210
Linear Algebra

Three Credits LA

This course introduces the theory of vector spaces and linear transformations as abstract systems. Matrices, matrix operations, and determinants are introduced and they are used to study systems of linear equations, characteristic value problems, and various applications. Use of TI-83 graphing calculator is required. This course is offered annually.

MATH 230
Operational Models

Three Credits LA

This course surveys modern mathematical techniques that have special applicability in business and economics. Among the topics considered are linear programming, including simplex, transportation, and assignment algorithms, queueing theory, simulation, and scheduling techniques. Computer use will be required since the development of mathematical models and the interpretation of results are emphasized. This course is offered every semester.

Note: This course may not be taken for credit by students who have completed MATH 430.

Prerequisites: MATH 130 and 115, 241 or 242

MATH 241
Calculus I

Four Credits LA

This course introduces the differential and integral calculus of algebraic, trigonometric, exponential, and logarithmic functions on the real line. Limits, continuity, the mean value theorem, and the Fundamental Theorem of Calculus are considered as well as applications using these ideas. Use of TI-83 graphing calculator is required. This course is offered every semester.

Prerequisite: Three years of high school mathematics including trigonometry or MATH 120

MATH 242
Calculus II

Four Credits LA

This course discusses applications of the definite integral as well as techniques of integration. Sequences and series, Taylor's theorem, as well as polar notation are considered. Use of TI-83 graphing calculator is required. This course is offered every semester.

Prerequisite: MATH 241

MATH 250
Discrete Mathematics I

Three Credits LA

This course introduces the algebraic concepts, methods, and techniques that form the theoretical basis of computer science, including the relevant areas of logic, set theory and the theory of relations, functions, and permutations. Offered annually.

Prerequisite: Three years of high school mathematics

MATH 251
Discrete Mathematics II

Three Credits LA

This course continues the development begun in MATH 250. It includes the study of partially ordered sets, lattices and boolean algebras, groups and semi-groups, and matrix methods.

Prerequisite: MATH 250

MATH 310
Introduction to Mathematical Reasoning

Three Credits LA

This course focuses on developing the habits of thought and careful exposition that are essential for successful study of mathematics at the junior/senior level. Fundamental proof methods including proof by contradiction, by induction, and through case analysis are studied in the context of elementary set and function theory, number theory, and binary relations. This course is offered annually.

MATH 321
Differential Equations

Three Credits LA

Solutions to linear and non-linear differential equations are generated by use of integration techniques, series, and transform methods. Numerical methods for generating approximate solutions and geometric methods for the qualitative

study of dynamical systems are also considered. Offered biennially.

Prerequisites: MATH 210, 343

MATH 330
Probability and Statistics

Three Credits LA

This course is an introduction to probability as a basis for the theory of statistics. The topics covered include sample spaces, conditional probability and independence, discrete and continuous distribution functions, random variables, and joint and marginal probability distributions. Offered biennially.

Prerequisite: MATH 343

MATH 331
Applied Statistics

Three Credits LA

This course considers the applications of probability to problems of statistical inference, including correlation, regression, sampling estimation, hypothesis testing, goodness-of-fit tests, and design of experiments. Offered biennially.

Prerequisite: MATH 330

MATH 343
Calculus III

Four Credits LA

This course introduces multivariate calculus. Topics covered include: vector geometry, functions of several variables, partial derivatives, and multiple integration. As time permits, line and surface integrals, Green's and Stoke's theorems with related topics and their applications, as well as differential equations may be covered. Use of TI-83 graphing calculator is required. Offered every Fall.

Prerequisite: MATH 242

MATH 393-394
Special Topics in Mathematics I-II

Three Credits each LA

A "special topics" course is a regularly scheduled class whose subject matter is not covered by any of the cataloged courses of the discipline. The specific content is described when the course is listed in the schedule of classes.

Prerequisite: Permission of the Dean

MATH 395
Math Practicum

One Credit

Each student will participate in an approved and supervised service activity which makes direct and substantial use of the student's mathematical expertise. Examples include tutoring in the Math Lab and conducting review sessions for the Learning Center. This course is only open to Mathematics majors and minors. The maximum number of credits that a student can earn is three.

MATH 410
Abstract Algebra I

Three Credits LA

This course introduces the basic concepts of modern algebra: axiomatic definition of algebraic structures and homomorphisms. It concentrates on group theory with an introduction to ring theory. Additional topics may include elementary number theory, group actions, or the Sylow theorems. Offered biennially.

Prerequisites: MATH 210, 310

MATH 411
Abstract Algebra II

Three Credits LA

A continuation of Math 410, this course concentrates on aspects of the theory of rings, fields, and modules. Closely related topics in number theory, Galois theory, or graph theory may also be covered. Offered upon sufficient demand.

Prerequisite: Math 410

MATH 412
Computational Algebra

Three Credits LA

This course explores some of the computational aspects of linear algebra. It considers both the theoretical and applied mathematical aspects of algorithms and provides the student with opportunities for further development of programming skills. Offered upon sufficient student demand.

Prerequisites: MATH 210; CMSC 121

MATH 420

Mathematical Analysis I

Three Credits LA

This course undertakes a rigorous study of the topology of real numbers and more general spaces, taking a unified approach to sequences and series and continuity. It may also include sequences of functions, differentiation, and the Fundamental Theorem of Calculus. Offered biennially.

Prerequisites: MATH 210, 310, 343

MATH 421

Mathematical Analysis II

Three Credits LA

This course undertakes a rigorous study of the inverse and implicit function theorems, the Riemann integral and the Fundamental Theorem of Calculus, the integration of forms, and Stokes Theorem. If time permits, an introduction to Lebesgue integration will be given. Proofs of elementary theorems will be expected of the student. Offered upon sufficient student demand.

Prerequisite: MATH 420

MATH 422-423

Applied Mathematics

Three Credits each LA

These courses consider selected applied topics from at least four of the following areas: ordinary and partial differential equations, matrices, complex variables, Fourier series, Laplace transforms, the algebra and calculus of vectors, and numerical methods. Offered upon sufficient student demand.

Prerequisites: MATH 210, 343

MATH 424

Complex Variables

Three Credits LA

This course investigates the theory of functions of a single complex variable, considering continuity, differentiability, the Cauchy-Riemann equations, analytic functions, complex integration, Cauchy's Theorem, Taylor's Theorem, Taylor and Laurent series, residue theory, conformal mapping, and harmonic functions. Offered biennially.

Prerequisites: MATH 310, 343

MATH 430

Operations Research

Three Credits LA

This course introduces the basic ideas and methods of operations research, considering topics selected from linear programming and the simplex method, transportation problems, sensitivity analysis, graphs and networks, CPM, PERT, dynamic programming, game theory, Markov chains, queuing, birth and death processes, inventory theory, simulation, and computer considerations. Offered biennially.

Prerequisite: MATH 210

MATH 440

Numerical Analysis

Three Credits LA

This course studies the design and implementation of numerical algorithms for computing devices, considering number systems and error analyses, nonlinear equations, systems of linear equations, matrix operations including inversion and eigenvalue problems, interpolation, differentiation and integration, ordinary differential equations, and difference methods for some partial differential equations. Offered biennially.

Prerequisites: MATH 343 and proficiency in a programming language

MATH 441

Advanced Discrete Structures

Three Credits LA

This course provides an introduction to discrete mathematical structures and related computational problems. Topics are selected from the representation of integers, sets, subsets, gray codes, chromatic polynomials, finite groups, graphs, trees, networks, grammars, linguistics, coding theory, recursion, finite machines, and universal algebras. Offered upon sufficient student demand.

Prerequisite: MATH 210

MATH 450

Fundamental Concepts of Geometry

Three Credits LA

This course provides an introduction to the concepts of geometry, with an emphasis on the relationship between algebra and geometry. Euclidean plane geometry is studied in terms of various transformations and their groups. This is followed by a systematic treatment of affine and projective spaces over fields and a brief survey of other geometries. Offered biennially.

Prerequisites: MATH 210, 310, 343

MATH 451

Elementary Topology

Three Credits LA

This course introduces the basic concepts of point set topology, beginning with the notions of metric and topological spaces and the definitions of a continuous function and a homeomorphism. Subspace, product, and quotient topologies are introduced, and the fundamental topological features of connectedness, compactness, and the Hausdorff separation property are studied. Additional topics in point-set, geometric, or algebraic topology may be included according to the interests of the instructor and the class. Offered upon sufficient student demand.

Coresquisite: MATH 410 or 420

MATH 452

Foundations of Mathematics

Three Credits LA

This course considers mathematical systems, mathematical logic and proof, the real number system, and topics in the philosophy of mathematics. Offered upon sufficient student demand.

Prerequisites: MATH 210, 343, or permission of the instructor

MATH 470-471

Advanced Topics in Mathematics I-II

Three Credits each LA

These courses are designed for upper-level mathematics students. The course format is flexible and will be chosen to respond to the needs of the students participating and the nature of the subject being studied. The topics considered must have upper-level prerequisites, but may otherwise be chosen to satisfy student and faculty interests. Offered upon sufficient student demand.

Prerequisite: Permission of instructor

MATH 477

Capping Course

Three Credits LA

This course helps students to unify and integrate their mathematical education and to place it in a broader context of scientific, philosophical, and social issues. Each student selects a topic, makes two presentations to the seminar, and prepares a major paper. When appropriate, there may be presentations by faculty and outside speakers, but the focus will be on student activity. Topics for consideration will be chosen from the areas of philosophy, foundations, history, and applications. Offered biennially.

Prerequisite: Junior standing or permission of the instructor

MEDICAL TECHNOLOGY

MEDT 260

Methods In Medical Technology

Four Credits

A study of the principles and practice of clinical laboratory medicine, including approaching the patient, venipuncture, laboratory procedures, and professional ethics. Site visits to hospital laboratories are included. Offered every Fall. Three-hour lecture, three-hour lab per week.

Prerequisites: BIOL 110-111, 112-113

MEDT 301

Clinical Microbiology I

Four Credits

Introductory study of the classification, morphology, growth requirements, biochemical characteristics, and pathogenic mechanisms of infectious bacteria, fungi, and viruses. Laboratory exercises present techniques and procedures used to isolate and identify medically significant bacteria and fungi from clinical specimens. Offered every Spring. Three-hour lecture, three-hour lab per week.

Prerequisite: BIOL 312

MEDT 305
Clinical Chemistry I

Four Credits

A study of manual and automated biochemical analysis of body fluids, including analytical procedures and correlation of laboratory data with biochemical and physiological processes in health and disease states. Offered every Spring. *Three-hour lecture, three-hour lab per week.*

Prerequisites: BIOL 110-111, 112-113; CHEM 112, 114, 201

MEDT 315
Hematology I

Four Credits

A study of the human hematopoietic system in health and disease states and its relationship to other organ systems. A morphological study of the cellular components of blood. Mechanisms of normal hemostasis and the pathological changes caused by disease or by anticoagulant therapy are included. Offered every Spring. *Three-hour lecture, three-hour lab per week.*

Prerequisites: BIOL 110-111, 112-113; CHEM 112, 114

MEDT 340
Clinical Immunology/Immunohematology I

Four Credits

A comprehensive study of the cellular and humoral immune response in health and disease. Includes serologic evaluation of infection, a study of human blood groups and associated genetics, transfusion therapy, detection of *in vivo* antigen-antibody reactions, and hemolytic disease of the newborn. Offered every Spring. *Three-hour lecture, three-hour lab per week.*

Prerequisites: BIOL 110-111, 112-113; CHEM 112, 114

MEDT 345
Clinical Microscopy I

One Credit

A study of body fluids which encompasses urine, cerebrospinal fluid, gastric fluid, peritoneal, pericardial, amniotic, synovial, and seminal fluids. Includes renal physiology, and pathophysiology of urinary tract disease and the microscopic and biochemical changes in urine which occur as a result of disease and are observed in the clinical laboratory. Offered every Spring. *One-hour lecture, two-hour lab per week, eight-weeks duration.*

Prerequisites: BIOL 110-111, 112-113; CHEM 112, 114

MEDT 401
Clinical Microbiology II

Four Credits

Advanced study of clinical microbes and the pathogenesis of infectious disease. Supervised hospital and classroom instruction in current manual and automated systems for isolating and identifying medically important bacteria, fungi, viruses, and parasites from all sites of human infection. Methods in antimicrobial susceptibility testing for antibiotic therapy are included. Offered every Summer/Fall.

Prerequisite: MEDT 301

MEDT 405
Clinical Chemistry II

Four Credits

Advanced study of biochemical analysis of body fluids and the clinical significance of results. Supervised hospital instruction in performing these manual and automated analyses and the evaluation of test results. Offered every Summer/Fall.

Prerequisite: MEDT 305

MEDT 410
Hematology II

Four Credits

Advanced study of hematology and coagulation. Supervised hospital instruction in current techniques of hematological analysis and evaluation of the diagnostic significance of results. Testing and evaluation of hemostatic function are included. Offered every Summer/Fall.

Prerequisite: MEDT 315

MEDT 440
Clinical Immunology/Immunohematology II

Four Credits

Advanced study of immunology and immunohematology. Supervised hospital and classroom instruction in testing for antigen-antibody reactions resulting

from blood group and tissue incompatibility and infectious disease; review of blood processing, antibody identification, and component therapy. Offered every Summer/Fall.

Prerequisite: MEDT 340

MEDT 445
Clinical Microscopy II

One Credit

Advanced study of body fluids. Supervised hospital instruction in diagnostic procedures used to evaluate all types of body fluids. Offered every Summer/Fall.

Prerequisite: MEDT 345

MEDT 477
Topics in Medical Technology

Three Credits

A lecture and discussion-oriented study of current topics in medical technology, medical-technology education and laboratory management are included. Case studies and problem solving emphasized. Offered every Spring. *Three-hour lecture per week.*

Prerequisites: MEDT 401, 405, 410, 440, 445

MUSIC

VOCAL COURSES:

MUS 112
Vocal Skills I

Three Credits LA

This elementary voice class is designed to introduce the student to the fundamentals of singing, including tone production, breathing, and diction. Singing with a natural sound and a relaxed feeling is encouraged. Offered every Fall. Participation in Marist College Singers twice per week is strongly encouraged.

MUS 113
Vocal Skills II

Three Credits LA

In this continuation of Vocal Skills I, growth and development in the fundamentals of singing are fostered. Several theories of vocal production are studied and the student is expected to perform in a recital at the end of the semester. Offered in the Spring. Participation in Marist College Singers twice per week is strongly encouraged.

Prerequisite: MUS 112 or permission of the instructor

MUS 212-213
Intermediate Voice Study I-II

Three Credits

The goal of this level of voice instruction is to establish a sound vocal technique and a thorough understanding of the singing voice, and to begin the process of artistic singing. Offered when there is sufficient student interest.

Prerequisite: MUS 113 or permission of the instructor

MUS 351
Independent Vocal Study

Three Credits LA

Independent Vocal Study is designed to deal more specifically with the natural gifts of the vocal instrument and to direct students in how to handle their own particular vocal problems. When talent warrants, this course may be taken for more than one semester for credit. Literature and pedagogy become more advanced with each semester of study. Offered when there is sufficient student interest.

Prerequisite: MUS 213 or permission of the instructor

CHORAL COURSES

MUS 110
Choral Singing I

Three Credits

If you love to sing in a group, or if you have always wanted to try this medium, supported with teaching of basic skills, this course is for you. Offered when there is sufficient student interest.

No prerequisites

MUS 111

Choral Singing II

Three Credits

Using the skills of Choral Singing I, experience the joy of singing through performances of music ranging from Bach to Broadway. This course stresses singing in choral parts. Offered when there is sufficient student interest.

Prerequisite: MUS 110 or permission of the instructor

MUS 301

Choral Singing III

Three Credits

This course provides an opportunity for the student with some choral experience to listen, study, and perform the more advanced contrapuntal choral music from all periods and in several foreign languages. Offered when there is sufficient student interest.

Permission: MUS 111 or permission of the instructor

MUS 302

Choral Singing IV

Three Credits

This level of instruction offers opportunities for performance with orchestral accompaniment, singing with other community choirs and, on occasion, performing in foreign countries. Offered when there is sufficient student interest.

Prerequisite: MUS 301 or permission of the instructor

CHORAL ENSEMBLES

Each of the Choral Ensembles may be taken for one credit per semester, although credit is optional. Any of the Choral Ensembles may also be repeated for credit, not to exceed eight credits in four years.

MUS 299

Choral Activity

One Credit each semester

MARIST COLLEGE SINGERS is an organization to which every member brings special talent. The blending of these gifts with hard work results in individual growth along with group distinction in artistic expression. This group sings with other college choral groups away and at home, for campus events and community celebrations, and takes a choral tour in the USA and abroad—alternating years. Offered every semester. Repeatable for credit.

Corequisite: MUS 110, 112 or permission of the instructor

LITURGICAL SINGERS prepare and perform the music for Sunday evening Mass in the campus chapel. The group is open to all, without audition. Offered every semester. Repeatable for credit.

No prerequisites

CHAMBER SINGERS is a select chamber group of 28 voices. The members of this choral group are admitted by audition only. The group practices two hours per week, studies challenging choral repertoire, and performs frequently during the year. Offered every semester. Repeatable for credit.

Prerequisite: Permission of the instructor

GOSPEL SINGERS: This singing group is open to everyone, and performs a variety of uplifting, energetic Gospel music on and off campus. Offered every semester. Repeatable for credit.

No prerequisites

INSTRUMENTAL COURSES

MUS 140

Instrumental Skills I

Three Credits LA

The purpose of the Instrumental Skills course is to increase the student's technical skills and musicianship. Each student will learn how to improve practice techniques and will apply them in a disciplined fashion throughout the semester. The class will also explore the instrumental repertoire at the student's skill level. Each semester's work will culminate in a performance. Offered every Fall.

No prerequisites

MUS 141

Instrumental Skills II

Three Credits LA

In Instrumental Skills II, growth and development of the student's technical ability and musicianship are encouraged. More challenging repertoire will be presented, and techniques toward mastery of the material will be explored. Each semester's work will culminate in a performance. Offered every Spring.

Prerequisite: MUS 140 or permission of the instructor

MUS 240

Intermediate Instrumental Skills I

Three Credits LA

The purpose of the Intermediate Instrumental Skills course is to provide an opportunity for more advanced students to pursue an in-depth study of their chosen musical instruments. The semester will be spent working on advanced technical studies and appropriate musical repertoire at the student's skill level. Each semester's work will culminate in a performance. Offered when there is sufficient student interest.

Prerequisite: Permission of the instructor

MUS 241

Intermediate Instrumental Skills II

Three Credits LA

Increasingly challenging repertoire will be presented, and techniques toward mastery of the material will be explored. Each semester's work will culminate in a performance. Offered when there is sufficient student interest.

Prerequisite: Permission of the instructor

INSTRUMENTAL ENSEMBLES

Each of the Instrumental Ensembles may be taken for one credit per semester, although credit is optional. Any of the Instrumental Ensembles may also be repeated for credit, not to exceed eight credits in four years.

MUS 230

Jazz Foxes

One Credit

The purpose of the Jazz Foxes is to provide a continuing musical performance experience for Jazz players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for Jazz ensembles from all musical periods. Offered every semester.

No prerequisites

MUS 231

Brass Ensemble

One Credit

The Brass Ensemble is a performance workshop where students gain familiarity with a broad range of literature for brass. Precision, intonation, and interpretation are studied. Open to all students with a school-level proficiency. Offered every semester.

No prerequisites

MUS 232

Flute Choir

One Credit

The purpose of the Flute Choir is to provide a continuing musical performance experience for flute players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for flute ensemble. Offered every semester.

No prerequisites

MUS 233

Woodwind Ensemble

One Credit

The purpose of the Woodwind Ensemble is to provide a continuing musical performance experience for clarinet and saxophone players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for clarinet and saxophone choir. Offered every semester.

No prerequisites

MUS 234
Orchestra
One Credit

The purpose of the Orchestra is to provide a continuing musical performance experience for string players. Students with sufficient ability on winds and brass will also be encouraged to participate. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for orchestra. Offered every semester.
No prerequisites

MUS 235
Handbell Choir
One Credit

The purpose of the Handbell Choir is to provide a continuing musical performance experience for handbell players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written for Handbell Choir. Offered every semester.
No prerequisites

MUS 236
Concert Band
One Credit

The Concert Band provides a continuing musical performance experience for woodwind, brass, and percussion players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for Concert Band. Offered every semester.
No prerequisites

MUS 244
Guitar Ensemble
One Credit

The Guitar Ensemble provides a continuing musical performance experience for guitar players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for Guitar Ensemble. Offered every semester.
No prerequisites

MUS 245
Percussion Ensemble
One Credit

The Percussion Ensemble provides a continuing musical performance experience for percussion players. The course will foster the growth of musicality through the rehearsal and performance of a wide range of music written or arranged for Percussion Ensemble. Offered every semester.
No prerequisites

MUS 320
Private Music Instruction
One Credit

The purpose of this course is to provide the serious music student with an opportunity to take private instrument or voice lessons for academic credit. This intensive private lesson experience will help improve the quality of all the performing ensembles. Repeatable for credit; not to exceed eight credits in four years.
Prerequisite: Permission of instructor

PIANO COURSES

MUS 107
Beginning Piano I
One Credit

The course focuses on the basics of piano techniques. Music notation, rhythms, as well as coordination of both right and left hand are stressed. Simple repertoire is learned and performed in a recital at the end of the semester. If you always wanted to learn to play the piano, this is the course for you. Offered every semester.
No prerequisites

MUS 108
Beginning Piano II
One Credit

Previous knowledge of piano is required. A more advanced technique is taught as well as somewhat more difficult repertoire. Offered every semester.
Prerequisite: MUS 107 or permission of instructor

216 Course Descriptions

MUS 410
Advanced Piano
One Credit

Individual and group piano lessons for students with previous experience. Performance and sight-reading appropriately challenging music will be achieved through daily practice of assignments and regular performance. Printed music required. Offered when there is sufficient student interest. Repeatable for credit.
Prerequisite: MUS 108 or permission of the instructor

THEORY COURSES

MUS 103
Sight Reading
Three Credits LA

This course will develop the student's skills in reading, singing, and hearing musical intervals, chords, and rhythms by means of musical notation and keyboard. Offered in the Spring.
No prerequisites

MUS 120
Theory of Music I
Three Credits LA

The course includes a study of the fundamentals of musical notation, basic chords and chord progressions, simple forms. Attention is also given to ear training, sight singing, and creative work at the individual level. Offered in the Fall.
Prerequisite: MUS 103 or permission of instructor

MUS 220
Theory of Music II
Three Credits LA

The course includes a study of chromatic harmony, larger musical forms, and analysis of compositions using these materials. Further development of skill in harmonizing melodies, composing at individual level, ear training, and sight singing. Offered when there is sufficient student interest.
Prerequisite: MUS 120 or permission of instructor

HISTORY COURSES

MUS 105
Introduction to Music
Three Credits LA

Designed as an introduction to music form, genres, and performance. The class will concentrate on the vocabulary of music and performance within an historical perspective. Concert attendance and music critiques will be required.
No prerequisites

MUS 106
Jazz and Sound
Three Credits LA

The study of the roots of Jazz from its early European and African heritage to the present will be achieved by examination of the diverse styles. Dixieland, Blues, Swing, Bebop, Cool, Fusion, spontaneous improvisation, and current avant-garde practices will be required. Student presentations and written critiques will be strongly encouraged. Offered when there is sufficient student interest.
No prerequisites

MUS 226
Music Cultures of the World
Three Credits LA

Studying folk or ethnic music is one way to learn about other cultures and at the same time discover common means of expression. Examination of Western and non-Western folk music will be accomplished through class lectures, student presentations, and listening to a wide variety of recordings. Student discussion is as essential as frequent critical writing. Offered when there is sufficient student interest.
No prerequisites

MUS 242
Popular Music in America
Three Credits LA

This course explores the broad range of popular music, discussing important elements of popular music including rhythm, melodic style, and instrumenta-

tion. Most of the course is devoted to a survey of American popular music from 1840 to the present, as well as related musical styles that influenced the development of popular music. No previous knowledge of music is required.

No prerequisites

MUS 330

Beethoven and Schubert

Three Credits LA

The lives, music, and society of these two composers shall be examined in the context of musical style transformation from Viennese Classicism to early Romanticism. In addition, the course shall include information about their contemporary composers and society. Students will acquire a listener's ear for a large quantity of music by these two composers. Previous musical study or experience is recommended but not required.

No prerequisites

MUS 335

Opera

Three Credits LA

The Opera is studied from an historical vantage point. Beginning with the Medieval and Renaissance roots of this art form the course proceeds through the Baroque and Classical periods to the Romantic and post-Romantic styles of the 19th and early 20th centuries. The course will also touch on the role of opera as a social revolutionary and political force. Offered every other Spring.

MUS 340

Baroque Masters

Three Credits LA

The music and society of this pivotal time span (1600–1750) shall be examined with special attention given to contributions of the greatest composers: Monteverdi, Vivaldi, Scarlatti, Bach, and Handel. Offered when there is sufficient student interest.

No prerequisites

MUS 341

Romantic Music of the 19th Century

Three Credits LA

Romanticism manifested in music of the major composers of the period will be understood by consideration of their lives and philosophies. Mendelssohn, Berlioz, Chopin, Liszt, and Tchaikovsky are only some of the features. Listening required. Previous musical study or experience recommended.

MUS 342

Music of the 20th Century

Three Credits LA

This course focuses on an examination of the diverse styles of music in our century. It will include the music of Impressionism, Expressionism, Serialism, Neoclassicism, Stravinsky, Gershwin, Copland, and Ives. Supplemental study of avant-garde, jazz, rock, and contemporary issues will be augmented by student presentations and films. Listening required. Previous musical study or experience recommended. Offered when there is sufficient student interest.

MUS 343

Music in America

Three Credits LA

This course focuses on an historical view of the unique development of music in America from the 17th century to the present. Study will include music from the Revolutionary and Civil Wars, folk music, major American composers, minstrelsy, origin of ragtime and musicals, as well as an examination of contemporary issues. Previous musical study or experience recommended. Offered when there is sufficient student interest.

MUS 344

Medieval and Renaissance Music

Three Credits LA

The extremely varied music and society of this long time span (1476–1600) shall be examined with special attention given to musical style evolution. Recognition and understanding shall be reinforced through listening to a large quantity of music. Previous music study recommended but not required. Offered when there is sufficient student interest.

No prerequisites

MUS 346

Amadeus Mozart and 18th century Vienna

Three Credits LA

The historical background, biography, and compositions by Mozart and his contemporaries shall be examined in detail. The course will include criticism of relevant films and operas. Aural recognition of his music is emphasized. Previous musical study or experience is recommended but not required.

No prerequisites

MUS 391-392-393

Special Topics in Music I-II-III

One-Three Credits LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. Offered every year.

Prerequisite: Permission of Chair

PARALEGAL

PRLG 101

Introduction to Law

Three Credits LA

Dual Listed as POSC 102

Introduction to Law is an introduction to the study of the law and the legal system. The course introduces students to the methodology of legal studies, to an overview of major areas of law, and to the functions of the paralegal in each area, as well as to the ethical and professional responsibilities attendant to the field. Students are prepared to continue the subject-specific courses with sufficient background and foundation to make them meaningful. Offered annually.

PRLG 105

Origins of the American Legal System

Three Credits LA

Dual listed as POSC 105

This course introduces the student to the Anglo-Saxon origins of some of our legal institutions, e.g., the jury system, writs, habeas corpus, etc., and traces their development up to our own time. The student is shown why the Common Law developed as it did, what distinguishes Common Law from Roman civil law and what influence the latter had on the former. The purpose of the course is to assist the student in achieving a better understanding of our legal traditions through an historical overview. Offered biennially.

PRLG 106

Juvenile Law and Procedures

Three Credits LA

Dual listed as CRJU 305

See CRJU 305 for course description.

PRLG 201

The Constitution and the Bill of Rights

Three Credits LA

Dual listed as POSC 201

This course examines current constitutional issues as they relate to the Bill of Rights, including privacy, censorship, freedom of religion, fairness in the criminal-justice system, and affirmative action. Offered biennially.

PRLG 206

Issues in American Constitutional Law

Three Credits LA

Dual listed as POSC 210

See POSC 210 for course description.

PRLG 210

Introduction to Legal Research And Writing

Three Credits

Introduction to Legal Research and Writing teaches students how to use the tools found in a law library to solve legal problems, and how to write a memorandum of law based on these tools. All primary sources of law and all significant secondary sources of law are studied, and the students are trained in the use of WESTLAW computerized legal research. Both federal and state materials are used extensively in this course. Offered annually.

Corequisite: PRLG 101

PRLG 221

Law and Society

Three Credits LA

Dual listed as CRJU 221 and POSC 221

See CRJU 221 for course description.

PRLG 311

Family Law

Three Credits LA

Family Law trains students in the law relating to marriage, dissolution of marriage, property distribution, and children. The theory and practice of family law, including the drafting, modification, and enforcement of divorce decrees, separation agreements, and prenuptial agreements are fully covered. The financial consequences, including the tax consequences, of marriage and the dissolution of marriage are evaluated. Offered annually.

Corequisite: PRLG 101

PRLG 312

Criminal Law

Three Credits LA

Criminal Law analyzes the substantive and procedural aspects of criminal law. Students study the preparation of criminal cases for trial, the prosecutorial function, probation, bail, sentencing, investigation, and interviewing in criminal cases, and the Constitutional limitations on criminal law. Offered annually.

Corequisite: PRLG 101

PRLG 313

Real Property and Title Search

Three Credits

Real Property and Title Search is a comprehensive analysis of real property ownership, title searching, and conveyance. The course includes a substantive and theoretical analysis of all documents associated with real property transactions, as well as a detailed study of the processes required to transfer real property. Offered annually.

Corequisite: PRLG 101

PRLG 315

Administrative Law

Three Credits

This course is designed to acquaint the student with procedures and practices of administrative judicial process, including all aspects of mediation and adjudication before federal and state agencies, review boards, and other governmental administrative, rather than judicial, hearings. Offered at least biennially.

Corequisite: PRLG 101

PRLG 380

Business Law I

Three Credits

Dual listed as BUS 380

See BUS 380 for course description.

PRLG 381

Business Law II

Three Credits

Dual listed as BUS 381

See BUS 381 for course description.

PRLG 410

Advanced Legal Research and Writing

Three Credits

This course emphasizes drafting of legal documents and memoranda and researching specific legal problems. A thorough knowledge of basic principles of legal research is assumed. Offered at least biennially.

Prerequisites: PRLG 101, 210

PRLG 420

Wills, Trusts, Estates

Three Credits

Wills, Trusts, Estates introduces the student to the law applicable to property and its conveyance under descent by will, and by trust. The drafting of a will, the administration of an estate, the establishment and maintenance of trusts, and the tax principles of estate planning and administration are studied. Offered annually.

Corequisite: PRLG 101

PRLG 421

Corporate Law

Three Credits

Legal format and available forms for conduct of business of corporations. Emphasis on structure of corporations, manner in which corporations operate as fictitious persons, incorporation procedures, dissolution, and merger. Offered upon sufficient enrollment.

Corequisite: PRLG 101

PRLG 422

Civil Litigation and Practice

Three Credits

Civil Litigation and Practice reviews the theory and application of procedures in civil litigation in both State and Federal courts. Trial strategies, rules of evidence pleadings, trial preparation, jury selection, settlements, and investigation are reviewed. Offered annually.

Corequisite: PRLG 101

PRLG 430

Law Office Management

Three Credits

Procedures, tools, and techniques for recordkeeping, diarying, work allocation, billing, and structuring of legal-service delivery in modern legal practice. Offered upon sufficient enrollment.

Corequisite: PRLG 101

PRLG 440

Labor Relations Law

Three Credits

A survey of the substantive and procedural aspects of the laws governing employer-employee relations. Emphasis is placed on the federal laws regulating union organizing, collective bargaining, and arbitral processes. Topics covered include the new pension law (ERISA), Occupational Health and Safety Act, Equal Employment Opportunity Act, and New York State Public Sector Labor Relations. Students role play in mock collective-bargaining and arbitration exercises. Offered upon sufficient enrollment.

Corequisite: PRLG 101

PRLG 496-498

Work Experience or Legal Internship

Three Credits each

Paralegal students engage in work experience in law offices and government agencies. Work in the agency, readings, and a seminar project constitute the basis of the experience. Permission of the faculty supervisor is required for entrance to the course. Offered every semester.

Corequisite: PRLG 101

PHILOSOPHY

PHIL 101

Introduction to Philosophy

Three Credits LA

This course introduces the student to the general education experience with the identification and analysis of the diversity of the contemporary modes of knowing; e.g., mythological, religious, scientific, and philosophic. Required of Freshmen. Offered every semester.

PHIL 103

World Views and Values

Three Credits LA

This course aims to help students ask basic questions about the ultimate meaning of life, to take a comprehensive and holistic world view, and to articulate a coherent value system. The basic methodology for teaching the course is comparative and socioanalytic. Transfer students only. Offered every semester.

PHIL 203

Introduction to Logic

Three Credits LA

This course introduces the student to "applied" logic. It deals with formal structures of thought only insofar as these can be readily applied to the organization of thought in language: spoken and written. The logical errors or fallacies that are most frequently made in written and oral discourse will be identified. Offered annually.

PHIL 204

Inductive Logic

Three Credits LA

This course investigates the methods of drawing sound conclusions from empirical data or information. Specifically, the course (1) investigates the principles of sound classification and precise definitions, (2) studies the nature of propositions, (3) engages in argument analysis on a basic level, and (4) studies the methods of correct generalization and scientific explanation. Recommended for all who wish to sharpen their thinking skills. Students who have taken other logic courses will find them helpful, but they are not required for the course. Offered biennially.

PHIL 212

Philosophy of Society

Three Credits LA

Philosophical thought concerning the nature, purpose, and forms of social organization. Offered according to faculty and/or student interest.

PHIL 220

History of Modern Philosophy I

Three Credits LA

An analysis of the movements of philosophical ideas in Europe from the 17th through the 19th century. Offered biennially.

PHIL 221

History of Modern Philosophy II

Three Credits LA

An analysis of the movements of philosophical ideas in Europe from the 19th into the 20th century. PHIL 220 is recommended but not required for this course. Offered biennially.

PHIL 222

History of Ancient Philosophy

Three Credits LA

A study of the major themes that formed Western philosophical tradition from the time of the pre-Socratics to Plotinus. Offered triennially.

PHIL 223

History of Medieval Philosophy

Three Credits LA

The historical emergence of Latin, Greek, and Islamic philosophy from the period of the Alexandrines to the 15th century. Offered triennially or according to faculty and/or student interest.

PHIL 231

Philosophy of Religion

Three Credits LA

An investigation of the philosophical issues regarding religious phenomena and the implications of religious experience. Offered biennially or according to faculty and/or student interest.

PHIL 232

Philosophy of History

Three Credits LA

An inquiry into the character of historiographical problems of evidence and explanations. Offered according to faculty and/or student interest.

PHIL 233

Philosophy of Education

Three Credits LA

This course is designed to aid the student in reflecting on the place and meaning of education in modern American society. Priority to Teacher Education students. Offered every semester.

PHIL 235

Philosophy and Technology

Three Credits LA

The course will analyze, from a philosophical perspective, the theoretical, metaphysical, and ethical presuppositions underlying the technological orientation of Humanity. Given the revolutionary nature of technology, an essential task of the course will be to provide an historical perspective of the problem. Such a perspective is necessary, not only to understand our own historical position, but to see the limits of technology itself, i.e., its humanizing and dehumanizing power. Offered according to faculty and/or student interest.

PHIL 240

American Pragmatism

Three Credits LA

A survey of the development of American Pragmatism from the latter part of the 19th century into the 20th century. Readings are from primary sources in Peirce, James, and Dewey. Offered biennially.

PHIL 242

Philosophy and Human Existence

Three Credits LA

The course is focused on the vital relationships of ideas as they are expressed in philosophy and human life. Great emphasis will be put on the historical dimension of human ideas and human existence. Philosophy will be seen as the historical reflection of people on themselves, i.e., as the different ways in which women and men have defined themselves in the course of history. This will lead us to the fundamental existential problem concerning the way in which humans view themselves today. Offered biennially.

PHIL 300

Ethics

Three Credits LA

This course, as an ethical reflection, examines the validity of our normative world. It involves the clarification of the presuppositions and assumptions that constitute such a world. This clarification will have two dimensions: a retrospective analysis of the ethical self-understanding present in our Judaeo-Christian and secular humanistic (e.g., Platonic, Kantian, Utilitarian) traditions and a prospective assessment of the new ethical demands prompted by our scientific/technological culture (e.g., ecology, biotechnology, ethnicity, global awareness, etc.). Required of all non-transfer students having either Junior or Senior status. Offered every semester.

PHIL 310

Symbolic Logic

Three Credits LA

This course provides an in-depth introduction to propositional and predicate logic, with emphasis placed on problem-solving applications. Valuable for all those interested in sharpening their logic skills. Students who have taken *Introduction to Logic* are encouraged to enroll. No prerequisites. Offered according to faculty and/or student interest.

PHIL 330

Aesthetics

Three Credits LA

Appraisal of the major theories and issues of a philosophy of art. Offered biennially.

PHIL 340

Marx and Marxism

Three Credits LA

An analysis of the historical and philosophical ground of Marx's thought. Special emphasis will be placed on its originality, historical impact, and humanistic meaning. Offered according to faculty and/or student interest.

PHIL 342

American Social Thought

Three Credits LA

A study of the religious and philosophical foundations of American social thought from the Puritans to the Pragmatists. Offered biennially.

PHIL 392-393-394

Special Topics in Philosophy I-II-III

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. *Prerequisite:* Permission of Department Chair

PHYSICAL EDUCATION

PHED 101

Physiology of Health

Three Credits LA

A study of the areas closely affecting the human organism in terms of his or her responsibility for self-direction of health. Areas covered include: introduc-

tory physiology in health, the effects of disease, physiology of reproduction, financial aspects, and future trends in health and related areas.

PHED 105
Beginning Classical Ballet

One Credit

A beginning classical ballet class including basic ballet technique and vocabulary, proper body alignment, basic stage and performing skills, barre work, center barre, traveling, and turning and jumping combinations moved to classical music. The most-difficult and most-disciplined dance course.

PHED 106
Introduction to Dance

One Credit

A dance fundamentals course structured to award the non-dancer body awareness, enhance an athlete's performance, and allow the student to approach more-advanced courses with confidence. This dance class sampler will explore, at the most-beginning level, basic dance stretches, strengthening movements, jumping and balance techniques used in both modern dance and ballet disciplines. The most basic of the dance courses.

PHED 120
Golf

One Credit

Instruction and practice in golf skills, evaluation of golf courses, rules, etiquette, and strategy. Participation in actual play is a requirement of the course and a "greens fee" is the responsibility of the student. Emphasis on carryover values stressed.

PHED 121
Volleyball/Badminton

One Credit

An activity course designed to develop an understanding of the rules, individual skills, and team play in volleyball and badminton. Emphasis will be placed on correct methods and skills in playing each game.

PHED 123
Archery

One Credit

An activity course stressing beginning techniques of archery. Selection and care of equipment and safety will also be stressed. Emphasis will be on standard shooting techniques with some exploration of hunting and field-archery techniques.

PHED 124
Conditioning

One Credit

An activity course designed to promote physical fitness and an understanding of the body. Emphasis will be placed on exercise, weight control, developing physical potential, and the mechanics of conditioning in daily living.

PHED 128
Modern Dance I

One Credit

Study and practice of dance techniques, movement components, composition, and basic elements of choreography. Consideration of dance as a creative art experience.

PHED 129
Modern Dance II

One Credit

Further study of dance techniques offered in Modern Dance I.

PHED 132
Boxing

One Credit

An activity course to teach the fundamentals of boxing as used in self-defense. Technique and strategies will be discussed. Development of styles and conditioning will also be discussed.

No prerequisites

PHED 133
Handball/Racquetball

One Credit

An activity course to teach the student the skills, rules, and strategy of handball and racquetball, with emphasis on the carryover value of the activity.

PHED 134
Fencing

One Credit

An introductory course designed to teach fundamentals of the foil. Basic skills of positioning and movement along with the appropriate terminology will be covered. Some competition will be included.

PHED 136
Rowing

One Credit

Students are expected to learn the fundamentals of sweep rowing in eights and fours, and sculling in singles. Skills in rowing will be developed which may be used for participation during and after college.

Prerequisite: Ability to swim

PHED 137
Sailing

One Credit

Designed to develop basic seamanship and sailing techniques in the use of sailboats. Students are expected to develop skills in sailing which they can use for participation during and after their college years. Coed.

Prerequisite: Ability to swim at least 100 yards

PHED 139
Beginning Swimming (Non-Swimmers)

One Credit

An activity course designed to give students the opportunity to develop necessary survival techniques. Brief introduction to understanding of basic mechanical and kinesiological principles and their application to swimming. Skills in swimming and lifesaving techniques will be developed. Coed.

PHED 146
Karate I

One Credit

Self-defense course in the art of Okinawan Karate. Student will learn blocks and attacks to major target areas.

PHED 147
Yoga

One Credit

A survey of principles and practices of Hatha Yoga for beginners. The class will consist of warm-up and stretching exercises designed to relax and lengthen muscles. Each lesson will include postures and asanas in conjunction with natural breathing. The group will start with basic postures and progress to the advanced and more-complex activities.

PHED 148
Springboard Diving

One Credit

This course will teach the fundamentals of springboard diving. The student will receive instruction covering the five required dives and will also learn how to judge and calculate diving competitions.

PHED 150
Basic Horsemanship

One Credit

Basic instruction in riding, handling of horse, tack, grooming, various gaits, and care of horse. Coed.

PHED 151
Intermediate Horsemanship

One Credit

Advanced techniques in riding, building on skills developed in PHED 150, plus additional time on groundwork, i.e., tack care, grooming, cleaning, stabling, and protocol of horsemanship. Coed.

PHED 210

Understanding the Mind in Sports

Three Credits LA

The unique relationship between the mind and body is an essential aspect of sport performance. This course is designed to provide students with a more clearly defined picture of themselves as persons engaged in the successful pursuit of self-generated goals in three areas: academic, athletic, and professional.

PHED 238

Skin and Scuba Diving

One Credit

Subject areas that will be covered in the lectures are: applied science, diving equipment, diving environment, medical problems, and diving activities. Water skills that will be covered in the pool and on the open-water dive will be swimming skills, skin, and scuba-diving skills. An additional expense will be incurred for the open-water dive, which will be taken in the ocean.

Prerequisites: Pass swimming and physical examination

PHED 239

Advanced Swimming

One Credit

An activity course designed to give students the opportunity to achieve some proficiency in the four competitive strokes. Introduction to understanding of basic mechanical and kinesiological principles and their application to continued refinement of swimming techniques. This five-week course is included in the first half of the Advanced Swimming and Lifesaving course. Coed.

PHED 240

Advanced Swimming and Lifeguard Training

Two Credits

An activity course designed to give students the opportunity to achieve proficiency in competitive strokes and lifesaving techniques. The student will receive A.R.C. certification in advanced lifesaving. Basic swimming techniques will be taught during the first six weeks. Lifesaving and water-safety techniques will be presented during the remaining four weeks. This ten-week course is a continuance of the Advanced Swimming course. Coed.

PHED 301

Sports in Society

Three Credits

A reading-seminar course based on current literature in the field. The impact of professional and collegiate athletics on our society is emphasized. Topics discussed include: women in sports, violence, commercial aspects, recruiting and abuses, educational values.

PHED 305

First Aid and Care of Injuries

Two Credits

This course is designed to develop awareness of state regulations concerning care and treatment of the athlete and those skills necessary for the immediate and temporary care of injured players. The responsibilities of the coach toward the injured player, recognition, prevention, and rehabilitation of common athletic injuries will be covered. Safety aspects, doctors' responsibilities, and limitation of treatments are also included.

PHED 310

Soccer Coaching

Two Credits

The course will include material on pre-season training and conditioning, in-season practices, offensive-defensive tactics and strategy, rules, team selection, and position play. Consideration will be given to various styles of play prevalent at different levels of competition as well as in school and club organizations.

PHED 311

Basketball Coaching

Two Credits

The goal of the basketball coaching course is to expose the student to the various activities and responsibilities associated with coaching a high school basketball team. The topics covered include the following:

1. Rules
2. Practice planning and tryouts
3. Offensive systems
4. Defensive systems
5. Game preparation
6. Motivation and discipline

7. Special situations

8. Public relations

9. Proactive coaching

Requirements include written assignments dealing with each topic and a summary term paper. A willingness to participate in discussions is essential for those serious students who expect to excel in this course.

PHED 313

Baseball Coaching

Two Credits

This course is devoted to every phase of baseball coaching from youth to professional levels. Some topics that will be covered include game-managing strategy, building a pitching staff, conditioning players, recruiting, and professional baseball. There will also be guest speakers from the college and professional levels.

PHED 314

Football Coaching

Two Credits

The class will provide the student with an understanding of football coaching principles. There will be an analysis of offensive, defensive, and special-teams systems. The student will also be responsible for research and presentations on football-related topics.

PHED 390-391-392

Special Topics I-II-III

One-Two-Three Credits

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisite: Permission of Director of Physical Education

PHED 401

Movement in Sports

Two Credits LA

This course is designed to develop the ability of the coach to analyze and improve athletic performance. Includes a review of muscular-skeletal anatomy, mechanical principles involved in movement, forces initiating movement, and the synthesis of skilled performance. Laboratory exercises include the use of films and videotape as well as observation and mechanical guidance in improving movement.

PHED 410

Principles and Problems of Coaching

Three Credits

An introduction to the role of the coach in high school coaching. Emphasis will be placed on his functions as a teacher and administrator in the area of coaching. Specific sports will not be dealt with. Focus will be put on general guidelines and relationships, administrative problems, and personal values. Developing from this will be the lab course dealing with various sports. Emphasis will be placed on New York State Public High School Rules.

PHYSICS

PHYS 108

Introduction to Cosmology

Three Credits LA

This course provides an introduction to our modern understanding of a dynamic, expanding universe. Topics to be covered include stars, galaxies, pulsars, black holes, the expansion of the universe, the Big Bang, and the future of the universe. Offered once each academic year.

PHYS 193

Physics of Modern Technology

Three Credits LA

This course is a tour of Physics. Its purpose is to expose the student to the history of physics starting with the Greeks up to today. This is done by selecting the major contributions of scientists through the years and describing these in layman's terms and showing how they contributed to the evolution of physics. The second part of the semester is used to study the physics of nuclear radiation and power. This is followed by an in-depth presentation on the physics of modern hi-tech medical technology including MRI, X-rays, CAT Scans, Positron Emission Tomography, Laser Surgery, and others. No previous education in physics or math is required.

PHYS 211

General Physics I

Three Credits LA

A study based on calculus and vector algebra of classical mechanics and sound. Two lectures and one problem session per week. Offered every Fall.

Corequisite: MATH 241-242

PHYS 212

General Physics II

Three Credits LA

This course continues the first-level survey of physics with a thorough study of electricity and magnetism, optics, and some aspects of modern physics. An attempt is made to focus on the nature of scientific inquiry and thought. Two lectures and one problem session per week. Offered every Spring.

Corequisite: MATH 241-242

PHYS 213-214

General Physics Lab I-II

One Credit each LA

The general physics labs are taken simultaneously with the course in general physics. The lab may or may not be required, depending on the student's major or program of study (e.g., pre-med, etc.). One credit is assigned to each semester of the laboratory. Offered every year.

Corequisite: PHYS 211-212

POLITICAL SCIENCE

POSC 101

Introduction to Politics

Three Credits LA

The fundamental questions and methods of political inquiry; a study of politics; nature of political process; political structures and functions; concepts of political stability and order; and recurring issues of politics. Offered every semester.

POSC 102

Introduction to Law

Three Credits LA

Dual listed as PRLG 101

See PRLG 101 for course description.

POSC 105

Origins of the American Legal System

Three Credits LA

Dual listed as PRLG 105

See PRLG 105 for course description.

POSC 110

American National Government

Three Credits LA

A study of the American political system, analysis of the institutions of the national government and of the American political process. Political behavior and selected issue areas will also be studied. Offered annually.

POSC 120

The Role of the Interviewer in Survey Research

One Credit LA

Provides students with an understanding of the interview process as a key aspect of survey research. The course focuses on the survey-research methodology, the role of the interviewer, interviewer techniques, and value issues associated with the interview process. In addition, students participate in a survey conducted by the Marist Institute for Public Opinion and analyze their experiences.

POSC 121

Polling and the Survey Instrument

One Credit LA

Provides students with an understanding of the instrument used in carrying out survey research. The course focuses on the design of questionnaires and the theoretical and practical issues involved in their development, implementation, and interpretation. Students learn about various measurement techniques involved in studying attitudes and the concerns associated with collecting accurate information. In addition, students participate in a survey conducted by the Marist Institute for Public Opinion and analyze the particular survey instrument being used.

POSC 122

Survey Design and Data Collection

One Credit LA

Provides students with an understanding of the methods of conducting survey research and the advantages and disadvantages of each approach. The course focuses on the use of computer technology in survey research and how survey results are analyzed. In addition, students collect data for a survey conducted by the Marist Institute for Public Opinion using computer-assisted telephone interviewing.

POSC 124

Polling and the Media

One Credit LA

Provides students with an understanding of the relationship between survey research and journalism. The course focuses on the uses and abuses of polls in the political process, the context for polls and their communication, and issues associated with independent polling, polling for candidates, and polling done by the media. Discussion involves current trends in survey research and the communication of poll results, including the role of exit polls. In addition, students gain different perspectives by discussing these issues with outside speakers.

POSC 201

The Constitution and the Bill of Rights

Three Credits LA

Dual listed as PRLG 201

This course examines current constitutional issues as they relate to the Bill of Rights, including privacy, censorship, freedom of religion, fairness in the criminal-justice system, and affirmative action. Offered biennially.

POSC 202

Political Process & Environment

Three Credits LA

Dual listed as ENSC 202

The purpose of this course is to teach the "layperson" how to get involved in environmental issues; how to evaluate environmental problems and their proposed solutions; and how to effectively fight for environmental protection.

Prerequisites: ENSC 101 and POSC 110

POSC 210

Issues in American Constitutional Law

Three Credits LA

Dual listed as PRLG 206

This course proceeds on the proposition that the Constitution means what the Supreme Court says it means. The constants are the Supreme Court-instituted concept of itself and the tension and interplay among the court's basic themes of nationalism, federalism, separation of powers, judicial activism, and judicial restraint. Offered biennially.

Prerequisite: POSC 110

POSC 211

American State and Urban Politics

Three Credits LA

A study of the processes through which individuals and groups affect the decision-making process on the state and local levels. Emphasis is placed on an analysis of urban politics and on major public-policy issues affecting urban government. Also, the politics of New York State are examined. Offered biennially.

Prerequisite: POSC 110

POSC 212

Political Parties and Pressure Groups

Three Credits LA

The nature, composition, and organization of parties and pressure groups; the role played by these two forces in the political process; history and programs of parties and pressure groups will be analyzed. Also, the nature of contemporary voting behavior is examined.

Prerequisite: POSC 110

POSC 213

Politics of Human Rights

Three Credits LA

This course examines various kinds of human rights and arguments for their protection. Safeguards afforded or aspired to by international law will be reviewed. The extent of human-rights violations throughout the world will be surveyed as well as efforts of inter-governmental and non-governmental organi-

zations to alleviate the transgressions. The role of the United States in formulating a human-rights policy will be traced from the Eleanor-Roosevelt era to the present. Offered biennially.

POSC 216

Black Political and Social Thought

Three Credits LA

Dual listed as HIST 216

A survey of the writings and activities of selected African, Afro-American, and Afro-Caribbean thinkers and activists beginning with the pre-Civil War and pre-Colonial periods and extending to the present. Offered biennially.

POSC 217

Catholics in the U.S.

Three Credits LA

Dual listed as HIST 217

See HIST 217 for course description.

POSC 221

Law and Society

Three Credits LA

Dual listed as CRJU 221 and PRLG 221

See CRJU 221 for course description.

Prerequisite: POSC 101 or permission of instructor

POSC 232

Classical Political Thought

Three Credits LA

A survey of the development of ideas concerning the major problems of political theory. Selected writers of the ancient and medieval world will be studied; consideration of early ideas on constitutionalism, representation, and church-state relations. Offered biennially.

POSC 233

Modern Political Thought

Three Credits LA

A study of selected political theorists and theories of the period from the 17th century to the beginnings of the 20th century. Included among those studied are Hobbes, Locke, Rousseau, Burke, and Marx as well as American political thinkers. Issues include theories of divine right, social contract, and of revolution as the basis for government power. Offered biennially.

POSC 235

Scope and Methods of Political Analysis

Four Credits LA

This course is an introduction to the basics of social-science inquiry. Topics covered include the scope of the field, the research process, problem conceptualization, research design, modes of analysis, and basic statistical techniques. Data-collection techniques such as survey research, sampling, document analysis, and participant observation will be examined. Each student will conduct an independent research project as part of the course. A weekly lab component is included in which students will work on their research either in a computer lab or in the library.

Prerequisites: Sophomore class status or above; POSC 101 and 110

POSC 240

Introduction to Public Policy

Three Credits LA

A study of the components of public policy and an analysis of different approaches utilized in making policy. Emphasis is on the role assumed by public administrators in policy formulation and implementation. Offered biennially.

Prerequisite: POSC 110 is recommended

POSC 243

Contemporary Ideologies

Three Credits LA

This course deals primarily with 20th-century political thinking and ideologies. Emphasis is placed on the key concepts of Communism, Fascism, Socialism, Liberal Democracy, Liberation Theology, and selected Third World leaders and writers. Offered biennially.

POSC 245

Politics of Prejudice

Three Credits LA

This course deals with the politics of racial, gender-based, ethnic and/or religious prejudice. It includes the politics of anti-Semitism in its current aspects and the phenomenon of its history over more than twenty centuries. Special attention is paid to post-holocaust and contemporary manifestations of prejudice (e.g., in the former Yugoslavia).

POSC 251

Comparative Politics of Western Europe

Three Credits LA

Comparative analysis of political culture, ideology, institutional forms, and functioning of Western European democracy, with emphasis on the British parliamentary system, post-Gaullist France, and the German Federal Republic. Offered biennially.

POSC 252

Comparative Politics of Russia/Eastern Europe

Three Credits LA

This course is intended as an introduction to the politics and history of Russia and Eastern Europe from the communist to the post-communist period when countries in this region have been engaged in an historic transformation from communism. Attention will be given to role of ideology, political institutions and participation, political economy, as well as the challenges facing these countries in their unprecedented transitions to democracy and free-market economies.

POSC 255

Political Economy: The Rise of the Asia-Pacific

Three Credits LA

This course explores the rise of the Asia-Pacific, a region that includes Japan, China, Korea, Taiwan, Malaysia, Indonesia, Thailand, Vietnam, and the Philippines. It uses a critically acclaimed video series, among other sources, to examine the history and politics behind the growth of the world's most dynamic economies, and the political, social, and environmental consequences of that growth. The course is interdisciplinary and is intended for political science, environmental science, history, economics, and business majors who are interested in Asia.

POSC 260

Comparative Politics of Africa

Three Credits LA

The primary focus of this course is on the dynamics of societies in transition in sub-Saharan Africa. It will trace the evolution of these African societies, not only from colonial dependency to independence but also from traditional, tribal units to modern nation-states. The course will critically examine some of the major problems of the developing countries, concentrating on the difficulties in creating viable and stable governments in Africa. It also attempts to analyze the prospects for economic development and democracy in contemporary Africa. Some countries will be selected for special attention.

POSC 271

Nationalism and Communism in China and Taiwan

Three Credits LA

This course is an introduction to the history, politics, and government of contemporary China and Taiwan. It examines the political dynamics of China's transition from Chiang Kai-shek's nationalism to Mao Zedong's brand of communism to Deng Xiaoping's "market socialism." It looks, in addition, at the two "capitalist" powerhouses in Taiwan and Hong Kong and their growing integration with China. Key aspects of the political landscape in China and Taiwan are analyzed: leadership, political institutions, political participation, the government's role in economic development, and foreign relations. Crucial issues such as the role of women, population control, the environment, human rights, and democracy will also be addressed.

POSC 273

International Politics

Three Credits LA

Theories of international politics, political power, the struggle for power; policy of the status quo and prestige imperialism, ideologies in international politics; national power and its limitations; the balance of power, international morality, world public opinion, disarmament, security, the U.N.; order through transformation; the world state and the world community; order through accommodations, diplomacy. Offered annually.

POSC 280

ICONS: International Communication & Negotiation Simulations

Three Credits LA

By participating in the ICONS (International Communication & Negotiation Simulations) program administered by the University of Maryland, Marist students will explore the world of international diplomacy. In this high-tech "Model United Nations" students will role play the delegation of an assigned country and work to solve, via computer and telecommunications, global problems with the other country teams across the U.S. and around the world.

POSC 283

Public Administration

Three Credits LA

This course introduces the student to the administrative aspects of governmental policy making. The course covers theoretical approaches and methods of administration. The focus is on decision making, personnel management, and budgeting. Offered at least biennially.

Prerequisite: POSC 110 is recommended

POSC 285

The History and Political Culture of Ireland

Three Credits LA

Dual listed as HIST 285

A survey of Irish history and political culture from the time of the Celts to the present day. Oral tradition, the songs and stories of the Shanachie, will be interwoven with historical narrative. Offered when there is sufficient student interest.

POSC 301

Program Planning and Evaluation

Three Credits LA

This course aims at developing student awareness and understanding of key methods and types of program planning and evaluation in the public sector. Students should develop familiarity with the functions of planning and evaluation in policy development, implementation, revision and/or termination. Developing awareness of American intergovernmental relations and providing familiarity with grant opportunities and procedures are other important outcomes sought in this course. Offered biennially.

Prerequisites: POSC 110, 283

POSC 312

History of the American Presidency

Three Credits LA

Dual listed as HIST 312

This course surveys the evolution of the Office of the President from the Constitutional Convention of 1787 to contemporary America. By using selected case studies attention is focused on the personalities and the forces which shaped the office during the history of the Republic. Offered triennially.

POSC 320

Feminist Political Thought

Three Credits LA

This course will provide a grounding in feminist political theories and will include reading selected modern political theorists' works through a feminist theoretical perspective. Particular attention will be given to key liberal democracy tenets: equality, political participation, and liberty, as they relate to inclusive citizenship.

Prerequisite: One of the following: POSC 232, 233, 243, or permission of the instructor

POSC 338

Political Communication and Politics

Three Credits LA

Focusing on the US and beyond, this course explores the many forms of political communication – including the media – by which citizens become informed and in turn shape the electoral process, legislation, and public policy. Offered biennially.

POSC 339

Public Opinion and Politics

Three Credits LA

From a theoretical perspective, but also by providing students with involvement in actual polling projects, this course examines the issues and methodologies, as well as the use and abuse, of public opinion measurement for research and other purposes. Offered biennially.

POSC 342

Survey Research & Political Data Analysis

Three Credits LA

Analysis of the theoretical background of survey research as a scientific method of study. Provides an opportunity for the development of the techniques required by the survey researcher. Discussion on survey methodology and its applications; survey designs; data collection; questionnaire construction; sampling techniques; data analysis, including computer coding and analysis. Offered at least biennially.

Prerequisite: POSC 101; priority to Juniors and Seniors; POSC 110 recommended

POSC 350

Comparative Politics of Latin America

Three Credits LA

Focusing on the key components in Latin American political systems, the course analyzes various aspects of politics, including functional elites, the military, the middle class, labor, peasant movements, and the church. Comparative political opposition, and political adaptation and integration. Offered triennially.

POSC 353

Comparative Politics of Developing Areas

Three Credits LA

This course is an introduction to the politics of developing countries, with attention to four major regions: Asia, Africa, Latin America, and the Middle East. It examines the politics and governments of selected countries in these regions, as well as issues of particular concern to the developing world, including the legacy of colonialism, nationalism, ethnic conflict, the role of the state and women in development, democratization and human rights, and the environment.

POSC 355

Comparative Politics of the Middle East

Three Credits LA

Dual listed as HIST 355

This course examines the political systems of the Middle East, including the emergence of the modern state, and the political systems of Egypt, Israel, Jordan, Lebanon, and Syria. Also studied is the Arab-Israeli conflict in present perspective.

POSC 360

Congress Today

Three Credits LA

This course examines the United States Congress. The course covers congressional elections, exploring the incumbency effect, the role of money in campaign communications, and suggested reforms. The institution of Congress, including roles and functions of party leadership, committees, rules, and voting behavior is examined. Thorough coverage of how a bill becomes a law is provided. Congressional interactions with other elements of American politics – the presidency, executive agencies, courts, and interest groups – are explored as well. Special attention is given to the tensions that arise in an institution that represents local constituencies and functions as a national policy-making body.

POSC 372

International Law and Organization

Three Credits LA

Study of the origin, nature, sources, and functions of international law; development of international institutions, structures, and processes with emphasis on the United Nations. Offered biennially. Priority to Juniors and Seniors.

POSC 391-392-393

Special Topics in Political Science

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division or school may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisite: Permission of Chairperson may be required

POSC 396-398-498

Work Internship in Political Science

Three Credits each LA

Selected students engage in work experiences with government and political agencies. Work in the agency, readings, and a seminar project constitute the basis of the experience. Permission of faculty supervisor is required for admission to this course. No more than twelve credits may be taken during the internship. Offered every semester.

Prerequisites: Permission of instructor and Political Science Internship Coordinator

POSC 420

Environmental Planning

Three Credits LA

Dual listed as ENSC 420

This course will cover the constitutional principles, values, and socioeconomic impacts affecting planning; basic planning, land-use, and development practices such as environmental impact statements, master plans, citizen participation; and issues facing environmentally sound planning today.

Prerequisites: ENSC 202, POSC 240, or permission of the instructor

POSC 450-457

Washington Semester: Internship

A cooperative program with American University allows a full semester of internship and study in Washington, D.C. Liberal arts credits are awarded for POSC 451-457, each course earning 4 credits. POSC 450 awards 4 non-Liberal Arts credits. Specific course descriptions covering U.S. Government, U.S. Foreign Policy, and U.S. Economy may be obtained from the Political Science Internship Coordinator. Admission to the program is competitive.

POSC 458-463

New York State Legislative Internship

A full semester of internship and study with the N.Y. State Legislature in Albany, N.Y. Liberal Arts credits are awarded for POSC 459, 460, 462, and 463, each course earning 3 credits. POSC 458 and 461 each award 9 non-Liberal Arts credits. Specific course descriptions may be obtained from the Political Science Internship Coordinator. Admission to the program is competitive.

POSC 477

Capping Course

Three Credits LA

The capping course required for all Senior Political Science majors seeks to integrate major field studies with elements of the student's Core/Liberal studies experience. Usually offered as "Law and Morality."

PSYCHOLOGY

PSYC 101

Introduction to Psychology

Three Credits LA

This course includes the fundamental treatment of the basic research findings and theories comprising the science of psychology. Topics of study include the exploration of the nature, scope, and methods involved in the scientific investigation of human behavior, stressing such topics as learning, emotions, personality, assessment, psychopathology, sensation, perception, and psychological therapies. Offered every semester.

PSYC 103

Self Management: Theory and Application

Three Credits LA

This course exposes students to a practical self-management model that enables them to increase academic and personal achievement in a college environment. A self-management framework is applied to thinking and communication skills, motivation, time management, study habits, assertiveness, and self-esteem. Through an integrative approach to self-management, the elements common to all of these topics are emphasized. A valuable course for all students, it is offered every semester in concert with the Academic Learning Center as part of its Freshman Year Experience.

PSYC 150

Applied Psychology: Multimodal Self-Management

Three Credits LA

This course focuses on the application of psychological principles to the self-management of human functioning. It stresses a multimodal approach and requires the development and implementation of a self-change project.

PSYC 201

Personality Development

Three Credits LA

This course includes the study of the typical changes in personality during the stages of infancy, childhood, adolescence, and adulthood. The focus is on

changes in self concept from one developmental stage to the next, for example, from adolescence to adulthood. The emphasis is on explanation rather than description.

Prerequisite: PSYC 101

PSYC 202

Abnormal Psychology

Three Credits LA

This course involves the study of psychological disorders with particular attention to the description and causes of disorders, and the various therapies for them. The causes of these problems are viewed from a perspective that integrates multiple interactive factors, namely: biological, psychological, and social influences. Cultural and developmental dimensions are also examined. Offered in Fall and Spring.

Prerequisite: PSYC 101

PSYC 203

Theories of Personality

Three Credits LA

This course focuses on the study of some of the more significant theories of personality as proposed by psychologists of the three major schools of thought: psychoanalytic, behavioristic, and phenomenological-existential. Emphasis is placed on an in-depth understanding of the assumptions underlying each theory. Offered in Fall and Spring.

Prerequisite: PSYC 101

PSYC 206

Psycho-Biological Sex Differences

Three Credits LA

This course focuses on the study of sexual differences in human behavior through an examination of the empirical evidence supportive of both biological and cultural explanations for their development. It also includes a survey of how genes, sex hormones, developmental history, and current cultural and interpersonal environments contribute to sex differences. Offered when there is sufficient student interest.

Prerequisite: PSYC 101

PSYC 207

The Exceptional Child

Three Credits LA

This course provides an introduction to and study of various disability groups and the gifted. Emphasis is placed upon social-psychological and educational perspectives. Priority to students in Special Education and Secondary Education. Offered in Fall and Spring.

Prerequisite: PSYC 101

PSYC 208

Educational Psychology

Three Credits LA

The physical, emotional, intellectual, and social development of the student with special emphasis on the relevance of these processes to the programs and procedures of the school. Priority to students in Special Education and Secondary Education. Offered in Fall and Spring.

Prerequisite: PSYC 101

PSYC 209

Psychology of Retardation

Three Credits LA

This course focuses on the nature, growth, and needs of the mentally retarded; causal factors of mental retardation; concomitant and secondary disorders of behavior; development of an educational program based on psychological principles. Offered when there is sufficient student interest.

Prerequisite: PSYC 101

PSYC 210

The Psychology of Sleep

Three Credits LA

This course includes a survey of the history and major fields of research on human and animal sleep. It includes an in-depth study of several current areas of behavioral research in human sleep and dreaming. It also includes such topics as research methods, sleep length, sleep deprivation, sleep problems, drug use, and dreaming.

Prerequisite: PSYC 101

PSYC 215

Psychology of Interpersonal Communication

Three Credits LA

This course covers the principles and techniques of human communication, with an emphasis on those skills useful to persons planning to enter the helping professions. In addition to discussions of theory, students will practice methods of self-disclosure, active listening, confrontation, conflict resolution, and values clarification. Opportunities for students to investigate related topics such as family and marital communication process, non-verbal communication, transactional analysis, and constructive patterns of communication in work settings. Offered in the Winter Intercession.

Prerequisite: PSYC 101

PSYC 220

Social Psychology

Three Credits LA

This course includes the study of how the behaviors, thoughts, and feelings of the individual are influenced by the presence of other persons. Topics such as sex roles, attitude formation and change, altruism and aggression, interpersonal attraction and love, and criminal justice will be discussed. In addition, various empirical research methods will be examined and applied to these topics. Offered in Fall and Spring.

Prerequisite: PSYC 101

PSYC 222

Community Psychology

Three Credits LA

The course will begin with an overview of the applied discipline of Community Psychology, its history, its relationship to other social sciences, the types of problems that this field addresses, and the range of interventions into community problems. One or several specific issues or problems are assigned for fieldwork.

Prerequisite: PSYC 101

PSYC 231

Practicum in Preschool Child Development

Three Credits

The purpose of this course is to provide students with the opportunity to study, in a laboratory setting, the human development of all children, ages 2-5. Students will observe and record children's behavior as well as participate in the instruction of children in preschool programs. College class sessions will focus on topics such as observations, materials, play, guidance, discipline, communication, dramatic play, social development, environment, and children in their families, thus linking the theoretical and the practical.

Prerequisites: PSYC 101, 317

PSYC 275

Statistics and Computer Use for the Behavioral Sciences I

Three Credits LA

Part I: This course introduces descriptive and non-parametric statistics and computerized statistical packages. The emphasis is on how statistical data are found, used, described, and manipulated in the behavioral sciences and the use of computers.

Prerequisites: PSYC 101 or SOC 101 or CRJU 101; CSIS 150, 151, 158, MATH 130

PSYC 276

Statistics and Computer Use for the Behavioral Sciences II

Three Credits LA

Part II: This course introduces advanced inferential statistics, complex non-parametric analysis, and application of SPSS, a statistical package. The emphasis is on understanding the importance of variability, how this may affect the conclusions drawn from the data, and using the computer package for sophisticated data analysis.

Prerequisites: PSYC 101 or SOC 101 or CRJU 101; CSIS 150, 151, 158, MATH 130

PSYC 301

Introduction to Physiological Psychology and Lab

Four Credits LA

This course is an introduction to the effects of the nervous system on human behavior. It surveys current research findings on sensation, perception, motivation, stress, and recent advances in higher cognitive functions such as language, learning, and memory. Offered every Fall and Spring.

Prerequisite: PSYC 101

PSYC 315

Human Factors Psychology

Three Credits LA

This course overviews the application of psychological principles to the design of human environment. It also provides a review of the basic human capabilities for attention, perception, memory, information processing, and decision making. It focuses on how these processes influence the design and use of equipment, computer software, and other aspects of offices and homes.

Prerequisite: PSYC 101

PSYC 317

Child Development

Three Credits LA

This course examines the physical, intellectual, emotional, and social aspects in the development of the child from conception through the early adolescent period. Priority to students in Special Education. Offered in Fall and Spring.

Prerequisite: PSYC 101

PSYC 321

Adolescence, Adulthood and Aging

Three Credits LA

This course is focused on those stages of the development cycle commonly referred to as adolescence, adulthood, middle age, and senescence. Erikson's theoretical orientation of these stages will be considered in the light of current empirical data. Offered every year.

Prerequisite: PSYC 101

PSYC 332

Fundamentals of Counseling

Three Credits LA

This course introduces the student to the nature of counseling and the role of the counselor as a helping professional. The student will become acquainted with interviewing and counseling skills for use in both professional and para-professional settings. In addition, they will be exposed to a number of theoretical approaches to counseling such as Rogerian, Behavioral, and Cognitive, as well as others. Clinical and ethical issues related to the counseling field will also be addressed.

Prerequisite: PSYC 101

PSYC 342

Learning and Cognition

Three Credits LA

This course provides a survey of traditional and current theories and research in perception, attention, learning, memory, language, problem solving, concept formation, reasoning, and decision making. Emphasis is on human learning and cognition with some time spent on animal learning and conditioning.

Prerequisite: PSYC 101

PSYC 348

Psychological Perspectives on Criminal Behavior

Three Credits LA

This course focuses on particular psychological aspects of the criminal-justice system including what the criminal knows about himself and how this affects his behavior. This topic is considered in the context of alternative answers to one question: What does society want from its convicts? That is, once a person has been caught and is serving a sentence, what goals would society like him to set for himself and what psychological obstacles stand in the way of him doing what society wants him to do? For example, it is stressed that a person's thoughts, beliefs, and attitudes are vital to defining his or her world. Consequently, a demand for rehabilitation may constitute requiring a convict to redefine his phenomenological world. The grounds on which such a demand is reasonable and legitimate are considered.

Prerequisite: PSYC 101 or CRJU 101

Corequisite: Junior Status

PSYC 355

Intrinsic Motivation and Self-Esteem

Three Credits LA

This course focuses on an understanding of intrinsic motivation drawn from both Edwin Deci's cognitive approach and a more humanistic orientation based on the works of Abraham Maslow, Victor Frankl, and Bernard Lonergan. The course emphasizes the personal discovery within oneself of the force or dynamism which is subsequently labeled intrinsic motivation. The implications of intrinsic motivation for healthy development are examined with special

emphasis on the relationship between intrinsic motivation and self-esteem.

Prerequisites: PSYC 101, 356

PSYC 356

Development of Consciousness

Three Credits LA

This course focuses on development of consciousness as a personal construction. It reviews the distinction between the rational and intuitive modes of consciousness as these relate to hemispheric laterality. It examines our understanding of the development of consciousness from the perspective of C.J. Jung, Ira Progoff, and Bernard Lonergan. It explores procedures for developing consciousness including the self-appropriation of the generalized experiential method and Ira Progoff's Intensive Journal process.

Prerequisite: PSYC 101

PSYC 362

Measurement and Evaluation

Three Credits LA

Dual listed as EDUC 362

In this course, students examine the role of measurement and evaluation in regular and special education. Proceeding from an understanding of the essential qualities of all measurement instruments, including validity and reliability, students learn to plan, construct, and analyze the results of classroom tests, use of alternative/authentic assessments, and to evaluate standardized tests. Assessment instruments are summarized using measures of central tendency, variability, relationship, and are interpreted using norms and standard scores. Representative measures of aptitude and achievement for regular and special education populations will be examined. Students will also consider the current social and ethical implications involved in assessment. Priority to Education students.

Prerequisite: PSYC 101

PSYC 371

Psychological Disorders of Childhood

Three Credits LA

This course provides an introduction to the theoretical understanding of maladaptive behavior in children and adolescents. Attention is given to the psychological, organic, and social determinants of childhood psychopathology. Students examine assessment and classification procedures for childhood disorders, as well as a descriptive analysis of a range of specific maladies (e.g., childhood psychosis, anxiety disorders, intellectual and cognitive disorders, antisocial behavior, psychophysiological disorders, and others). In addition, the course discusses a number of intervention strategies employed with children displaying problematic behavior, focusing on current psychological, environmental, and biochemical therapeutic manipulations. Finally, an overview of different prevention approaches are discussed. This course is appropriate for students planning to work with emotionally handicapped children in school and clinical settings. Offered every year.

Prerequisites: PSYC 101, 317

PSYC 372

Psychoeducational Assessment of Educational Disabilities

Three Credits LA

This course provides an introduction to psychoeducational assessment in special education, with a focus on learning disabilities, behavior disorders, and mental retardation. Emphasis is on assessment as a multifaceted process, which must proceed from an understanding of basic concepts of measurement and evaluation. Students examine various instruments currently used for standardized and informal assessment of intelligence, achievement, adaptive behavior, affect, and language. Working with an individual child, the student selects appropriate evaluation instruments, administers and scores the battery, and writes an evaluation report interpreting the results and suggesting an appropriate educational program. This course is designed primarily for students who will become special-education teachers at the elementary or secondary level. This course is also relevant for those who will become part of the support system for students with handicaps, especially school psychologists and social workers. Offered every Fall. Priority to Education students.

Prerequisites: PSYC 101, 207

PSYC 385

Industrial Psychology

Three Credits LA

This course is an introduction to the many areas of interest to the industrial psychologist. Students will learn how various theories in psychology have

been applied to solving problems such as worker motivation, leadership, group interaction, and testing and research in the workplace. Students will analyze these problems from many different perspectives in order to understand how psychological theory can be used to improve individual and organizational functions.

Prerequisite: PSYC 101

PSYC 392-393

Special Topics in Psychology I-II

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Offered every semester.

Prerequisite: Permission of Dean

PSYC 401

Principles of Psychological Testing

Four Credits LA

This course reviews the principles of test construction, administration, scoring, and interpretation of both group and individual tests; studies the major theories and techniques of intelligence, aptitude, and proficiency testing; surveys interest and personality tests; and provides an overview of behavior assessment. Offered every semester.

Prerequisites: PSYC 101, MATH 130 and CSIS 150, 151, 158, or EDUC 111

PSYC 402

Psychological Research Methodology and Lab I

Four Credits LA

This course provides an introduction to non-experimental, correlational, and experimental methods of research. Topics include ethics in research, statistics for behavioral sciences, and the use of computers for data analysis. Class discussion and student projects are designed to teach the student how to read and critically evaluate popular and professional literature in psychology. Students plan, carry out, evaluate, and write APA-style reports on research projects. Offered every semester.

Prerequisites: PSYC 101, MATH 130 and CSIS 150, 151, 158, or EDUC 111

PSYC 403

Psychological Research Methodology and Lab II

Four Credits LA

This course provides an emphasis on experimental and quasi-experimental methods of research in psychology. It continues the study of statistical methods including Analysis of Variance, and use of computers to analyze data. Students plan, carry out, evaluate, and write APA-style reports on research projects. Offered every semester.

Prerequisites: PSYC 101, 402; MATH 130 and CSIS 150, 151, 158, or EDUC 111

PSYC 420

Psychological Research Methods III

Three Credits LA

Extends knowledge and skills learned in PSYC 402 and 403 to more advanced research designs, statistics, and computer data analysis. Includes repeated measures ANOVA, regression analysis, and qualitative designs. Students will design projects, collect data, and write results in APA style and poster style. Recommended for students planning to attend graduate programs. Offered every other year or by demand.

Prerequisites: PSYC 402 and PSYC 403

PSYC 477

Capping Course/Psychological Systems

Four Credits LA

This "capping" course explores the historical development of psychology as a science by focusing on the various schools of thought, systems, and theories that have contributed to its growth—both from within and without the discipline. Its intent is to help the student gain perspective on contemporary psychology by appreciating the problems psychology has confronted over the years, and its interrelationships with other disciplines. Required for all Senior Psychology Majors. Offered every semester.

Prerequisites: PSYC 101, 301, 401, 402, 403, 404

PSYC 480-481
Internship I-II
Six Credits each

This is a culminating experience designed for all senior majors in psychology. It consists of actual work experience under the direction of the professional staff of the participating agency in cooperation with the members of the department. Offered every semester.

Prerequisite: Permission of Chairperson

PSYC 482
Internship
Twelve Credits

This is a culminating experience designed for all senior majors in psychology. It consists of actual work experience under the direction of the professional staff of the participating agency in cooperation with the members of the department. Offered every semester.

Prerequisite: Permission of Chairperson

PSYC 485
Supervised Research
Three Credits LA

This is a culminating experience designed for interested senior majors in psychology. It consists of the student designing and executing a research proposal under the direction of one of the members of the department.

Prerequisite: Permission of Chairperson

RELIGIOUS STUDIES

REST 201
Religion in America
Three Credits LA

An introduction to the study of religions and religious experience in North America. This course examines the history, the beliefs, and the impact of religion on American culture. Specific traditions to be explored include indigenous religions, Judaism and Christianity (as well as other major world religions as practiced in America), contemporary religious movements, civil religion, and atheism. Offered annually.

REST 203
Christianity
Three Credits LA

A contemporary approach to the study of Christian principles and history. Special areas of interest include the person of Jesus, the development of Christian doctrines, and the interrelationships among various Christian denominations. Offered biennially or according to faculty and/or student interest.

REST 204
Judaism
Three Credits LA

An overview of the basic spiritual ideas of Judaism as they evolved historically from Biblical times to the present. This course also treats Jewish customs, holidays, and ceremonies and the ideas underlying them. Offered triennially or according to faculty and/or student interest.

REST 206
Contemporary Religious Education
Three Credits LA

A study of religious-education methods and insights on five levels: in the family, the faith community, the nation, and the world. Offered according to student and/or faculty interest.

REST 207
Introduction to Religion
Three Credits LA

This course examines the origin theories, rituals, beliefs, and phenomenon of religious practice. Patterns and similarities are explored in religious traditions from archaic times to the present. To help develop analytic skills, students will utilize various approaches to the study of religion, including historical, experiential, structural, and psychological methodologies. Offered triennially or according to faculty and/or student interest.

REST 208
Judeo-Christian Scriptures
Three Credits LA

This course is designed as a foundational introduction to the Hebrew and Christian Scriptures. A historical, textual, and cultural examination of Biblical themes encourages students to appreciate the Judeo-Christian sacred writings not only as products of an earlier culture, but also in terms of their meaning and message to people today. Offered each semester.

REST 209
World Religions
Three Credits LA

An introduction to the major religious traditions and movements of the world and their relation to the cultures in which they developed. This survey course emphasizes the universality of religious experience and considers the impact of religion on the world. Offered biennially.

REST 214
Religious Themes in Literature
Three Credits LA

Dual listed as ENG 214

An interdisciplinary study of significant themes in literature and their relationship to the human condition. Offered according to student and/or faculty interest.

REST 219
Sociology of Religion
Three Credits LA

Dual listed as SOC 220

See SOC 220 for course description.

REST 225
Global Liberation Theology
Three Credits LA

This is a praxis-oriented course which will identify both common themes and differences of distinctive liberation theologies in a global context. Consideration of themes such as preferential option for the poor, social analysis, commitment to human rights, and praxis will be informed by participants' spiritual ethical sources. Offered annually.

REST 230
Religion and Politics
Three Credits LA

A study of the interrelationship between religion and politics. Of particular importance is an examination of the roles of those who are in positions of authority in these two realms. Offered triennially.

REST 231
Social Ethics and Economics
Three Credits LA

Economic policies and socio-ethical views (especially those rooted in religious thought) are studied as interrelated parts of a total cultural system. Of particular interest to this course are the ways that these systems relate to human values and human needs, including those of marginalized peoples in the Third World countries and elsewhere. Offered annually.

REST 232
Religion and Culture
Three Credits LA

Dual listed as ANTH 232

A dimension of cultural anthropology, with focus on religion as a cultural universal. The study of cultural differences and determinants suggests new understandings of religious differences and functions in the human family. Offered according to student and/or faculty interest.

REST 243
Catholic Thought and Spirituality
Three Credits LA

Dual Listed as CAST 202

This course helps students understand the Catholic tradition in an academic, objective, non-confessional, and critical manner. Through theological readings and class discussions, it considers historical development, doctrinal positions, spiritual dimensions, and contemporary issues in Roman Catholicism. Offered annually.

REST 320

Public Praxis I

Three Credits LA

(Dual listed with Sociology pending approval)

This is a praxis-seminar course in which students will participate experientially in the multiple aspects of a praxis project and meet weekly for roundtable discussions to process their experience. Seminar discussion groups will also engage shared readings, view relevant media, critically analyze social situations, and inquire into values, experiential modes, and attitudes. The written component of the praxis project will be public directed (e.g., an article for a local newspaper, a book chapter, or a community writing project).

REST 325

Public Praxis II

Three Credits each LA

(Dual listed with Sociology pending approval)

This course is the Capping course for the Minor in Public Praxis. Students are expected to originate a significant praxis project and attend to all its aspects. Each student will form a Mentoring Committee made up of the faculty sponsor, experienced Community "expert," and a member of the subject people (when appropriate). The Committee will meet together with the student at least twice during the semester as well as meeting more often individually. In consultation with others on the Committee, the faculty member will be responsible for final assessment.

REST 330

Religion in Contemporary Moral Life

Three Credits LA

This course examines the relationship between religious thought and human moral agency. Through research and discussion, students will deal with religious approaches to contemporary moral issues, including those of personal relations, social justice, and medicine and business ethics. Offered biennially.

REST 335

Marriage and Family

Three Credits LA

This course focuses on marriage as a spiritual relationship with special concerns for the role of religion. It explores the mutual duties of marital partners involved in fulfilling their religious vows, including maintaining their relationship, communicating with each other, relating to each other sexually, and addressing concerns about parenting. Offered each semester.

REST 392-393-394

Special Topics in Religion I-II-III

Three Credits LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. Students should check with the appropriate faculty member for detailed information on any "special topics" course.

Prerequisite: Permission of Department Chair

REST 406

Psychology and Religion

Three Credits LA

This course provides a psycho-theological approach to understanding significant issues and questions in contemporary spirituality. The focus is on integration of theology with basic psychological theories, dynamics, and techniques of counseling. Offered triennially.

REST 431

Spirituality and Human Development

Three Credits LA

This course is designed to engage students in research and discussion of the foundations of faith development in the human life cycle. Focus is on early and middle adulthood and later life. Significant issues include the development of faith in relation to family, sexuality, and life-crisis events (i.e., illness, death, separation, and divorce). Offered triennially.

SOCIOLOGY

SOC 101

Introduction to Sociology

Three Credits LA

Students are introduced to three major sociological theories, conflict, functionalism, and symbolic interactionism, within an ongoing holistic analysis of contemporary society. Emphasis is on how the major social institutions, the economy, government, education, religion, and the family profoundly shape individuals' personal identities and everyday lives.

SOC 202

Social Problems

Three Credits LA

An analysis of persistent and developing problem areas in an American or global context; family, education, politics, economics, ethnic, and gender issues.

Prerequisite: SOC 101

SOC 211

Social Deviance

Three Credits LA

Formal and informal definitions of deviance and deviants, differentiation of deviant populations, and the organization of social-control activities and people-processing institutions. Special emphasis is placed on analyzing deviance in relation to conflict theory and social-learning theory.

Prerequisite: SOC 101

SOC 220

Sociology of Religion

Three Credits LA

Dual Listed as REST 219

An introduction to the specific study of religion which is anthropological, psychological, and sociological. A study of how cultural systems, human individuals, and social structures influence religion, and how religion in turn influences them.

Prerequisite: SOC 101

SOC 223

Juvenile Delinquency

Three Credits LA

Definitions of delinquent behavior and contributing social problems. Adolescence as a subculture. The philosophy and practice of the adjudication process for juveniles as well as treatment procedures.

Prerequisite: SOC 101

SOC 320

Public Praxis I

Dual listed as REST 320

See REST 320 for course description.

This course will fulfill requirements for the minor in Sociology or the minor in Public Praxis.

SOC 325

Public Praxis II

Dual listed as REST 325

See REST 325 for course description.

This course will fulfill requirements for the minor in Sociology or the minor in Public Praxis.

SOC 336

Social Inequality

Three Credits LA

This course investigates those processes whereby members of society are placed into higher and lower status based on differential access to wealth, power, and prestige. Emphasis is on the historic and contemporary institutional organization and reproduction of social inequality according to social class, gender, ethnicity, age, and perceived handicap in America within the global context of the modern world system. Functionalist, conflict, and interval explanations of these processes are fully considered. The integration of theories of social inequality with direct experience through the classroom simulation of the social-class structure in American society is a major dimension of the course. Opportunities for involvement aimed at lessening social inequality in community-based sites are also available.

Prerequisite: SOC 101; priority to Social Work majors

SOC 341

Social Change

Three Credits LA

This course reviews the history and sociology of social inequality in America within the global context for the modern world system. But its major emphasis is on how political, economic, and technological processes transform the family, religion, and individual character, as well as on forms of collective and individual resistance to such transformations. The nature of historic and contemporary social movements such as the labor movement, the civil rights movement, the women's movement, and the "new right" as collectively organized activity that encourages or discourages social change are prominently considered. Students form "social change groups" in an identified campus or community-based site.

Prerequisites: SOC 101, 336; priority to Social Work majors

SOC 342

Sociology of Community

Three Credits LA

The basic nature of the human community in its ecological, cultural, and political aspects. The folk, rural, and urban community considered from the standpoint of structure, function, social change, and the problems arising therefrom.

Prerequisite: SOC 101

SOC 343

Sociology of Education

Three Credits LA

An analysis of the role of education in social organization, social change, and social control. The sociological perspectives in the history of education and social change in the schools. Role conflicts in the schools, social-class influence on the school system, bureaucracy in education, and the school in its power environment.

Prerequisite: SOC 101

SOC 348

Popular Culture

Three Credits LA

This course explores diverse forms of contemporary American popular culture through rigorous reflection on the sociological, psychological, political, and economic dimensions of popular culture relative to individual biographies, gender, social class, ethnic, and peer-group subcultures. Main areas of study include film, music, TV, and advertising viewed as a "culture industry." Major schools of thought on popular culture including the mainstream, conservative, postmodern, and critical standpoints are introduced. The critical standpoint centrally informs the course by viewing popular culture in the context of creating a more-compassionate and just society.

SOC 392-393

Special Topics in Sociology I-II

Three Credits each LA

"Special topics" courses serve as a vehicle by which a department may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisites: SOC 101 and permission of Dean

SOC 440

Social Theory

Three Credits LA

Study of the major schools and theorists in sociology today. Focus on such schools as functionalism, symbolic interactionism, the conflict school, exchange theory, and social action theory; and on such theorists as Parsons, Merton, Marx, Homans, Gouyldner, Blau, Dahrendorf, Coser, and Durkheim. The course explores congruence in theory and possible directions of future theory.

Prerequisites: SOC 101 and an upper-level Sociology course; priority to Social Work majors

SOC 450

Qualitative Social Research Methods

Three Credits LA

This course introduces qualitative research methods in the context of students' carrying out a field study to the point of a working document. Issues of access to community settings, subject selection, participant observation, interviewing, use of personal documents, research ethics, recording and analysis of data, as well as how we know the social world, are fully considered. Critical ethnography, a new field method focused on the relationship between social institutional constraints and human agency, is also introduced.

230 Course Descriptions

SOC 480

Social Research Methods

Three Credits LA

This course introduces the student to the application of scientific methods to uncover the regularities in social reality. The objective is to have students carry out their own research designs. Topics include: hypothesis formation, model building, causation, reliability and validity constraints, experimental protocols, interview techniques, survey data collection, including defining a probability sample, preparing scales, and data analysis. Employment of basic descriptive statistics, measures of dispersion, and correlation.

Prerequisites: SOC 101, 440. MATH 108 is recommended; priority to Social Work majors

SOCIAL WORK

SOCW 230

Introduction to Social Work

Three Credits LA

Introduction to Social Work is intended as a foundation for students interested in working towards the bachelor of science degree in social work. It is a prerequisite for all other courses required in the Social Work major. This course is appropriate for any student interested in the expanding field of the helping services and professions. Students will be introduced to the history of social welfare and the social-work profession. The purpose and goals of social-work practice in a changing society will be studied. Offered every semester.

SOCW 330

Social Service: Theory & Practice

Three Credits LA

This course uses systems theory, communications theory, and values theory as a conceptual framework for teaching initial social-work skills required for the social-work process. The interaction of the social worker with the social-service delivery system is explored and analyzed. Students are required to do a social-service agency observation and evaluation.

Prerequisite: SOCW 230 or permission of instructor

SOCW 340

Children and Families in the Social Environment

Three Credits LA

This course examines the reciprocal relationship between the developing child from infancy through adolescence and his/her social environment. There will be an examination of the family and its critical role in child rearing as well as the support parents and caregivers require to undertake this task. Genetic and socioeconomic factors, child-rearing practices, and the influence of values and cultural and ethnic orientation will be explored. Preventive and intervention settings and resources will be reviewed along with a thorough examination of the policies and practices of the American child-welfare system.

Prerequisite: SOCW 230 or SOC 101 or PSYC 101

SOCW 343

Social Work With Aging People and Their Families

Three Credits LA

This course provides an overview of issues in the field of aging which are related to social-work practice. Changes among the elderly such as health, finances, and social roles are studied with particular reference to potential need for assistance. Social-work methods and intervention with older people and their families in a variety of settings are examined. Field trips to agencies are required.

Prerequisite: SOCW 230 or PSYC 321 or permission of Instructor

SOCW 344

Social Welfare: Policies and Analysis

Three Credits LA

This course surveys the evolution of major social-welfare programs and analyzes recent government responses to social-welfare needs in the United States. Emphasis is placed on analysis of and alternatives to current social-welfare policies and programs. Content includes: social welfare as a right or principle, models of government programs, social-welfare structures, and social insurance.

Prerequisites: SOC 101 and SOCW 230

SOCW 345

Human Behavior in the Social Environment

Three Credits LA

Examination of goals, role performance, and self concept of the individual as influenced by rapid evolution of society from community to task-oriented organization; membership in visible minority or lower-income group; family membership and participation in other personally significant groups; biological, psychological, and cultural factors prominent during the stages of the life cycle. Such knowledge is used as a foundation for the development of social-work assessment skills.

Prerequisite: SOCW 230 or permission of the instructor

SOCW 350

Alcoholism and the Family

Three Credits LA

A study of the nature of alcoholism and its effect upon individuals and dynamic family systems. The physiological, psychological, and social impact of alcohol on specific groups, especially women, children, and adolescents, will be addressed. Issues of the adult child of the alcoholic will also be discussed. Students will develop assessment skills to identify alcoholics and their families within the social-service population.

Prerequisite: SOC 101 or SOCW 230 or permission of the instructor

SOCW 380

Social Work Methods I

Four Credits

Building on SOCW 230 and SOCW 330, this course focuses on the social-work process for generalist practice. An in-depth study of the professional activities of assessment, planning, intervention, evaluation, and termination is provided. A problem-solving model is used as the framework for the application of the social-work process. Through the required practicum experience students have the opportunity to apply generalist practice principles to a variety of different size client systems. Weekly placement and recordings emphasize skill development and a deepening identification with professional values.

Prerequisite: SOCW 330; OPEN TO MAJORS ONLY

SOCW 392-393-394

Special Topics in Social Work I-II-III

One to Three Credits each LA

"Special topics" courses serve as a vehicle by which a department may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes.

Prerequisites: SOCW 230 and permission of Program Director and Dean

SOCW 395

Social Work with Diverse Populations

Three Credits LA

This course is designed to heighten the student's knowledge, awareness, and tolerance of differences among people, as well as raise consciousness and sensitivity to the kinds of problems in which these differences result. Ethnic minorities, under-valued groups, and protected classes will be studied in the context of language, poverty, powerlessness, institutional racism, sexism, and ageism. Frameworks for social-work practice will focus on how social workers can be equipped to improve the status of minorities and under-valued groups.

Prerequisites: SOC 101, SOCW 230 and SOC 336

SOCW 475

Social Work Methods II

Three Credits

This is the final course in the practice sequence. Here, students study an expanded range of empirically tested practice intervention models and techniques within the context of generalist practice. Course material relates practice theory to a common core of concepts, skills, tasks, and activities essential to generalist social-work practice with client systems of various sizes and types. Concurrent field practicum provides students with the opportunity to apply these varied interventions. Responsibility for the evaluation of practice is emphasized and highlighted through the video presentation of individual student-practice activity.

Prerequisite: SOCW 380; OPEN TO MAJORS ONLY

SOCW 477

Capping Course/Senior Integrative Seminar I

Three Credits LA

Students integrate concepts developed in Core/Liberal Studies, social-science courses, social-work courses and field instruction. Drawing on this compre-

hensive theoretical and applied base, students refine, formalize, and express a world view that will inform their social-work practice.

Prerequisite: SOCW 380; OPEN TO MAJORS ONLY, taken concurrently with SOCW 482

SOCW 478

Senior Integrative Seminar II

Three Credits LA

Building on Senior Integrative Seminar I, in this course students focus on the ethical dilemmas in social-work practice. Frameworks for understanding and analyzing ethical dilemmas will be studied. The course also assists students in identifying a strategy for continued professional development.

Prerequisite: SOCW 477; OPEN TO MAJORS ONLY taken concurrently with SOCW 483

SOCW 482-483

Practicum in Social Work I-II

Four Credits each

These two courses provide students with opportunities to acquire skill in social-work practice and to test in a field setting the theories and principles learned in the classroom. Students are assigned to social-service agencies where, under the supervision of professional social workers, they learn by directly participating in the delivery of social-work services.

Prerequisite: SOCW 380; OPEN TO MAJORS ONLY, taken concurrently with SOCW 477-478

SPANISH

SPAN 101-102

Elementary Spanish I-II

Three Credits each LA

Emphasis is placed on the acquisition of the fundamental skills of understanding, speaking, reading, and writing. Through the language study, the student is introduced to the various Hispanic cultures. For students who have had very little or no study of Spanish. Closed to native speakers. Offered every year.

SPAN 105-106

Intermediate Spanish I-II

Three Credits each LA

A continuation of the elementary course. The basic language skills are pursued more intensely and more thoroughly. Closed to native speakers. Offered every year.

Prerequisite: A good 3-year high school background in Spanish

SPAN 150

The Civilization of Spain

Three Credits LA

Dual listed as CSSP 150

A study of the Spain of today and the Spain of the past, its customs, culture, history, literature, and fine arts. This course is offered in English and requires no knowledge of Spanish. Offered when there is sufficient student interest.

SPAN 152

The Civilization of Latin America

Three Credits LA

Dual listed as CSSP 152

A study of the culture, history, and fine arts of the Latin American countries: Mexico, Central America, the Caribbean area, and South America. This course is offered in English and requires no knowledge of Spanish. Offered when there is sufficient student interest.

SPAN 153

The Civilization of Puerto Rico

Three Credits LA

Dual listed as CSSP 153

An in-depth study of Puerto Rico and its people, their history, culture, customs, literature, and fine arts. This course is offered in English and requires no knowledge of Spanish. Offered when there is sufficient student interest.

SPAN 154

Civilization: Hispanics in the United States

Three Credits LA

Dual listed as CSSP 154

A core course which aims to provide a basic appreciation and understanding

of the cultures and values of the Spanish-speaking in the United States, especially Mexicans, Puerto Ricans, Cubans, and Central Americans. The customs, modes of thought, and values as seen in the literature, art, and music of these people living in the United States will be studied. An examination of the origins and development of these cultures, which will require studying the mother countries, will be followed by a comparative study with those of other Americans in the United States. No Spanish background is necessary for the student. Taught in English. Offered annually.

SPAN 201-202

Advanced Spanish I-II

Three Credits each LA

Extensive use of idiomatic Spanish in conversation and composition to broaden the student's linguistic and cultural knowledge of the language. Closed to native speakers. Offered every year.

Prerequisite: A 4- or 5-year secondary-school or intermediate-level background in Spanish

SPAN 210-211

Spanish for Hispanics I-II

Three Credits each LA

Intensive training in the reading and writing of Spanish designed for students who have acquired the language in a home or community environment. Special attention will also be given to developing oral proficiency in standard Spanish. No prior formal study of Spanish is needed to take these courses. They are required for bilingual Hispanic students who wish to complete a major/minor in Spanish. A waiver will be granted to Hispanic students who have a solid Spanish-language background. Offered every year.

SPAN 220

Latin American Literature in Translation

Three Credits LA

Dual listed as ENG 264

A brief introduction to the origin and development of Latin American Literature followed by a selective study of the major 20th-century poets and novelists which includes Borges, Machado de Assis, Vallejo, Neruda, Fuentes, and Garcia Marquez. Offered when there is sufficient student interest.

SPAN 222

Spanish Literature in Translation: The Novel

Three Credits LA

Dual listed as ENG 261

A study of the Spanish Picaresque Novel, the works of Cervantes, and representative works of the 19th and 20th centuries. Offered when there is sufficient student interest.

SPAN 231

Hispanic Studies On Line

One Credit LA

A study of the electronic resources available for Hispanic studies. Designed to introduce students to, or reinforce their familiarity with, surfing the Internet for bibliographical resources and thus developing information literacy. Offered every year.

Prerequisite: Sufficient background in Spanish

SPAN 250

Hispanic Civilization: Spain

Three Credits LA

Dual listed as CSSP 250

The cultural development of Spain through the study of its history, geography, literature, and fine arts. Taught in Spanish. Offered every Fall.

Prerequisite: Sufficient background in Spanish

SPAN 260

Hispanic Civilization: Latin America

Three Credits LA

Dual listed as CSSP 260

The cultural development of Latin America through the study of its history, geography, literature, and fine arts. Taught in Spanish. Offered every Spring.

Prerequisite: Sufficient background in Spanish

SPAN 281-282

Spanish Conversation and Culture I & II

Three Credits each LA

Emphasis is placed on developing conversational ability and a better understanding of the cultures of Spanish-speaking countries. Other language skills are also given attention. Closed to native speakers. Offered every year.

Prerequisite: A good secondary-school background or completion of intermediate-level Spanish courses

SPAN 290

Academic Orientation to Spain

Three Credits LA

An intensive civilization and language course offered as an orientation to living and studying in Madrid as part of the Universidades Reunidas Program. Besides intensive language sessions using communicative methodology and the study of grammar and composition, there are classes on architecture, art, contemporary political issues, and an in-depth study of Madrid. A ten-page paper integrating the month's experiences is required. Offered in Madrid every semester.

Prerequisite: Admittance into the Marist Abroad Program

SPAN 300

Spanish Study Tour

Three Credits LA

An inter-semester or Summer travel-study course in a Spanish-speaking country. Formal and informal language and culture classes will be given during the trip. Offered when there is sufficient student interest.

Prerequisite: Intermediate-level Spanish background

SPAN 305-306

Advanced Intensive Spanish I-II

Three Credits each LA

An intensive advanced course designed for Spanish majors, minors, and students with sufficient background in Spanish. This course will be beneficial to students preparing to study in a Spanish-speaking country. Advanced conversation and composition will be stressed, and at the same time the student will be exposed to Spanish and Latin American culture and civilization. Offered when there is sufficient student interest.

Prerequisite: A good secondary-school or intermediate-level Spanish background

SPAN 312

Spanish for Hispanics III

Three Credits LA

Designed for bilingual students with some formal training in Spanish, this course stresses improvement of reading, writing, and oral skills in standard Spanish. Written assignments are based on excerpts from various literary works. Attention will be given to various forms of official writing styles (e.g., business letter, advertising, journalism, radio and television, etc.), translation techniques, and to the research and writing of academic essays. Offered every two years.

SPAN 315

The Experience of Hispanic Literature

Three Credits LA

The suggested first literature course for Spanish majors and the recommended literature course for Spanish minors. An overview of the origins and development of the literatures of Spain and Hispanic America to the present time that will include a general introductory study of poetry, drama, the short story, and the novel. Offered every Spring.

Prerequisite: Upper-level Spanish-language course or sufficient background in Spanish

SPAN 354

Civilización: Los hispanos en los Estados Unidos

Three Credits LA

Dual listed as CSSP 354

Spanish speakers are the fastest-growing minority in the United States and it is predicted that after the year 2000, they will be the largest minority. This course will study their presence in the United States as seen in the Mexican-Americans, Puerto Ricans, Cubans, Dominicans, and other Latino groups and the interaction between these groups and mainstream society. Taught in Spanish. Closed to students who have taken SPAN/CSSP 154. Taught every two years.

SPAN 360-361

Spanish Composition and Conversation I-II

Three Credits each LA

Designed particularly for the non-native Spanish majors or minors who wish to perfect their Spanish skills, these courses offer intense spoken and written practice. Topics will center around the culture, history, literature, films, and current events of the Spanish-speaking world. Closed to native speakers. SPAN 360 is offered every Fall and SPAN 361 is offered when there is sufficient student interest.

SPAN 370

Latin American Women Writers

Three Credits LA

Discussion and analysis of representative works by 20th-century women writers from the Caribbean, Mexico, Central and South America. Readings will provide a panoramic view of the themes, sensibilities, and artistic imaginations of Latin American women as well as the historical and cultural frameworks from which they write. Offered every three years.

Prerequisite: Upper-level Spanish-language course or sufficient background in Spanish

SPAN 392-393

Special Topics in Spanish I-II

Three Credits each LA

"Special topics" courses serve as a vehicle by which a division may offer a topical or thematic study not included in the regular course offerings. The specific content is indicated when the course is listed in the schedule of classes. Offered every semester.

Prerequisite: Permission of Chairperson

SPAN 394-395-396

Internship in Spanish

One-Two-Three Credits

Qualifying students engage in work experience with various companies or agencies. Work performed, assigned readings, and a seminar project for three or more credits constitute the basis of the experience. Number of credits is determined beforehand by mutual consent. The internship should generally complement the student's minor. Offered every semester, intersession, and Summer.

Prerequisite: Permission of Chairperson

SPAN 410-411

Spanish Composition I-II

Three Credits each LA

Designed particularly for Spanish majors, minors, and bilingual students who wish to perfect their written Spanish, this course offers intense written practice in Spanish. Offered when there is sufficient student interest.

Prerequisite: Sufficient background in Spanish

SPAN 412-413

Advanced Conversational Spanish I-II

Three Credits each LA

Designed particularly for Spanish majors, minors, and bilingual students, the topics of conversation will center around the culture, history, and literature of the Hispanic world. Offered when there is sufficient student interest.

Prerequisite: Sufficient background in Spanish

SPAN 415

Spanish Translation Techniques

Three Credits LA

In our modern global environment, the ability to communicate accurately across linguistic barriers has become a necessity. Translating from one language to another is a precise skill. In this course the process of translation is discussed from initial inquiry to delivery of the finished product. The course focuses on the development of translator's skills and integrates authentic foreign-language use as students participate in initial exercises, gain experience with translator's texts, and finally prepare translations of varied material. When available, the course will associate with the International Politics course and become part of the ICONS Project of the University of Maryland. This project is a world-wide, multi-institution, computer-assisted simulation network that introduces students to the world of high-powered international negotiations. Students in the course would function as official translators of incoming-outgoing messages in Spanish/English which are received/sent by students in the International Politics course.

SPAN 420

Medieval Spanish Literature

Three Credits LA

From the earliest works of Spanish literature up to and including the literature of the Renaissance period. Offered every three years.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 421

Spanish Literature of the 18th and 19th Centuries

Three Credits LA

Neo-classicism, Romanticism, Realism. Offered every three years.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 422

Contemporary Spanish Literature

Three Credits LA

The generation of 1898 to the present, with emphasis on the post-civil-war novel. Offered every two years.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 423

Golden Age Drama

Three Credits LA

A detailed study of representative plays of Lope de Vega, Tirso de Molina, Calderon de la Barca, and several other dramatists of this period. Offered every three years.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 424

Cervantes

Three Credits LA

The life and writings of Cervantes with a detailed study of the Quixote. Offered when there is sufficient student interest.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 425

Golden Age Prose and Poetry

Three Credits LA

A study of the outstanding poets and prose writers of the Golden Age period. Offered when there is sufficient student interest.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 430-431

Spanish American Literature I-II

Three Credits each LA

A survey of the major trends in the literature of Hispanic America. Extensive reading of representative works. SPAN 431 covers the 20th century and is offered every two years.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 433

Literature of the Hispanic Caribbean

Three Credits LA

An analysis and discussion of novels, plays, short stories, and poetry from the 20th-century Caribbean – Cuba, the Dominican Republic, and Puerto Rico. Readings will provide insights related to historical and cultural frameworks that have spawned this literature. Students will learn about overall unifying characteristics of Caribbean literature as well as the distinguishing features of each island as "nation." Offered every three years.

Prerequisite: Upper-level Spanish-language courses or sufficient background in Spanish

SPAN 477

Capping Course

Three Credits LA

A capping course is required for all senior Spanish majors. It will integrate the cultural and literary dimensions using either contemporary Spanish-American

literature or contemporary Spanish literature. A major paper is required. Each student makes an oral presentation of the paper at a departmental seminar.

SPAN 480

Seminar

Three Credits LA

Intensive study of one movement, author, or literary characteristic. Offered when there is sufficient student interest.

Prerequisite: Completion of most of the major field requirements

SPAN 493-494-495

Advanced Internship in Spanish

Nine, Twelve or Fifteen Credits

Students who have distinguished themselves in Spanish may apply for this internship requiring habitual use of Spanish. Completion of major requirements, course prerequisites, departmental screening, and acceptance by the company or agency are necessary for participation. Work performed, assigned readings, and a seminar project constitute the basis of the experience. The student submits weekly reports, is periodically visited by a faculty coordinator, and is evaluated at the end of the internship by the sponsoring supervisor. Students may be placed at home or abroad. Number of credits is determined beforehand by mutual agreement. Offered every semester and Summer.

Prerequisites: Senior with Spanish major or minor; permission of chairperson

WOMEN'S STUDIES

WMST 130

Introduction to Women's Studies

Three Credits LA

Dual listed as HIST 130

See HIST 130 for course description.

Plan A 19 meals/week \$1,482.00
Plan B 14 meals/week+\$75 Thrifty Cash/sem \$1,482.00
Plan C 10 meals/week+\$150 Thrifty Cash/sem \$1,425.00
Plan D 10 meals/week+\$75 Thrifty Cash/sem \$1,350.00
Plan E 5 meals/week+\$275 Thrifty Cash/sem \$975.00

All changes in Board Plans must be requested in writing prior to the end of the first week of the semester.

Residence Hall and Cafeteria facilities are officially closed during the following periods of their respective semesters:

Fall '01 Semester

Oct. 19-Oct. 21, 2001 - Fall Recess Weekend
Nov. 22-Nov. 25, 2001 - Thanksgiving Weekend

Spring 2002 Semester

March 23-March 31, 2002 - Spring Recess

NOTE: Extra room and board charges will be assessed during Christmas, Mid-semester break, Spring recess, and summer vacation period.

General Tuition Deposit \$150.00
Payable by all students upon their acceptance. It is refundable if notice of intention not to attend Marist College is received by the Vice President of Admissions prior to May 1 or date indicated on acceptance letter. After this date all payments are nonrefundable.

General Residence Deposit \$350.00
This general deposit is payable by all resident students upon their acceptance. (This includes the tuition deposit of \$150.) \$70.00 is applicable to Residence Hall Security Deposit; the balance is applicable to semester room and board upon registration. It is refundable if notice of intention not to attend Marist College is received by the Vice President of Admissions prior to May 1 or date indicated on acceptance letter. After this date all payments are nonrefundable.

Room Reservation Deposit for all returning students (Nonrefundable) \$200.00
Due on or before April 1 for the following academic year. 100% refund of deposit if withdrawal notification for the following Fall semester is received in the Housing Office prior to June 1st. 50% refund of deposit if withdrawal notification for the following Fall semester is received in the Housing Office prior to July 1st. 100% refund of deposit if withdrawal notification for the following Spring semester is received in the Housing Office prior to December 1st.

Residence Hall Security Deposit \$70.00
Payable each Fall and Spring semester prior to the first day of class or upon return from off-campus status. Applicable to all residence-hall damages, unreturned-key fees, and past-due telephone costs. The balance is credited to the student's financial account at the end of each semester. The credit will be carried forward to reduce past-due balances or it will be carried forward to reduce the following semester's residence-hall charges.

Room Key Fee \$50.00
Charged against a student's account if his or her room key is not returned at the end of the academic year or upon withdrawal from the residence hall.

Orientation Fee (Nonrefundable) \$80.00
Payable by all incoming full-time freshmen and transfer students for orientation presentations and materials.

Single Room Fee, per semester \$75.00
If room permits, a single room may be available. Application must be made for same to the Housing Office at the time of room reservation. Assignment of single rooms is on a first-come, first-served basis.

Matriculation Fee (Nonrefundable) \$25.00
This fee is payable immediately upon the student's acceptance and registration for a degree program.

Application Fee (Nonrefundable) \$30.00

Registration Fee (Nonrefundable) \$30.00
Payable each semester.

Late Registration Fee \$25.00
Additional charge when a student fails to register during the designated registration period.

Activities Fee, Full-time student \$110.00
Payable each semester. Refundable according to Tuition Policy.

Activities Fee, Part-time student \$35.00
Payable each semester. Refundable according to Tuition Policy.

Student Accident Insurance \$74.00
All full-time students are required to be covered under blanket policy. Billable each semester. (Fee dependent on contract.)

Advanced Placement/College Proficiency

Examination Fee \$25.00 per credit hour
No charge where credits are waived. When credit and/or grade is given in lieu of formal course work, fee is \$25.00 per credit hour.

Deferred Examination and Re-examination Fee \$10.00

Financial Aid Transcript Fee Free

Lost I.D. Fee \$15.00
Payable when a replacement is requested by a student.

Transcript Fee \$3.00
Payable at the time of request.

Returned Check Fee \$15.00
Charged for any check returned from a banking institution due to insufficient funds or other reasons. This fee will also be assessed for checks cashed on campus and returned by the bank.

Laboratory Deposits \$15.00
Certain science departments require internal key and breakage deposits which are refundable at the end of the semester, providing all materials are returned intact.

Readmission Fee \$75.00

REPEATED COURSES

Any student repeating a course due to failure or intent to raise a grade is chargeable for the stated number of credits at the regular per hour rate.

PAYMENT OF FEES

All students registering at Marist College are required to pay tuition fees in full before the Opening Day of Classes.

Payment due dates are established each semester and will be noted with each billing cycle. Approximately, mid August (Fall Semester) and early January (Spring Semester).

Any students receiving financial aid must return a signed **Student Accounts Promissory Note** to the Office of Student Accounts by the payment due date.

A \$500.00 late fee will be assessed on student accounts that are not deemed financially cleared (balance paid and/or signed **Student Accounts Promissory Note** received by the Office of Student Accounts) by the payment due date.

The Office of Student Accounts accepts cash, check, or charge (Visa, MasterCard, and Discover) as method of payment.

A service charge of 2% on any unpaid balance will be added to all accounts in October (Fall semester) and March (Spring semester).

Summer Semester and Winter Intersession

All tuition and fees in full at time of registration. No deferred-payment plan.

Any questions regarding semester payment of fees should be addressed to the Office of Student Accounts.

OUTSTANDING FINANCIAL OBLIGATIONS

Students whose tuition or NDSL/PERKINS accounts are in arrears will not be permitted to register or make schedule adjustments after registration, and will not be awarded diplomas or issued transcripts of record.

If a tuition account is considered to be uncollectable by the College, College policy states that the account will be transferred to a third-party collection agency. The student will be responsible for the entire principal and also all collection costs affiliated with the collection of the debt. The collection cost can be up to 30%-40% of the outstanding debt when it is transferred to the collection agency.

ALTERNATIVE FINANCING

The College also cooperates formally with two independent agencies which arrange for financing of college costs on a monthly payment basis of one to six years. All plans include attractive insurance clauses which provide for coverage of college expenses in the case of death or disability of the parent. Information about any agency may be obtained either by writing directly to the agency listed below, or by inquiry to the Office of Student Accounts of Marist College.

Key Education Resources Payment Plan
P.O. Box 9568, Boston, MA 02205-9568
800-225-6783

Academic Management Services
P.O. Box 991, Swansea, MA 02777
800-635-0120

FINANCIAL ASSISTANCE

Students who are recipients of any type of financial scholarship or assistance must present evidence of this to the Office of Student Accounts at the time of registration or as soon as received.

Deductions from semester billings for specified grant amounts may be made only upon official notification to the student and College. All awards not officially acknowledged and presented to the Office of Student Accounts before fee deadlines will be subject to a service charge.

The Office of Student Accounts prefers payment by check. Payments must be made before Opening Day, either by mail or in person at the Office of Student Accounts.

Requests for complete statement of charges and receipt of payments should be made in writing to the Office of Student Accounts at the time of final payment. The receipt will be mailed directly to the student.

INSTITUTIONAL POLICY FOR REFUNDS

Since engagements with instructors and other provisions for education and residence are made in advance by the College for the entire year, the withdrawal and refund policies are as follows:

To withdraw from a course, a student must notify the Registrar in writing. A form is provided for this purpose and may be obtained at the Office of the Registrar. Simply notifying the classroom instructor and/or the Dean is insufficient. Procedures to be followed are outlined on this form. In computing the refund, the Office of Student Accounts accepts the date that the completed form has been received in the Office of the Registrar.

Disbursement of funds must be requested through the Office of Student Accounts. Disbursements, if due, will be made within four weeks after the date on which the student's period of enrollment ends.

Any student withdrawing from the Residence Halls must officially notify the Housing Office in writing. Date of receipt of this notice by the Housing Office will be used in determining the refund. (See Room Charge below.)

A refund for the board program for the remainder of the semester following the date of the student's withdrawal will be made at the per diem college rate. The date used will be the official notification of withdrawal to the Housing Office.

STUDENT WITHDRAWING – PERCENT OR AMOUNT CHARGED

	<i>Tuition Charge</i>	<i>Fees Charge</i>	<i>Room Charge</i>	<i>Board Charge</i>
1st Week	0%	0%*	\$50.00**	pro-rated
2nd Week	50%	50%*	50%**	per diem
3rd Week	50%	50%*	50%**	pro-rated
4th Week	100%	100%	100%**	per diem

*Registration and orientation fees are non-refundable.

**Room reservation of \$200 will be forfeited.

For any withdrawal from the college and/or college housing after the beginning of the fourth week, no refund will be allowed. (*Refer to the Academic Calendar for specific dates; i.e., tuition refund, etc.*)

TITLE IV RECIPIENT POLICY FOR REFUNDS (POLICY EFFECTIVE SEPTEMBER 1, 2000)

This refund policy is effective as of September 1, 2000 as per the U.S. Department of Higher Education Amendments published on November 1, 1999. This refund policy will apply to students who receive assistance under Title IV funding and/or to the parents who receive the Federal Parent Plus loans for their children. Title IV funding includes the following programs: Federal Stafford Loan Program, Federal Pell Grant Program, Federal Work-Study Program, Federal SEOG Program, and the Federal Perkins Loan Program. Students whose Title IV aid consists only of Federal Work-Study earnings are not included in the calculation. This policy begins the first day of classes and is effective for up to 60% of the period of enrollment of the semester in attendance (which constitutes nine weeks of our fifteen-week traditional semester).

If the student withdraws from Marist College during the first 60% of the semester, they are responsible for the amount of unearned Title IV funds disbursed, or that could have been disbursed.

The **percentage** for which the student is eligible is equal to the percentage of the enrollment period that the student has completed. The percentage is calculated by dividing the portion of the period completed by the length of the payment period. If the period of enrollment is greater than 60% the student has earned 100% of the aid.

The amount earned is the **percentage** multiplied by the amount of Title IV aid awarded. The amount unearned is the difference between the amount awarded less the amount earned.

Refunds back to Title IV programs will be assessed by the official date of withdrawal. The official date of withdrawal will be considered the date recorded by the Center for Advising and Academic Services.

If you have any questions regarding this policy, please contact the Office of Student Accounts.

EXCESS FINANCIAL AIDS

NO REFUNDS of excess financial aids will be processed until after one-half tuition-refund period is over. (*See Academic Calendar for specific dates concerning these refunds.*)

FINANCIAL AID

Marist College is concerned that all qualified students have access to a Marist education. Each year, to supplement Federal and State financial aid, Marist awards more than \$11 million of its own funds to assist students with financing their education. Overall, almost 79% of the student body receives some form of financial assistance. In addition to need-based grants, Marist awards scholarships to high-achieving freshmen and transfer students.

MEETING COLLEGE COSTS

Financing a college education is a challenge for many families. Recognizing that a college education is expensive, students should consider the total cost of their education and not just the costs of the initial year. Besides the usual sources—family assistance, personal savings, and summer earnings—there exists a variety of ways to pay college costs. These are generally referred to as student financial aids. They consist of scholarships, grants, loans, and earnings from part-time work while in school.

If students expect to need financial assistance to meet their total expense at Marist College, it would be wise for them to apply for this assistance while applying for Admission to the College.

PURPOSE OF FINANCIAL AID

The primary purpose of student financial aid at Marist College is to provide assistance to students who could not otherwise attend Marist College. The basic premise of student financial aid is that the primary responsibility for meeting college costs rests with the family. The extent of the family's responsibility in this regard is measured through a uniform analysis of data submitted by the family on a comprehensive financial statement, the Free Application for Federal Student Aid (FAFSA). This form is the primary application used at Marist College.

The difference between the total college costs (tuition, fees, room and board, transportation, books, and personal expenses) and the assessed ability of the family to contribute to the costs is the student's financial need. Student financial aid is intended to meet this need. With the exception of limited scholarship funds, student financial aid at Marist College is awarded on the basis of need and academic achievement. Awards are made without reference to racial or ethnic origin, sex, age, or physical disability. Awards are made either singly or in the form of a "package" that is a combination of scholarship/grant, loan, and work awards.

Student financial aid is awarded from two sources: (1) the college and (2) outside agencies such as the federal government, individual states, various public and private agencies, organizations, or companies. The following pages contain detailed descriptions of financial aid.

FINANCIAL NEED

It has been previously stated that the financial need of a student is the difference between total college costs and the assessed ability of the family to contribute to these costs. The following is an explanation of College Budgets, Family Contribution, and packaging.

1. **College Budgets:** Budgets should reflect the hidden cost of education as well as the obvious costs. The estimated college cost includes the following:
 - tuition and fees for a 24-32 credit year
 - charges for room and board
 - books (estimated at \$700)
 - transportation (estimated at \$550)
 - personal expenses (estimated at \$600)

This budget is used for dependent students living on or off campus. Students living with their parents will have a budget that reflects estimated room and board costs of \$4000 for the year, \$650 transportation, and \$600 personal expenses.

Budgets for independent students will reflect their educational and living expenses. The budgets are reviewed each year to insure that they are fair estimates of the total cost of education.

2. **Family Contribution:** This figure is determined through a standard needs analysis of the information provided on the FAFSA. The needs analysis takes a number of factors into consideration: income, asset equity, size of family, number of family members attending college on at least a half-time basis, age of older parent, and whether both parents are working.
3. **Meeting Need:** In "packaging" a student with a variety of funding, the college will estimate grants from the entitlement programs not

directly administered by the college: Federal Pell Grants and the NYS Tuition Assistance Program (TAP). The ability of the college to meet remaining need is based on the number of needy students applying for the funding levels for the programs. To assist as many students as possible, the college may set a maximum award for a particular program at a level below that which is legislated. Due to the limited financial-aid dollars available, Marist College awards financial aid to students who are enrolled on at least a half-time basis (6 credit hours). Priority is given to full-time students.

4. **Deadlines:** It is important to meet the college's deadline for application for financial aid. While financial aid is awarded on the basis of need, it is also awarded on a first-come, first-served basis. This has implications for following years since priority is given to previously awarded students. The deadline for financial aid for incoming students is March 1 while the **deadline for returning students is April 15**. Returning students please note: If this deadline is not met you may jeopardize your prospective financial-aid award. It is suggested that you send all documents required by April 15th via certified/return-receipt mail.
5. **Reconsiderations:** In the event that a student's financial situation changes despite any financial aid already awarded and the student is unable to meet the cost of attending Marist College, he or she may submit a written request to the Financial Aid office to be reconsidered for additional funding. The request should detail the cause and extent of the student's additional financial need. Reconsiderations will be met depending upon availability of funds.

APPLICATION PROCEDURES

1. All incoming and returning students must complete the Free Application for Federal Student Aid (FAFSA). It will take four to six weeks to process the form. Therefore, in order to meet the above-stated deadlines for filing for financial aid, incoming students should file the FAFSA by January 15, while returning students should file by March 1. If the FAFSA is completed after these dates, a copy of it should be sent directly to the Financial Aid Office and the original mailed to the processing center.
2. In addition to the FAFSA, freshmen must also submit a Marist College application for Financial Aid, a signed copy of their most recent tax return and a signed copy of their parent(s) most recent Federal income tax return. Returning students may be requested to submit a signed copy of their most recent tax return and a signed copy of their parent(s) most recent federal tax return. An IRS Form 4506 (request for copy of a tax return) must be filed when no copy is available or if no return is filed. This form is available upon request to the Financial Aid Office. All independent students must submit a signed copy of their, and if applicable, their spouse's most recent Federal Income Tax Return. If a tax extension has been filed we will need a copy of that form.
3. Transfer students must also provide Financial Aid Transcripts from all previous colleges attended, even if they did not receive any financial aid at these institutions.

FINANCIAL AID PHILOSOPHY AND POLICIES

1. Within its available resources, Marist College attempts to meet the financial needs of its students. Thus a student's financial need is determined by subtracting the parent's and student's contribution from the total estimated cost of attending Marist College. The total financial aid awarded a student shall never exceed the college budget.
2. The amount of a student's financial aid is contingent upon the student enrolling on a full-time basis (unless otherwise indicated) for each semester awarded. A student may be dropped from the financial-aid program for failure to maintain good standing or satisfactory academic progress.
3. Financial Aid is not automatically renewable. A Marist Application for Financial Aid and a FAFSA must be submitted each year with

a photostatic copy of the parent's and student's federal income tax return for the previous year.

- The financial-aid award shall be voided if and when incorrect information is revealed on either the student application or Student Aid Report. Intentionally filed false statements or materials may subject the filer to a fine or imprisonment, or both, under the provisions of the U.S. Criminal Code.
- If a student is not permitted to return to Marist College, either because of grades, disciplinary reasons, or an outstanding balance with the Student Accounts Office at the beginning of an academic term, the student's financial-aid award will become void.
- Any change in the amount indicated from noncollege sources or in a student's enrollment, financial, resident, or marital status must be reported immediately to the Financial Aid Office.
- Each aid recipient is required to sign a Statement of Educational Purpose/Registration Compliance.
- Availability of funds (state and federal funding) is necessarily tentative at the time awards are made and Marist College cannot guarantee substitute awards if any anticipated outside sources of assistance do not materialize.
- Marist College awards financial aid without reference to racial or ethnic origin, sex, age, religion, marital status, or disability.

INDEPENDENT STUDENT STATUS

The fact that a student is not receiving financial assistance from his or her parents does not necessarily mean that the student will be considered an independent student for the financial-aid programs.

For the financial-aid programs administered by Marist College, a student claiming independence must be 24 years of age by Dec. 31 of the year in which he or she is applying. Once the student has filed as a dependent student at Marist College, he or she will be unable to change dependency status except in unusual cases. Likewise, in a limited number of extreme circumstances, the age requirement may be set aside. Supporting documents such as parents' death certificates, letters from welfare agencies, lawyers and/or social workers may be required. The responsibility is on the student to prove his or her independent status.

STATE AID PROGRAMS

NEW YORK STATE TUITION ASSISTANCE PROGRAM (TAP)

The Tuition Assistance Program was created by New York State as a tuition-related student-aid program. It is designed to assist New York State residents with greater freedom of choice in deciding upon the New York State post-secondary educational institutions that they would like to attend.

New York State designed the Tuition Assistance Program (TAP) so that awards to students attending private colleges are larger than awards at public schools. In this way, the gap between the private and public schools is lessened. Cost becomes less of a factor. TAP awards **are not** based on gross income. Instead, TAP awards are based on the parent's and student's New York State **Net Taxable Income** (after exemptions and deductions).

To be eligible for TAP, a student must be a matriculated full-time (at least 12 credits) student and a New York State resident, a U.S. citizen or permanent, resident alien. In addition, the student must meet the TAP-mandated college requirements for determining program pursuit and satisfactory academic progress. To be pursuing one's program satisfactorily, a student who is in his/her first year of receiving a TAP award must receive a passing or failing grade in at least one-half of the minimum full-time course load; a student who is in his/her second year as a TAP recipient must receive a passing or failing grade in at least three-fourths of a minimum full-time course load; in his/her third and fourth years, a student must receive a passing or failing grade in all of the courses constituting the minimum course load. Any course which was passed previously cannot be repeated and count toward the minimum full-time (12 credits) necessary for TAP eligibility. The only exception occurs when a grade is passing but is unacceptable in a particular curriculum.

Making satisfactory progress requires that a student achieve a satisfactory cumulative index and accumulate credits at a steady rate. The minimum progress expected is given in chart form and has been approved by the New York State Higher Education Services Corporation. These progress requirements may be obtained by contacting the TAP Certifying officer in the Office of the Registrar. It is important for students to understand that these criteria only determine student eligibility for a TAP award; they are not the general criteria for academic achievement at Marist College. A student conceivably may meet these standards for a TAP award and yet not meet the academic standards of Marist College for continuation as a student.

- An applicant must file a Free Application for Federal Student Aid (FAFSA). The Department of Education will forward this information to NYHESC. The Services Corporation will send an award certificate to the student indicating the amount of the award per term. If filed on a timely basis, the student should receive an award certificate prior to the opening of the term for which payment will be required.
- TAP Awards at Marist currently range from \$275 to \$5,000.
- TAP is awarded for eight semesters of full-time undergraduate studies. Students enrolled in the HEOP Program have an additional two semesters of eligibility.
- Upon receiving the official notification of the student's award from

STANDARD OF SATISFACTORY ACADEMIC PROGRESS FOR DETERMINING

the Services Corporation, the TAP Certifying Official will verify the student's full-time, matriculated status and the tuition charges for the term in question. The amount of the award will then be credited to the student's account.

5. If the TAP award results in a credit balance for the student, the College will refund any credit balance within 30 days unless the student requests the College to leave the balance on the account as a credit toward a future term's charge.

AID FOR PART-TIME STUDY (APTS)

This program is designed to provide tuition assistance to eligible undergraduates, enrolled on a part-time basis (three to eleven credits per semester), in a program of study leading to a degree at Marist College. Eligibility requirements include New York State residency, good academic standing, matriculated status and net taxable income limitations. Students may receive tuition waivers up to the cost of tuition, but not in excess of \$1,000 each semester. Students are required to file an APTS application each semester and submit it to the Financial Aid Office. For applications and more information contact the Financial Aid Office.

NEW YORK STATE CHILD OF DECEASED OR DISABLED VETERAN AWARD

A child of a person who died in the military service of the United States during World War I, World War II, the Korean Conflict, or the Vietnam Conflict as a result of regular active duty, and who was a resident of New York State at the time of induction or time of death, is eligible for a Regents award. Similarly, a child of a person who was honorably discharged with a current disability of at least 40% resulting from service during World War I, World War II, the Korean Conflict, or the Vietnam Conflict, or who had such disability at time of death and who was a resident of New York at the time of induction, is eligible for a Regents award.

1. A student must request a special application from the New York State Higher Education Services Corporation. After eligibility has been approved, the procedures for applying for payment of a Child of a Veteran award, the number of semesters of eligibility a student has and the procedures at the College for crediting the student's account are the same as for TAP (above).
2. There are no financial criteria in order to qualify for this award; however, the recipient of this award should be aware that he or she may qualify for a TAP award along with the Regents Child of a Veteran award.

NEW YORK STATE CHILD OF POLICE OFFICER-FIREFIGHTER AWARD

A child of a police officer, firefighter, or volunteer firefighter of New York State or any of its municipalities who died as a result of injuries sustained in the line of duty is eligible for this award.

1. A student must request a special application from the New York State Higher Education Services Corporation. After eligibility has been approved, the procedures for applying for payment of a Child of a Police Officer-Firefighter award, the number of semesters of eligibility a student has, and the procedures at the College for crediting the student's account are the same as for TAP (above).
2. There are no financial criteria in order to qualify for this award; however, the recipient of this award should be aware that he or she may qualify for a TAP award along with the Police Officer/Firefighter award.

HIGHER EDUCATION OPPORTUNITY PROGRAM (HEOP) See page 19.

VIETNAM VETERANS TUITION AWARDS (VVTA) & PERSIAN GULF VETERAN TUITION AWARDS (PGVTA) These programs are available to New York State residents enrolled in

full-time or part-time (three to eleven credits per semester) undergraduate and graduate programs at Marist. Eligibility for VVTA includes U.S. Armed Forces service in Indochina between January 1, 1963 and May 7, 1975 and discharge under other than dishonorable conditions. PGVTA requirements are receipt of the Southwest Asia Medal, issued from August 2, 1990 to November 30, 1995 and confirming service in the Persian Gulf.

Both veterans' tuition awards range from \$500 to \$1,000 per semester with an aggregate limit of \$10,000. Veterans who have not established eligibility must complete the VVTA or PGVTA Tuition Award Supplement. Veterans who have established eligibility do not have to submit another supplement, except to receive payment for graduate study they must submit a FAFSA and TAP Application indicating graduate study. Eligibility for these awards must be established by September 1, 1998. Additional information may be obtained by calling (518) 474-8615.

NEW YORK STATE AID TO NATIVE AMERICANS

Student or parent must be an enrolled member of a Native American tribe located on a reservation in New York State and be enrolled in an approved post-secondary institution in New York State.

1. Award ranges to \$1,550 per year for full-time study.
2. A student must request a special application form from the Native American Unit, New York State Education Department, Albany, New York 12234.
3. The completed application is returned with (a) an official high school transcript or photostat of General Equivalency Diploma; (b) a personal letter setting forth an educational plan.
4. If under 18 years of age, signatures of parents are required.
5. Official tribe certification form is required.

VOCATIONAL REHABILITATION

State agencies of vocational rehabilitation assist those having physical, emotional, or mental disability, except blindness. This assistance is designed to develop and/or improve and/or restore the handicapped person's ability to work.

Among the training services provided to handicapped persons is training at colleges. Financial assistance may be provided for the person in pursuit of a college education.

FEDERAL AID & LOAN PROGRAMS

FEDERAL PELL GRANT

The Federal Pell Grant Program is a federal student aid program designed to provide needy students access to a college education. The Federal Pell Grant is intended to be the starting point for putting together the necessary resources to meet college expenses. An undergraduate student enrolled for at least 3 credits per semester may apply for a Federal Pell Grant.

1. To apply for a Federal Pell Grant, a student must complete the Free Application for Federal Student Aid (FAFSA) and forward it to the processor in the self-addressed envelope provided with the application; it should be dated and mailed no earlier than January 1. Usually within four weeks, the processor will return to the applicant a Student Aid Report (SAR). Provided the student listed Marist as one of the colleges to receive information, the College will return an award letter indicating the amount of Pell Grant to be received.
2. There is no charge for applying for a Federal Pell Grant.
3. Currently, the amount of the award ranges from \$400 to \$3,300; this range may change as a result of Federal legislation. The amount that a student will receive is based on the following factors: (a) the student's financial need as computed from the information provided on the student's application; (b) the College costs; (c) the student's part-time or full-time enrollment status; (d) the payment schedule as issued by the U.S. Department of Education.

4. Ordinarily the financial need of the student is computed from the previous year's income information. However, if some extraordinary circumstance occurs, a student may file a supplemental form wherein current-year estimated income would be reported and the eligibility of the student would be computed on the basis of that year's income.
5. The grant is awarded annually until completion of the first undergraduate degree.
6. The student must maintain satisfactory academic performance in regards to both cumulative grade point average and credit accumulation standards established by Marist College. (See Satisfactory Academic Progress Requirements.)
7. Before receiving payment of a Federal Pell Grant, a student must sign a Statement of Educational Purpose/Registration Compliance. This document attests to the fact that the student will use this award solely for educational expenses at Marist College. The student agrees to repay the appropriate portion that cannot reasonably be attributed to meeting educational expenses related to attendance at Marist College. Also, the student certifies that he/she has complied with the Selective Service requirements and will provide proof of registration when requested.
8. Payment of the award will be made directly on the student's account. It will be made in two equal payments for Fall and Spring, unless otherwise noted. If a recipient is attending Summer school, taking at least six credit hours, he or she may receive a prorated portion of the award applied to the Summer term, providing the student has not received his or her full academic year grant allowance during the previous Fall and/or Spring.
9. If the Federal Pell Grant results in a credit balance for the student, the College will refund the credit balance to the student within 30 days unless the student requests the College to leave the balance in the account as a credit toward a future term's charges.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG)

Federal SEOG is a federal grant program administered by Marist College to assist undergraduate students who qualify for the Pell Grant and exhibit a high degree of need.

1. The amount of the award will usually range from \$100 to \$2,000 per academic year.
2. The grant is awarded annually.
3. The award can only be given to undergraduate students pursuing their first baccalaureate degree.
4. A Federal SEOG is awarded on the basis of financial need, other financial aid resources available to the student, total grant funds available to the College, and satisfactory academic performance of the student (both cumulative grade point average and credit accumulation standards as established by Marist College. Refer to Satisfactory Academic Progress Requirements for more details).
5. An award letter will be mailed to new students by May 1, and to returning students by July 15.
6. The student must return a reply form to the College within the period specified in the letter, indicating whether the award is accepted or denied. The student must also file a Statement of Educational Purpose/Registration Compliance attesting to the fact that the award will be used solely for educational purposes at Marist College and that the student will repay the appropriate portion that cannot reasonably be attributed to meeting educational expenses related to attendance at Marist College. The student also certifies that he/she is in compliance with the Selective Service requirements and will provide proof of registration when requested.
7. Payment of the award is made in two equal parts, in the Fall and the Spring, unless otherwise noted.
8. If the Federal SEOG award results in a credit balance for the student, the college will refund any credit balance within 30 days

unless the student requests the college to leave the balance on the account as a credit for a full term's charges.

9. A student who is in default on a Federal Perkins Loan or Stafford Student Loan or owes a refund on a Federal Pell Grant cannot receive a Federal SEOG award.

FEDERAL PERKINS (NDSL) LOAN

The Perkins Loan is a federal loan program administered by Marist College to assist students who are in need of a loan to meet their educational expenses.

1. A student may borrow a maximum of \$6,000 for the first two years of college with a maximum cumulative amount of \$15,000 for undergraduate students.
2. The Federal Perkins Loan is awarded annually.
3. A Federal Perkins Loan is awarded on the basis of financial need, other financial resources available to the student, total funds available to the college, and satisfactory academic performance of the student (both cumulative grade point average and credit accumulation standards as established by Marist College. Refer to Satisfactory Academic Progress Requirements for more details).
4. Borrower's rights:
 - (a) Repayment on the principal or interest is not required while the student is in attendance at an approved post-secondary educational institution on at least half-time basis.
 - (b) A student may be allowed up to 10 years to repay the loan. Low-income individuals may be eligible for an additional 10-year repayment period with the approval of the Department of Education.
 - (c) A loan may be cancelled in the following situations and at the designated rates:
 - (i) Full time teacher in public or other non-profit elementary or secondary school, identified by the commissioner and listed in the Federal Register as having a high concentration of students from low-income families.
100% of the loan may be cancelled at the following rates:
 15%—1st and 2nd years of service.
 20%—3rd and 4th years of service.
 30%—5th year of service.
 - (ii) Full-time teacher with 50% or more of handicapped students in public or other non-profit elementary or secondary schools.
100% of the loan may be cancelled at the following rates:
 15%—1st and 2nd years of service.
 20%—3rd and 4th years of service.
 30%—5th year of service.
 - (iii) Full-time staff member in Head Start preschool program.
100% of the loan may be cancelled at the rate of 15% for each year of service provided the salary is comparable to that paid by the local educational service.
 - (iv) Member of the Armed Forces of the United States in a hostile zone.
50% of the loan may be cancelled at the rate of 12.5% for each year of service in an area of hostility qualifying for special pay.
 - (v) Service as a law enforcement or corrections officer in an eligible local, state, or federal agency. The agency must be publicly funded and its principal activities must pertain to crime prevention, control or reduction or enforcement of criminal law and the applicant's principal responsibilities are unique to the criminal justice system. The applicant must be a sworn law enforcement officer, or a person whose principal responsibilities are unique to the criminal justice system.

- (vi) Full time employment as a nurse or medical technician providing health-care services for 12 consecutive months. A medical technician is an allied health professional (working in fields such as therapy, dental hygiene, medical technology, or nutrition who is certified, registered, or licensed by the appropriate state agency. An allied health professional is someone who assists, facilitates, or complements the work of physicians and other specialists in the health-care system.
- (vii) Providing or supervising the provision of services to high-risk children from low-income communities and families of such children, and working full time in a public private nonprofit child or family-services agency for 12 consecutive months.
- (viii) Qualified professional provider of early-intervention services working full time for 12 consecutive months in a public or other non-profit program authorized in Section 676(b)(9) of the Individuals with Disabilities Education Act.
- (ix) For service as a volunteer under the Peace Corps Act or under the Domestic Volunteer Service Act of 1973.
- (x) The full balance of the loan obligation will be cancelled in the event of death or permanent and total disability.
- (d) A copy of the completed promissory note will be provided to the borrower.
- (e) A borrower has the right to repay the loan before the first payment of principal and interest become due without interest charges.
- (f) A borrower may request forbearance in case a repayment schedule cannot be met.
- (g) The borrower is to be provided an interview upon leaving college at which time he/she would be made aware of the specific responsibilities for repayment of the loan.
5. Borrower's responsibilities:
- (a) The borrower is to notify the College if any of the following situations occur before the loan is repaid:
- A name change.
 - Change of address.
 - Transfer to or re-entry into other approved post-secondary institutions.
- (b) The first payment of principal and interest becomes due 12 months after leaving the school or after reducing enrollment status to less than half-time (6 credit hours per term) and interest begins to accrue after 9 months.
- (c) A 5% simple interest is charged starting after the grace period.
- (d) The borrower is to notify the school of enrollment at another post-secondary school.
- (e) The borrower is to notify the Student Accounts Office prior to permanently leaving the school to schedule an exit interview.
- (f) The borrower is to notify the school if financial difficulties prohibit the scheduled quarterly payments.
- (g) The borrower is to repay the loan in accordance with the quarterly repayment schedule. A sample of such a schedule follows:

MARIST COLLEGE
POUGHKEEPSIE, NY
FEDERAL PERKINS (NDSL) LOANS

Sample: Student Repayment Schedule

Equal Quarterly Payments of Principal and Interest Based on the Quarterly Unpaid Principal Balance @ 5% Over 10 Years, Minimum Payments of \$40.00 Per Month.

Sample Loan: \$2,000.00

Due Date	Payment Amount	Interest	Principal	Balance
03/01/00	120.00	25.00	95.00	1,905.00
06/01/00	120.00	23.81	96.19	1,808.81
09/01/00	120.00	22.61	97.39	1,711.42
12/01/00	120.00	21.39	98.61	1,612.81
03/01/01	120.00	20.16	99.84	1,512.97
06/01/01	120.00	18.91	101.09	1,411.88
09/01/01	120.00	17.65	102.35	1,309.53
12/01/01	120.00	16.37	103.63	1,205.90

09/01/04	96.78	1.19	95.59	0.00
Totals	2,256.78	256.78	2,000.00	

- (h) The borrower must notify the college of a situation wherein the borrower becomes eligible for deferment of payment or cancellation of the loan obligation.
- An award letter will be mailed to new students by May 1 and to returning students by July 1.
 - The student must return a reply form to the College within the period specified in the letter, indicating whether the award is accepted or declined. The student must also file a Statement of Educational Purpose/Registration Compliance attesting to the fact that the award will be used solely for educational purposes at Marist College and that the student will repay the appropriate portion that cannot be reasonably attributed to meeting educational expenses related to attendance at Marist College. The student also certifies that he/she is in compliance with the Selective Service requirements and will provide proof of registration when requested.
 - Payment of the award is made in two equal parts in the Fall and in the Spring, unless otherwise noted. The recipient must report to the Student Accounts Office at the beginning of each term for which the award is applicable and sign for the award.
 - If the Federal Perkins Loan award results in a credit balance for the student, the College will refund any credit balance within 30 days unless the student requests the College to leave the balance on the account as a credit toward a future term's charges.
 - A student who is in default on a previous Federal Perkins Loan or Federal Stafford Student Loan or owes a refund on a Federal Pell Grant or Federal SEOG cannot receive a Federal Perkins Loan.

FEDERAL WORK-STUDY PROGRAM (FWSP)

Marist College administers this federally sponsored employment program during the academic year. The FWSP provides job opportunities to enrolled students who demonstrate financial need in meeting their college expenses. Jobs are available both on campus and in the surrounding community.

- FWSP students are paid at least the federal minimum wage.
- Students on FWS cannot work more than an average of 20 hours per week during the regular academic terms and 40 hours per week during vacation periods.
- FWS jobs are awarded on the basis of financial aid resources available to the student and total employment funds available to the college. To remain eligible, students must continue to meet federal

and institutional academic progress standards (refer to Satisfactory Academic Progress Requirements).

4. The Financial Aid Office will notify students when they have earned their awarded FWS amounts. In the event of additional student eligibility and available funds, FWS employment may be extended.
5. Payroll schedules are published at the beginning of each academic term, including summer. Prior to being paid, students must have on file with the Payroll Office a W-4 or W-4E Form (Employee's Withholding Allowance Certificate) and time sheets are to be submitted on the scheduled dates. Late time sheets will be held and paid on the next scheduled payment date. Paychecks are to be picked up in the Payroll Office.
6. Students must complete a Student Work Agreement/Authorization Form for the Financial Aid Office whereon the student's award will be indicated. These forms must be filled out and signed by the student and the student's supervisor and then returned to the Financial Aid Office for processing.
7. A work-study award is an allocation only and not necessarily a guarantee of employment.
8. An award letter will be mailed to new students by May 1 and to returning students by July 15, provided the student has filed the appropriate forms.
9. The student must return a reply form to the college accepting or declining the work study allotment by the date specified in the letter or the allotment will be automatically cancelled.
10. Students in default on a Federal Perkins Loan or Federal Stafford Student Loan or owing a refund on a Federal Pell Grant or Federal SEOG cannot receive a FWSP Award.

MARIST COLLEGE CAMPUS EMPLOYMENT PROGRAM (CE)

Marist College provides part-time employment to students during the summer months and to a limited extent during the regular academic year.

1. Students will be paid at least the federal minimum wage.
2. A student on CE cannot work more than an average of 20 hours per week during the regular academic term. A maximum of 40 hours per week can be worked under CE during vacation periods.
3. After students demonstrating financial need have been employed, remaining job opportunities are made available to other students seeking employment.
4. Payroll schedules are published at the beginning of each academic term, including summer. Prior to being paid, students must have on file with the Payroll Office a W-4 or W-4E Form (Employee's Withholding Allowance Certificate) and time sheets are to be submitted on the scheduled dates. Late time sheets will be held and paid on the next scheduled payment date. Paychecks are to be picked up in the Payroll Office.
5. Students must complete a Student Work Agreement/ Authorization Form for the Financial Aid Office whereon the student's work status will be indicated. These forms must be filled out and signed by the student and the student's supervisor and then returned to the Financial Aid Office for processing.

FEDERAL FAMILY EDUCATION LOAN PROGRAM

(Formerly Guaranteed Student Loan Program)

FEDERAL STAFFORD STUDENT LOAN (FSSL)

Subsidized:

The FSSL is a federal loan program which enables students who are enrolled on at least a half-time basis (6 credit hours per term) to borrow directly from a bank, credit union, savings and loan association, or other participating lending institution which is willing to make edu-

cational loans. The loans are insured by the Federal Government or guaranteed by a state guarantee agency. The benefit of the FSSL is as follows: first, the borrower need not make repayment on the loan while enrolled in college on at least a half-time basis; and second, the loan is interest-free during the same period of time.

1. An applicant must complete the appropriate student loan application. The completed application is then submitted to the Financial Aid Office for certification of the student's enrollment, the college costs, the financial aid available to the student, and a recommendation as to the amount the student needs to meet the educational expenses. The application is then to be submitted to the lending institution. Upon approval of the loan, a check will be issued or the amount will be electronically transferred to the educational institution.
2. Freshmen can borrow up to \$2,625, sophomores up to \$3,500, and juniors and seniors up to \$5,500 per academic year in accordance with the student's total family income and demonstrated financial need. Therefore, a FAFSA must be filed in order that the college can determine the student's eligibility.
3. A student may borrow up to an aggregate maximum of \$23,000, if he/she is enrolled in a program of undergraduate education.
4. The amount the student may borrow is also limited by the student's enrollment status, that is, full-time or part-time, the college costs and financial aid available to meet these costs, and the satisfactory academic performance of the student. The student must be matriculated and must maintain the cumulative grade point average and credit accumulation standards established by Marist College. Refer to Satisfactory Academic Progress Requirements for more details.
5. The College cooperates with the lending institutions and agencies in verifying and maintaining current information on all its student-borrowers.
6. The College will not process a FSSL earlier than three months prior to the beginning of the term for which the student is applying.
7. A student will be required to pay a loan origination fee of up to 3%. The fee is paid to the lender at the time of the disbursement of the loan check and reverts to the federal government to reduce the costs of the FSSL program.
8. A list of borrower's rights and responsibilities is available from the lending institution.
9. The student endorses the check at the Student Accounts Office and it is credited to the student's account. If this payment results in a credit balance for the student, the College will refund any credit balance unless the student requests the College to leave the balance on the account as a credit toward a future term's charges. The College will process refunds within 30 days.
10. The interest rate will be a variable rate, adjusted annually on July 1, not to exceed 8.25%. The variable rate for each 12-month period will be equal to the bond equivalent rate of 91-day Treasury Bills auctioned at the final auction held prior to the preceding June 1, plus 3.1%.
11. When a refund is due to a student from tuition, room and board charges after the student has dropped enrollment to less than half-time, the refund from the FSSL will be made to the lending institution to be applied to the loan obligation of the student. The student will receive written notice of this transaction.
12. A student must provide proof of registration when requested.
13. A student must submit a signed copy of his/her most recent tax return and a signed copy of his/her parent's most recent tax return.
14. A student may also be required to complete a Verification Worksheet.

Unsubsidized:

The unsubsidized Federal Stafford Loan is for those students who do not qualify for the subsidized Federal Stafford Student Loan program.

The terms and conditions of the unsubsidized FSSL are identical to those for the subsidized FSSL with the following exceptions:

1. The annual and aggregate loan amounts are the same as those for the subsidized FSSL less any amounts borrowed under that program. In other words, the total amount borrowed under the subsidized and the unsubsidized FSSL programs cannot exceed the annual and aggregate limits listed under the subsidized FSSL.
2. Whereas the subsidized FSSL is interest-free during the student's period of enrollment (minimum half-time), the unsubsidized FSSL is not. The student must select one of the following two options: to begin making interest payments on the loan immediately or to allow the lending institution to capitalize the interest due, resulting in a larger loan principal at repayment.

ADDITIONAL UNSUBSIDIZED FEDERAL STAFFORD LOAN

This is a student loan program to assist independent undergraduate, graduate, and professional students. Eligible freshmen and sophomores may borrow up to \$4,000, juniors and seniors up to \$5,000, and graduate and professional students up to \$10,000 per academic year, with an aggregate loan maximum of \$23,000 for undergraduates, and \$73,000 (including undergraduate) for graduate and professional students. These loan limits do not include amounts borrowed under the FSSL or PLUS programs. The applicable rate of interest during any calendar year is tied to the average rate of 52-week T-bills plus 3.1%. Repayment begins on the date of disbursement or last multiple disbursement of loan proceeds.

PARENT LOANS FOR UNDERGRADUATE STUDENTS (PLUS)

Parents of undergraduate students may borrow up to the cost of education minus any other financial aid the student will receive for each child in college. There is no aggregate limit. Borrowers may not have adverse credit history. The applicable rate of interest during any calendar year is tied to the 52-week T-Bill plus 3.1%. Repayment begins on the date of disbursement of loan proceeds.

REQUIREMENTS TO MAINTAIN FEDERAL ELIGIBILITY

The Higher Education Amendments of 1976, 1986, 1992, and 1998 require colleges to define and enforce standards of Satisfactory Academic Progress. Students receiving federal financial aid must conform to these requirements in order to be eligible for this financial assistance. These Satisfactory Academic Progress requirements must provide a maximum time frame for completion of the degree, a graduated credit accumulation over this time, as well as a quality mechanism. Essentially, these minimum standards ask the student to demonstrate that he/she is actively pursuing his or her degree.

At Marist College an evaluation of a student's regular academic performance takes place each semester by the Academic Affairs

Committee. This review concentrates on those students who fail to meet a 1.5 cumulative index at the end of their freshman year or a 2.0 during their sophomore, junior, or senior years. As a result of this review, students may be placed on probation and allowed to continue at Marist College.

Although the College considers the student in good standing while on academic probation, the student may not be eligible for federal financial assistance. Failure to earn the necessary number of credits toward degree completion or failure to maintain the necessary index can jeopardize a student's aid.

The following chart breaks down by semester the minimal Satisfactory Academic Progress requirements to receive Title IV federal aid for full-time undergraduate students at Marist College.

An annual review of all federal aid candidates will be completed as part of the financial aid award cycle each June. Students not meeting the Satisfactory Academic Progress requirements will be notified in writing by the Director of Financial Aid. Students losing aid for the semester will be reviewed the following semester for possible aid reinstatement, providing the students achieve performance consistent with graduation requirements.

Students may appeal the aid loss by requesting a one-time conditional waiver. Such requests must be forwarded to the Director of Financial Aid within two weeks of the aid loss notification letter. Possible reasons for waivers or appeal include serious personal problems, family tragedy, illness, employment and/or difficult adjustment to college. All appeals and waivers should include supporting documentation. The Director of Financial Aid will consult with the Director of Student Academic Advising, the Registrar, and the student's faculty advisor in making a final decision.

VETERANS EDUCATIONAL BENEFITS

Marist College is approved for study under Title 38 US Code:

GI Bill—Chapter 34

Education benefits under the G.I. Bill are available to veterans with 181 continuous days of service, any part of which occurred after January 31, 1955 and before January 1, 1977. Discharge must have been under conditions other than dishonorable. The veteran has 10 years from the date of discharge to use his/her entitlement or by December 31, 1989, whichever is later. The amount of entitlement is contingent upon length of service and number of dependents. The maximum length of entitlement is 45 months.

VEAP (Post-Vietnam Era Veterans' Educational Assistance Program)—Chapter 32

VEAP is a voluntary contributory matching program available to persons who entered active military service at any time during the period January 1, 1977 through January 30, 1985. The veteran must have served on active duty for at least 181 days and discharge must be under other than dishonorable conditions. The amount of entitlement is con-

Before being certified for Title IV Funds,	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th	11th
a student must have accrued this many credits:	0	3	9	18	30	42	54	66	78	90	105
with at least this cumulative grade point average:	0	1.00	1.50	1.75	2.00*	2.00	2.00	2.00	2.00	2.00	2.00

*Please note that each federal aid recipient must have a "C" average (2.00 cumulative grade point index) at the end of his/her second academic year, and must maintain this average throughout the duration of his/her academic program at Marist College.

tingent upon the amount the veteran contributed. Maximum length of entitlement is limited to 36 months. The veteran has 10 years from the date of discharge to use his/her entitlement.

Vocational Rehabilitation—Chapter 31

The Vocational Rehabilitation program is designed to provide all services necessary to enable a veteran with service-connected disability to select, train for, and secure employment. Each veteran under Chapter 31 is assisted by both a VA counseling psychologist and a Vocational Rehabilitation Specialist. Vocational rehabilitation may be provided for up to 48 months. The veteran has 12 years from discharge from active duty to use these benefits. However, the VA may approve an extension of time in certain cases. The VA will pay the cost of tuition, fees, books, and supplies. The veteran also receives a monthly subsistence allowance.

Survivors' and Dependents' Educational Assistance—Chapter 35

The spouse and children of a veteran may be eligible for educational assistance if the veteran died while on active duty or died after release from active duty of a service-connected disability. Also eligible are the spouse and children of a veteran who became permanently and totally disabled as a result of a service-connected disability, died while a service-connected disability was rated permanent and total, or has been listed as missing in action. Eligible persons are entitled to 45 months of educational assistance and are paid benefits equivalent to a veteran with no dependents under Chapter 34.

New GI Bill—Selected Reserve Educational Assistance Program—Chapter 106

This program is available to members of the Selected Reserve who have enlisted, reenlisted, or extended an enlistment for a period of at least 6 years on or after July 1, 1985. Reservists with a bachelor's degree can become eligible for benefits if they enter into a new six-year contract on or after October 1, 1990. Applicants must have completed their initial period of active duty and completed their initial period of Selected Reserve.

New GI Bill—Active Duty Educational Assistance Program—Chapter 30

Veterans may be eligible for assistance under this program if they first entered active duty on or after July 1, 1985. Veterans who entered active duty before January 1, 1977 may also be eligible for Chapter 30 benefits after December 31, 1989.

Determination of eligibility for benefits is determined solely by the Veterans' Administration. For further information and applications, contact the VA Certifying Officer in the Office of the Registrar or your local Veterans' Administration office.

UNITED STATES BUREAU OF INDIAN AFFAIRS AID TO NATIVE AMERICANS

Student must be at least one-fourth American Indian, Eskimo, or Aleut and be an enrolled member of a tribe, band, or group recognized by the U.S. Bureau of Indian Affairs. The student must also be pursuing at least a four-year degree at an approved state college or university.

1. Application forms are obtained through the Bureau of Indian Affairs, U.S. Department of the Interior, Federal Building, Floor 525, 100 South Clinton Street, Syracuse, New York 13702.
2. Since students must show financial need to be eligible, an official needs analysis must also be submitted.
3. First time applicants must also submit certification of tribal enrollment.
4. The completed application form, needs analysis documents and, when required, tribal certification are returned to the Bureau.

MARIST COLLEGE PROGRAMS

MARIST COLLEGE AND PRESIDENTIAL SCHOLARSHIPS

The Marist College Award Committee presents a limited number of four-year renewable scholarships to selected incoming freshmen and transfer students who have demonstrated excellence in academic achievement. *Only one scholarship is offered per student.*

Students who possess a good academic record may qualify for a Marist College or Presidential Scholarship on a four-year renewable basis. Each student who is eligible can receive one scholarship at Marist College.

The scholarships are renewable each semester provided the recipient maintains the necessary cumulative index. New students at Marist are given their initial term as a grace period to achieve the necessary academic index.

1. The average awards range from \$4,000 to \$12,000.
2. The renewable award is given for four years of full-time undergraduate studies at Marist College; the award will be automatically renewed each year provided that the recipient has maintained the necessary academic index and full-time enrollment status. The award is lost only for the term(s) during which the above two conditions do not exist unless the student withdraws or is dismissed from Marist College at a later date. The necessary G.P.A. is 2.850.
3. These awards are given on the basis of scholarship and high school achievement, and the funds available for the scholarship program.
4. An award letter will be mailed to incoming students by May 1 and to returning students by July 15.
5. The student must return a reply form to the College indicating whether the award is accepted or denied. Students must return an award-acceptance form to the College within a three-week period.
6. Payment of the award is made in two equal payments, in the Fall and in the Spring, unless otherwise noted. The amount will be directly applied to the student's account upon verifying the student's full-time enrollment for the term in question and the fact that the student has maintained the necessary academic index.

MARIST COLLEGE GRANT

Students who possess a good academic record and demonstrate financial need may qualify for a Marist Grant.

1. The non-renewable Marist Grant-In-Aid is awarded only to full-time students for the current academic year. This grant is not guaranteed each year and is based upon financial need, which could change each year.
2. The non-renewable grant is awarded to students on the basis of good academic performance, financial need, other financial aid resources available to students, and the funds available for the grant program.

HUDSON VALLEY SCHOLARSHIPS

A limited number of scholarships are offered each year to students who live locally and attend Marist College.

1. The award is given for four years of full-time undergraduate studies at Marist College. The award will automatically be renewed each year provided that the student has maintained the necessary academic index and full-time enrollment (see Marist College Presidential Scholarships section). The award is lost only for the term(s) during which the above two conditions do not exist, unless the student withdraws or is dismissed from Marist College. In the latter cases, the award is voided even if the student returns to Marist at a later date. New students are given their initial term at Marist as a grace period to achieve the necessary academic index.
2. Hudson Valley Scholarships are based on academic merit and students must reside and attend high school in Dutchess, Orange, or Ulster Counties.
3. Payment of the award is made in two equal payments in the Fall and Spring, unless otherwise noted. The amount will be directly

applied to the student's account upon verifying the student's full-time enrollment for the term in question and the fact that the student has maintained the necessary academic index.

MARIST COLLEGE TRANSFER SCHOLARSHIP

Each year Marist College awards merit-based scholarships to academically talented transfer students. The Marist College Transfer Scholarships are granted upon the recommendation of the Admissions Review Committee to transfer students who have excelled at the college(s) from which they are transferring. The scholarships are renewable annually, provided a recipient maintains a cumulative GPA of 2.85 or better while studying on a full-time basis at Marist.

OTHER SCHOLARSHIPS

NCAA ATHLETIC SCHOLARSHIPS

Marist College sponsors NCAA Scholarships for Marist men and women. Awarding of these scholarships is in accordance with regulations of the NCAA. For complete details contact the Director of Athletics.

DOLLARS FOR SCHOLARS

Marist College participates in the Dollars for Scholars Program which is conducted by the Citizens Scholarship Foundation of America (CSFA) and will match up to \$500 per recipient the scholarship awards raised by community volunteers through the Dollars for Scholars chapters. Marist has committed a maximum of \$10,000 to matching scholarships.

ADULT LEARNER SCHOLARSHIPS

The Adult Learner Scholarships are awarded annually to full-time or part-time students enrolled in the Marist College School of Graduate and Continuing Education. Scholarships are awarded upon the recommendation of the Executive Director of the School of Graduate and Continuing Education and are based on financial need and academic performance. Preference is given to students who do not qualify for traditional need-based aid resources.

ENDOWED SCHOLARSHIPS

Through the generosity of trustees, alumni, parents, and friends of the College, a number of endowed scholarships have been established at Marist. Each scholarship has specific criteria. Further information is available through the Office of Financial Aid. The following are scholarships currently sponsored at Marist.

Distribution of the award is made in two equal payments in the Fall and Spring semesters, unless otherwise noted. The amount will be directly applied to the student's account upon verifying the student's full-time enrollment and that the necessary academic index has been maintained.

ALFA LAVAL/WENCEL NEUMANN SCHOLARSHIP IN HONOR OF DeLAVAL EMPLOYEES

The Alfa Laval/Wencel Neumann Scholarship in Honor of DeLaval Employees was established to honor former employees of this international corporation, which had a manufacturing facility in Poughkeepsie for many years. It is named for a longtime president of DeLaval and was generously established by Alfa Laval, Inc. The scholarship is available to children and grandchildren of former DeLaval employees or retirees. First consideration is given to transfer students from Dutchess Community College. Financial need is a criterion.

THE ALUMNI LEGACY SCHOLARSHIP

The Alumni Legacy Scholarship is awarded to sons and daughters of Marist graduates who show outstanding promise to succeed at Marist College. The annual award is made to a member of the incoming freshman class and is non-renewable. Applications are available in

the Office of Alumni Affairs. A committee comprised of members from the Alumni Association Executive Board reviews applications and selects the recipient.

BARNES & NOBLE COLLEGE BOOKSTORES SCHOLARSHIP

The Barnes & Noble College Bookstores Scholarship has been established by the corporation to support academic excellence at Marist College. Awards will be made annually to outstanding students with financial need. The scholarship is renewable provided the student remains in good academic standing.

STEPHEN AND JUSTINE BECKER MEMORIAL SCHOLARSHIP

The Stephen and Justine Becker Memorial Scholarship was established in memory of a former chairman and longtime member of the Marist College Board of Trustees and his wife. It is awarded annually to a student in good academic standing who has demonstrated a commitment to community involvement as exemplified by the scholarship's namesakes. Financial need is a criterion.

BROTHER JOSEPH L.R. BELANGER, F.M.S. SCHOLARSHIP

Named in honor of a Marist graduate and longtime member of the Modern Languages faculty, the Brother Joseph L.R. Belanger, F.M.S. Scholarship is awarded annually to students majoring or minoring in Modern Languages. Priority is given to students with financial need, in good academic standing, and who are going to spend a full academic year abroad studying at a private French university. The award is based on the recommendation of the Chair of the Modern Languages Department in consultation with the Director of Financial Aid.

HELEN SCHATZ AND GEORGE BENNETT, JR. SCHOLARSHIP

The scholarship is awarded upon recommendation of the Vice President of Admissions and Enrollment to students from the Fairview area of Poughkeepsie, New York or from Dutchess County, New York.

THE RICHARD LOUIS BERGER MEMORIAL SCHOLARSHIP

The Richard Louis Berger Memorial Scholarship is awarded annually to a student in the Sachem, New York, Central School District or a BOCES student in the Second Supervisory District of Suffolk County, New York. The recipient is selected by the Assistant Superintendent of Schools of the Sachem Central School District or the Superintendent of the Second Supervisory District in consultation with the Vice President of Admissions and Enrollment at Marist College.

GEORGE D. BERNSTEIN MEMORIAL SCHOLARSHIP IN PRINT JOURNALISM

Named for a journalist who worked and resided in Dutchess County, New York, the George D. Bernstein Memorial Scholarship is awarded on the basis of academic accomplishment, professional preparation, and financial need to students intending to pursue a career in print journalism. First consideration will be given to journalism graduates from Dutchess Community College.

KAREN M. BOUCHARD MEMORIAL SCHOLARSHIP

The Karen M. Bouchard Memorial Scholarship was established in memory of Karen M. Bouchard, a member of the Marist Class of 1992, who is remembered for her academic commitment and dedication to helping others. This scholarship is awarded annually to a student of modest family income pursuing a degree in social work.

THE ARTHUR F. BROOK MEMORIAL SCHOLARSHIP

Established in memory of a former chairman of the Board of Trustees, The Arthur F. Brook Memorial Scholarship is awarded to a promising business student.

THE DEAN CANNAVINO MEMORIAL SCHOLARSHIP

Established in memory of Dean Cannavino, an accomplished actor and son of longtime Trustee and former Chairman of the Board James Cannavino, the Dean Cannavino Memorial Scholarship is awarded to a student involved in theatre arts at Marist. Recipients must be academically accomplished and have demonstrated financial need. The scholarship is renewable provided the student remains in good academic standing.

CENTRAL NEW YORK EYE CENTER SCHOLARSHIP

The Central New York Eye Center Scholarship was established to assist visually handicapped students in pursuing their education at Marist College. Two scholarships are to be awarded each year to two students selected by the Director of Financial Aid in consultation with the Director of Special Services. The scholarship has been dedicated in memory of Mark Van Etten.

LIZ CLAIBORNE SCHOLARSHIP

Established by the Liz Claiborne Foundation, the Liz Claiborne Scholarship is awarded to an upperclass student majoring in Fashion Design who has demonstrated exceptional talent in the field. It is made upon the recommendation of the Director of the Fashion Program.

KATHERINE CONNOR MEMORIAL SCHOLARSHIP

The Katherine Connor Memorial Scholarship is given to local students with financial need. It is awarded on the basis of academic achievement and community involvement.

ROBERT CROSBY MEMORIAL SCHOLARSHIP

The Robert Crosby Memorial Scholarship is awarded annually to a Computer Science student at Marist College. The recipient must be a junior and maintain a 3.0 cumulative G.P.A. to be considered for this renewable scholarship.

CUTTY SARK SCHOLARSHIP

The Cutty Sark Scholarship is awarded annually to a deserving Fashion Design student upon recommendation of the Director of the Fashion Program.

CHRISTOPHER PETER CYBULSKI MEMORIAL SCHOLARSHIP

The Christopher Peter Cybulski Scholarship has been established in memory of Christopher P. Cybulski by his family to aid upperclass students in their junior or senior year who are majoring in computer science. Preference will be given to students who have demonstrated a commitment to campus life at Marist. The award is made in consultation with the Associate Dean of Student Affairs.

THE BROTHER THOMAS E. DELANEY SCHOLARSHIP

Established in honor of Brother Thomas E. Delaney, FMS, for his dedication as a teacher and mentor at Marist College, this scholarship is awarded to academically outstanding students who work at least part-time to fund their college education. Academic achievement, financial need, and community service are the criteria.

DR. STEVEN & MRS. ESTELLE E. DOBO SCHOLARSHIP

Established in honor of Dr. Steven Dobo and his loving wife, Estelle, the Dr. Steven and Estelle E. Dobo Scholarship awards are made to students who qualify for financial aid. Preference is given to students who have graduated from a Hudson Valley area high school.

THE PATRICK J. DONAGHY SCHOLARSHIP

Established by Patrick J. Donaghy, corporate leader and benefactor of the College, this scholarship is awarded to a young man or woman of high character with leadership potential who would otherwise be unable to afford a Marist education. Recipients must be academically accomplished and have demonstrated financial need.

THE JOHN J. DOUGHERTY MEMORIAL SCHOLARSHIP

Named in memory of John "Jack" Dougherty, longtime Director of Development at Marist College, this award was established from the estate of Jack's loving wife, Margaret. Awards are made to students with financial need.

JENNIFER DRESSEL MEMORIAL SCHOLARSHIP

The Jennifer Dressel Memorial Scholarship was established in memory of Jennifer Dressel, a member of the Marist Class of 1991, who served as president of the Marist College Council on Theatre Arts. This scholarship is awarded annually to a student involved in the production aspect of theatre on the Marist campus.

MARGUERITE FEINSTEIN MEMORIAL SCHOLARSHIP

Established in memory of Marguerite Feinstein, a labor union leader in the State of New York who earned both undergraduate and graduate degrees from Marist College, this scholarship provides assistance to working mothers enrolled in the School of Adult Education. Financial need is a criterion.

FINBAR DEVINE/TOM GARGAN MEMORIAL SCHOLARSHIPS

Named in memory of Sgt. Finbar Devine and Det. Tom Gargan, partners on the New York City Police force, several scholarships are awarded annually to Marist junior or senior students whose parents or grandparents have served as members of the New York City Police Department. The scholarships were originally supported by the Gargan Memorial Foundation. The awards are based upon academic achievement and financial need.

ANN AND ABE EFFRON ENDOWMENT FUND

The Ann and Abe Effron Endowment Fund provides scholarship assistance to students who have graduated from public high schools in Dutchess County and are attending Marist College. Financial need is a criterion.

ELLEN IRENE FORSANDER MEMORIAL SCHOLARSHIP

The Ellen Irene Forsander Memorial Scholarship provides support to a student who is suffering from a chronic asthmatic condition. Financial need is a criterion. The award is made in consultation with the Director of Special Services.

PETER AND VIRGINIA FOY SCHOLARSHIP

The Peter and Virginia Foy Scholarship was established in 1964 and is awarded upon recommendation of the Vice President for Academic Affairs to students with financial need.

MARY LOU GANTERT SCHOLARSHIP

The Mary Lou Gantert Scholarship, named for a former science student at Marist, is awarded to Marist students who possess superior academic potential. It is granted by the Gantert Scholarship Committee.

ANTHONY J. GERMINARO, JR. MEMORIAL SCHOLARSHIP

The Anthony J. Germinaro, Jr. Scholarship has been established in memory of Anthony J. Germinaro, Jr., Class of 1980, by his family. Awards will be made to students with financial need who are major-

ing in finance or business administration. Preference will be given to students who are graduates of Mid-Hudson Valley area public schools.

TINA AND ALPHONSE GIOIELLI SCHOLARSHIP

Established in honor of a longtime faculty member and her husband who joined her in teaching Italian language and culture at Marist, the Tina and Alphonse Gioielli Scholarship is awarded to a junior or senior French or Spanish major. Financial need is a criterion. Priority is given to a student studying abroad for a full year, with first consideration to a candidate studying language and culture in Italy. Selection is made in consultation with the Chair of Modern Languages and the Director of Financial Aid.

MADAME FRANCOISE B. GREGG SCHOLARSHIP

Named in honor of a longtime member of the Modern Languages faculty, the Madame Francoise B. Gregg Scholarship is awarded annually to a French student who is spending a full academic year in France. Financial need is a criterion. The award is made in consultation with the Chair of Modern Languages.

DR. ARMAND HAMMER SCHOLARSHIP

The Dr. Armand Hammer Scholarship is awarded annually to students who demonstrate academic excellence and the potential to become outstanding Marist College graduates.

TERI HAUGH MEMORIAL SCHOLARSHIP

Named in memory of Teri Haugh, Marist Class of 1985, this scholarship is available to students in good academic standing who are majoring in business and are active members of the campus community. Financial need is a criterion.

DR. GEORGE B. HOOPER SCHOLARSHIP

Established in honor of Professor Emeritus of Biology George B. Hooper, the scholarship is awarded to students on the basis of general academic merit and demonstrated ability in the field of science.

THE JUNE JOHNS MEMORIAL SCHOLARSHIP

In memory of June Johns, the estate of Rhys H. Johns has established this scholarship to assist students who have financial need. Preference will be given to students who have graduated from a Mid-Hudson Valley high school with first consideration to candidates from Dutchess County.

ROY C. KETCHAM MEMORIAL SCHOLARSHIP

The Roy C. Ketcham Memorial Scholarship was established in memory of a longtime Trustee and former chairman of the board of the College. Preference is given to students residing in Southern Dutchess County, New York, and is awarded on the basis of academic achievement and community involvement.

MARTIN AND SYLVIA KURKHILL SCHOLARSHIP

The Martin and Sylvia Kurkhill Scholarship assists incoming freshmen who demonstrate strong academic promise and an understanding of community involvement. The scholarship is renewable provided the recipient remains in good academic standing. Financial need is a criterion.

CHARLES J. LAWSON, JR. FAMILY SCHOLARSHIP

The Charles J. Lawson, Jr. Family Scholarship is awarded annually to Marist students who are children or dependents of full-time employees of EG & G Rotron, Inc., Woodstock, New York or to students who are graduates of Ulster Community College. Application forms for Rotron candidates are available through the Office of Human Resources at Rotron.

DR. ALESKI A. LEONIDOFF SCHOLARSHIP

The Dr. Aleski A. Leonidoff Scholarship is awarded annually by the Vice President of Admissions and Enrollment to students with demonstrated financial need who plan to specialize in scientific or premedical studies.

THE DEBRA SUE LEVANTROSSER WOMEN OF MARIST COLLEGE SCHOLARSHIP

The Debra Sue Levantrosser Women of Marist College Scholarship was established by Frederick and Barbara Levantrosser in honor of their daughter, who received her Master's of Public Administration from Marist in 1996. Recipients must exhibit an entrepreneurial spirit and creativity as well as high integrity, motivation to succeed and extraordinary potential for personal growth. The scholarship is awarded to female juniors, seniors or graduate students who major in management, business, political science, or public administration, with special consideration for those pursuing an international focus in their studies and career aspirations.

WILLIAM AND MARGARET MAIR MEMORIAL SCHOLARSHIP

The William and Margaret Mair Memorial Scholarship is awarded on the basis of academic achievement, community involvement, and leadership potential. Financial aid is a criterion and preference is given to students in the mid-Hudson region.

MARIO MANFREDI III MEMORIAL SCHOLARSHIP

The Mario Manfredi III Memorial Scholarship recipient is selected by the Vice President of Admissions and Enrollment upon recommendation of the appropriate Westlake, New York, High School personnel. The scholarship is awarded to an incoming freshman from Westlake High School on the basis of proper motivation, hard work, and the promise for success in college.

RAPHAEL MARK MEMORIAL SCHOLARSHIP

Established in memory of prominent radio news reporter and talk show host Raphael Mark, the Raphael Mark Memorial Scholarship is awarded to a sophomore, junior, or senior student majoring in Communication Arts who is committed to pursuing a career in broadcast journalism and is a resident of the mid-Hudson region. First consideration will be given to residents of Dutchess County. Financial need is a criterion.

WILLIAM R. MCENROE MEMORIAL SCHOLARSHIP

The William R. McEnroe Memorial Scholarship is awarded to a candidate who resides permanently in the "Southern Tier" region of New York State. It is awarded on the basis of financial need and academic achievement.

LESLIE ELLEN MCPARTLAND SENIOR BOOK FUND

Established in memory of Leslie Ellen McPartland, a business major in the Marist Class of 1988, this non-competitive fund provides a stipend to a member of the senior class who meets specific criteria identified by Leslie's family; the stipend is to be used to purchase textbooks. The award is made by the Vice President for College Advancement.

HAROLD AND ANNE MILLER SCHOLARSHIPS FOR ADULT STUDENTS

The Harold and Anne Miller Scholarships are awarded to students enrolled in Marist's School of Graduate and Continuing Education who have completed at least two semesters of work toward their baccalaureate degree. The scholarships are awarded upon recommendation of the Dean of the School of Graduate and Continuing Education and are based on the students' financial need and academic achievement.

CHARLES G. AND CORNELIA L. MURRAY SCHOLARSHIP IN PRINT JOURNALISM

The Charles G. and Cornelia L. Murray Scholarship is awarded to an upperclass Communication Arts major who is committed to pursuing a career in print journalism. Candidates must provide a statement expressing their career interest and qualifications for the scholarship.

JACK NEWMAN SCHOLARSHIP

Established by a longtime Trustee and former chairman of the board of Marist College, the Jack Newman Scholarship is awarded to academically talented upperclass students who are confronted with unexpected financial problems that may jeopardize the completion of their education. Determination of eligibility and awarding of the scholarship is made by the Director of Financial Aid.

NEW YORK FEDERATION OF HOME BUREAUS SCHOLARSHIP

Supported through the statewide fund-raising efforts of the New York State Federation of Home Bureaus, this scholarship endowment was awarded to Marist College in 1991 in honor of the Dutchess County Home Bureaus. An annual award is made to a Fashion major; the recipient must have financial need, reside within a county where New York State Federation of Home Bureaus, Inc. has organized chapters, and meet other criteria established by the donor. In the absence of an eligible student in the first choice field of study, the alternative field of study will be Communication Arts.

ROBERT C. NORMAN SCHOLARSHIP

The Robert C. Norman Scholarship was established by alumni, friends, and colleagues in honor of Professor Emeritus of Communication Robert C. Norman, who founded the Communication Internship Program. The scholarship is awarded to a student majoring in Communication Arts on the basis of financial need and academic excellence.

THE BROTHER RICHARD J. RANCOURT SCHOLARSHIP

Established to honor Brother Richard Rancourt, FMS, for his long-time dedication as a teacher of Philosophy and Mathematics at Marist College, this scholarship aids students who have financial need and are working at least part-time to fund their college education. Priority is given to students who show academic achievement and are involved in community service.

HERB AND SUE REDL SCHOLARSHIP

The Herb and Sue Redl Scholarship is awarded to upperclass students who reside in the mid-Hudson region and need financial assistance to complete their education at Marist. Recipients will be academically accomplished.

BROTHER CORNELIUS J. RUSSELL, F.M.S. SCHOLARSHIP

Established in honor of a longtime member of the Management Studies faculty and former Controller of Marist College, the Brother Cornelius J. Russell, F.M.S. Scholarship is awarded to graduates of Marist Brothers high schools or to students from apostolates where Marist Brothers are actively working. Preference is given to accounting or business majors.

HAROLD D. SPENCER SCHOLARSHIP

The Harold D. Spencer Scholarship is awarded annually to young men and women from Poughkeepsie, New York or Racine, Wisconsin who attend Marist College.

BROTHER PAUL STOKES, F.M.S. MEMORIAL SCHOLARSHIP

The Brother Paul Stokes, F.M.S. Memorial Scholarship, established in memory of a former Dean of Students at Marist College, is awarded to an incoming freshman from a Marist Brothers high school or from where Marist Brothers have historically been associated. Academic achievement, financial need, and community service are the criteria. This scholarship is renewable provided the recipient is in good academic standing.

PATRICK A. TASCIOTTI MEMORIAL SCHOLARSHIP

Established in memory of Patrick A. Tasciotti, Class of 1995, by his family, this scholarship is awarded to students who show a love and commitment to the study of mathematics. Preference will be given to students who have demonstrated financial need. The scholarship is renewable provided the student remains in good academic standing. The award is made in consultation with the Chair of the Department of Mathematics.

TRAVIS FAMILY MEMORIAL SCHOLARSHIP

Established in memory of Mary E., Robert T., and Elizabeth T. Travis, the scholarship is awarded on the basis of academic achievement, community involvement, and leadership potential.

BROTHER TARCISIUS VALLIERES, F.M.S. SCHOLARSHIP

The Brother Tarcisius Vallieres, F.M.S. Scholarship was established in memory of a Marist Brother long associated with the College. The scholarship is awarded annually by the Vice President of Admissions and Enrollment in consultation with the Marist Brothers College community to graduates of high schools where Marist Brothers are teaching or to young people from apostolates where Marist Brothers are actively working.

DR. RAYMOND R. WEISS MEMORIAL SCHOLARSHIP

The Dr. Raymond R. Weiss Memorial Scholarship was established to honor a former member of the Modern Languages faculty. The scholarship is awarded upon recommendation by the Chair of the Modern Languages Department to a student of Puerto Rican origin or to a Modern Language major. Dr. Weiss was a member of the Marist Class of 1949.

FRANCIS J. WELSH MEMORIAL SCHOLARSHIP

The Francis J. Welsh Memorial Scholarship is awarded to an incoming freshman who is a graduate of St. Mary's High School in Manhasset, N.Y. or of a Marist Brothers high school. The scholarship is awarded on the basis of academic achievement and community service. It is renewable providing recipients remain in good academic standing.

H. CLIFTON WILSON MEMORIAL SCHOLARSHIP

This scholarship was established in memory of a former chairman and longtime member of the Marist College Board of Trustees. It is awarded annually to a student who has demonstrated a commitment to community involvement as exemplified by the scholarship's namesake. Financial need and good academic standing are among the criteria.

Aquatic Director

FACULTY

Donald Anderson, 1984

Assistant Professor of English
B.A., Hartwick College
M.A., University of Arizona
Ph.D., University of Arizona

Harold Anderson, 2000

Associate Professor of Computer Science
B.S., University of Rhode Island
M.S., Trinity College
Ph.D., Syracuse University

Matthew Andrews, 2000

Assistant Professor of English
Acting Certificate-Nat'l Shakespeare Conservatory
B.A., Massachusetts College of Liberal Arts
M.A., Oklahoma State University
M.F.A., University of Oklahoma

Kavous Ardalan, 1998

Associate Professor of Finance
B.A., National University of Iran
M.A., University of California
Ph.D., University of California
Ph.D., York University

Jose Arreola, 2000

Assistant Professor of Computer Science
B.S., University Nacional Autonoma de Mexico
M.S., Pennsylvania State University
Ph.D., University of Pittsburgh

Artin H. Arslanian, 1996

Professor of History
B.A., American University of Beirut
M.A., American University of Beirut
Ph.D., University of California at Los Angeles

Laura Arwood, 1998

Assistant Professor of Biology
B.S., North Carolina State University
Ph.D., North Carolina State University

Gordon Badovick, 1997

Associate Professor of Marketing
B.S., California State University at Los Angeles
Ph.D., University of Oregon

Robert Balogh-Robinson, 1997

Lecturer of Physics
B.S., State University of New York at Brockport
M.A., State University of New York at New Paltz

Joseph S. Bettencourt, Jr., 1965

Associate Professor of Biology
A.B., Suffolk University
M.S., University of New Hampshire
Ph.D., University of New Hampshire

Virginia Blanton-Whetsell, 1998

Assistant Professor of English
B.A., Southwestern College
M.A., Binghamton University
Ph.D., Binghamton University

Leo J. Bostar, 1988

Assistant Professor of Philosophy
B.A., Drew University
M.A., New School for Social Research
Ph.D., New School for Social Research

Anne L. Botsford, 1995

Associate Professor of Social Work
A.B., Barnard College
M.A., Tufts University
M.S.W., Adelphi Graduate School of Social Work
Ph.D., State University of New York at Albany

Jurgis H. Brakas, 1990

Assistant Professor of Philosophy
A.B., Princeton University
M.A., Columbia University
M. Phil., Columbia University
Ph.D., Columbia University

Michael A. Britt, 1990

Assistant Professor of Psychology
B.A., Marist College
Ph.D., State University of New York at Albany

William Brown, 1999

Assistant Professor of Management
B.A., Fairleigh Dickinson University
M.A., Montclair State University
M.B.A., Fairleigh Dickinson University
Ph.D., University of Pittsburgh

Alan S. Bruce, 2000

Assistant Professor of Criminal Justice
B.A., University of Aberdeen
M.A., Bowling Green State University
Ph.D., Bowling Green State University

Donald J. Calista, 1977

Associate Professor of Public Administration
B.A., Brooklyn College
M.A., City University
M.A., Washington University
M.P.A., State University of New York at Albany
Ed.D., University of Sarasota

Margaret Calista, 1980

Assistant Professor of Social Work
B.A., Cedar Crest College
M.S.W., Fordham University

Joseph Canale, 1984

Associate Professor of Psychology
B.A., Marist College
Ed.D., University of Tennessee

Kevin J. Carolan, 1962

Associate Professor of Mathematics
B.A., Marist College
M.S., St. John's University

Irma Blanco Casey, 1979

Assistant Professor of Spanish
B.A., University of Puerto Rico
M.S., State University of New York at Albany

Thomas W. Casey, 1963

Assistant Professor of Philosophy
B.A., Oblate School of Theology
M.A., Fordham University

Marcia Christ, 1994

Professional Lecturer of Advertising
B.F.A., Syracuse University

AG. Modele Clarke, 1993

Assistant Professor of Communication
B.S., State University of New York at New Paltz
M.S., Columbia University Graduate School of Journalism

Douglas Cole, 1986

Professional Lecturer of Advertising
B.A., Empire State College

Gerard A. Cox, 1967

Assistant Professor of English
B.A., Marist College
M.A., Hunter College
Newspaper Fund Fellow, Columbia University
Certificate, RCA Institute

E. Lori Crispi, 2000

Assistant Professor of Psychology
B.A., Syracuse University
M.A., Marist College
Ph.D., Fordham University

Ann Davis, 1986

Assistant Professor of Economics
B.A., Barnard College
M.A., Northeastern University
Ph.D., Boston College

Daniel Cochece Davis, 1998

Assistant Professor of Communication
B.A., San Francisco State University
M.A., San Diego State University
Ph.D., University of Southern California

Rose De Angelis, 1995

Assistant Professor of English
M.A., Columbia University
Ph.D., Fordham University

John S. DeJoy, 2000

Associate Professor of Integrative Studies
B.B.A., Pace University
M.S., University of Idaho
Ph.D., University of Idaho

Peter delRosario, 2000

Assistant Professor of Psychology
B.S., Union College
Ph.D., State University of New York at Buffalo

E. Susan DeSanna, 1987

Lecturer of Fashion Design
B.S., State University of New York at New Paltz

Sherry Dingman, 1991

Assistant Professor of Psychology
B.A., University of Montana
M.A., University of Montana
Ph.D., University of Montana

John F. Doherty, 1990

Assistant Professor of Criminal Justice
B.A., Marist College
M.P.S., Long Island University
M.P.A., Marist College
Ph.D., Walden University

Edward P. Donohue, 1966

Associate Professor of Philosophy
B.S., Marist College
M.A., Fordham University
Ph.D., Catholic University of America

Lynne Doty, 1975

Professor of Mathematics
B.S., East Stroudsburg College
M.A., State University of New York at New Paltz
Ph.D., Stevens Institute of Technology

Linda L. Dunlap, 1984

Associate Professor of Psychology
B.A., Kansas State University
M.A., University of Iowa
Ph.D., University of Iowa

Sara Dwyer-McNulty, 1999

Assistant Professor of History
B.A., Temple University
M.A., Temple University
Ph.D., Temple University

Paul Egan, 1995

Assistant Professor of School Psychology
B.A., State University of New York at Buffalo
Ph.D., State University of New York at Buffalo

- Donise English, 1995**
Lecturer of Art
B.A., Bard College
M.F.A., State University of New York at New Paltz
- Ross Enoch, 1999**
Assistant Professor of Religious Studies
B.A., Colgate University
M.A., University of Virginia
Ph.D., University of Virginia
- J. James Fahey, 1990**
Associate Professor of Communication
B.S., University of Arizona
M.B.A., University of Arizona
- Richard S. Feldman, 1994**
Assistant Professor of Environmental Science

Ph.D., Polytechnic University
- James D. Kent, 1994**
Assistant Professor of Public Administration
B.A., University of Florida
M.P.A., State University of New York at Albany
Ph.D., State University of New York at Albany
- Raymond Kepner, 1999**
Assistant Professor of Biology
B.S., Juniata College
M.S., Michigan Technological University
Ph.D., Pennsylvania State University
- Jeannette Kindred, 2000**
Assistant Professor of Communication
B.A., Central Michigan University
M.A., Eastern Michigan University
- Joseph Kirtland, 1992**
Associate Professor of Mathematics
B.S., Syracuse University
M.S., University of New Hampshire
Ph.D., University of New Hampshire
- Chester Kobos, 1982**
Assistant Professor of Business
B.A., Canisius College
M.A., Fordham University
M.B.A., New York University
Ph.D., Fordham University
- K. Peter Krog, 1996**
Assistant Professor of Mathematics
B.S., Worcester State College
M.S., University of Connecticut
Ph.D., University of Connecticut
- Bobbi Kyle, 2000**
Assistant Professor of Integrative Studies
B.A., University of New Hampshire
M.A., University of New Hampshire
M.I.A., School of International Training
Ed.D., University of San Francisco
- J. Richard LaPietra, 1960**
Professor of Chemistry
B.A., Marist College
Ph.D., Catholic University of America
- Barbara Lavin, 1976**
Associate Professor of Criminal Justice
B.A., Fordham University
M.A., Fordham University
Ph.D., Fordham University
- Sue Lawrence, 1979**
Assistant Professor of Communication
B.J., University of Missouri
M.A., University of Missouri
Ph.D., University of Missouri
- Richard Lewis, 1984**
Associate Professor of Art
B.F.A., State University of New York at Purchase
M.F.A., University of Michigan
- Robert P. Lewis, 1963**
Associate Professor of English
B.A., Manhattan College
M.A., Columbia University
Ph.D., New York University

Guy E. Lometti, 1995
Professor of Communication
 B.A., The Citadel
 M.A., Queens College
 Ph.D., University of Wisconsin-Madison

James D. Luciana, 1990
Associate Professor of Fine Arts
 A.A., Orange Community College
 B.S., State University of New York at New Paltz
 M.F.A., Arizona State University

Bruce Luske, 1993
Associate Professor of Sociology
 B.A., Sonoma State University
 M.A., University of California at Santa Cruz
 Ph.D., University of California at Santa Cruz

Thomas Lynch, 1991
Associate Professor of Environmental Science
 B.A., University of Bridgeport
 M.S., University of Bridgeport
 Ph.D., Michigan State University

Gregory Machacek, 1992
Assistant Professor of English
 B.A., St. John's University, Minnesota
 Ph.D., Cornell University

Annamaria Maciocia, 1995
Lecturer of Paralegal Studies
 B.A., Vassar College
 J.D., Albany Law School, Union University

Jan Mainzer, 2000
Lecturer of Art
 B.A., Mt. Holyoke College
 M.A., New York University
 Ph.D., New York University

Daniel Marcellus, 2000
Associate Professor of Computer Science
 B.A., Cornell University
 Ph.D., Harvard University

Virginia H. Marquardt, 1985
Professor of Art History
 B.A., University of Wisconsin
 M.A., University of Wisconsin
 Ph.D., University of Maryland

John McAdam, 2000
Assistant Professor of Education
 B.S., State College at Salem
 M.Ed., Boston University
 Ph.D., Boston College

Jerome A. McBride, 1983
Associate Professor of Information Systems
 B.S., Manhattan College
 M.S., Purdue University

Daniel McCormack, 1999
Professional Lecturer of Art
 B.S., Institute of Design, Illinois Institute of Technology
 B.F.A., School of the Art Institute of Chicago

Richard J. McGovern, 1985
Associate Professor of Mathematics
 B.A., Fordham University
 M.A., University of Pennsylvania
 Ph.D., University of Pennsylvania

Tracey Baldwin McGrail, 1996
Assistant Professor of Mathematics
 B.A., Saint Joseph's College
 Ph.D., Wesleyan University

Eugene H. Melan, 1988
Distinguished Professor of Business
 B.A., New York University
 M.S., New York University
 M.S., Union College

Lawrence W. Menapace, 1967
Associate Professor of Chemistry
 B.S., St. Peter's College
 Ph.D., University of New Hampshire

Roy Merolli, 1996
Professor of Public Administration
 B.A., University of Connecticut

 Ph.D., University of Alabama

JoAnne Myers, 1986
Assistant Professor of Political Science
 B.A., Skidmore College
 M.A., Rensselaer Polytechnic Institute
 Ph.D., Rensselaer Polytechnic Institute

Scott F. Myers, 1986
Professional Lecturer of Paralegal Studies
 B.A., State University of New York at Albany
 M.A., Rutgers University School of Law
 J.D., Rutgers University School of Law

Prema Nakra, 1984
Associate Professor of Business
 B.A., Vikram University
 M.A., Vikram University
 M.B.A., Pace University
 Ph.D., Vikram University

Catherine Newkirk, 1982
Associate Professor of Medical Technology
 B.S., Marietta College
 M.S., University of Bridgeport

Andrea M. Noel, 1999
Assistant Professor of Special Education
 B.S., State University of New York at Oneonta
 M.S., State University of New York at Albany
 Ph.D., State University of New York at Albany

Roger Norton, 1980
Associate Professor of Computer Science
 B.S., University of Massachusetts
 M.A., Brandeis University
 Ph.D., Syracuse University

Edward J. O'Keefe, 1961
Professor of Psychology
 B.S., Iona College
 M.A., Fordham University
 Ph.D., Fordham University

Peter O'Keefe, 1967
Associate Professor of History
 B.A., St. Mary's College
 B.A., Iona College
 M.A., Hunter College
 Ph.D., Fordham University

Daniel Okada, 1988
Assistant Professor of Criminal Justice
 A.B., University of California
 M.S., California State University at Long Beach
 Ph.D., University of Maryland

William C. Olson, 1970
Professor of History
 A.B., Duke University
 M.A., University of North Carolina
 Ph.D., University of North Carolina

Heather Osgood, 2000
Assistant Professor of Fashion Design
 B.S., State University of New York at Buffalo
 M.A., New York University

Carol Pauli, 1994
Assistant Professor of Broadcasting Journalism
 B.A., University of Evansville
 M.S., Columbia University

Anthony Pennings, 1996
Assistant Professor of Communication
 B.A., Antioch University
 M.A., University of Hawaii
 Ph.D., University of Hawaii

Mar Peter-Raoul, 1992
Assistant Professor of Religious Studies
 B.A., Harpur College
 M.A., University of Notre Dame
 M.A., State University of New York at Binghamton
 Ph.D., State University of New York at Binghamton

Richard Platt, 1976
Associate Professor of Communication
 B.A., University of California
 M.A., San Francisco State University
 Ph.D., University of Illinois

Bro. Richard Rancourt, F.M.S., 1984
Lecturer of Philosophy
 B.A., Marist College
 M.A., Fordham University
 M.S., Pace University
 Ph.D., Fordham University

Caroline V. Rider, 1984
Associate Professor of Business
 B.A., Smith College
 J.D., New York University

John Ritschdorff, 1970
Associate Professor of Mathematics
 B.A., Marist College
 M.S., New York University
 Ph.D., New York University

Darrell Roe, 1998
Assistant Professor of Communication
 B.A., Baylor University
 M.A., Baylor University
 Ph.D., University of Georgia

Ivette Romero, 1995
Assistant Professor of Foreign Languages
 B.A., University of Puerto Rico-Mayaguez
 M.A., Cornell University
 Ph.D., Cornell University

Robyn Rosen, 1994

Assistant Professor of History
B.A., Brandeis University
M.A., State University of New York at Binghamton
Ph.D., State University of New York at Binghamton

Helen N. Rothberg, 1995

Assistant Professor of Management
B.A., Queens College
M.B.A., Baruch College
M. Phil., City University of New York
Ph.D., City University of New York Graduate Center

Laura Ramsey Russell, 1999

Assistant Professor of Music
B.A., Brandeis University
M.F.A., State University of New York at Purchase
D.M.A., The Hartt School

Nancy Rowe, 1999

Assistant Professor of Educational Psychology
B.S., University of Texas, Austin
M.Ed., Texas A&M University
M.A., Institute of Transpersonal Psychology
Ph.D., Texas A&M University

Edward Sagarese, 1999

Lecturer of Education
M.A., New York University

Judith Saunders, 1986

B.S., Brooklyn College
M.A., Brooklyn College
Ph.D., City University of New York

Janet Stivers, 1985

Associate Professor of Special Education
B.A., Mt. St. Mary College
M.A., Assumption College
Ph.D., State University of New York at Albany

Keith Strudler, 2000

Assistant Professor of Communication
B.A., Cornell University
M.Ed., University of St. Thomas
Ph.D., University of Florida

Robert J. Sullivan, 1990

Associate Professor of Medical Technology
B.S., Fairfield University
M.S., Temple University
Ph.D., University of Connecticut

Michael G. Tannenbaum, 1998

Professor of Biology
B.A., Cornell University
Ph.D., Clemson University

Eileen Taylor-Appleby, 1982

Assistant Professor of Social Work
B.A., Lycoming College
M.S.W., Adelphi University
Ph.D., New York University

Mohamed Tazari, 2000

Lecturer of Education
B.A., University of Strasbourg
M.A., University of Sorbonne, Paris IV
Ed.D., Columbia University

James TenEyck, 1983

Assistant Professor of Computer Science
B.S., Lafayette College
M.S., Syracuse University
Ph.D., Syracuse University

Michael Tori, 1998

Assistant Professor of Religious Studies
B.A., Boston College
M.A., Providence College
Ph.D., Saint Louis University

Vincent Toscano, 1965

Associate Professor of History
B.A., Muhlenberg College
M.A., Seton Hall University
Ph.D., State University of New York at Albany

Gregory J. Tully, 1996

Associate Professor of Accounting
A.B., Georgetown University
Ph.D. University of California, Berkeley

William Van Ornum, 1988

Professor of Psychology
B.S., DePaul University
Ph.D., Loyola University of Chicago

Vernon Vavrina, 1984

Associate Professor of Political Science
B.S.F.S., Georgetown University
M.A., Johns Hopkins University
Ph.D., Georgetown University

Christina A. Vertullo, 1985

Lecturer of Mathematics
B.A., The College of St. Rose
M.S., State University of New York at New Paltz
M.S., Marist College

H. Griffin Walling, 1998

Professor of Management
B.S., Hobart College
M.S., State University of New York at Albany
Ed.D., State University of New York at Albany

Robert Walsh, 1997

Assistant Professor of Accounting
M.B.A., University of Notre Dame
M.S., Penn State University
M.A., University of Notre Dame
Ph.D., University of Notre Dame

Kevin Watson, 2000

Assistant Professor of Business
B.S., Auburn University
M.B.A., East Tennessee State University
Ph.D., University of Georgia

Thomas Wermuth, 1992

Associate Professor of History
B.A., Marist College
M.A., State University of New York at Albany
Ph.D., State University of New York at Binghamton

John Gerard White, 1963

Assistant Professor of History
A.B., Belmont Abbey College
M.A., Fordham University

Royce White, 1975

Associate Professor of Psychology
B.A., Anderson College
M.A., University of Florida
Ph.D., University of Florida

Cheryl Monroe-Whitley, 1988

Assistant Professor of Social Work
B.A., West Virginia University
M.S.W., West Virginia University
Ph.D., Rutgers State University

Edward Woell, 1998

Assistant Professor of History
B.A., North Dakota State University
M.A., University of North Dakota
Ph.D., Marquette University

Steven Wolff, 1998

Assistant Professor of Management
B.A., Stevens Institute of Technology
M.S., Northeastern University
M.B.A., Babson College
D.B.A., Boston University

David Woolner, 1999

Assistant Professor of History
B.A., University of Minnesota
M.A., McGill University
Ph.D., McGill University

Joseph Zeppetello, 1997

Professional Lecturer of English
Director of College Writing Center
B.A., State University of New York at Oswego
M.A., State University of New York at Albany
M.A.P.A.F., Rockefeller College of Public Affairs & Policy
D.A., State University of New York at Albany

Louis C. Zuccarello, 1966

Professor of Political Science
B.A., St. John's University
M.S., Fordham University
M.A., Fordham University
Ph.D., Fordham University

EMERITI FACULTY**Roscoe Balch, 1961**

Professor of History
B.B.A., Seattle University
M.A., University of Washington
Ph.D., University of Washington

Bro. Joseph L. Belanger, F.M.S., 1959

Professor of French
B.A., Marist College
M.A., St. John's University
M.A., Middlebury College
Ph.D., New York University

Maurice Bibeau

Assistant Professor of Spanish
B.A., Marist College
M.A., St. John's University

William R. Eidle, 1965
Associate Professor of Psychology
B.S., Fordham University
M.A., Fordham University
Ph.D., Fordham University
Howard Goldman, 1963
Professor of Physical Education
B.S., Teachers College at Cortland
M.S., Indiana University
P.E.D., Indiana University

George B. Hooper, 1960
Professor of Biology
B.S., Seton Hall University
M.A., Princeton University
Ph.D., Princeton University

John C. Kelly, 1962
Assistant Professor of Economics
B.S.S., Fairfield University
Ph.D., Boston College

Jeptha H. Lanning, 1964
Associate Professor of Communication
B.A., Marist College
M.A., St. John's University
Ph.D., Catholic University of America

Marjorie Millicker-Schratz, 1975
Associate Professor of Psychology
B.A., Marist College
M.S., University of Bridgeport
Ph.D., Fordham University

Andrew A. Molloy, 1980
Professor of Chemistry
B.A., Marist College
Ph.D., Catholic University of America

Augustine J. Nolan, 1968
Assistant Professor of Communication
B.A., Marist College
M.A., St. John's University
M.S., St. John's University
M.A., Fairfield University

Casimir Norkeliunas, 1963
Associate Professor of Russian and German
B.A., University of Bridgeport
M.A., Fordham University
Ph.D., New York University

Robert C. Norman, 1961
Associate Professor of Communication
B.A., Marist College
M.S., Syracuse University
M.A., Manhattan College

Theodore O. Prenting, 1968
Professor of Business
M.B.A., University of Chicago

George J. Sommer, 1951
Professor of English
A.B., Manhattan College
A.M., New York University
Ph.D., Fordham University

Laurence Sullivan, 1967
Assistant Professor of Religious Studies
B.A., Marist College
M.A., Catholic University of America
Diploma, Collegio Internazionale, Rome, Italy
C.A.C., New York State University
M.S., Iona College

Milton Teichman, 1962
Professor of English
B.A., Brooklyn College
M.A., Duke University
Ph.D., University of Chicago

ADJUNCT FACULTY

Patricia Adams

Adjunct Lecturer of English

Shirley Adams

Adjunct Lecturer of MPA Program

Ellen Ann Akeley

Adjunct Lecturer of History

B.A., Scarritt College
A.A., Martin College
M.A., Scarritt College
Ph.D., University of Michigan

Mark Aldrich

Adjunct Lecturer of English

B.A., Marist College
M.A., State University of New York at New Paltz

Rita Alterman

Adjunct Lecturer of History

B.A., Smith College
M.A., State University of New York at Albany
M.Ed., Tufts University

Fred Anderson

Adjunct Lecturer of English

A.A., Dutchess Community College
B.A., State University of New York at New Paltz
M.A., New York University
M.A., University of Connecticut
Ph.D., New York University

Hannah Anderson

Adjunct Lecturer of Education

B.S., State University of New York at New Paltz

Sally Anderson

Adjunct Lecturer of English

B.S., University of Tulsa
M.A., University of Tulsa
M.A., Harvard University

Michael Andrasak

Adjunct Lecturer of Physical Education

B.S., Siena College

Lark-Marie Anton

Adjunct Lecturer of Communication

B.A., Marist College
M.A., West Virginia University

Robert Armond

Adjunct Lecturer of Music

B.A., State University of New York at New Paltz
M.S., State University of New York at Albany

Victor Lee Austin

Adjunct Lecturer of Philosophy

B.S., St. John's University
M.A., University of New Mexico

William Avery

Adjunct Lecturer of Communication and English

B.A., University of Massachusetts
B.S., Boston University

Lisa Marie Barone

Adjunct Lecturer of Mathematics

B.A., State University of New York at New Paltz
M.A., State University of New York at New Paltz

Jane Beck

Adjunct Lecturer of Education

B.S., State University of New York at Plattsburgh
M.S., State University of New York at New Paltz

Vincent Begley

Adjunct Lecturer of Communication

B.A., Marist College

Dennis Benamati

Adjunct Lecturer of Criminal Justice

B.A., St. Frances College
M.A., Fordham University
M.L.S., Southern Connecticut State University

Robert Bender

Adjunct Lecturer of Psychology

B.A., Hartwick College
M.A., Marist College

William Benedetto

Adjunct Lecturer of History

B.A., Kent State University
M.A., University of Akron
A.B.D., University of Pittsburgh

Douglas Beneway

Adjunct Lecturer of Psychology

B.A., State University of New York at New Paltz
M.A., Marist College
A.B.D., Virginia Consortium for Professional Psychologists

Michael Benfer

Adjunct Lecturer of Physical Education

B.S., State University of New York at Albany
M.S., Rensselaer Polytechnic Institute

 M.A., State University of New York at Binghamton

Judy Diffenderfer

Adjunct Lecturer of Computer Science
 B.S., Pennsylvania State University
 M.L.S., University of Pittsburgh

Michael Dockery

Adjunct Lecturer of English
 B.S., St. Peter's College
 M.A., Columbia University
 A.B.D., University of Rochester

Jennifer Dodd

Adjunct Lecturer of Art
 A.D., Ulster Community College
 B.A., Marist College

Mary Beth Dohrenwend

Adjunct Lecturer of Psychology
 B.A., State University of New York at New Paltz
 M.S., Hofstra University

Sean Donnellan

Adjunct Lecturer of Computer Science
 B.A., Fordham University
 B.S., Columbia University
 M.B.A., Pace University

William Doolittle

Adjunct Lecturer of Environmental Science
 B.S., Tufts University
 M.S., University of Tennessee

Donald Drewett

Adjunct Lecturer of Religious Studies
 A.B., Colgate University
 M.L.S., Rutgers University
 M.A., Drew University
 Ph.D., Drew University

Cheryl DuBois

Adjunct Lecturer of Computer Science
 B.S., Marist College
 M.P.A., Marist College

Don Dubuisson

Adjunct Lecturer of English
 B.A., Vanderbilt University
 M.F.A., Sarah Lawrence College

Gregory Dunlap

Adjunct Lecturer of Psychology
 B.A., Kansas State University
 M.A., University of Iowa
 Ph.D., University of Iowa

Kerry Dunn

Adjunct Lecturer of Educational Psychology
 B.A., St. Michael's College
 M.A., City College of New York

James Dworak

Adjunct Lecturer of Communication
 A.S., Dutchess Community College
 B.A., State University of New York at New Paltz
 M.A., Pace University

James Dwyer

Adjunct Lecturer of Physical Education
 B.S., St. Francis College

Patti Eakin

Adjunct Lecturer of Fashion
 A.S.S., Art Institute of Pittsburgh
 B.S., Westchester State University

Lewis Eisenberg

Adjunct Lecturer of Communication
 B.A., University of Connecticut

Eileen Falina

Adjunct Lecturer of Education
 B.A., State University of New York at New Paltz

Julia Farrell-Falco

Adjunct Lecturer of Education
 M.S., State University of New York

Margaret Feldman

Adjunct Lecturer of Political Science
 B.A., Hunter College
 M.P.A., Marist College

Joanne Fenton

Adjunct Lecturer of Music
 B.F.A., State University of New York at Purchase

John Ferris

Adjunct Lecturer of English
 B.A., Marist College
 M.A., State University of New York at Plattsburgh

Jeffrey Fingerman

Adjunct Lecturer of Education

Jane Fiore

Adjunct Lecturer of Psychology & Mathematics
 B.S., State University of New York at New Paltz
 M.A., College of New Rochelle

Susan Flynn

Adjunct Lecturer of Paralegal Studies
 B.A., Ramapo College
 J.D., Pace University Law School

Stephen Ford

Adjunct Lecturer of Education
 B.A., Pace University
 M.S., State University of New York at New Paltz

Thomas W. Forehand

Adjunct Professor of Accounting
 B.S., Syracuse University
 M.B.A., Michigan State University
 C.P.A., New York University

Ralph Forgacs

Adjunct Lecturer of Information Systems
 B.S., Queens College
 M.S., Marist College

Richard Foy

Adjunct Lecturer of Computer Science
 B.A., Marist College
 M.S., St. John's University
 Ph.D., New York University

Tammy Frasier

Adjunct Lecturer of Career Development
 B.A., Mount Holyoke College
 M.A., Marist College

Michael Fratto

Adjunct Lecturer of Computer Science
 B.A., Pace University
 M.B.A., Long Island University

David Fronckowiak

Adjunct Lecturer of MBA Program
 B.A., Canisius College

B.F.A., University of Hartford

Shahla Kia
Adjunct Lecturer of Political Science
B.A., University of Geneva
M.A., University of Tehran
Ph.D., University of Tehran

Peter Kick
Adjunct Lecturer of English
B.A., State University of New York at Plattsburgh
M.S., State University of New York at New Paltz

Bryce Kiernan
Adjunct Lecturer of Religious Studies
B.A., Marist College
M.A., Maryknoll Seminary
Permanent Teaching Certificate

Sue-Ann Kime
Adjunct Lecturer of Education
B.A., Vassar College
M.S., State University of New York at New Paltz

Lynne Koch
Adjunct Lecturer of English
B.A., Hunter College
M.Ed., University of Massachusetts
Permanent Administration Certification, State
University of New York at New Paltz

Chet Koulik
Adjunct Lecturer of Communication
M.A., Indiana University of Pennsylvania

Joan Kowalski
Adjunct Lecturer of Education
B.A., State University of New York at New Paltz

Thomas Kulaga
Adjunct Lecturer of Psychology
B.A., City University of New York

Richard Kuralt
Adjunct Lecturer of Education
B.S., State University of New York at New Paltz
M.S., State University of New York at New Paltz

Scott O. Kuster
Adjunct Lecturer of Biology
M.S., State University of New York at New Paltz

Carla LaGraca
Adjunct Lecturer of English
B.A., Marist College
M.A., Fordham University

Richard Lahey
Adjunct Lecturer of Education
B.S., State University of New York at New Paltz
M.S., State University of New York at New Paltz
M.S., College of New Rochelle
C.A.S., State University of New York at New Paltz

John Lange
Adjunct Lecturer of Environmental Science
B.A., Harpur College
M.S., Hunter College of City University of New York

Raymond Leduc
Adjunct Lecturer of Education
B.A., Siena College
M.S., State University of New York at Albany
C.A.S., State University of New York at New Paltz

Ronald Lehrer
Adjunct Lecturer of Social Work
A.A., Bronx Community College
B.A., City College of New York
M.S.W., Columbia University

Diane Lelito-Platt
Adjunct Professor of Communication
B.A., Northern Illinois University
M.A., University of Illinois

Peter Lemieszewski
Adjunct Lecturer of Computer Science
M.S.C.S., Marist College

Wayne Lempka
Adjunct Lecturer of Art
B.F.A., Pratt Institute
M.A., New York University

Florence Lentz
Adjunct Lecturer of Fashion
Tobe-Coburn School for Fashion

Michelle Lester
Adjunct Lecturer of Fashion
B.F.A., Cleveland Institute of Art
M.F.A., Syracuse University

Paul Levinson

Adjunct Lecturer of English
B.A., State University of New York at New Paltz
M.A., State University of New York at New Paltz

Candace Lewis

Adjunct Lecturer of Art
B.A., Vassar College
M.A., Brooklyn College

Lawrence Lewis

Adjunct Lecturer of Art
B.A., State University of New York at New Paltz
M.F.A., Bard College

Susan Lewis

Adjunct Lecturer of History
B.A., State University of New York at Albany
M.A., Wellesley College
Ph.D., Binghamton University

Vern Linquist

Adjunct Lecturer of Philosophy
A.B., University of Michigan
M.A., Indiana University
Ph.D., Indiana University

Robert Linville

Adjunct Lecturer of Mathematics
B.S., State University of New York at New Paltz

Kelly Lockmer

Adjunct Lecturer of English
B.A., Amherst College

Carl Lodes

Adjunct Lecturer of Business
B.A., Fordham University
J.D., Fordham University School of Law

Andrea Loya-Perez

Adjunct Lecturer of English
B.A., University of Nebraska
M.A., Creighton University

Francis Lowell

Adjunct Lecturer of Information Systems
B.A., LeMoyne College
M.B.A., New York University

Susan Lozinski

Adjunct Lecturer of English
B.A., Marist College
M.A., Marist College

Paul Lussier

Adjunct Lecturer of Modern Languages
B.A., University of Maryland
B.A., Gregorian University

Douglas P. Mackey

Adjunct Lecturer of Anthropology
B.A., State University of New York at New Paltz
M.A., State University of New York at New Paltz

Robert Mangan

Adjunct Lecturer of Information Systems
B.S., Pennsylvania State University
M.B.A., New York University

Margaret Manna

Adjunct Lecturer of Philosophy
B.A., Sarah Lawrence College
M.A., Boston College
Ph.D., Boston College

Jack Marguglio

Adjunct Lecturer of Mathematics and Physics
B.S., State University of New York at New Paltz
M.S., State University of New York at Albany
Ph.D., State University of New York at Albany

Hal Marienthal

Adjunct Lecturer of Communication
B.S., Northwestern University
M.A., Northwestern University
Ph.D., University of South Carolina

Glenn Marinelli

Adjunct Lecturer of Physical Education
B.S., Springfield College
M.Ed., University of Virginia

Joshua Mark

Adjunct Lecturer of English
B.A., State University of New York at New Paltz
M.A., State University of New York at New Paltz

Julie Martyn-Baker

Adjunct Lecturer of Music
B.S., West Virginia University Institute of Technology

Salvatore Massa

Adjunct Lecturer of Psychology
M.S., St. John's University
Ph.D., St. John's University

Christina Massiala

Adjunct Lecturer of Physical Education
B.G.S., University of Michigan

Tim Massie

Adjunct Lecturer of Communication
B.A., Fordham University

Rhona Mateer-Ross

Adjunct Lecturer of Career Development

Michael Mazzariello

Adjunct Lecturer of Paralegal Studies
B.A., St. Joseph's College
J.D., City University of New York

Anne McCabe

Adjunct Lecturer of English
B.A., College of St. Rose
M.A., Western Connecticut State University

Patrick McCabe

Adjunct Lecturer of Psychology
M.Ed., St. John's University

Barbara C. McCarthy

Adjunct Lecturer of Modern Languages
B.A., Smith College
M.A.T., Yale University
M.Phil., Yale University
M.A., Institute for Religious Studies, Dunwoodie

Michael McCartney

Adjunct Lecturer of Communication
B.A., State University of New York at Plattsburgh

Kevin McEneaney

Adjunct Lecturer of English
B.A., University of Dayton
M.A., Middlebury College
M.Phil., Columbia University

Joan McGilvray

Adjunct Lecturer of English
B.A., State University of New York at New Paltz
M.P.S., State University of New York at New Paltz

Edward McLoughlin

Adjunct Lecturer of Criminal Justice
B.A., State University of New York at New Paltz
J.D., Pace University

Joseph McMahon

Adjunct Lecturer of Philosophy
B.A., Marist College
M.A., Catholic University of America
M.A., Manhattan College
P.D., Fordham University
Ph.D., St. John's University

Gerald McNulty

Adjunct Lecturer of Communication
B.A., Marist College

John McPhee

Adjunct Lecturer of Philosophy
B.A., Fordham University
M.A., Fordham University
A.B.D., Fordham University

Linda McPhee

Adjunct Lecturer of Environmental Science
B.A., Vassar College
M.S.P.H., University of Massachusetts

Kelli Meland

Adjunct Lecturer of Educational Psychology
B.S., State University of New York at New Paltz
M.S., State University of New York at Albany

Catharina Melis

Adjunct Lecturer of Philosophy
Ph.D., University of Amsterdam
Post Graduate Fellowship, New School for Social Research

Stan Mersand

Adjunct Lecturer of History
A.A., Dutchess Community College
B.A., Long Island University
M.S., Long Island University

Vita Mesnick

Adjunct Lecturer of Modern Languages
B.A., Instituto Magistale Leg. RIC in Italy

Daniel Meyerson

Adjunct Lecturer of Communication
M.S., Iona College

Terence Michos

Adjunct Lecturer of Communication
B.A., Marist College
M.P.A., Marist College

Julie Middleton

Adjunct Lecturer of Biology
B.A., Russell Sage College
M.S., College of St. Rose

Patricia Miller

Adjunct Lecturer of Information Systems
M.P.A., Marist College

John Millicker

Adjunct Lecturer of Education
B.S., St. John's University
M.S., State University of New York at New Paltz

Janet Mills

Adjunct Lecturer of English
B.S., Rider College
M.A., State University of New York at New Paltz

Deborah Milmerstadt

Adjunct Lecturer of Psychology
M.S., Queens College

Vernay Mitchell

Adjunct Lecturer of Anthropology
B.S., Boston University
M.Phil., Columbia University
Ph.D., Columbia University
Michael Moran
Adjunct Lecturer of MPA Program
B.A., Iona College
M.B.A., Long Island University

Sean Morrison

Adjunct Lecturer of Communication
B.A., Seton Hall University

Kenneth Moss

Adjunct Lecturer of English
B.S., Carleton College
M.A., Hofstra University
A.B.D., Berkeley College

Lucien Mott

Adjunct Lecturer of History
B.A., Alfred University
M.A., Pennsylvania State University
A.B.D., St. John's University

Jon Mundy

Adjunct Lecturer of Philosophy
B.A., Culver-Stockton College
Th.M., Southern California School of Theology
Ph.D., Graduate Faculty of the New School
Th.D., General Theological Seminary

Victoria Mullen

Adjunct Lecturer of Computer Science

Winifred Mulvey

Adjunct Lecturer of History
B.A., Ladycliff College
M.A., State University of New York at Albany

Mary Cecilia Murray, O.P.

Adjunct Lecturer of Religious Studies
B.Mus., Manhattanville College
M.A., Catholic University of America
M.A., Manhattanville College
M.A., Princeton Theological Seminary
Ph.D., Drew University

Marie Myruski

Adjunct Lecturer of English
A.A., Orange Community College
B.A., Marist College
M.A., State University of New York at New Paltz

David Nash

Adjunct Professor of Business and Accounting
B.A., Siena College
M.S., College of St. Rose
Ed.M., Columbia University

Mark Nash

Adjunct Lecturer of Paralegal Studies
B.A., State University of New York at Oswego
J.D., Thomas M. Cooley Law School

Lisa Neilson

Adjunct Lecturer of English
B.A., College of the Holy Cross
Paralegal Certificate, Marist College

Bruce Newman

Adjunct Lecturer of Business
B.A., Marist College
M.B.A., Pace University

Janet Nicolaysen

Adjunct Lecturer of Modern Language
B.A., State University of New York at Potsdam
M.Ed., Mississippi State University

Benedicta Nieves

Adjunct Lecturer of Modern Languages
B.A., Hunter College
M.S., State University of New York at Albany

Helga Niman

Adjunct Lecturer of Modern Languages
B.A., John Gutenberg University
M.A., Brown University

Kathi Norklun

Adjunct Lecturer of English
B.A., Marquette University
M.A., University of Minnesota

Kathy Norton-McNulty

Adjunct Lecturer of Communication
B.A., Marist College

Paul O'Herron

Adjunct Lecturer of Philosophy
B.A., Catholic University
M.A., Catholic University

Deirdre O'Neill

Adjunct Lecturer of English
B.A., National University of Ireland

Janine Ogden

Adjunct Lecturer of Psychology
M.S., State University of New York at Albany

Margaret Olson

Adjunct Lecturer of History
B.A., University of Massachusetts
M.A., University of Massachusetts
Ph.D., University of North Carolina at Chapel Hill

Sandra Opdycke

Adjunct Lecturer of History
B.A., Vassar College
M.A., Marist College
Ph.D., Columbia University

Laurie Orr

Adjunct Lecturer of Career Services
M.A., Marist College

Maria Otte

Adjunct Lecturer of Psychology
B.A., Marist College

Albert Pacione

Adjunct Lecturer of Paralegal Studies
B.S., Manhattan College
J.D., Drake University School of Law

Gina Palmer

Adjunct Lecturer of Art
A.A., Dutchess Community College
B.S., State University of New York at Buffalo
M.S., State University of New York at New Paltz

Joseph Pantaleo

Adjunct Professor of Mathematics
B.A., Marist College
M.A., St. John's University

Carl Pappalardo

Adjunct Lecturer of Physical Education

James Parady

Adjunct Lecturer of Physical Education

Richard Pardy

Adjunct Lecturer of Physical Education

Sharon Peelor

Adjunct Lecturer of English
B.A., College of New Rochelle
M.A., State University of New York at New Paltz

Paula Perez

Adjunct Lecturer of Communication
M.A., Lehman College

Joan Perisse

Adjunct Lecturer of English
B.A., State University of New York at New Paltz
M.A., State University of New York at New Paltz

Maria Peterson

Adjunct Lecturer of Philosophy
B.A., Empire State College
M.A., State University of New York at Albany

Steven Petruccio

Adjunct Lecturer of Art
B.F.A., New York College

Richard Phillips

Adjunct Lecturer of Computer Science

Ronald Phillips

Adjunct Lecturer of Information Systems
B.S., Marist College

John Pinna

Adjunct Lecturer of History
B.A., Marist College
M.S., State University of New York at New Paltz

John Pisacano

Adjunct Lecturer of Psychology
B.A., Manhattan College
M.A., Marist College
M.S., Western Connecticut State University

Sally Pittman-Smith

Adjunct Lecturer of Education
B.S., State University of New York at New Paltz
M.S., State University of New York at New Paltz
M.A., Marist College

John Poitras

Adjunct Lecturer of Physical Education
B.S., Springfield College
M.S., Ball State University

James Polk

Adjunct Lecturer of English
B.A., Columbia University
M.A., New York University

Shirley Powell

Adjunct Lecturer of English
B.S.Ed., Miami University
M.A., New York University

Shawn Pratt

Adjunct Lecturer of Business
B.A., University of Vermont
J.D., Pace University

Evan Pritchard

Adjunct Lecturer of English
B.A., Catholic University

Roger Proctor

Adjunct Lecturer of English
B.A., University of Rhode Island
M.A., San Jose State University

Loren Raimo

Adjunct Lecturer of Computer Science
B.S., Lehman College
M.S., Mercy College

Elaine Ramos

Adjunct Lecturer of Social Work
B.A., Southern Connecticut State College
M.A., Boston University

Renata Rand

Adjunct Lecturer of Computer Science
B.S., St. John's University
M.S., Hampton University

Andrea Raphael-Paskey

Adjunct Lecturer of Psychology
B.A., State University of New York at New Paltz
M.S.W., Fordham University

James Regan

Adjunct Professor of Psychology
B.S., Loyola University
M.A., St. John's University
Ph.D., St. John's University

Robert Renbeck

Adjunct Lecturer of Computer Science
B.S., Massachusetts Institute of Technology
M.S.E.E., University of Rochester

M.A., St. Joseph's Seminary
M.S.W., Adelphi University

Marka Young
Adjunct Lecturer of Music
B.A., Sarah Lawrence College
M.M., State University of New York at Stony Brook
D.M.A., State University of New York at Stony Brook

John Zanetich
Adjunct Lecturer of MPA Program
B.A., Rutgers University

ADVISORY COUNCIL AND AFFILIATE FACULTY

SCHOOL OF SCIENCE- AFFILIATE FACULTY APPOINTMENTS

Kingston Benedictine Hospitals Laboratories

Marianne Cannon
Affiliate Assistant Professor of Medical Technology
B.S., Jersey City State College
M.S., State University of New York at New Paltz

Christian Cheney
Affiliate Instructor of Medical Technology
B.S., Western Connecticut State University

Syed Khalid
Affiliate Assistant Professor of Medical Technology
B.S.C., University of Karachi
M.S.C., University of Karachi

Christina McDonald
Affiliate Instructor of Medical Technology
B.S., Albany College of Pharmacy, Union University

Helen Wilhelm
Affiliate Instructor of Medical Technology
B.S., College of St. Rose

MDS Hudson Valley Laboratories

Kelly Barker
Affiliate Instructor of Medical Technology
B.S., University of Pennsylvania, Slippery Rock

Cory Cole
Affiliate Lecturer of Medical Technology
A.A.S., Ulster County Community College

Donna DeBois
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Dana-Marie Egan
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Tezrah Fox-Haag
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Jonathan Houghtaling
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Marianne Kearney
Affiliate Instructor of Medical Technology
B.S., Mount Saint Mary College

Terry Korwin
Affiliate Instructor of Medical Technology
B.S., St. Bonaventure College

Thomas Smith
Affiliate Instructor of Medical Technology
B.S., Empire State University

Fred Tremarzo
Affiliate Instructor of Medical Technology
B.S., State University of New York at New Paltz

St. Francis Hospital, Beacon

Denise L. McCarthy
Affiliate Instructor of Medical Technology
B.S., Edinboro University

St. Francis Hospital, Poughkeepsie

Anthony Barry
Affiliate Lecturer of Medical Technology
A.S., Orange County Community College

Theresa Bostok
Affiliate Instructor of Medical Technology
B.S., Albany College of Pharmacy

Jean Cassella-Knox
Affiliate Instructor of Medical Technology
B.S., Marist College

Dolores Croft
Affiliate Instructor of Medical Technology
B.S., State University of New York

Sharon Lee Diuglio
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Laurie Foerschler
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Joline Frey
Affiliate Instructor of Medical Technology
B.S., Rochester Institute of Technology

Dawn McEwan
Affiliate Lecturer of Medical Technology
A.A.S., Orange County Community College

Margaret Miller
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Kay Mohan
Affiliate Instructor of Medical Technology
B.S., Shepard College

Mary Jo Nickerson
Affiliate Lecturer of Medical Technology
A.A.S., NYC Community College, Brooklyn

Judith Patchin
Affiliate Instructor of Medical Technology
B.S., Western Connecticut State University

Donna G. Phillips-Balint
Affiliate Lecturer of Medical Technology
A.A.S., Dutchess Community College

Camille Veytia
Affiliate Lecturer of Medical Technology
A.A.S., Ulster County Community College

Beth Wade
Affiliate Lecturer of Medical Technology
A.A.S., State University of New York at Delhi

Lynda Wands
Affiliate Lecturer of Medical Technology
A.A.S., Orange County Community College

St. Luke's Hospital, Newburgh

Karen Alleva-Celle
Affiliate Instructor of Medical Technology
B.S., Hunter College

Lynnette Ketcham
Affiliate Lecturer of Medical Technology
B.S., Mount St. Mary College

Juan Martinez
Affiliate Lecturer of Medical Technology
A.A.S., Orange County Community College

Mary McCord
Affiliate Instructor of Medical Technology
B.S., Marist College

Clifford B. Miller, III
Affiliate Lecturer of Medical Technology
A.A.S., Orange County Community College

Mary Jane Newman
Affiliate Assistant Professor of Medical Technology
B.S., Ladycliff College
M.S., University of Bridgeport
M.P.A., New York University

The Veteran's Affairs Health Care System, Castle Point

Margaret Bradley
Affiliate Instructor of Medical Technology
B.S., Rochester Institute of Technology

Roy Brown
Affiliate Instructor of Medical Technology
B.S., State University of New York at New Paltz

Maria Cracolici
Affiliate Instructor of Medical Technology
A.A.S., Orange County Community College
